OFFICIAL STATEMENT DATED FEBRUARY 15, 2022

NEW ISSUE
Book-Entry-Only

RATINGS: S&P ("AAA")
Kroll ("AAA")
See "Ratings" herein

In the opinion of Dentons Bingham Greenebaum LLP, Indianapolis, Indiana ("Bond Counsel"), under existing laws, regulations, judicial decisions and rulings, interest on the 2022 Bonds (hereinafter defined) is excludable from gross income for federal income tax purposes under Section 103 of the Code (as defined herein). This opinion is conditioned on the continuing compliance of the Bond Bank and the Qualified Entity (each as defined herein) with the Tax Covenants (as defined herein), and is not a specific preference item for purposes of the federal alternative minimum tax. In the opinion of Bond Counsel under existing laws, regulations, judicial decisions and rulings, interest on the 2022 Bonds is exempt from income taxation in the State of Indiana. See "TAX MATTERS" and Appendix A herein.

$50,000,000
THE INDIANAPOLIS LOCAL PUBLIC IMPROVEMENT BOND BANK
BONDS, SERIES 2022C (STORMWATER PROJECT) (GREEN BONDS)

Dated: Date of Delivery **Due: January 1 as shown on inside cover**

The Indianapolis Local Public Improvement Bond Bank Bonds, Series 2022C (Stormwater Project) (Green Bonds) (the "2022 Bonds") will be dated the date of initial delivery, and will bear interest from that date to their respective maturities in the amounts and at the rates set forth on the inside cover hereof. The 2022 Bonds are issuable only as fully registered bonds and, when issued, will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). Purchases of beneficial interests in the 2022 Bonds will be made in book-entry-only form, in the denomination of $5,000 or any integral multiple thereof. Purchasers of beneficial interests in the 2022 Bonds (the "Beneficial Owners") will not receive physical delivery of certificates representing their interests in the 2022 Bonds. Interest on the 2022 Bonds is payable on January 1 and July 1 of each year, commencing July 1, 2022. Interest, together with the principal and redemption premium, if any, of the 2022 Bonds, will be paid directly to DTC by The Bank of New York Mellon Trust Company, N.A., Indianapolis, Indiana, as paying agent (the "Paying Agent") under the Indenture, as defined and described herein, so long as DTC or its nominee is the registered owner of the 2022 Bonds. The final disbursement of such payments to the Beneficial Owners of the 2022 Bonds will be the responsibility of the DTC Participants and the Indirect Participants, all as defined and more fully described herein under the caption "THE 2022 BONDS — Book-Entry-Only System."

The 2022 Bonds are authorized by a resolution adopted by the Board of Directors of The Indianapolis Local Public Improvement Bond Bank (the "Bond Bank" or "Issuer") on January 24, 2022, and are issued pursuant to the provisions of a Trust Indenture dated as of February 1, 2022 (the "Indenture"), between the Bond Bank and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee"), and the laws of the State of Indiana, including particularly Indiana Code 5-1.4 (the "Act"). The Trustee will serve as the Registrar and Paying Agent (the "Registrar" or "Paying Agent" and together, the "Registrar and Paying Agent") for the 2022 Bonds under the Indenture. The 2022 Bonds are issued for the principal purpose of providing funds to: (i) effect a current refunding of The Indianapolis Local Public Improvement Bond Bank Notes, Series 2019 (Stormwater Project), dated March 5, 2019 (the "2019 Notes") and currently outstanding in the aggregate principal amount of $50,000,000, plus any accrued interest; (ii) pay for all or a portion of the costs of certain additions and improvements to the Qualified Entity's Stormwater System (as defined herein) (the "2022 Projects"); and (iii) pay all costs incidental to, or on account of the issuance of, the 2022 Bonds and the 2022 Qualified Obligations (as defined herein). The 2019 Notes were issued to provide funds to (i) purchase the City of Indianapolis, Indiana, Stormwater District Notes of 2019 (the "2019 Note Qualified Obligations"), issued by the City of Indianapolis, Indiana (the "City"), for and on behalf of the Marion County Stormwater Management District (the "Qualified Entity" or "Stormwater District"), in order to pay for the costs of certain additions and improvements to the Qualified Entity's Stormwater System, and (ii) pay the costs of issuance of the 2019 Notes and the 2019 Note Qualified Obligations. See "FINANCING PLAN." The Bond Bank is a body corporate and politic, separate from the City, and established for the public purposes set forth in the Act. Pursuant to the Act, the purpose of the Bond Bank is to purchase and sell securities of "qualified entities," which includes the Qualified Entity.

The 2022 Bonds are subject to optional redemption prior to maturity as described herein under the caption "THE 2022 BONDS — Optional Redemption."

The 2022 Bonds have been designated as "Green Bonds" by Kestrel Verifiers. See "THE 2022 BONDS—Designation of the 2022 Bonds as Green Bonds."

The 2022 Bonds are limited obligations of the Bond Bank payable solely out of the revenues and funds of the Bond Bank pledged therefor under the Indenture, as more fully described herein. The 2022 Bonds do not constitute a debt, liability or loan of the credit of the State of Indiana or any political subdivision thereof, including the City, the Qualified Entity or any other qualified entity (as defined in the Act), under the constitution and laws of the State of Indiana or a pledge of the faith, credit and taxing power of the State of Indiana or any political subdivision thereof, including the City, the Qualified Entity or any other qualified entity. The sources of payment of, and security for, the 2022 Bonds are more fully described herein. The Bond Bank has no taxing power.

(A detailed maturity schedule is set forth on the inside cover.)

This cover page contains information for quick reference only and is not a summary of this issue. Investors must read the entire Official Statement, including the appendices, to obtain information essential to making an informed investment decision.

The 2022 Bonds are being offered by Wells Fargo Bank, National Association (the "Representative"), acting on behalf of itself and Loop Capital Markets, as underwriters for the 2022 Bonds (collectively, the "Underwriters") when, as and if issued by the Bond Bank and received by the Underwriters subject to prior sale, withdrawal or modification of the offer without notice, and to the approval of legality by Dentons Bingham Greenebaum LLP, Indianapolis, Indiana, Bond Counsel. Certain legal matters will be passed on for the Bond Bank by its General Counsel, for the Qualified Entity by the Corporation Counsel for the City, and for the Underwriters by their counsel, Dinsmore & Shohl LLP, Indianapolis, Indiana. Sycamore Advisors, LLC, has acted as the municipal advisor to the Bond Bank and the Qualified Entity. It is expected that the 2022 Bonds in definitive form will be available for delivery to DTC in New York, New York, on or about February 24, 2022.

CUSIP data herein are provided by Standard & Poor's, CUSIP Service Bureau, a Division of The McGraw-Hill Companies, Inc. The CUSIP numbers listed are being provided solely for the convenience of the holders only at the time of issuance of the 2022 Bonds and neither the Bond Bank nor the Underwriters make any representations with respect to such numbers or undertake any responsibility for their accuracy now or at any time in the future. The CUSIP number for a specific maturity is subject to being changed after the issuance of the 2022 Bonds as a result of various subsequent actions, including, but not limited to, a refunding in whole or in part of such maturity or as a result of the procurement of secondary market portfolio insurance or other similar enhancement by investors that is applicable to all or a portion of certain maturities of the 2022 Bonds.

USE OF INFORMATION IN THIS OFFICIAL STATEMENT

No dealer, broker, salesperson or other person has been authorized by the Bond Bank, the Qualified Entity, the City or by the Underwriters to give any information or to make any representations other than those contained in this Official Statement in connection with the offering of the 2022 Bonds, and if given or made, such information or representations must not be relied upon as having been authorized by the Bond Bank, the Qualified Entity, the City or the Underwriters. This Official Statement, which includes the cover page and appendices, does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the 2022 Bonds by any person, in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. The information set forth herein has been obtained from sources which are believed to be reliable, but it is not guaranteed as to accuracy or completeness and is not to be construed as a representation by the Underwriters. The information, estimates and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there have been no changes in the affairs of the Bond Bank or the Qualified Entity or in the information presented herein since the date hereof.

The Underwriters have provided the following sentence for inclusion in the Official Statement. The Underwriters have reviewed the information in the Official Statement in accordance with, and as a part of, their responsibilities under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information, and it is not to be construed as the promise or guarantee of the Underwriters.

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITERS MAY OVER ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE 2022 BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZATION, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

THE 2022 BONDS HAVE NOT BEEN REGISTERED WITH THE SECURITIES AND EXCHANGE COMMISSION UNDER THE SECURITIES ACT OF 1933, AS AMENDED. IN MAKING AN INVESTMENT DECISION, INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE BOND BANK, THE CITY AND THE QUALIFIED ENTITY AND THE TERMS OF THE OFFERING, INCLUDING THE MERIT AND RISK INVOLVED. THE 2022 BONDS HAVE NOT BEEN RECOMMENDED BY ANY FEDERAL OR STATE SECURITIES COMMISSION OR REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE NOT CONFIRMED THE ACCURACY OR DETERMINED THE ADEQUACY OF THIS DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

Certain statements contained in this Official Statement are not historical facts, but are forecasts and forward-looking statements. No assurance can be given that the future results discussed herein will be achieved, and actual results may differ materially from the forecasts described herein. In this respect, the words "estimate," "forecast," "project," "anticipate," "expect," "intend," "believe," "assume" and other similar expressions are intended to identify forward-looking statements. The forward-looking statements herein are necessarily based on various assumptions and estimates, and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and, therefore, there can be no assurance that the forward-looking statements contained in this Official Statement would prove to be accurate. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available to the Bond Bank, the City or the Qualified Entity on the date hereof, and the Bond Bank, the City and the Qualified Entity assume no obligation to update any such forward-looking statements. All estimates, projections, forecasts, assumptions and other forward-looking statements are expressly qualified in their entirety by the cautionary statements set forth in this Official Statement.

References to web site addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader's convenience. Unless specified otherwise, such web sites and the information or links contained therein are not incorporated into, and are not part of, this Official Statement for purposes of, and as that term is defined in, SEC Rule 15c2-12, as amended.

SUMMARY STATEMENT

Information set forth in this summary statement is qualified in its entirety by reference to, and is subject in all respects to more complete information contained in, this Official Statement to which this summary statement is attached. The offering of the 2022 Bonds to any person is made only by means of the Official Statement, which should be reviewed carefully in its entirety by potential investors. Capitalized terms not defined in this summary are defined in APPENDIX B to this Official Statement.

The Issue	$50,000,000 The Indianapolis Local Public Improvement Bond Bank Bonds, Series 2022C (Stormwater Project) (Green Bonds) (the "2022 Bonds"), offered by negotiated sale. The 2022 Bonds will be dated the date of their original issue with delivery anticipated on February 24, 2022. The 2022 Bonds mature on January 1, beginning on January 1, 2023 through and including January 1, 2025 and January 1, 2027 through and including January 1, 2052.
The Issuer	The Indianapolis Local Public Improvement Bond Bank (the "Bond Bank").
The 2022 Qualified Obligations	$50,000,000 City of Indianapolis, Indiana, Stormwater District Revenue Bonds of 2022 (Green Bonds) (the "2022 Qualified Obligations"). The 2022 Qualified Obligations will mature and bear interest on the same dates and at the same rates per annum as the maturity dates and interest rates on the 2022 Bonds.
Qualified Entity	Marion County Stormwater Management District.
Interest	Payable semi-annually on January 1 and July 1, commencing July 1, 2022.
Form of Bonds; Denominations; Book-Entry System	The 2022 Bonds will be issued as fully registered book entry bonds in the denomination of $5,000 or any integral multiple of that amount. The 2022 Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York, and will be held under DTC's global book entry system.
Use of Proceeds	The 2022 Bonds are being issued to provide funds to (i) effect a current refunding of all of the 2019 Notes (as defined herein), (ii) pay for all or a portion of the costs of the 2022 Projects (as defined herein), and (iii) to pay costs of issuance of the 2022 Bonds and the 2022 Qualified Obligations. See "FINANCING PLAN" herein.
Optional Redemption	The 2022 Bonds maturing on and after January 1, 2033, are subject to redemption prior to maturity, at the option of the Bond Bank, on or after January 1, 2032, as a whole or in part by lot in authorized denominations, at a redemption price equal to the principal amount to be redeemed, plus accrued interest to the date fixed for redemption, without any redemption premium. See "THE 2022 BONDS—Optional Redemption" herein.
Mandatory Redemption	The 2022 Bonds maturing on January 1, 2047 and January 1, 2052 are subject to mandatory sinking fund redemption prior to maturity, at a redemption price equal to the principal amount to be redeemed plus accrued interest to the date of redemption, as provided in the Official Statement. See "THE 2022 BONDS —Mandatory Redemption" herein.
Security for the Bonds	The 2022 Bonds are limited obligations of the Bond Bank secured by a Trust Indenture dated as of February 1, 2022 (the "Indenture") between the Bond Bank and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee"), payable solely from the Trust Estate (as defined herein). The 2022 Qualified Obligations are issued pursuant to the Bond Resolution (as defined herein), and are secured by and payable from an irrevocable pledge, and constitute a lien upon, the Net Revenues of the Stormwater System (as each are defined herein) of the Qualified Entity, on a parity with the pledge thereof to the City of Indianapolis, Indiana Stormwater District Refunding Revenue Bonds of 2013, Series A (the "2013A Qualified Obligations"), the City of Indianapolis, Indiana, Stormwater District Revenue Bonds of 2011, as amended by an amendment thereto pursuant to the Qualified Entity Purchase Agreement between the Bond Bank and the Stormwater District dated August 4,

2015 (the "2015 Qualified Obligations") and the City of Indianapolis, Indiana Stormwater District Revenue Bonds of 2019 (the "2019 Qualified Obligations"). See "SECURITY AND SOURCES OF PAYMENT FOR THE 2022 BONDS" herein.

Additional Bonds of the Bond Bank under the Indenture

Additional bonds of the Bond Bank may be issued pursuant to the Indenture only for the purpose of (a) purchasing Additional Qualified Obligations (as defined in the Indenture), including but not limited to, Refunding Qualified Obligations (as defined in the Indenture), issued by the Qualified Entity, or (b) refunding, directly or indirectly, bonds issued pursuant to the Indenture, including the 2022 Bonds. See "SECURITY AND SOURCES OF PAYMENT FOR THE 2022 BONDS - Additional Bonds" herein.

Additional Revenue Bonds of the Qualified Entity under the Bond Resolution

Additional revenue bonds of the Qualified Entity payable from the Net Revenues may be issued pursuant to the Bond Resolution on a parity with the 2022 Qualified Obligations upon satisfaction of certain conditions. See "SECURITY AND SOURCES OF PAYMENT FOR THE 2022 BONDS - Additional Revenue Bonds of the Qualified Entity" herein.

Tax Treatment of Interest

Interest on the 2022 Bonds (i) is excluded from the gross income of their owners for federal income tax purposes and (ii) is exempt from income taxation in the State of Indiana. See "TAX MATTERS" herein for a more complete discussion.

Ratings

Standard & Poor's ("S&P") and Kroll Bond Rating Agency ("Kroll") have each assigned a rating of "AAA" to the 2022 Bonds. An explanation of the significance of the rating given by S&P may be obtained from S&P at 55 Water Street, New York, New York 10041 and from Kroll at 805 Third Avenue, 29th Floor, New York, New York 10022. See "RATINGS" herein.

Miscellaneous

Information contained in this Official Statement with respect to the Bond Bank, the City and the Qualified Entity and copies of the Indenture and the Bond Resolution may be obtained from the Bond Bank, located at 200 East Washington Street, Suite 2342, City-County Building, Indianapolis, Indiana 46204. The Bond Bank's telephone number is (317) 327-4220 and additional information regarding the Bond Bank is available on the Bond Bank's website currently available at http://indianapolisbondbank.com/.

$50,000,000
THE INDIANAPOLIS LOCAL PUBLIC IMPROVEMENT BOND BANK
BONDS, SERIES 2022C (STORMWATER PROJECT) (GREEN BONDS)

INTRODUCTION

The purpose of this Official Statement, including the cover page, preliminary pages and appendices, is to set forth certain information concerning the issuance and sale by The Indianapolis Local Public Improvement Bond Bank (the "Bond Bank") of its $50,000,000 Bonds, Series 2022C (Stormwater Project) (Green Bonds) (the "2022 Bonds"). The 2022 Bonds are authorized by a resolution adopted by the Board of Directors of the Bond Bank on January 24, 2022, and are issued pursuant to the provisions of a Trust Indenture dated as of February 1, 2022 (the "Indenture") between the Bond Bank and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee"), and the laws of the State of Indiana, including particularly Indiana Code 5-1.4 (the "Act"). The Trustee will serve as the Registrar and Paying Agent (the "Registrar" or "Paying Agent" and together, the "Registrar and Paying Agent") for the 2022 Bonds under the Indenture.

The Bond Bank is a body corporate and politic, separate from the City of Indianapolis, Indiana (the "City"), and established for the public purposes set forth in the Act. Pursuant to the Act, the purpose of the Bond Bank is to purchase and sell securities of "qualified entities," which includes the Marion County Stormwater Management District (the "Qualified Entity" or "Stormwater District"). The Bond Bank is governed by a board of five directors, each appointed by the Mayor of the City. The Bond Bank has no taxing power.

The offering of the 2022 Bonds is made only by way of this Official Statement, which supersedes any other information or materials used in connection with the offer or sale of the 2022 Bonds. The following introductory material is only a brief description of and is qualified by the more complete information contained throughout this Official Statement. A full review should be made of the entire Official Statement, including the appendices, and the documents summarized or described herein. Detachment or other use of this "INTRODUCTION" without the entire Official Statement, including the cover page, inside cover page, other preliminary pages and appendices, is unauthorized.

For purposes of compliance with Rule 15c2-12 of the United States Securities and Exchange Commission, as amended and in effect on the date hereof, this Preliminary Official Statement constitutes an official statement of the Bond Bank that has been deemed final by the Bond Bank as of its date except for the omission of no more than the information permitted by Rule 15c2-12.

Financing Plan

The 2022 Bonds are issued for the principal purpose of providing funds to: (i) effect a current refunding of The Indianapolis Local Public Improvement Bond Bank Notes, Series 2019 (Stormwater Project), dated March 5, 2019 (the "2019 Notes") and currently outstanding in the aggregate principal amount of $50,000,000, plus any accrued interest; (ii) pay for all or a portion of the costs of certain additions and improvements to the Qualified Entity's Stormwater System (the "2022 Projects"); and (iii) pay all costs incidental to, or on account of the issuance of the 2022 Bonds and the 2022 Qualified Obligations (as defined herein). The 2019 Notes were issued to provide funds to (i) purchase the City of Indianapolis, Indiana, Stormwater District Notes of 2019 (the "2019 Note Qualified Obligations"), issued by the City, for and on behalf of the Qualified Entity, in order to pay for the costs of certain additions and improvements to the Qualified Entity's Stormwater System, and (ii) pay the costs of issuance of the 2019 Notes and the 2019 Note Qualified Obligations. See "FINANCING PLAN."

The Board of Public Works of the City of Indianapolis (the "Board of Public Works"), as the governing body of the Qualified Entity, adopted a Master Bond Resolution on February 8, 2006 (the "Master Resolution"), as amended and supplemented from time to time and as further supplemented and amended by a Supplemental Bond Resolution, adopted on September 22, 2021 (the Master Resolution as supplemented and amended is hereafter referred to collectively, as the "Bond Resolution"), authorizing the execution and delivery of the 2022 Qualified Obligations to the Bond Bank. The 2022 Qualified Obligations are special revenue obligations of the Qualified Entity payable from

and secured by an irrevocable pledge of, and shall constitute a first lien upon, the Net Revenues of the Qualified Entity, on parity with other obligations payable therefrom. The "Net Revenues" are defined in the Bond Resolution as the gross revenues less operation and maintenance expenses of the Qualified Entity. See "SECURITY AND SOURCES OF PAYMENT FOR THE 2022 BONDS" and "APPENDIX C — Advisor's Special Purpose Report."

The 2022 Bonds

Interest on the 2022 Bonds will accrue over time at the rates per annum set forth inside the cover page hereof and will be payable on January 1 and July 1 of each year, commencing July 1, 2022. The 2022 Bonds will be issued in fully registered form in the denomination of $5,000 or any integral multiple thereof. See "THE 2022 BONDS."

The 2022 Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). Purchases of beneficial interests in the 2022 Bonds will be made in book-entry only form. Purchasers of beneficial interests in the 2022 Bonds (the "Beneficial Owners") will not receive physical delivery of certificates representing their interest in the 2022 Bonds. Interest on the 2022 Bonds, together with principal of the 2022 Bonds, will be paid by the Paying Agent directly to DTC, so long as DTC or its nominee is the registered owner of the 2022 Bonds. The final disbursement of such payments to Beneficial Owners of the 2022 Bonds will be the responsibility of the DTC Participants and Indirect Participants, all as defined and more fully described herein. See "THE 2022 BONDS — Book-Entry Only System."

The 2022 Bonds are subject to optional redemption prior to maturity as described herein under the caption "THE 2022 BONDS — Optional Redemption."

The Stormwater District

The Qualified Entity is a special taxing district created pursuant to Indiana Code 8-1.5-5 (the "Stormwater Act") and Ordinance No. 43, 2001, adopted on May 21, 2001 by the City-County Council of the City of Indianapolis and Marion County, Indiana (the "City-County Council"), as amended by Ordinance No. 101, 2005, adopted on October 31, 2005 by the City-County Council, as further amended by Ordinance No. 43, 2014, adopted on December 1, 2014 by the City-County Council (together, the "Council Ordinance"). The Qualified Entity was created to remediate stormwater drainage and flooding and to improve the water quality of stormwater runoff. The Qualified Entity's geographic boundaries include all of Marion County, Indiana (the "County"), except the territory within the corporate boundaries of the Town of Speedway, City of Southport, the Town of Cumberland, the City of Beech Grove and the City of Lawrence. See "THE STORMWATER SYSTEM" herein.

Security and Sources of Payment for the 2022 Bonds

The 2022 Bonds will be issued under and secured by the Indenture. The principal of and interest on any and all of the 2022 Bonds, together with any additional bonds that may be authorized and issued by the Bond Bank under the Indenture (collectively, the "Bonds"), are payable from those revenues and funds of the Bond Bank which are pledged pursuant to the Indenture for the benefit of the owners of the 2022 Bonds without priority. Neither the faith, credit nor taxing power of the State of Indiana (the "State") or any political subdivision thereof, including the City, the Bond Bank, the Qualified Entity, or any other qualified entity, are pledged to the payment of the principal of, premium, if any, and interest on any of the 2022 Bonds. The 2022 Bonds are not a debt, liability, loan of the credit or pledge of the faith and credit of the State or of any political subdivision thereof, including the City, the Bond Bank, the Qualified Entity, or any other qualified entity. The Bond Bank has no taxing power and has only those powers and sources of revenue set forth in the Act. The 2022 Bonds are issued and secured separately from any other obligations issued by the Bond Bank, including the Bond Bank's Refunding Bonds, Series 2013D (Stormwater Project) (the "2013D Bonds"), the Bond Bank's Refunding Bonds, Series 2015H (Stormwater Project) (the "2015H Bonds") and the Bond Bank's Bonds, Series 2019F (Stormwater Project) (the "2019F Bonds"). **Furthermore, the 2022 Bonds do not constitute a general or moral obligation of the Bond Bank or the City. The Bond Bank will <u>not</u> maintain a debt service reserve fund for the 2022 Bonds and the provisions of Indiana Code 5-1.4-5, pertaining to a moral obligation of the City-County Council to replenish a debt service reserve fund, do not apply to the 2022 Bonds.**

The 2022 Bonds are secured by the pledge of the Trust Estate established under the Indenture (the "Trust Estate"), defined to be (i) all cash and securities held in the funds and accounts established by the Indenture (except the Rebate Fund and the Series 2022C Subaccount of the Refunding Account, as described herein) (hereinafter, the "Funds" and "Accounts") and the investment earnings thereon and all proceeds thereof (except to the extent transferred from such Funds and Accounts from time to time in accordance with the Indenture), (ii) all Qualified Obligations (including the 2022 Qualified Obligations) acquired and held by the Trustee pursuant to the Indenture and the earnings thereon and all proceeds thereof, including payments of principal of and interest on such Qualified Obligations (the "Qualified Obligation Payments"), and (iii) all revenues and money hereinafter pledged to the Trustee as security by the Bond Bank to the extent of that pledge. All 2022 Bonds will be secured equally and ratably by all of the foregoing. The sources of payment for the 2022 Bonds are further described under the caption "SECURITY AND SOURCES OF PAYMENT FOR THE 2022 BONDS."

Financial Information

The Annual Comprehensive Financial Report of the City, which contains information on the Qualified Entity, including financial statements and statistical tables for the year ended December 31, 2020, was filed on July 29, 2021 with the Municipal Securities Rulemaking Board (the "MSRB") for inclusion in its electronic municipal market access system ("EMMA"). Copies of this document are available upon request from The Indianapolis City Controller, 200 East Washington Street, Room 2222, City-County Building, Indianapolis, Indiana 46204, (317) 327-4310, and may also be viewed electronically at http://www.indy.gov/activity/annual-financial-reports and is not incorporated herein by reference. See "AVAILABILITY OF DOCUMENTS AND FINANCIAL INFORMATION" herein.

Additional Information

This Official Statement speaks only as of its date, and the information contained herein is subject to change.

The information contained in this Introduction is qualified by reference to this entire Official Statement (including the appendices). This Introduction is only a brief description and a full review should be made of this entire Official Statement (including the appendices), as well as the documents summarized or described in this Official Statement. The summaries of and references to all documents, statutes and other instruments referred to in this Official Statement do not purport to be complete and are qualified in their entirety by reference to the full text of each such document, statute or instrument. Summaries of certain provisions of the Indenture and Bond Resolution and definitions of certain capitalized terms used in this Official Statement are set forth in "APPENDIX B — Summary of Principal Financing Documents, Indenture and Definitions."

Information contained in this Official Statement with respect to the Bond Bank, the City and the Qualified Entity and copies of the Indenture and the Bond Resolution may be obtained from The Indianapolis Local Public Improvement Bond Bank, 200 East Washington Street, Suite 2342, City-County Building, Indianapolis, Indiana 46204. The Bond Bank's telephone number is (317) 327-4220 and additional information regarding the Bond Bank is available on the Bond Bank's website currently available at http://indianapolisbondbank.com/.

THE 2022 BONDS

General Description

The 2022 Bonds are issuable as fully registered bonds in denominations of $5,000 or any integral multiple thereof. The 2022 Bonds will be dated the date of initial delivery.

Interest on the 2022 Bonds will be payable on January 1 and July 1 of each year, commencing July 1, 2022 (each an "Interest Payment Date"). The 2022 Bonds will bear interest (calculated on the basis of a 30-day month and a 360-day year) at the rates and will mature on the dates and in the principal amounts set forth on the inside cover page of this Official Statement. Each 2022 Bond will bear interest from the Interest Payment Date next preceding the date on which it is authenticated unless it is (a) authenticated prior to the closing of business on June 15, 2022, in which event it will bear interest from the date of initial delivery, or (b) authenticated after the fifteenth day of the

calendar month immediately preceding the month of an Interest Payment Date (a "Record Date") and on or before the next succeeding Interest Payment Date, in which event it will bear interest from such Interest Payment Date.

When issued, all 2022 Bonds will be registered in the name of and held by Cede & Co., as nominee for DTC. Purchases of beneficial interests from DTC in the 2022 Bonds will be made in book-entry-only form (without certificates) in the denomination of $5,000 or any integral multiple thereof. So long as DTC or its nominee is the registered owner of the 2022 Bonds, payments of the principal of and interest on the 2022 Bonds will be made directly by the Paying Agent by wire transfer of funds to Cede & Co., as nominee for DTC. Disbursement of such payments to the participants of DTC (the "DTC Participants") will be the sole responsibility of DTC, and the ultimate disbursement of such payments to the Beneficial Owners, as defined herein, of the 2022 Bonds will be the responsibility of the DTC Participants and the Indirect Participants, as defined herein. See the heading, "Book-Entry Only System" under this caption.

If DTC or its nominee is not the registered owner of the 2022 Bonds, principal of and premium, if any, on all of the 2022 Bonds will be payable upon presentation thereof at the corporate trust operations office of the Paying Agent. Interest on the 2022 Bonds, when due and payable, will be paid by check dated the due date mailed by the Paying Agent on the business day preceding the due date (or, in the case of an owner of 2022 Bonds in an aggregate principal amount of at least $1,000,000, by wire transfer on such due date or such other method acceptable to the Paying Agent and the registered owner, upon written direction of such registered owner to the Paying Agent) to the persons in whose names such 2022 Bonds are registered, at their addresses as they appear on the bond registration books maintained by the Registrar on the Record Date or at such other address as is furnished to the Registrar in writing by the registered owner.

Except as provided under "Book-Entry Only System," in all cases in which the privilege of exchanging or transferring 2022 Bonds is exercised, the Bond Bank will execute and the Registrar will deliver 2022 Bonds in accordance with the provisions of the Indenture. The 2022 Bonds will be exchanged or transferred at the principal corporate trust office of the Registrar only for 2022 Bonds of the same maturity and for a like aggregate principal amount. In connection with any transfer or exchange of 2022 Bonds, the Bond Bank, the Registrar and Paying Agent or the Trustee may impose a charge for any applicable tax, fee or other governmental charge incurred in connection with such transfer or exchange, which sums are payable by the person requesting such transfer or exchange.

The person in whose name a 2022 Bond is registered will be deemed and regarded as its absolute owner for all purposes, and payment of principal and interest thereon will be made only to or upon the order of the registered owner or its legal representative, but such registration may be changed as provided above. All such payments shall be valid to satisfy and discharge the liability upon such 2022 Bond to the extent of the sum or sums so paid.

Optional Redemption

The 2022 Bonds maturing on or after January 1, 2033, are subject to redemption at the option of the Bond Bank prior to maturity, in whole or in part, on any date commencing on January 1, 2032, at a redemption price equal to 100% of the principal amount to be redeemed, plus accrued interest to the date fixed for redemption, without any redemption premium.

Mandatory Redemption

The 2022 Bonds maturing on January 1, 2047 and January 1, 2052 are Term Bonds (collectively, the "Term Bonds") and are also subject to mandatory sinking fund redemption prior to maturity at a price equal to the principal amount thereof, but without premium, plus accrued interest to the redemption date, on the dates indicated below:

$7,005,000 Term Bond Due January 1, 2047

Date (January 1)	Principal Amount
2045	$2,245,000
2046	2,335,000
2047*	2,425,000

*Final Maturity

$13,950,000 Term Bond Due January 1, 2052

Date (January 1)	Principal Amount
2048	$2,525,000
2049	2,650,000
2050	2,785,000
2051	2,920,000
2052*	3,070,000

*Final Maturity

The Trustee is required to credit against the mandatory sinking fund requirement for the Term Bonds, any Term Bonds of such maturity delivered to the Trustee for cancellation or purchased for cancellation by the Trustee and canceled by the Trustee and not theretofore applied as a credit against any redemption obligation. Each Term Bond of such maturity so delivered or canceled will be credited by the Trustee at one hundred percent (100%) of the principal amount thereof against the mandatory sinking fund obligation on such mandatory redemption date. Any amount in excess of such amount will be credited to future redemption obligations, and the principal amount of such Term Bonds of such maturity to be redeemed by operation of the mandatory sinking fund requirements will be accordingly reduced; provided, however, the Trustee will credit such Term Bond only to the extent they are received on or before forty-five (45) days preceding the applicable mandatory redemption date as set forth above.

Selection of Bonds to be Redeemed

If fewer than all the 2022 Bonds shall be called for redemption, the principal amount and maturity of the particular 2022 Bonds to be redeemed shall be selected by the Bond Bank, provided that the 2022 Bonds shall be redeemed only in whole multiples of $5,000 in principal amount. If the 2022 Bonds are held in a Book-Entry Only System, the 2022 Bonds within a maturity to be redeemed shall be selected by the depository company in such manner as the depository company may determine. If the 2022 Bonds are not held in the book-entry system, the Registrar shall select the particular 2022 Bonds to be redeemed within a maturity by lot in such manner as the Registrar in its discretion may deem fair and appropriate.

Notice of Redemption

In the case of redemption of the 2022 Bonds, notice of the call for any such redemption identifying the 2022 Bonds to be redeemed shall be given by the Registrar by mailing a redemption notice by first class mail at least sixty (60) days, but not more than seventy-five (75) days, prior to the date fixed for redemption to the registered owner of each 2022 Bond to be redeemed at the address shown on the registration books. Failure to give such notice by mailing to any bondholder, or any defect in the notice, shall not affect the validity of any proceeding for the redemption of any other 2022 Bonds. If proper notice of redemption by mailing has been given and sufficient funds for redemption are on deposit with the Paying Agent, interest on the 2022 Bonds or portions thereof thus called shall no longer accrue after the date fixed for redemption.

For so long as the 2022 Bonds are held in book-entry-only form, the Trustee will send notices of redemption of the 2022 Bonds only to DTC or its nominee, as the registered owner of the 2022 Bonds, in accordance with the

preceding paragraphs. Neither the Bond Bank nor the Trustee will have any responsibility for any Beneficial Owners' receipt from DTC or its nominee, or from any Direct Participant or Indirect Participant, of any notices of redemption. See "BOOK-ENTRY-ONLY SYSTEM" under this caption of this Official Statement

Book-Entry-Only System

The 2022 Bonds will be available only in book-entry form in the principal amount of $5,000 or any integral multiple thereof. DTC will act as the initial securities depository for the 2022 Bonds. The ownership of one fully registered 2022 Bond for each maturity will be registered in the name of Cede & Co., as nominee for DTC.

SO LONG AS CEDE & CO., AS NOMINEE OF DTC, IS THE REGISTERED OWNER OF THE 2022 BONDS, REFERENCES IN THIS OFFICIAL STATEMENT TO THE REGISTERED OWNERS (OR THE OWNERS) WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS.

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the 2022 Bonds. The 2022 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2022 Bond for each maturity will be issued for the 2022 Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants accounts. This eliminates the need for physical movement of securities certificates. Direct Participants' include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange, LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of 2022 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2022 Bonds on DTC's records. The ownership interest of each actual purchaser of each 2022 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2022 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in 2022 Bonds, except in the event that use of the book-entry system for the 2022 Bonds is discontinued.

To facilitate subsequent transfers, all 2022 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2022 Bonds with DTC and their registration in the name of Cede & Co., or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2022 Bonds; DTC's records reflect only the identity of the Direct Participants to whose

accounts such 2022 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2022 Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to such 2022 Bonds, such as redemptions, tenders, defaults and proposed amendments to the document securing such 2022 Bonds. For example, Beneficial Owners of 2022 Bonds may wish to ascertain that the nominee holding such 2022 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners; in the alternative, Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of the notices to provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the 2022 Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor CEDE & Co. (nor any other DTC nominee) will consent or vote with respect to the 2022 Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Bond Bank as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2022 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal of and interest payments on the 2022 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Bond Bank or the Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Direct and Indirect Participant and not of DTC (nor its nominee), the Paying Agent, any other Fiduciary or the Bond Bank, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Bond Bank or the Paying Agent, or any other Fiduciary, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursements of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the 2022 Bonds at any time by giving reasonable notice to the Bond Bank or the Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, 2022 Bond certificates are required to be printed and delivered.

The Bond Bank may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered.

The information contained in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Bond Bank believes to be reliable, but neither the Bond Bank nor the Underwriters take any responsibility for the accuracy thereof.

For so long as the 2022 Bonds are registered in the name of DTC or its nominee or any successor securities depository or its nominee, the Bond Bank and the Trustee will recognize only DTC or its nominee or such successor securities depository or its nominee as the registered owner of the 2022 Bonds for all purposes, including payments, notices and voting.

Discontinuation of Book-Entry System

In the event that the book-entry system for the 2022 Bonds is discontinued, the Trustee would provide for the registration of the 2022 Bonds in the names of the Beneficial Owners thereof. The Bond Bank and the Trustee

would treat the person in whose name any 2022 Bond is registered as the absolute owner of such 2022 Bond for the purposes of making and receiving payment of the principal thereof and interest thereon, and for all other purposes and neither the Bond Bank nor the Trustee would be bound by any notice or knowledge to the contrary.

Each 2022 Bond would be transferable or exchangeable only upon the presentation and surrender thereof at the corporate trust office of the Trustee, duly endorsed for transfer or exchange, or accompanied by a written assignment duly executed by the owner or its authorized representative in form satisfactory to the Trustee. Upon due presentation of any 2022 Bonds for transfer or exchange, the Trustee would authenticate and deliver in exchange therefor, within a reasonable time after such presentation, a new 2022 Bond or 2022 Bonds, registered in the name of the transferee or transferees (in the case of a transfer), or the owner (in the case of an exchange), in authorized denominations and of the same maturity and aggregate principal amount and bearing interest at the same rate as the 2022 Bond or 2022 Bonds so presented. The Bond Bank or the Trustee would require the owner of any 2022 Bonds to pay a sum sufficient to cover any tax, fee or other governmental charge required to be paid in connection with the transfer or exchange of such 2022 Bonds. The Trustee would not be required to transfer or exchange any 2022 Bonds: (i) during any period between the Record Date and the next Interest Payment Date; or (ii) during the 15 days prior to the mailing of any notice of redemption.

Designation of 2022 Bonds as Green Bonds

Green Bonds Designation

Per the International Capital Market Association ("ICMA"), Green Bonds are any type of bond instrument where the proceeds will be exclusively applied to finance or re-finance, in part or in full, new and/or existing eligible Green Projects and which are aligned with the four core components of the Green Bond Principles. The four core components are: 1. Use of Proceeds; 2. Process for Project Evaluation and Selection; 3. Management of Proceeds; and 4. Reporting.

Kestrel Verifiers has determined that the 2022 Bonds are in conformance with the four core components of the ICMA Green Bond Principles, as described in Kestrel Verifiers' 'Second Party Opinion' (the "Second Party Opinion") attached hereto. See APPENDIX E—"KESTREL VERIFIERS SECOND PARTY OPINION."

Independent Second Party Opinion on Green Bond Designation and Disclaimer

For over 20 years, Kestrel Verifiers has been consulting in sustainable finance. Kestrel Verifiers, a division of Kestrel 360, Inc., is an Approved Verifier accredited by the Climate Bonds Initiative ("CBI") and an Observer for the ICMA Green Bond Principles and Social Bond Principles. Kestrel Verifiers reviews transactions in all asset classes worldwide for alignment with ICMA Green Bond Principles, Social Bond Principles, Sustainability Bond Guidelines and the Climate Bonds Initiative Standards and criteria.

The Second Party Opinion issued by Kestrel Verifiers does not and is not intended to make any representation or give any assurance with respect to any other matter relating to the 2022 Bonds. Designations by Kestrel Verifiers are not a recommendation to any person to purchase, hold, or sell the 2022 Bonds and such labeling does not address the market price or suitability of these 2022 Bonds for a particular investor and does not and is not in any way intended to address the likelihood of timely payment of interest or principal when due.

In issuing the Second Party Opinion, Kestrel Verifiers has assumed and relied upon the accuracy and completeness of the information made publicly available by the Qualified Entity or that was otherwise made available to Kestrel Verifiers. See "APPENDIX E—"KESTREL VERIFIERS SECOND PARTY OPINION."

SECURITY AND SOURCES OF PAYMENT FOR THE 2022 BONDS

Certain capitalized terms used under this caption are defined in "APPENDIX B — Summary of Principal Financing Documents, Indenture and Definitions."

Limited Obligations

The 2022 Bonds are payable only out of the Trust Estate. The Indenture creates a continuing pledge of and lien upon the Trust Estate to secure the full and final payment of the principal of, premium, if any, and interest on all of the 2022 Bonds. The 2022 Bonds do not constitute a debt, liability or loan of the credit of the State or any political subdivision thereof, including the City, the Bond Bank, the Qualified Entity, or any other qualified entity, under the constitution of the State or a pledge of the faith, credit or taxing power of the State or any political subdivision thereof, including the City, the Bond Bank, the Qualified Entity, or any other qualified entity. The Bond Bank has no taxing power. The sources of payment of, and security for, the 2022 Bonds are more fully described below.

Trust Estate

Under the Indenture, the 2022 Bonds are secured by a pledge to the Trustee of the Trust Estate, which includes (a) all cash and securities now or hereafter held in the Funds and Accounts (with the exception of the Rebate Fund and the Series 2022C Subaccount of the Refunding Account) created or established by the Indenture and the Investment Earnings thereon and all proceeds thereof (except to the extent transferred from such Funds and Accounts from time to time in accordance with the Indenture), (b) all Qualified Obligations (including the 2022 Qualified Obligations) acquired and held by the Trustee pursuant to the Indenture and the earnings thereon and all proceeds thereof, including all Qualified Obligation Payments, and (c) all Revenues and any moneys pledged to the Trustee as security by the Bond Bank under the Indenture, to the extent of that pledge. The payments with respect to the 2022 Qualified Obligations have been structured, as of the date of issuance of the 2022 Bonds, to be sufficient along with other money in the Funds and Accounts under the Indenture, to pay the principal of and interest on the 2022 Bonds when due. Under the Act and Indiana Code 5-1-14-4, such pledge is valid and binding from and after the date of delivery of the 2022 Bonds. Under the Indenture, the Qualified Obligation Payments shall be immediately subject to the lien of such pledge without any physical delivery of the payments or further act, and the lien of such pledge is valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Bond Bank, irrespective of whether such parties have notice thereof. **The 2022 Bonds do not constitute a general or moral obligation of the Bond Bank or the City. The Bond Bank will <u>not</u> maintain a debt service reserve fund for the 2022 Bonds and the provisions of Indiana Code 5-1.4-5, pertaining to a moral obligation of the City-County Council to replenish a debt service reserve fund, do not apply to the 2022 Bonds.**

The 2022 Qualified Obligations

The 2019 Notes were issued to provide funds, in part, for the purchase the 2019 Note Qualified Obligations. From the proceeds of the 2022 Bonds and certain other funds on hand or in trust, the Bond Bank intends to currently refund all of the 2019 Notes in accordance with the terms of the Trust Indenture dated as of October 1, 2019, between the Bond Bank and The Bank of New York Mellon Trust Company, N.A.

The 2022 Qualified Obligations will be executed and delivered in an aggregate principal amount equal to the aggregate principal amount of the 2022 Bonds and will be dated their date of delivery. The 2022 Qualified Obligations will mature in the same amounts and on the same maturity dates as the 2022 Bonds, and will bear interest payable on each January 1 and July 1 beginning July 1, 2022, and at the same interest rates per annum as the 2022 Bonds. Interest on the 2022 Qualified Obligations will be paid directly to the Trustee (for the account of the Bond Bank) under the Indenture. Principal of and premium, if any, on the 2022 Qualified Obligations will be paid directly to the Trustee (for the account of the Bond Bank) under the Indenture. The 2022 Qualified Obligations are subject to redemption prior to maturity upon terms substantially identical to the terms of redemption of the 2022 Bonds. See "THE 2022 BONDS."

The 2022 Qualified Obligations are payable from and secured by an irrevocable pledge and constitute a lien upon the Net Revenues of the Stormwater System, on a parity with the pledge thereof to the 2013A Qualified Obligations, the 2015 Qualified Obligations and the 2019 Qualified Obligations. See "Net Revenues of the Qualified Entity" below.

In addition to the authority to issue revenue bonds and set rates and charges for the use of the Stormwater System, the Stormwater Act gives the Qualified Entity the legal authority to issue special taxing district bonds ("General Obligation Bonds"). However, both the City-County Council and the Board of Public Works, have made policy decisions <u>not</u> to levy any property taxes within the corporate boundaries of the Qualified Entity, nor to operate

the territory of the Qualified Entity as a special taxing district by issuing General Obligation Bonds for the Qualified Entity. **Therefore, no property taxes have been, or are expected to be, levied on property within the territory of the Qualified Entity or otherwise expected to be available to pay debt service on the 2022 Qualified Obligations when due.**

Net Revenues of the Qualified Entity

The principal of and interest on the 2022 Qualified Obligations is payable from Net Revenues of the Stormwater District. "*Net Revenues*" are defined in the Master Resolution as Gross Revenues remaining after the deduction of the Operation and Maintenance Expenses. "*Gross Revenues*" are defined in the Master Resolution as all revenues and income from the Stormwater System, including but not limited to charges, and user charges, but excluding revenue from ad valorem taxes, if any. "*Operation and Maintenance Expenses*" are defined in the Master Resolution as all reasonable, necessary and current expenses of the Qualified Entity paid or accrued in operating, maintaining, and repairing the Stormwater System. The term "Operation and Maintenance Expenses" does not include any allowance for depreciation, any debt service, any payments in lieu of taxes, or any operation and maintenance expenses paid from property taxes. See APPENDIX B – Summary of Principal Financing Documents, Indenture and Definitions.

For a discussion of the Qualified Entity's billing and collection procedures, customer information, user charges and certain financial information, see "THE STORMWATER SYSTEM" herein.

Collection of Stormwater User Fee

All properties identified on the property tax records as having an assessable fee are billed semi-annually by the Marion County Treasurer's Office (the "Treasurer's Office"). The Stormwater User Fee is a separate line item on the property tax bills, and bills are due in two payments in May and November. The Treasurer's Office is provided with the amount to be billed by the Qualified Entity's billing contractor, Wood Environment & Infrastructure Solutions Inc. ("Billing Contractor"). The Stormwater District then receives two distributions of the Stormwater User Fee per year - in June and December - from the Treasurer's Office. The amount of the two distributions is roughly equal. See "THE STORMWATER SYSTEM - Revenues and Fee Structure.

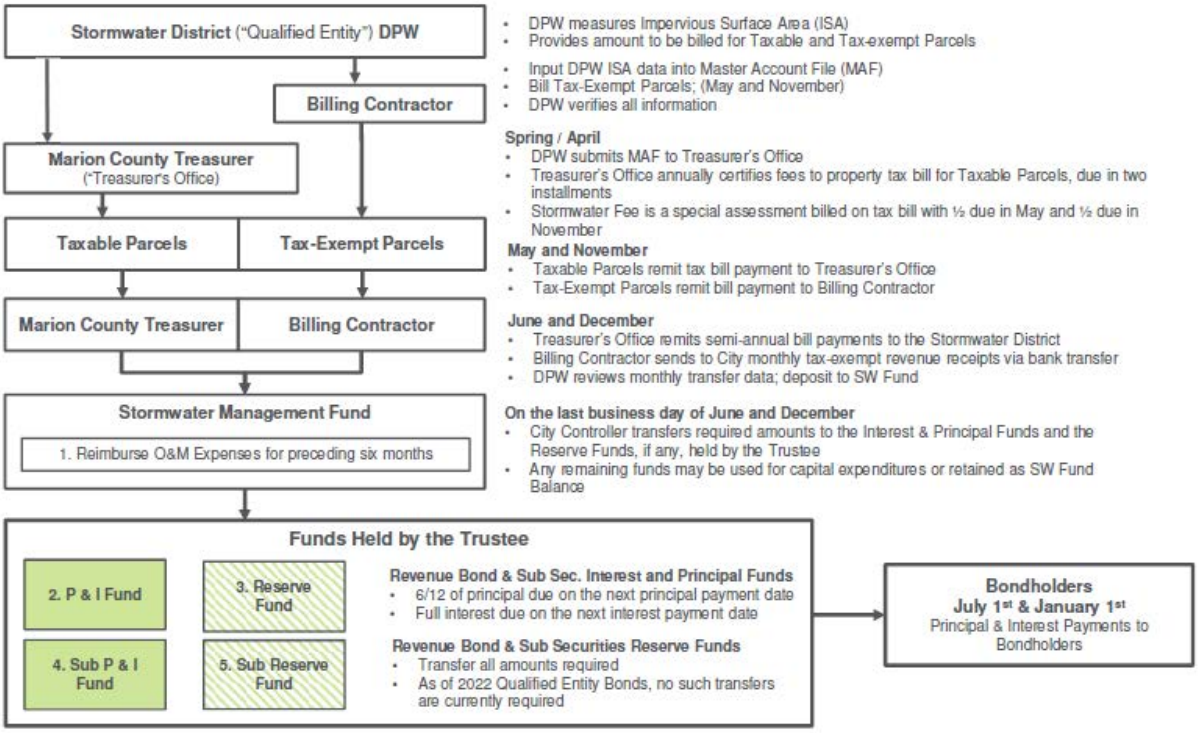
Tax-exempt properties having an identified assessable fee are billed on a semi-annual basis directly by the Billing Contractor.

Funds and Accounts of the Qualified Entity's Bond Resolution; Flow of Funds

Funds and Accounts. The Bond Resolution creates numerous funds and accounts for the collection and disbursement of Gross Revenues. Each of the funds and accounts is described in further detail in "APPENDIX B – Summary of Principal Financings Documents, Indenture and Definitions – Summary of Certain Provisions of the Bond Resolution."

[Remainder of Page Intentionally Left Blank.]

Flow of Funds.



(a) All Gross Revenues shall be deposited as received by the Stormwater District into the **Stormwater Maintenance and General Expense Fund (d/b/a the Stormwater Management Fund)**. Moneys credited to the Stormwater Management Fund shall be applied as follows in the following order of priority:

(i) First, semi-annually in June and December as part of the settlement of Stormwater User Fee revenues as distributed by the Treasurer, to retain such amounts within the Stormwater Management Fund to reimburse Operating and Maintenance Expenses for the preceding six months of the budget year.

(ii) Second, on the last business day of June and December, the Controller of the City shall transfer 6/12 of the principal due on the next principal payment date and the full interest due on the next interest payment date (one half of the budgeted annual debt service) to the **Revenue Bond Interest and Principal Fund** to pay the principal of and interest on the 2022 Qualified Entity Bonds and any other Revenue Bonds outstanding, all fees charged or incurred in connection with the services of a registrar and paying agent and fees for any credit enhancement.

(iii) Third, on the last business day of June and December, to transfer all amounts to the **Revenue Bond Reserve Fund** required by any Supplemental Bond Resolution. As of the issuance of the 2022 Qualified Entity Bonds, no such transfers are currently required.

(iv) Fourth, on the last business day in June and December, to transfer all amounts to the **Subordinate Securities Interest and Principal Fund** required by any Supplemental Resolution authorizing the issuance of Subordinate Securities.

(v) Fifth, on the last business day in June and December, to transfer all amounts to the **Subordinate Securities Reserve Fund** required by any Supplemental Resolution

authorizing the issuance of Subordinate Securities. As of the issuance of the 2022 Qualified Entity Bonds, no such transfers are currently required.

(vi) Moneys remaining in the Stormwater Maintenance and General Expense Fund, after making the deposits provided above, may be used by the Stormwater District for any lawful purposes.

Rate Covenant. The Stormwater Act (specifically Indiana Code 8-1.5-5-25) requires that, if revenue bonds issued by the Qualified Entity are outstanding, the Board of Public Works may not rescind user fees or reduce them below a rate that would produce 125% of the highest annual debt service on the bonds to their final maturity, based on an average of the immediately preceding three (3) years of user fee collections, if the user fees have been levied for the preceding three (3) years. If the user fees have not been levied for the preceding three (3) years, the Board of Public Works may not reduce user fees below a rate that would produce 125% of the highest debt service, based upon a study by a qualified public accountant or financial advisor.

The Qualified Entity has covenanted in the Bond Resolution to fix, charge, impose and collect rentals, rates, fees, and other charges for use of the Stormwater System and, to the extent it legally may do so, revise the same as may be necessary or appropriate in order that the amount of the Net Revenues in each Fiscal Year will be at least sufficient to equal the larger of either:

(i) all amounts required to be deposited in such Fiscal Year to the credit of the Revenue Bond Interest and Principal Fund; or

(ii) an amount not less than one and a quarter (1.25) times the Debt Service Requirement for such Fiscal Year for all series of bonds, notes or other obligations permitted to be issued by the Qualified Entity pursuant to the Bond Resolution and secured in whole or in part by a senior lien on the Net Revenues that are issued on a parity with the 2022 Qualified Obligations, the 2019 Qualified Obligations, the 2015 Qualified Obligations and the 2013A Qualified Obligations (collectively, the "Senior Qualified Obligations") and Subordinate Securities (including the 2021 Notes defined herein) (the Senior Qualified Obligations and the Subordinate Securities, collectively, the "Revenue Bonds").

Additional Revenue Bonds of the Qualified Entity

Superior Obligations Prohibited; Subordinate Obligations Permitted. The Qualified Entity may issue Revenue Bonds on a parity with the Senior Qualified Obligations in accordance with the Bond Resolution, and the Qualified Entity will issue no other obligations of any kind or nature payable from or enjoying a lien on the Net Revenues having a priority over or on a parity with the Senior Qualified Obligations, except as permitted by the Bond Resolution. Notwithstanding the foregoing, the Qualified Entity may issue bonds, notes or other obligations (the "Subordinate Securities") pursuant to a Supplemental Bond Resolution payable from Net Revenues if the Subordinate Securities are junior and subordinate in lien on and right of payment from Net Revenues to all Senior Qualified Obligations. The 2019 Notes and 2021 Notes are secured by a pledge of the Net Revenues of the Stormwater System on a subordinate basis to the Senior Qualified Obligations and constitute Subordinate Securities. See "APPENDIX C — Advisor's Special Purpose Report" for the debt service obligations of the Qualified Entity under the Bond Resolution.

Parity Bonds. The Bond Resolution permits the Qualified Entity to issue additional obligations having a lien on Net Revenues on parity with the lien of the Senior Qualified Obligations upon the satisfaction of certain conditions. Except as described below, such Senior Qualified Obligations may be issued only if the following conditions are met:

(i) The Mayor of the City and the City Controller certify that, upon the issuance of such series of Senior Qualified Obligations, the Qualified Entity will not be in default under any term or provision of any Revenue Bonds then Outstanding or any resolution pursuant to which any of such Revenue Bonds were issued.

(ii) (a) The City Controller shall certify that, for either the Qualified Entity's most recent complete Fiscal Year (as defined in "APPENDIX B – Summary of Principal Financing Documents, Indenture

and Definitions") or for the most recent twelve (12) months, the Net Revenues of the system were equal to at least 125% of the Debt Service Requirements, as defined in the Indenture, for all Revenue Bonds for such period after taking into consideration the additional Debt Service Requirements for the series of Senior Qualified Obligations to be issued, or (b) a Certifier (as defined in APPENDIX B hereto) shall provide a written report setting forth projections which indicate that beginning in the first Fiscal Year in which the Qualified Entity will have scheduled payments of interest on or principal of the series of Senior Qualified Obligations to be issued for the payment of which provision has not been made as indicated in the report of the Certifier from the proceeds of such series of Senior Qualified Obligations, investment income thereon or from appropriated sources (other than Net Revenues), (A) the estimated Net Revenues of the Stormwater System in the first Fiscal Year are equal to at least 125% of the actual Debt Service Requirements for all Revenue Bonds, including the series of Senior Qualified Obligations to be issued for such first Fiscal Year, (B) the estimated Net Revenues of the Stormwater System in the second Fiscal Year are equal to at least 125% of the actual Debt Service Requirements for all Revenue Bonds, including the series of Senior Qualified Obligations to be issued for such second Fiscal Year, and (C) the estimated Net Revenues of the Stormwater System in the third Fiscal Year are equal to at least 125% of the actual Debt Service Requirements for all Revenue Bonds, including the series of Senior Qualified Obligations to be issued.

(iii) Provision is made in the Supplemental Bond Resolution for additional payments into the Revenue Bond Interest and Principal Fund sufficient to provide for any principal and interest requirements resulting from the issuance of the Senior Qualified Obligations including, in the event that interest on the series of Senior Qualified Obligations is capitalized and/or to be paid from investment earnings, a requirement for the transfer from the capitalized interest fund or account and/or from the Construction Fund to the Revenue Bond Interest and Principal Fund of amounts fully sufficient to pay interest on such series of Revenue Bonds during the period specified in the Supplemental Bond Resolution.

(iv) If Senior Qualified Obligations are being issued for the purpose of refunding all or a portion of the previously issued Senior Qualified Obligations which are then Outstanding, none of the certifications described in (ii) above are required so long as (for each Fiscal Year during which Senior Qualified Obligations had been Outstanding) the Debt Service Requirements in such Fiscal Year (after giving effect to the issuance of such Refunding Revenue Bonds) will not exceed the scheduled Debt Service Requirements for Senior Qualified Obligations in such Fiscal Year (prior to giving effect to the issuance of such Senior Qualified Obligations).

Short-Term/Demand Obligations. The Qualified Entity reserves the right to issue, from time to time, one or more series of Revenue Bonds as Short-Term/Demand Obligations; provided, however, that no Short-Term/Demand Obligations Outstanding may be issued as Senior Qualified Obligations without satisfying the applicable provisions of the parity test discussed above and providing advance notice to the rating agencies.

2013A Qualified Obligations. On October 2, 2013, the Qualified Entity issued $38,355,000 of its City of Indianapolis, Indiana, Stormwater District, Refunding Revenue Bonds of 2013, Series A (referred to herein as the "2013A Qualified Obligations"), to the Bond Bank, simultaneous with the issuance by the Bond Bank of The Indianapolis Local Public Improvement Bond Bank Refunding Bonds, Series 2013D (Stormwater Project) (referred to herein as the "2013D Bonds"). Payments of principal of and interest on the 2013A Qualified Obligations are pledged to secure the repayment of the 2013D Bonds, and the 2013D Bonds were issued under and are secured by a separate trust indenture. The 2013A Qualified Obligations were issued in an aggregate principal amount equal to the aggregate principal amount of the 2013D Bonds, mature in the same amounts and on the same maturity dates as the 2013D Bonds, and bear interest payable on each January 1 and July 1 at the same interest rates per annum as the 2013D Bonds. The 2013A Qualified Obligations are currently outstanding in the aggregate principal amount of $17,385,000 and have a final maturity date of January 1, 2026. The 2022 Qualified Obligations are secured by and payable from an irrevocable pledge, and constitute a lien upon, the Net Revenues of the Stormwater System of the Qualified Entity, on a parity with the pledge thereof to the 2013A Qualified Obligations.

2015 Qualified Obligations. On July 28, 2015, the Qualified Entity reissued $14,885,000 of its City of Indianapolis, Indiana, Stormwater District Revenue Bonds of 2011, as amended by an amendment thereto pursuant to the Qualified Entity Purchase Agreement between the Bond Bank and the Stormwater District dated August 4, 2015 (the "2015 Qualified Obligations"), to the Bond Bank, simultaneous with the issuance by the Bond Bank of The Indianapolis Local Public Improvement Bond Bank Refunding Bonds, Series 2015H (Stormwater Project) (referred to herein as the "2015H Bonds"). Payments of principal of and interest on the 2015 Qualified Obligations are pledged to secure the repayment of the 2015H Bonds, and the 2015H Bonds were issued under and are secured by a separate trust indenture. The 2015 Qualified Obligations were issued in an aggregate principal amount equal to the aggregate principal amount of the 2015H Bonds, mature in the same amounts and on the same maturity dates as the 2015H Bonds, and bear interest payable on each January 1 and July 1 at the same interest rates per annum as the 2015H Bonds. The 2015 Qualified Obligations are currently outstanding in the aggregate principal amount of $12,330,000 and have a final maturity date of January 1, 2041. The 2022 Qualified Obligations are secured by and payable from an irrevocable pledge, and constitute a lien upon, the Net Revenues of the Stormwater System of the Qualified Entity, on a parity with the pledge thereof to the 2015 Qualified Obligations.

2019 Qualified Obligations. On October 16, 2019, the Qualified Entity reissued $50,000,000 of its City of Indianapolis, Indiana, Stormwater District Revenue Bonds of 2019 (the "2019 Qualified Obligations"), to the Bond Bank, simultaneous with the issuance by the Bond Bank of The Indianapolis Local Public Improvement Bond Bank Bonds, Series 2019F (Stormwater Project) (referred to herein as the "2019F Bonds"). Payments of principal of and interest on the 2019 Qualified Obligations are pledged to secure the repayment of the 2019F Bonds, and the 2019F Bonds were issued under and are secured by a separate trust indenture. The 2019 Qualified Obligations were issued in an aggregate principal amount equal to the aggregate principal amount of the 2019F Bonds, mature in the same amounts and on the same maturity dates as the 2019F Bonds, and bear interest payable on each January 1 and July 1 at the same interest rates per annum as the 2019F Bonds. The 2019 Qualified Obligations are currently outstanding in the aggregate principal amount of $50,000,000 and have a final maturity date of January 1, 2041. The 2022 Qualified Obligations are secured by and payable from an irrevocable pledge, and constitute a lien upon, the Net Revenues of the Stormwater System of the Qualified Entity, on a parity with the pledge thereof to the 2019 Qualified Obligations.

2019 Notes. On March 5, 2019, the Qualified Entity issued $50,000,000 of its City of Indianapolis, Indiana, Stormwater District Notes of 2019 (the "2019 Note Qualified Obligations"), to the Bond Bank, simultaneous with the issuance by the Bond Bank of The Indianapolis Local Public Improvement Bond Bank Notes, Series 2019 (Stormwater Project) (referred to herein as the "2019 Notes"). Payments of principal of and interest on the 2019 Note Qualified Obligations are pledged to secure the repayment of the 2019 Notes, and the 2019 Notes were issued under and are secured by a separate trust indenture. The 2019 Notes have a 2.7% fixed interest rate on drawn funds with no non-use fee due for undrawn amounts. The 2019 Note Qualified Obligations were issued in an aggregate principal amount equal to the aggregate principal amount of the 2019 Notes, mature in the same amounts and on the same maturity dates as the 2019 Notes, and bear interest payable on each January 1 and July 1 at the same interest rates per annum a the 2019 Notes. As of January 1, 2022, $45,105,441 of the $50 million 2019 Notes have been drawn down. The Qualified Entity expects to have drawn the full $50 million prior to the issuance of the 2022 Bonds. The 2019 Note Qualified Obligations have a final maturity date of March 1, 2022. The 2019 Notes became callable at par on July 1, 2019. The 2019 Note Qualified Obligations are issued on a subordinate basis to the 2022 Qualified Obligations, the 2019 Qualified Obligations, the 2015 Qualified Obligations and the 2013A Qualified Obligations. The 2022 Qualified Obligations are being issued to currently refund the 2019 Notes.

2021 Notes. On November 10, 2021, the Qualified Entity issued $50,000,000 of its City of Indianapolis, Indiana, Stormwater District Notes of 2021 (the "2021 Note Qualified Obligations"), to the Bond Bank, simultaneous with the issuance by the Bond Bank of The Indianapolis Local Public Improvement Bond Bank Notes, Series 2021 (Stormwater Project) (referred to herein as the "2021 Notes"). Payments of principal of and interest on the 2021 Note Qualified Obligations are pledged to secure the repayment of the 2021 Notes, and the 2021 Notes were issued under and are secured by a separate trust indenture. The 2021 Notes have a variable rate of interest equal to the sum of (i) One-Month LIBOR multiplied by 79.0% and (ii) 0.26%. The 2021 Notes additionally carry a non-use fee equal to the product of (i) 0.10% per annum and (ii) the amount equal to the difference between (a) the par amount of the 2021 Notes ($50,000,000) and (b) the aggregate principal amount of draws made on the 2021 Notes. As of January 1, 2022, $345,000.00 has been drawn under the 2021 Notes. The 2021 Note Qualified Obligations were issued in an aggregate principal amount equal to the aggregate principal amount of the 2021 Notes, mature in the same amounts and on the same maturity dates as the 2021 Notes, and bear interest payable on each January 1 and July 1 at the same interest

rates per annum as the 2021 Notes. The 2021 Note Qualified Obligations are currently outstanding in the aggregate principal amount of $50,000,000 and have a final maturity date of November 1, 2024. The 2021 Notes are callable at par on any date after issuance of the 2021 Notes. The 2021 Note Qualified Obligations are issued on a subordinate basis to the 2022 Qualified Obligations, the 2019 Qualified Obligations, the 2015 Qualified Obligations and the 2013A Qualified Obligations.

Additional Bonds

Additional bonds of the Bond Bank may be issued pursuant to the Indenture only for the purpose of (a) purchasing Additional Qualified Obligations (as defined in the Indenture), including but not limited to, Refunding Qualified Obligations (as defined in the Indenture), issued by the Qualified Entity, or (b) refunding, directly or indirectly, bonds issued pursuant to the Indenture, including the 2022 Bonds.

Enforcement of the 2022 Bonds

As owner of the 2022 Qualified Obligations, the Bond Bank has available to it all remedies available to owners or holders of securities issued by a qualified entity, as defined in the Act. The Act provides that upon the sale and the delivery of the 2022 Qualified Obligations to the Bond Bank, the Qualified Entity will be deemed to have agreed that all statutory defenses to nonpayment are waived if the Qualified Entity fails to pay principal of or interest on such 2022 Qualified Obligations when due.

The Bond Bank will be considered a holder or owner of securities. If such securities are in default, the Bond Bank is obligated under the Indenture to avail itself of all remedies and provisions of law applicable in the circumstances and the failure to exercise any right or remedy within a time or period provided by law may not, according to the Act, be raised as a defense by the defaulting Qualified Entity.

Further, the Qualified Entity has agreed under the Qualified Entity Purchase Agreement by and between the Bond Bank and the Qualified Entity (the "Purchase Agreement") to report to the Bond Bank on its compliance with the certain covenants which the Qualified Entity has made regarding various actions and conditions necessary to preserve the tax-exempt status of interest paid on the Qualified Obligations. The Bond Bank has also determined to consult with the Qualified Entity, as necessary from time to time, with regard to the action needed to be taken by the Qualified Entity to preserve the exclusion of the interest on the 2022 Bonds from the gross income of the holders of the 2022 Bonds. See "TAX MATTERS."

The Bond Bank will monitor the compliance of and consult regularly with the Qualified Entity with respect to its requirements related to the 2022 Bonds and the 2022 Qualified Obligations, including the making of Qualified Obligation Payments to the Bond Bank.

FINANCING PLAN

General Description

The proceeds from the sale of the 2022 Bonds will be used to provide funds to: (i) effect a current refunding of the 2019 Notes; (ii) pay all or a portion of the costs of 2022 Projects; and (iii) pay all costs incidental to, or on account of the issuance of, the 2022 Bonds and the 2022 Qualified Obligations. The 2019 Notes were issued to provide funds to (i) purchase the 2019 Note Qualified Obligations, issued by the City, for and on behalf of the Qualified Entity, in order to pay for the costs of certain additions and improvements to the Qualified Entity's Stormwater System, and (ii) pay the costs of issuance of the 2019 Notes and the 2019 Note Qualified Obligations.

Refunding of the 2019 Notes

The 2019 Notes will mature on March 1, 2022 (the "Maturity Date"), at 100% of the principal amount thereof plus accrued interest to the Maturity Date. The current refunding of the 2019 Notes will be accomplished by depositing a portion of the proceeds of the 2022 Bonds into the Series 2022C Subaccount of the Refunding Account of the

General Fund, created and established pursuant to the Indenture, in an amount sufficient to provide for the payment of all principal and interest due with respect to the 2019 Notes on the Maturity Date.

All moneys on deposit in the Series 2022C Subaccount of the Refunding Account, including any earnings thereon, will be pledged solely and irrevocably for the benefit of the holders of the 2019 Notes.

ESTIMATED SOURCES AND USES OF FUNDS

The estimated sources and uses of funds in connection with the issuance of the 2022 Bonds is summarized in the following table:

Sources of Funds:	
Bond Proceeds	
Par Amount	$ 50,000,000.00
Original Issue Premium	9,769,052.00
TOTAL SOURCES:	$ 59,769,052.00
Uses of Funds:	
Deposit to Series 2022C Subaccount of the Refunding Account:	$ 50,212,402.20
Deposit to Series 2022C Subaccount of the Construction Account:	8,935,505.46
Costs of Issuance (including Underwriters' discount):	621,144.34
TOTAL USES:	$ 59,769,052.00

THE INDIANAPOLIS LOCAL PUBLIC IMPROVEMENT BOND BANK

Powers and Purposes

The Bond Bank is a body corporate and politic separate from the City. The address of the Bond Bank is Suite 2342, City-County Building, 200 East Washington Street, Indianapolis, Indiana 46204. Additional information regarding the Bond Bank is available on the Bond Bank's website currently available at http://indianapolisbondbank.com/. The Bond Bank was created by the Act for the purpose of buying and selling securities of certain qualified entities, including the City, the County, all special taxing districts of the City, all entities whose tax levies are subject to review and modification by the City-County Council and certain authorities or entities that lease land or facilities to other qualified entities. The Bond Bank was created pursuant to the Act to help the qualified entities lower their respective borrowing costs by having the Bond Bank purchase their debt obligations at interest rates favorable to the qualified entities. To accomplish its purpose, the Bond Bank may issue bonds or notes. The Bond Bank also has general powers which include the power to enter into, make and perform contracts of every lawful kind to accomplish its purpose. **THE BOND BANK HAS NO TAXING POWER.**

Board of Directors of the Bond Bank

The Bond Bank is governed by a five (5) member board of directors appointed by the Mayor of the City. The directors appoint an executive director who serves as secretary-treasurer of the board. The directors each serve for terms of three (3) years and may be reappointed. A director serves until their replacement is appointed and qualified. No director may be an officer of the City, the County or any other qualified entity. The current members of the board of directors, their positions and their principal occupations are as follows:

Name	Position	Term Expires:	Occupation
Norm Gurwitz	Chairperson	April 30, 2024	Business Consultant
Sarah L. Rubin	Vice Chairperson	April 30, 2024	Major Projects Deputy Director, State of Indiana Department of Transportation
Michael Carter	Member	April 30, 2024	Attorney, Cummins, Inc.
Dr. Ryan Nagy	Member	April 30, 2024	President, Adult Academic Health Center IU Health
Dr. Terri Jett	Member	April 30, 2024	Associate Professor, Butler University

Sarah Riordan has served as Executive Director and General Counsel to the Bond Bank since January 2016. Before joining the Bond Bank, Ms. Riordan practiced law in Indianapolis, focusing her practice on civil litigation, white collar criminal defense, and public entity law. Ms. Riordan previously served on the Indianapolis Marion County Board of Zoning Appeals and as a member of the Indiana Election Commission. Ms. Riordan earned a law degree from the Indiana University Maurer School of Law – Bloomington.

Kyle Willis, Associate Director and Chief Compliance Officer, has served as Project Manager and Senior Project Manager of the Bond Bank since November 2005, and is now the Associate Director and Chief Compliance Officer. Mr. Willis worked as a financial analyst for the Indianapolis Airport Authority from August 2004 to October 2005 before joining the Bond Bank. Mr. Willis holds a B.S. in Finance from Marian College.

Laurie Canatsey, Chief Financial Officer, has been employed with the Bond Bank since October 2000. She served as the Finance Assistant from October 2000 to June 2005 before being promoted to Finance Manager. Since February 2020, Laurie has served as the Chief Financial Officer of the Bond Bank. Her previous professional experience includes administrative positions with the Indiana Health Professions Bureau and the Indiana Family & Social Services Administration. She proudly served in the United States Marine Corps from 1993-1995. She holds a Bachelor's Degree and a Graduate Certificate in Public Management from Indiana University (IUPUI campus). Ms. Canatsey currently serves on the board of the Warren Arts and Education Foundation.

Isaiah Kuch, Senior Project Manager, joined the Bond Bank in 2010 and serves as a Project Manager. He received his Bachelor's degree in Economics from La Salle University in Philadelphia, Pennsylvania in 2007, shortly after he entered the United States through *The Lost Boys of Sudan Program*. While at La Salle, he also minored in Business Administration. After his undergraduate studies, Mr. Kuch attended Indiana University, School of Public and Environmental Affairs (SPEA), where he received his Master's degree in Public Financial Administration, Economic Development, and Policy Analysis. During his tenure at SPEA, as the Eads Fellow and the City of Indianapolis Urban Fellow, he worked at the Mayor's Office of Enterprise Development.

David Lichtenberger serves as the Deputy General Counsel for the Indianapolis Local Public Improvement Bond Bank. He graduated from Hope College in 2002 with a Bachelor of Arts in History and Political Science. Immediately after graduation, he attended Indiana University Robert H. McKinney School of law and graduated in December 2004. After law school, Mr. Lichtenberger worked in private law firms before he joined the Office of Corporation Counsel for the City of Indianapolis in 2011. While at the Office of Corporation Counsel, he represented various city and county entities in the counseling section.

Karen Strunk, Senior Project Manager, joined the Bond Bank in August 2017 after serving as a summer intern. A native of Indianapolis, Karen graduated from Indiana University – Bloomington with a Bachelor's degree in Public Affairs from the School of Public and Environmental Affairs (SPEA) in 2016, majoring in Public Financial Management and Policy Analysis. Her previous work experiences include working on Congressional and State House Campaigns. She currently serves as Treasurer of the Board of Directors for the Indiana Youth Rugby Foundation.

Aidan Parker, Assistant Project Manager, joined the Bond Bank in July 2021 as an Assistant Project Manager. Born and raised on the southside of Indianapolis, Aidan received his Bachelor's with distinction in Government and History from the University of Virginia in May 2021. His previous work includes interning on a U.S. Senate campaign and for the University of Virginia's Center for Politics. At the Center for Politics, he assisted

Professor Larry Sabato and staff with their renowned election analysis publication, Sabato's Crystal Ball, during the 2018 midterm elections.

Other Programs; Outstanding Indebtedness

Under the Act, the Bond Bank is authorized to issue other series of notes or bonds to finance different programs to accomplish its purposes. Under separate trust indentures and other instruments authorized under the Act, the Bond Bank has previously issued and had outstanding as of January 1, 2022, an aggregate principal amount of approximately $3,769,911,121 in separate program obligations, which includes the outstanding debt obligations of the Stormwater District. All other such obligations are and will be secured separately and independently from the 2022 Bonds and do not and will not constitute Bonds under the Indenture or for purposes of this Official Statement.

Further, as of the date of this Official Statement, the Bond Bank is considering undertaking other types of financings for qualified entities other than the Stormwater District for purposes authorized by and in accordance with the procedures set forth in the Act. The obligations issued by the Bond Bank in connection with any and all such financings, if any, will be secured separately from the 2022 Bonds and will not constitute Bonds under the Indenture or for purposes of this Official Statement.

THE CITY OF INDIANAPOLIS AND MARION COUNTY

Governance

The City is a municipal corporation located in the County. It is the largest city in the State and the fifteenth largest city by population in the United States. In 1970, the governments of the City and the County were consolidated to form the State's only consolidated city, which provides services generally throughout the County in which the City is located. By the consolidating act, the boundaries of the City were extended to the County line, although the municipalities of Beech Grove, Lawrence, Speedway and Southport located within the County were excluded.

The executive of the City is the Mayor who is elected by all the voters of the County. The Mayor, who may serve an unlimited number of four-year terms, has extensive appointive powers and also serves as chief executive officer of the County. The executive authority is administered through the following: Business and Neighborhood Services, Indianapolis Metropolitan Police Department, Indianapolis Fire Department, Metropolitan Development, Parks and Recreation, and Public Works.

The Office of Finance and Management operates as the centralized authority in the areas of accounting, purchasing, payroll, human resources and budgeting. The Office of Corporation Counsel serves as the professional legal staff for the Consolidated City.

The legislative body of the City and the County is the City-County Council. The City-County Council approves the annual budget and any tax levies for the City, the Qualified Entity and other Special Taxing Units of the City and the County. The City-County Council is empowered to adopt or to review and modify the budgets and tax levies of certain other municipal corporations located within the County. The City-County Council is required to approve any rate increases and the issuance of additional debt of the Qualified Entity.

The City's Annual Comprehensive Financial Report ("ACFR") for the year ended December 31, 2020, is filed with and available from the MSRB through EMMA and can also be found at http://www.indy.gov/activity/annual-financial-reports and is not incorporated herein by reference. See "AVAILABILITY OF DOCUMENTS AND FINANCIAL INFORMATION."

Economics and Demographics

Encompassing a land area of 402 square miles, Indianapolis is located in the geographic center of the State and serves as its political, physical, economic and cultural capital. Indianapolis is Indiana's largest city and accounts for 13% of the State's population and has a growing and diversified economy. The Indianapolis Chamber of Commerce reported successful relocation and expansion projects in 2020, leading to 4,125 new jobs and 4,827 retained

jobs with $1.4 billion in capital investment.[*] According to Payscale.com, the cost of living in Indianapolis is 8% lower than the national average, with housing costs averaging 19% lower than the national average.[±] The City has experienced steady population growth since the 1980 census. Since 2010, the City's population has grown by 8.2%, adding an average of 6,700 residents each year. This rate of growth is almost twice that of the State as a whole (4.7%). Indianapolis has also attracted a young population with a median age of 34.3, below the State's at 36.9 and the U.S. at 38.5.

Local Area Population Since 1980

Year	City of Indianapolis	Marion County	Indiana
1980	711,539	765,233	5,490,224
1990	741,952	797,159	5,544,159
2000	781,870	860,454	6,080,485
2010	820,445	903,383	6,484,055
2016	857,453	944,034	6,634,007
2020	887,642	977,203	6,785,285

Known as the *Crossroads of America,* Indianapolis is connected to the rest of the nation by four major interstate highways, making it a prime location for distribution and shipping. *Travel + Leisure* magazine rated Indianapolis as one of the '50 Best Places to Travel' in 2021, calling the city "poised to become America's next big destination."[#] *TIME* named Indianapolis to the "World's Greatest Places 2021."[§]

The City is also a logistics center that features the world's second-largest FedEx Corp (FDX) hub, United Parcel Service Inc. (UPS), Schneider National Inc. (SNDR) and others.[**] FedEx has announced that it will invest $1.5 billion locally over the next seven years, adding 800 additional jobs. In 2021, IND was voted Best Airport in North

America by Airports Council International for the ninth consecutive year[*] and Best Domestic Airport by *Travel + Leisure*.[†]

Several national publications have also recognized Indianapolis' tech growth, including:

- Indy Among Top 10 Market for Future Tech Growth, Zillow 2020
- #4 Best Startup City, Midwest Startups, 2019
- Time Inc.'s Money 2017: 20 Hottest Cities for Tech Jobs,
- Forbes: #5 in Tech Job Creation in 2017,
- Business.org: 15th Best U.S. city for entrepreneurs and start-ups in 2018
- FastCompany 2016, 2017: Best Cities for Women in Tech

Glassdoor named Indianapolis #3 "Best Cities for Jobs" in 2020. Three of Indiana's Fortune 500 companies are located in Indianapolis and the City is home to many of the State's largest public companies, including: Anthem, Inc. (ANTM), Eli Lilly and Co. (LLY), Simon Property Group Inc. (SPG), Calumet Specialty Products Partners LP (CLMT), Allison Transmission Holdings Inc. (ALSN), and Duke Realty Corp. (DRE).

The City is home to 20 institutions of higher learning with over 127,000 students enrolled in 2019.[‡] These include Indiana University-Purdue University Indianapolis (IUPUI), Butler University, University of Indianapolis, Marian University, Ivy Tech Community College and others. Indianapolis' Healthcare sector has expanded in the past decade and continues to grow. Eskenazi Hospital, Indiana's largest public hospital, was completed in December 2013. The $750 million state-of-the-art facility houses Level I Trauma and Burn Units, psychiatric, long-term, outpatient, and other care centers. Indiana University Health ("IU Health") continues to expand in the City, with a recent announcement that they will be investing $1.6 billion to consolidate the IU Health Methodist and IU Health University Hospitals into an integrated "green" campus covering 44 acres between 16th and 12th Streets downtown, as well as adding research and education facilities for the IU School of Medicine.[§] Riley Hospital will remain in its current location, following its $475 million expansion, but will be adding a new maternity and newborn health center in 2021.

With a workforce exceeding 1 million people, the Indianapolis MSA is the economic engine for the State. The Indianapolis MSA has a diverse distribution of businesses and industry, with per capita income of $56,360. In 2020, 1 in 3 workers in Indiana worked in the Indianapolis MSA region. These employment numbers are further reflected in the Indianapolis MSA's 2.0% unemployment in November 2021, well below the U.S. unemployment rate of 4.2%.

THE STORMWATER DISTRICT

General Description

The Qualified Entity is a special taxing district organized and existing pursuant to the Stormwater Act and the Council Ordinance. The Qualified Entity was created by ordinance of the City-County Council in May 2001 for the purpose of aiding the City's effort to remediate stormwater drainage and flooding and to assist in addressing the City's combined sewer overflow problem by improving the stormwater collection and disposal system. Specifically, the Qualified Entity's purpose is to provide for the safe and efficient capture and conveyance of stormwater runoff, mitigate the damaging effects of stormwater runoff, correct stormwater collection and conveyance problems and fund the activities of stormwater management including, but not limited to, design, planning, regulation, education, administration, construction, operation, maintenance, inspection and enforcement activities. The Board of Public Works is the governing body of the Qualified Entity.

The Board of Public Works

The Board of Public Works consists of seven (7) members. Three (3) members are appointed by the Mayor. Three (3) members are appointed by the City-County Council. The Director of the Department of Public Works serves as the seventh member and presiding officer. The current director of the Department of Public Works is Daniel Parker, who was appointed to such position on June 14, 2017. Members of the Board of Public Works, other than the Director of the Department of Public Works, are appointed for one (1) year terms.

The Board of Public Works has the power to, among other things: sue and be sued in any court having competent jurisdiction, contract and be contracted with, and acquire real, personal, and mixed property by deed, purchase, gift, grant, devise, lease, condemnation, or otherwise, and dispose of same, and make and adopt appropriate regulations, orders, rules, and resolutions and do all things reasonable or necessary to carry out the work and to perform the duties under the statute.

The present members of the Board of Public Works are as follows:

Member	Appointed by	Term Expires*
Daniel Parker, Chair	Virtue of Office	N/A
Robert Parrin	Mayor	12/31/2022
Priscilla Keith	Mayor	12/31/2022
Daniel Haake	City County Council	12/31/2022
Nicole Martinez LeGrand	City County Council	12/31/2022
Sibeko Jywanza	City County Council	12/31/2022
Susie Cordi	Mayor	12/31/2022

* Members are appointed for one (1) year terms or until a successor is appointed and qualified, but serve at the pleasure of the appointing authority.

THE STORMWATER SYSTEM

Territory

Pursuant to the Stormwater Act and the Council Ordinance, the geographic boundaries of the Qualified Entity includes all of the County, except for the territory within the City of Beech Grove, the City of Lawrence, the Town of Speedway, the City of Southport (as of 2015), and the Town of Cumberland (each of which are "excluded cities and towns" under the Stormwater Act). The territory within the corporate boundaries of the City of Beech Grove, the City of Southport, the Town of Speedway, the Town of Cumberland and the City of Lawrence (combined population of 86,116) are not included within the territory of the Qualified Entity, because each of such entities has either established their own stormwater district and/or statutorily withdrawn from the territory of the Qualified Entity pursuant to the procedures set forth in the Stormwater Act. See "RISK FACTORS."

The Qualified Entity encompasses approximately Three Hundred Seventy-Eight (378) square miles and includes approximately Two Hundred Seventy Seven Thousand Seven Hundred Seven (277,707) residential parcels and approximately Twenty-Four Thousand Five Hundred Twenty-Five (24,525) non-residential parcels (these include agricultural property, apartment complexes, commercial and industrial properties, schools, churches and municipal and federal government facilities). The system infrastructure consists of drainage outfalls, flood management structures (levee and dams), pumping facilities, piped and open channel conveyance systems and water quality treatment basins and other facilities.

The Qualified Entity and its predecessors have been maintaining structures and assets since the 1950s. In 2014, the Qualified Entity completed a separate inventory and valuation of assets using current replacement cost methodology. This inventory replacement analysis valued the Qualified Entity's assets at approximately $1.1 billion (2014 dollars). A new asset inventory is planned for 2024. The Stormwater System includes (a) 1,496 miles of storm pipe, valued at over $573 million, (b) 100,000 plus structures including ditches, channels and other structures valued at $261 million, (c) 40 miles of levees estimated at $208 million, (d) 7 lift stations estimated at $29 million, and (e) 2 high hazard dams, worth over $105 million. From 2017-2021 the Stormwater District has completed over $178 million worth of capital projects and has approximately $300 million planned from 2022 through 2025. The 2026 capital projects are currently under development and will be presented to the City-County Council as part of the budget process.

Management and Operations

The Council Ordinance provides that the Qualified Entity's purpose is to provide for the safe and efficient capture and conveyance of stormwater runoff, mitigate the damaging effects of stormwater runoff, correct stormwater collection and conveyance problems and fund the activities of stormwater management including, but not limited to, design, planning, regulatory compliance, education, administration, construction, operation, maintenance, inspection and enforcement activities.

The Qualified Entity engages an outside consultant to assist with permit compliance monitoring and certain administrative functions, including billing and collection. Permit compliance responsibilities include managing the City of Indianapolis' National Pollutant Discharge Elimination System ("NPDES") stormwater permit issued by the Indiana Department of Environmental Management ("IDEM"). This NPDES permit requires that the City reduce pollutants from the Stormwater System by implementing and complying with a variety of conditions. This is accomplished through public education and outreach, standards and specification development and implementation, construction permitting, post construction water quality controls, reduction of illicit discharges, proper management of City owned facilities and update and implementation of City policies and procedures.

The Qualified Entity also engages an outside consultant to assist in the planning, design and implementation of the Stormwater Master Plan. This assistance includes identification of problem drainage areas, project development, planning, design and construction assistance.

Since its inception, the Qualified Entity has retained a third-party contractor to manage the billing and collection functions for non-taxable entities. The Treasurer of Marion County bills all taxable properties for the Stormwater User Fee once a year with payments being collected in May and November through the property tax billing and collection process based on billing data provided by the Qualified Entity.

Revenues and Fee Structure

Revenues of the Qualified Entity are generated through the assessment and collection of user fees as provided for in the Stormwater Act and the Council Ordinance ("Stormwater User Fee"). The Qualified Entity's current fees are assessed on a per parcel basis. The fee for a particular parcel is dependent upon the amount of impervious surface area ("ISA"). The ISA is measured by the Qualified Entity utilizing aerial photography. This new rate structure took effect on July 1, 2015, and provides for annual $0.05 increases each subsequent January through 2034. Beginning July 1, 2015, all parcels were subject to a Stormwater User Fee which reflects the measured ISA located on the parcel. Each parcel having any ISAs was assessed a fee of One Dollar and Ten Cents ($1.10) per month for each 1,000 square feet of ISA on the property. Each 1,000 square feet of ISA on the property is a Base Billing Unit ("BBU") and BBUs

are rounded to the next highest whole number for Stormwater User Fee billing purposes. The monthly Stormwater User Fee is the product of the rate ($1.45 as of January 1, 2022) and the number of Base Billing Units (BBUs). ISA is defined as an area that is either paved or covered with buildings or materials, such that the infiltration of surface water into the soil is impeded. As an example, a parcel having 2,700 square feet (3 BBUs) of ISA would pay a Stormwater User Fee of $4.35 per month in 2022. Information for 2014 and prior years is available through EMMA.

STORMWATER RATE ADJUSTMENT SCHEDULE 2020-2024					
Year	January 1, 2020	January 1, 2021	January 1, 2022	January 1, 2023	January 1, 2024
$Rate/1,000 square feet impervious surface area	$1.35	$1.40	$1.45	$1.50	$1.55

In 2020, there were two million six hundred seventy-five thousand five hundred thirty-four (2,675,534) BBUs in the Stormwater District. Approximately fifty percent (50%) of residential customers have three (3) to four (4) BBUs. Ninety- three percent (93%) of non-residential customers have twenty (20) or more BBUs. An average residential bill is four (4) BBUs and was $5.40 per month in 2020. The following table shows the number of BBU for the past four (4) years.

BBU History

	2017	**2018**	**2019**	**2020**	**2021**
Total Residential	1,103,772	1,117,586	1,118,217	1,132,029	
Total Non-Residential	1,417,779	1,494,093	1,517,240	1,543,505	
Total All Parcels	**2,521,551**	**2,611,679**	**2,635,457**	**2,675,534**	**2,560,315***

*The total BBUs surveyed for 2021 were 2,560,315, reflecting growth of 5,382 BBUs and the impact of the withdrawal of the City of Lawrence from the Stormwater District, effective December 21, 2020.
Source: Years 2017-2020 data provided by Wood Environment & Infrastructure Solutions Inc. to the City of Indianapolis. Year 2021 surveyed BBUs provided by the City of Indianapolis.

Stormwater User Fees are billed by two alternative methods depending on whether the parcel is subject to property taxation or is exempt from property taxation. All properties identified on the property tax records as having an assessable fee are billed annually on the property tax statement distributed by the Treasurer's Office. The Treasurer's Office is provided with the amount of Stormwater User Fee to be billed by the Qualified Entity's Storm Water Program Manager in March of each year. The property taxes and the Stormwater User Fee are due in two (2) payments in May and November. The Stormwater District then receives two (2) distributions of the Stormwater User Fee each year from the Treasurer's Office in June and December. The amount of the two (2) distributions is roughly equal. Tax-exempt properties having an identified assessable fee are billed on a semiannual basis directly by the Billing Contractor with collections received monthly, but payment due in May and November. See the Billing History and Collection History Tables below for more information.

Collected revenues for the Stormwater District have increased over time, with total user fee revenue growing 62.0% between 2015 through 2020. Total collections for current fiscal year billing has averaged 94.7% from 2015 to 2020. Historically, the Treasurer's collection rate for total current year billings has averaged ninety-five and three tenths percent (95.3%) from 2015-2020. The Billing Contractor's historic collection rate for tax exempt properties for the 2015-2020 period was ninety-one and one tenths percent (91.1%), with tax-exempt properties accounting for 16.2% of total current year billing in 2020. Taxable property accounts for the remaining 83.8% of 2020 total annual billing. The Stormwater District has actively sought to work with customers to address delinquencies, with billing plans and other payment options. Over time, the Stormwater District collects approximately 99% of all Stormwater User Fees billed.

Notes:
This information reflects what was billed and received in the fiscal year for that fiscal year's fees only, including late fees and adjustments. These numbers are provided on a cash basis, and as a result do not match accrued numbers recorded in the ACFR.
[1] The City of Lawrence opted out of the Stormwater District effective December 21, 2020.
[2] Tax-exempt bills are billed by Wood Environment & Infrastructure Solutions Inc.
Source: Data provided by Wood Environment & Infrastructure Solutions Inc. to the City of Indianapolis.

Stormwater fees for a taxable property are subject to a five percent (5%) penalty if there are no delinquencies on the bill and not paid within thirty (30) calendar days of the due date. A ten percent (10%) penalty is charged if the account is already delinquent. Tax exempt and new builds are subject to a 10% penalty if payment is not made within fourteen (14) days of the due date (the fee is not assessed on weekends). The penalty must be included with the late tax payment. Pursuant to the Stormwater Act, non-payment of fees can result in a title lien placed against the parcel of property. The Stormwater Act provides that fees are liens against all real property, superior to all other liens except those for taxes. The Stormwater Act allows for foreclosure on a lien. The Council Ordinance provides procedures to enforce this by tax sale for taxable and tax-exempt properties by the Treasurer.

Credits

Customers may apply for credits against their Stormwater User Fees as provided in the Council Ordinance. The credit program was updated in 2014 under the change in the Council Ordinance. All prior credits expired December 31, 2017 and limited customers applied under the new standards for the credit program. Approved credit applications now account for less than one-tenth percent (0.1%) of billings.

Customers

The Qualified Entity has a diverse customer base. The Top 25 customers are all non-residential and represented only slightly over twelve percent (12.1%) of total bills for the Stormwater District in 2020. In 2020, fees billed for the Top 25 customers were $5,178,476.

Capital Improvement Plan

In February 1998, IDEM issued an NPDES Stormwater Discharge Permit to the City of Indianapolis. Under the terms of the permit, the City was to develop a stormwater management program designed to improve the overall water quality of stormwater runoff. As a result, the Department of Public Works commissioned the development of a County-wide stormwater master plan (the "Plan").

In 2001, the initial Stormwater Master Plan was issued to address problems and issues related to poor drainage, flooding, water quality, stream protection and other environmental impacts. The Plan inventoried and prioritized the roughly twelve thousand five hundred (12,500) outstanding stormwater related complaints; ranked the severity of problems; developed solution concepts and preliminary cost estimates; and reviewed financing options. The report identified approximately Three Hundred Million Dollars ($300,000,000) of projects associated with about three hundred fifty (350) projects, ranging from simpler maintenance activities to long-term capital improvement projects. The Plan was adopted by the Board of Public Works on July 25, 2001. Subsequent updates to the Stormwater

Master Plan have continued to identify needs, which have considerably outpaced available funds necessary to address such needs. In 2019, the City reported 1,300 problem areas throughout Marion County. Since 2019 the District, through the Department of Public Works, has reduced the earlier identified backlog by the expansion of stormwater operations personnel and increased inspection, triage, assignment and execution of stormwater operations activities. During this same period Department personnel enhanced the planning, development of the stormwater capital program. At the end of 2021 the Department reported that approximately 527 identified problems areas exist in Marion County and continue to be processed through both operation and engineering review.

The Qualified Entity's 2021-2025 CIP estimates capital improvements of over $300,000,000 will need to be made from 2021 through 2025 to comply with current regulatory requirements and to implement the Qualified Entity's improvements to mitigate stormwater runoff management and water quality needs. The Qualified Entity currently expects to finance planned capital needs over the next four (4) years from revenues generated from the Stormwater System, short term notes, long-term bond proceeds, and funds on hand. The CIP references eight (8) main categories of expenditures and includes 'Over-programming' in the event projects need to be substituted and/or revenues exceed projections.

The following table summarizes the projects on the current CIP by type that are expected to be funded from 2021 through 2025 from a combination of cash and bond proceeds. Each year the Stormwater District presents an updated five (5) year CIP to the City-County Council for consent of the CIP.

2021-2025 Project Type Summary

Project Type	2021	2022	2023	2024	2025	2021-2025
Channels	$32,480	$2,312,827	$6,915,000	$1,008,000	$1,000,000	$11,268,307
Culverts	$3,125,783	$7,333,914	$3,915,000	$2,795,000	$3,585,000	$20,754,697
Levees/Dams	$4,496,114	$29,514,800	$40,333,298	$4,000,000	$5,000,000	$83,344,212
Stewardship	$485,000	$500,000	$500,000	$500,000	$500,000	$2,485,000
Study	$3,480,570	$3,754,970	$3,600,000	$3,300,000	$3,000,000	$17,135,540
Surlace Drainage	$14,226,311	$61,392,209	$60,328,450	$32,154,331	$18,187,940	$186,289,241
Water Quality	$956,409	$2,311,368	$502,000	$456,000	$456,000	$4,681,776
Adjustments/Amendments/ Change Orders	$7,106,952	-	-	-	-	$7,106,952
TOTAL	$33,909,620	$107,120,087	$116,093,748	$44,213,331	$31,728,940	$333,065,725

The following table summarizes the funding sources expected to be used to finance the 2021-2025 CIP. The CIP includes $100,000,000 in capital financing, which includes $50,000,000 of 2021 Notes and $50,000,000 in short term notes anticipated to be issued in 2024; $63,500,000 of capital paygo; $50,000,000 of American Recovery Plan sources; $28,556,000 of projected bond premium; $4,738,998 of remaining funds from the 2019 Notes; $1,771,556 from various Flood Control Improvement Districts (FCID). The system is continuing to look for external funding to help support the Rocky Ripple Project along with another $33.37 million to support other projects. The Stormwater District may choose to issue more or less of long-term and short-term debt to support the systems capital needs and maintain the fiscal integrity of the Stormwater District.

Capital Improvement Plan Funding Sources

Funding Source	2021	2022	2023	2024	2025	Total
Stormwater Capital Paygo	$12,400,000	$24,200,000	$9,600,000	$8,100,000	$9,200,000	$63,500,000
2019 Notes	$4,738,998					$4,738,998
Rocky Ripple Funding Plan		$6,000,000	$47,000,000			$53,000,000
American Recovery Plan	$2,500,000	$25,000,000	$22,500,000			$50,000,000
Bond Premium	$10,556,000	$9,000,000		$9,000,000		$28,556,000
Stormwater Capital Financing		$25,000,000	$25,000,000	$25,000,000	$25,000,000	$100,000,000
Various FCID Sources	$343,702	$352,171	$354,741	$358,327	$362,625	$1,771,566
TOTAL	$30,538,700	$89,552,171	$104,454,741	$42,458,327	$34,562,625	$301,566,564

The following table summarizes the historical debt service coverage of the Qualified Entity.

Historic Debt Service Coverage

Notes:

[1] The Series 2016 Notes were issued on a Subordinate Basis as a $50 million three-year draw Direct Placement with Wells Fargo and were taken out with the issuance of the Series 2019F Refunding Bonds. Maturity on the Series 2016 Notes was extended from July 1, 2019 to October 29, 2019.

[2] The Series 2019 Notes were issued on a Subordinated Basis as a $50 million three-year, fixed rate draw Direct Placement with Fifth/Third on March 6, 2019 and mature on March 1, 2022. The Series 2019 Notes will be refunded by the Series 2022C Bonds.

RISK FACTORS

Bonds are Limited Obligations

The 2022 Bonds are limited obligations of the Bond Bank payable solely from the revenues and funds of the Bond Bank pledged therefor under the Indenture. The 2022 Bonds do not constitute a debt, liability or loan of the credit of the State or any political subdivision thereof, including the City, the Bond Bank, the Qualified Entity or any

other qualified entity, under the constitution and the laws of the State or a pledge of the faith, credit and taxing power of the State or any political subdivision thereof, including the City, the Bond Bank, the Qualified Entity or any other qualified entity. The Bond Bank has no taxing power. **Furthermore, the 2022 Bonds do not constitute a general or moral obligation of the Bond Bank or the City. The Bond Bank will not maintain a debt service reserve fund for the 2022 Bonds and the provisions of Indiana Code 5-1.4-5, pertaining to a moral obligation of the City-County Council to replenish a debt service reserve fund, do not apply to the 2022 Bonds.** See "SECURITY AND SOURCES OF PAYMENT FOR THE 2022 BONDS."

In addition to the authority to issue revenue bonds and set rates and charges for the use of the Stormwater System, the Stormwater Act gives the Qualified Entity the legal authority to issue General Obligation Bonds. However, both the City-County Council and the Board of Public Works, have made policy decisions not to levy any property taxes within the corporate boundaries of the Qualified Entity, nor to operate the territory of the Qualified Entity as a special taxing district by issuing General Obligation Bonds for the Qualified Entity. Therefore, no property taxes have been, or are expected to be, levied on property within the territory of the Qualified Entity or are otherwise expected to be available to pay debt service on the 2022 Qualified Obligations when due.

Capital Improvement Requirements

A significant number of capital improvements undertaken by the Qualified Entity could be required in order for the Board of Public Works to continue to comply with environmental and other regulatory requirements. The Qualified Entity's CIP estimates capital improvements in the amount of $333 million will need to be made from 2021 through 2025 to comply with current regulatory requirements and to implement the Qualified Entity's planned improvements to mitigate stormwater runoff management and water quality needs. The Qualified Entity currently expects to finance planned capital needs over the next four (4) years from bonds, revenues generated from the Stormwater System and funds on hand. In the event the Qualified Entity determines to finance capital improvements through the issuance of additional debt, such new debt must be approved by the Board of Public Works and the City-County Council and comply with the additional bonds test. Interest on such debt would increase debt service costs to the Qualified Entity and could result in lower debt service coverage or insufficient Net Revenues to pay such increased debt service costs. See "APPENDIX C — Advisor's Special Purpose Report" herein. The Qualified Entity must hold a public hearing before undertaking a new capital project, including the projects in the CIP. A successful legal objection to a new capital project could prevent its completion.

Withdrawal from Territory of Qualified Entity

The territory of the Qualified Entity currently includes all of the County, except for the territory within the City of Beech Grove, the Town of Speedway, the City of Southport, the City of Lawrence, and the Town of Cumberland (each of which are "excluded cities and towns" under the Stormwater Act). The territory within the corporate boundaries of the City of Beech Grove, the Town of Speedway, the City of Southport, the Town of Cumberland and the City of Lawrence are not included within the territory of the Qualified Entity, because each of such entities had either established their own stormwater district at the time the Council Ordinance was adopted or have otherwise statutorily withdrawn from the territory of the Qualified Entity pursuant to the procedures set forth in the Stormwater Act. Pursuant to the Stormwater Act, any excluded city or town in the County may, at any point in the future, withdraw from the territory of the Qualified Entity pursuant to certain procedures set forth in the Stormwater Act. Most recently, the City of Lawrence elected to withdraw from the jurisdiction of the Qualified Entity, effective December 21, 2020, pursuant to the provisions of the Stormwater Act, pursuant to which the City of Lawrence is liable for, and required to pay, an allocable portion of the indebtedness of the Qualified Entity that is outstanding as of the effective date of its withdrawal. There is no other eligible city or town in the County which may withdraw from the territory of the Qualified Entity.

Regulatory Risks

The Qualified Entity is subject to numerous federal and State regulatory requirements. Those regulations are subject to change at any time. The Qualified Entity currently is in compliance with the requirements of the Clean Water Act and other applicable laws, except to the extent such non-compliance would not have a material adverse effect on the Qualified Entity. The Qualified Entity believes that the CIP budget and other available moneys provide the Qualified Entity with funds in a reasonable amount to meet existing and projected federal or state water quality

requirements. Should any additional regulations applicable to the operation and maintenance of the Qualified Entity become effective in the future, the Qualified Entity will be required to take action to comply with them in a timely manner.

Impact of Growth Rates on Net Revenues

In the Special Purpose Report prepared by Sycamore Advisors, LLC (the "Advisor") set forth in APPENDIX C hereto, the Advisor reviews the outstanding debt service, the rate covenants as established in the Master Resolution, prepares debt service projections for 2022 Bonds based upon current market conditions as of the date of the report and determines if the new issuance meets the requirements for additional issuance per the Master Resolution. The Advisor has assumed for modeling purposes that modest growth in revenues will occur throughout the forecast period (2022 through 2026), due to approved annual adjustments to the base rate of $0.05 per BBU provided for in the Council Ordinance. The Advisor has assumed no annual growth in Impervious Surface Area (ISA) in their pro forma projections. Historic collection rates have been noted in the table entitled "Collection History." For the purposes of projections, the Advisor, in consultation with the City, has assumed a 98.8% overall collection rate going forward, slightly below the average collection rate. Twice a year, the City/DPW performs an update of the GIS Impervious Area dataset, using aerial photography to capture the amount of measured ISA and in turn update the number of BBUs to reflect either new properties that have been developed, existing properties that have had additions, as well as demolitions to properties. Any failure to maintain existing revenue levels could negatively impact the availability of Net Revenues to pay debt service on the 2022 Qualified Obligations, thereby negatively impacting the Bond Bank's ability to pay debt service on the 2022 Bonds.

Legislative Changes

The Congress of the United States has from time to time considered various legislation, including some that carry retroactive effective dates that, if enacted, could affect or modify the amount of interest earned on governmental bonds that is exempted from gross interest for federal income tax purposes or affect the market value of the 2022 Bonds. Prospective purchasers of the 2022 Bonds should consult their own tax advisors regarding any pending or proposed federal tax legislation. Bond Counsel expresses no opinion regarding any pending or proposed federal tax legislation. See "TAX MATTERS" for information on the current exemption for interest on the 2022 Bonds.

Forward-Looking Statements

This Official Statement and its appendices, including "APPENDIX C — Advisor's Special Purpose Report," contain statements relating to future results that are "forward-looking statements." When used in this Official Statement, the words "estimate," "forecast," "intend," "expect" and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty. Accordingly, such statements are subject to risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward looking statements and actual results. Those differences could be material and those differences could negatively impact the availability of Net Revenues to pay debt service on the 2022 Bonds.

The 2022 Bonds May Not Be a Suitable Investment for All Investors Seeking Exposure to Green Assets

There is currently no clearly-defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green," "environmental," "sustainable" or equivalently-labeled project, or as to what precise attributes are required for a particular project to be defined as "green," "environmental," "sustainable" or such other equivalent label, and nor can any assurance be given that such a clear definition or consensus will develop over time. Accordingly, although the Qualified Entity anticipates that the 2022 Projects will be aligned with the Green Bond Principles, 2021 administered by the International Capital Market Association (the "Principles"), no assurance is or can be given to investors that the 2022 Projects will meet any or all investor expectations regarding such "green," "environmental," "sustainable" or other equivalently-labeled performance objectives, or that any adverse environmental, sustainability and/or other impacts will not occur during the operations and maintenance of the 2022 Projects.

Prospective investors should carefully review the information set out in this Official Statement regarding the 2022 Projects and must determine for themselves the relevance of such information for the purpose of any investment in the 2022 Bonds together with any other investigation such investor deems necessary. In particular, no assurance is given by the Bond Bank, the Qualified Entity or any of the underwriters that the 2022 Projects will satisfy (or will continue to satisfy), whether in whole or in part, any present or future investor expectations or requirements, taxonomies or standards or other investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable laws or regulations or by its own by-laws or other governing rules or investment portfolio mandates, ratings mandates or other independent expectations, in particular with regard to any direct or indirect environmental or sustainability impact of the 2022 Projects or uses thereof, or to the subject of the 2022 Projects. Any failure of the 2022 Bonds to satisfy investor expectations or requirements could have a material adverse effect on the market price of the 2022 Bonds.

In connection with the offering of the 2022 Bonds, Kestrel has issued the Second Party Opinion. No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of the Second Party Opinion or any other opinion or certification of any third party (whether or not solicited by the Qualified Entity) that may be made available in connection with the issuance of the 2022 Bonds and, in particular, with respect to whether the 2022 Projects fulfill any environmental, sustainability and/or other criteria. Neither the Second Party Opinion nor any other opinion or certification is, nor should such opinion be deemed to be, a recommendation of the Bond Bank, the Qualified Entity, any underwriter or any other person to buy, sell or hold the 2022 Bonds.

Each of the Second Party Opinion and any other such opinion or certification is only current as of the date such opinion or certification was initially issued. Prospective investors must determine for themselves the relevance of the Second Party Opinion and any other such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in the 2022 Bonds. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. Any withdrawal of the Second Party Opinion or any other such opinion or certification or any additional opinion or certification attesting that the Bond Bank, the Qualified Entity or any other person is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying may have a material adverse effect on the value of the 2022 Bonds and/or result in adverse consequences for certain investors with mandates to invest in securities to be used for a particular purpose.

Potential Impacts Resulting from Coronavirus (COVID-19)

Regional, national or global epidemics or pandemics, such as the present outbreak of the novel coronavirus ("COVID-19"), could have materially adverse local, regional, national or global economic and social impacts. The present outbreak of COVID-19 is adversely impacting local, state, national and global economies, as governments, businesses and citizens react to, plan for, and try to prevent or slow further transmission of COVID-19. On March 6, 2020, Indiana Governor Eric Holcomb issued Executive Order 20-02 which declared the COVID-19 outbreak in Indiana to be a public health emergency, which has been renewed multiple times by separate executive orders, and is currently in effect. On March 11, 2020, the World Health Organization proclaimed COVID-19 to be a pandemic, and on March 13, 2020, the President of the United States declared a national emergency related to COVID19. The emergence of COVID-19 and the spread thereof is an evolving issue.

In order to address certain social and economic impacts of COVID-19, Governor Holcomb certain executive orders, which provided certain taxpayer relief, including an extension of time related to state income tax, non-escrowed property taxes, and special assessments and fees paid on property tax bills. In 2021, the Governor also directed the Indiana Department of Revenue to conform to the taxpayer relief provided by the federal government to allow an extension of time related to State individual income tax liabilities, including allowing an individual tax returns and payments, originally due by April 15, 2021 to May 17, 2021.

Since the onset of the COVID-19 pandemic, the Governor has issued executive orders, which included stay-at-home orders and face covering requirements, directed the closing of State government buildings and restricted retail establishments and in-person dining at restaurants, among other things. For a list of all executive orders see https://www.in.gov/gov/governor-holcomb/newsroom/executive-orders/. In addition, the Governor issued various executive orders, which instituted a measured and staggered approach to reopening businesses and entities. Five

stages were outlined, with each ensuing stage being subject to fewer restrictions and limitations than the previous stage. Those stages were initiated on March 23, 2020 and lapsed on November 14, 2020.

On November 13, 2020, the Governor issued an executive order, which was extended with certain modifications to provide for a color-coded system to assess the status of COVID-19 on a county-by-county basis. On June 30, 2021, the Governor issued an executive order rescinding all prior executive orders related to the coronavirus public health emergency and directives therein except limited directives set forth in the most recent executive orders.

The above is only a short summation of several Executive Orders issued by Governor Holcomb. The full Executive Orders should be read in their entirety and may be found at: https://www.in.gov/gov/2384.htm.

The City saw no material impact in revenue collections due to the ongoing COVID-19 pandemic, despite the timing delay. There was no discernable impact for the collection of receipts and amount of money collected in FY 2020 for the Stormwater District.

LITIGATION

There is not now pending or, to the Bond Bank's, the City's, or the Qualified Entity's knowledge, threatened any litigation restraining or enjoining the issuance, sale, execution or delivery of the 2022 Bonds or the execution and delivery of, and performance by the respective parties to, the Indenture or the Bond Resolution prohibiting the Bond Bank from purchasing the 2022 Qualified Obligations or refunding the Refunded Bonds with the proceeds of the 2022 Bonds; in any way contesting or affecting the validity of the 2022 Bonds or any proceedings of the Bond Bank taken with respect to the issuance or sale thereof, or the Pledges (as hereinafter defined under the caption "ENFORCEABILITY OF REMEDIES") or application of any moneys or security provided for payment of the 2022 Bonds. Neither the creation, organization or existence of the Bond Bank, the City, or the Qualified Entity nor the title of any of the present directors or other officers of the Bond Bank, the City, or Qualified Entity to their respective offices is being contested.

TAX MATTERS

In the opinion of Dentons Bingham Greenebaum LLP, Indianapolis, Indiana ("Bond Counsel"), under existing laws, regulations, judicial decisions and rulings, interest on the 2022 Bonds is excludable from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended and in effect on the date of issuance of the 2022 Bonds (the "Code"). Interest on the 2022 Bonds is not a specific preference item for purposes of the federal alternative minimum tax. This opinion of Bond Counsel relates only to the exclusion from gross income of interest on the 2022 Bonds for federal income tax purposes under Section 103 of the Code and is conditioned on continuing compliance by the Bond Bank and Qualified Entity with the Tax Covenants (hereinafter defined). Failure to comply with the Tax Covenants could cause interest on the 2022 Bonds to lose the exclusion from gross income for federal income tax purposes retroactive to the date of issue. In the opinion of Bond Counsel, under existing laws, regulations, judicial decisions and rulings, interest on the 2022 Bonds is exempt from income taxation in the State of Indiana. See APPENDIX A hereto for the form of Bond Counsel opinion.

The Code imposes certain requirements which must be met subsequent to the issuance of the 2022 Bonds as a condition to the exclusion from gross income of interest on the 2022 Bonds for federal income tax purposes. The Bond Bank and Qualified Entity will covenant not to take any action, within their respective power and control, nor fail to take any action, within its power and control, nor fail to take any action with respect to the 2022 Bonds that would result in the loss of the exclusion from gross income for federal income tax purposes of interest on the 2022 Bonds pursuant to Section 103 of the Code (collectively, the "Tax Covenants"). The Indenture, the Bond Resolution, and certain certificates and agreements to be delivered on the date of delivery of the 2022 Bonds establish procedures to permit compliance with the requirements of the Code. It is not an event of default under the Indenture if interest on the 2022 Bonds is not excludable from gross income for federal tax purposes or otherwise pursuant to any provision of the Code which is not in effect on the date of issuance of the 2022 Bonds.

Indiana Code 6-5.5 imposes a franchise tax on certain taxpayers (as defined in Indiana Code 6-5.5) which, in general, includes all corporations which are transacting the business of a financial institution in Indiana. The franchise tax is measured in part by interest excluded from gross income under Section 103 of the Code minus associated expenses disallowed under Section 265 of the Code.

Although Bond Counsel will render an opinion that interest on the 2022 Bonds is excludable from gross income for federal income tax purposes, and that interest on the 2022 Bonds is exempt from State income tax, the accrual or receipt of interest on the 2022 Bonds may otherwise affect a bondholder's federal income tax or state tax liability. The nature and extent of these other tax consequences will depend upon the bondholder's particular tax status and a bondholder's other items of income or deduction. Taxpayers who may be affected by such other tax consequences include, without limitation, financial institutions, certain insurance companies; S-corporations, certain foreign corporations, individual recipients of Social Security or railroad retirement benefits and taxpayers who may be deemed to have incurred (or continued) indebtedness to purchase or carry the 2022 Bonds. Bond Counsel expresses no opinion regarding any other such tax consequences.

The foregoing does not purport to be a comprehensive discussion of the tax consequences of owning the 2022 Bonds. Prospective purchasers of the 2022 Bonds should consult their own tax advisors with respect to the foregoing and other state and federal tax consequences of owning the 2022 Bonds.

Original Issue Premium

The 2022 Bonds are being sold at issue prices greater than the principal amount payable at maturity or earlier call date (collectively, the "Premium Bonds"). The following information, which has not been included in the opinion of Bond Counsel, may be helpful to prospective purchasers of the Premium Bonds.

Premium Bonds will be considered to be issuable with amortizable bond premium. A taxpayer who acquires a Premium Bond in the initial public offering will be required to adjust his or her basis in the Premium Bond downward as a result of the amortization of the bond premium, pursuant to Section 1016(a)(5) of the Code. The amount of amortizable bond premium will be computed on the basis of the taxpayer's yield to maturity with compounding at the end of each accrual period. Rules for determining (i) the amount of amortizable bond premium and (ii) the amount amortizable in a particular year are set forth at Section 171(b) of the Code. No income tax deduction for the amount of amortizable bond premium will be allowed to a holder pursuant in Section 171(a)(2) of the Code. The amortization of bond premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining other tax consequences of owning the Premium Bonds. A purchaser of a Premium Bond at its issue price in the initial public offering who holds that Premium Bond to maturity will realize no gain or loss upon the retirement of such Premium Bond.

PROSPECTIVE PURCHASERS OF THE DISCOUNT OR PREMIUM BONDS SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX CONSEQUENCES OF THE PURCHASE, SALE, TRANSFER, REDEMPTION, PAYMENT, OR OTHER DISPOSITION OF THE DISCOUNT OR PREMIUM BONDS, INCLUDING, WITHOUT LIMITATION, MODIFICATIONS TO THE METHOD FOR AMORTIZING PREMIUM FOR CERTAIN SUBSEQUENT PURCHASERS, AND INCLUDING THE EFFECT OF ANY APPLICABLE STATE OR LOCAL INCOME TAX LAWS.

LEGAL OPINIONS AND ENFORCEABILITY OF REMEDIES

The various legal opinions to be delivered concurrently with the delivery of the 2022 Bonds express the professional judgment of the attorneys rendering the opinions on the legal issues explicitly addressed therein. By rendering a legal opinion, the opinion giver does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or of the future performance of parties to such transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

The remedies available to the Trustee or the bondholders of the 2022 Bonds upon a default under the Indenture; to the Trustee or the Bond Bank under the 2022 Bonds and the Bond Resolution; or to any party seeking to enforce the pledges securing the 2022 Bonds described herein (collectively the "Pledge"), are in many respects

dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, including specifically Title 11 of the United States Code (the United States Bankruptcy Code), the remedies provided in the Indenture, and the Bond Resolution, or to any party seeking to enforce the Pledge may not be readily available or may be limited. Under Federal and State environmental laws certain liens may be imposed on property of the Bond Bank or the Qualified Entity from time to time, but the Bond Bank has no reason to believe, under existing law, that any such lien would have priority over the lien on the Qualified Obligation Payments pledged to owners of the 2022 Bonds under the Indenture.

The various legal opinions to be delivered concurrently with the delivery of the 2022 Bonds will be qualified as to the enforceability of the various legal instruments by the valid exercise of the constitutional powers of the Qualified Entity, the City, the State and the United States of America and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law). These exceptions would encompass any exercise of the federal, State or local police powers (including the police powers of the Qualified Entity and the City) in a manner consistent with the public health and welfare. Enforceability of the Indenture and the Bond Resolution and the availability of remedies to a party seeking to enforce the Pledge, in a situation where such enforcement or availability may adversely affect public health and welfare, may be subject to these police powers.

CONTINUING DISCLOSURE

General

The following is a summary of certain provisions of a Continuing Disclosure Undertaking Agreement (the "Undertaking"), to be dated and delivered by the Bond Bank on the date of delivery of the 2022 Bonds, pursuant to continuing disclosure requirements promulgated by the Securities and Exchange Commission in SEC Rule 15c2-12, as amended (the "SEC Rule"). The City and the Qualified Entity are the only obligated persons under the SEC Rule. This summary does not purport to be complete or definitive and is qualified in its entirety by reference to the full terms of the Undertaking. See APPENDIX D hereto for a form of the Undertaking.

Pursuant to the terms of the Undertaking, the Bond Bank will agree, so long as the 2022 Bonds are outstanding, to provide or cause to be provided certain financial information and operating data relating to the City and the Qualified Entity (the "Annual Report") to the Municipal Securities Rulemaking Board ("MSRB"), through its Electronic Municipal Market Access ("EMMA") system, by not later than two hundred ten (210) days after the end of each fiscal year, commencing with the fiscal year ending December 31, 2021, containing the following information:

(a) Audited financial statements of the City for the fiscal year;

(b) Annual financial information for the City and the Qualified Entity for such fiscal year, each of which coincides with the calendar year, other than the audited financial statements described in (a) above, including:

(i) unaudited financial statements of the City if audited financial statements are not then available; and

(ii) operating data relating to the Qualified Entity (excluding any demographic information or forecasts) of the general type included under the following captions or appendices to the Official Statement

- THE STORMWATER SYSTEM - BBU History
- THE STORMWATER SYSTEM - Billing History
- THE STORMWATER SYSTEM - Collection History
- THE STORMWATER SYSTEM - Top 25 Customers
- THE STORMWATER SYSTEM - Historic Debt Service Coverage

If any of the operating data listed above relating to the Qualified Entity no longer can be provided because the operations to which they related have been materially changed or discontinued, a statement to that effect, provided by the Bond Bank to the MSRB, along with any other operating data required to be provided pursuant to the Undertaking, shall satisfy the obligation to provide the Annual Report. To the extent available, the Bond Bank shall

cause to be filed along with Annual Report operating data as similar as practicable to that which can no longer be provided.

Pursuant to the Undertaking, the Bond Bank will also agree to provide to the MSRB, through its EMMA system, timely notices of the occurrence of certain enumerated events, with respect to the 2022 Bonds, as required by the SEC Rule.

Pursuant to the Undertaking, the Bond Bank will also agree to provide to the MSRB, through its EMMA system, notice of a failure to provide the Annual Report in a timely manner.

Modification of Undertaking

The Bond Bank may, from time to time, amend or modify the Undertaking without the consent of or notice to the owners of the 2022 Bonds if either (a)(i) such amendment or modification is made in connection with a change in circumstances that arises from a change in legal requirements, change in law or, change in the identity, nature or status of the obligated persons, or type of business conducted; (ii) the Undertaking, as so amended or modified, would have complied with the requirements of the SEC Rule on the date of execution of the Undertaking, after taking into account any amendments or interpretations of the SEC Rule, as well as any change in circumstances; and (iii) such amendment or modification does not materially impair the interests of the holders of the 2022 Bonds, as determined either by (A) any person selected by the Bond Bank that is unaffiliated with the Bond Bank or the Qualified Entity (such as the Trustee) or (B) an approving vote of the holders of the 2022 Bonds pursuant to the terms of Indenture at the time of such amendment or modification; or (b) such amendment or modification (including an amendment or modification which rescinds the Undertaking) is permitted by the SEC Rule, as then in effect.

The Bond Bank may, at its sole discretion, use an agent in connection with the dissemination of any annual financial information required to be provided by the Bond Bank pursuant to the terms of the Undertaking.

Role of Bond Bank

While the Bond Bank will execute the Undertaking, the Bond Bank will serve a limited role in ensuring compliance with the terms of the Undertaking. The annual financial information required to be filed each year under the Undertaking is information about the City and not the Bond Bank. In addition, many of the events which require a notice under the Undertaking pertain to the City and not the Bond Bank. The Bond Bank will serve the role of reminding the City of its filing requirements under Undertaking and will assist the City through the administrative role of filing what the City sends to the Bond Bank for filing under the Undertaking. Importantly, however, the Bond Bank does not have direct access to the City's information, and therefore cannot provide that information without the cooperation of the City.

Compliance with Previous Undertakings

In the previous five years, the Bond Bank and various qualified entities, have failed to comply with the terms of certain previous undertakings made in a written contract or agreement specified by paragraph (b)(5)(i) of the SEC Rule. For the years 2016, 2017, 2018, 2019 and 2020, the Bond Bank and various qualified entities failed to file certain operating data, annual comprehensive financial reports, ratings notices, notices of incurrence of financial obligations and redemption notices on various series of bonds by their applicable deadlines. Additionally, three of these late filings did not contain all of the information required to be filed (the "non-conforming filings"). All non-conforming filings were corrected by subsequent filings of the missing information. The Bond Bank has engaged a nationally recognized disclosure counsel to (1) conduct a compliance audit; (2) review the Bond Bank's continuing disclosure policies and procedures and advise on any necessary changes; and (3) work with the Bond Bank to implement new procedures to ensure that the most current operating and financial data for each outstanding bond issue of the Bond Bank is filed on EMMA on a timely basis.

In April of 2019, Nixon Peabody, a nationally recognized disclosure counsel, provided a compliance training to the Bond Bank's staff and various qualified entities. A compliance audit and review of the Bond Bank's Continuing Disclosure Policy and procedures was performed. No deficiencies were found in the compliance audit for the Bond Bank. The Bond Bank was advised by counsel to add an additional step in its disclosure filing process as it relates to

the financial stability of its qualified entities by getting confirmation that their financial position has not been significantly impacted since the end of the last fiscal year.

Remedy

The purpose of the Undertaking is to enable the Underwriters to purchase the 2022 Bonds by providing for an undertaking by the obligated persons in satisfaction of the SEC Rule. The Undertaking is solely for the benefit of the owners of the 2022 Bonds and creates no new contractual or other rights for, nor can it be relied upon by the SEC, the Underwriters, brokers, dealers, municipal securities dealers, potential customers, other obligated persons, or any other third party. The sole remedy against the Bond Bank for any failure to carry out any provision of the Undertaking shall be for specific performance of the Bond Bank's disclosure obligations under the Undertaking and not for money damages of any kind or in any amount or any other remedy. The Bond Bank's failure to honor its covenants under the Undertaking shall not constitute a breach or default of the 2022 Bonds, the Indenture, the Bond Resolution, the 2022 Qualified Obligations or any other agreement to which the Bond Bank is a party.

APPROVAL OF LEGAL PROCEEDINGS

Certain legal matters incident to the authorization, issuance, sale and delivery of the 2022 Bonds are subject to the approval of Dentons Bingham Greenebaum LLP, Indianapolis, Indiana, bond counsel, whose approving legal opinion will be delivered with the 2022 Bonds, substantially in the form attached as APPENDIX A hereto. Certain legal matters will be passed on for the Bond Bank by its General Counsel, for the Qualified Entity by Corporation Counsel for the City, and for the Underwriters by their counsel, Dinsmore & Shohl LLP, Indianapolis, Indiana.

RATING

Standard & Poor's ("S&P") and Kroll Bond Rating Agency ("Kroll") have each assigned a rating of "AAA" to the 2022 Bonds. An explanation of the significance of the ratings given by S&P may be obtained from S&P at 55 Water Street, New York, New York 10041 and from Kroll at 805 Third Avenue, 29th Floor, New York, New York 10022.

Such rating reflects only the views of such rating agencies, and there is no assurance that any rating will continue for any given period of time or that any rating will not be revised downward or withdrawn entirely by the applicable rating agency if, in its judgment, circumstances so warrant. Any such downward revision or withdrawal of a rating may have an adverse effect on the market price of the 2022 Bonds. Other than the reporting obligation of the Bond Bank pursuant to the Continuing Disclosure Undertaking (as defined herein), the Bond Bank and the Qualified Entity have not undertaken any responsibility to bring to the attention of the owners of the 2022 Bonds any proposed change in or withdrawal of such rating once received or to oppose any such proposed revision.

UNDERWRITING

Under a bond purchase agreement entered into between Wells Fargo Bank, National Association, the Bond Bank, and the Qualified Entity, the 2022 Bonds are being purchased by the Underwriters for reoffering at an aggregate purchase price of $59,536,582.66. The purchase price reflects the principal amount of the 2022 Bonds, plus original issue premium, less an aggregate Underwriters' discount of $232,469.34. The bond purchase agreement provides that the Underwriters will purchase all of the 2022 Bonds if any are purchased. The obligations of the Bond Bank to deliver the 2022 Bonds and of the Underwriters to accept delivery of the 2022 Bonds are subject to various conditions contained in the bond purchase agreement.

The Underwriters have agreed to make a bona fide public offering of all of the 2022 Bonds at prices not in excess of the initial public offering prices set forth or reflected on the inside cover page of this Official Statement. The Underwriters may sell the 2022 Bonds to certain dealers (including dealers depositing 2022 Bonds into investments trusts) and others at prices lower than the offering prices set forth inside the cover page hereof.

Wells Fargo Corporate & Investment Banking (which may be referred to elsewhere as "CIB," "Wells Fargo Securities" or "WFS") is the trade name used for the corporate banking, capital markets and investment banking services of Wells Fargo & Company and its subsidiaries, including Wells Fargo Bank, National Association ("WFBNA"), a member of the National Futures Association, which conducts its municipal securities sales, trading and underwriting operations through the Wells Fargo Bank, N.A. Municipal Finance Group, a separately identifiable department of WFBNA, registered with the U.S. Securities and Exchange Commission as a municipal securities dealer pursuant to Section 15B(a) of the Securities Exchange Act of 1934. WFBNA, acting through its Municipal Finance Group, senior underwriter of the 2022 Bonds, has entered into an agreement (the "WFA Distribution Agreement") with its affiliate, Wells Fargo Clearing Services, LLC (which uses the trade name "Wells Fargo Advisors") ("WFA"), for the distribution of certain municipal securities offerings, including the 2022 Bonds. Pursuant to the WFA Distribution Agreement, WFBNA will share a portion of its underwriting or remarketing agent compensation, as applicable, with respect to the 2022 Bonds with WFA. WFBNA has also entered into an agreement (the "WFSLLC Distribution Agreement") with its affiliate Wells Fargo Securities, LLC ("WFSLLC"), for the distribution of municipal securities offerings, including the 2022 Bonds. Pursuant to the WFSLLC Distribution Agreement, WFBNA pays a portion of WFSLLC's expenses based on its municipal securities transactions. WFBNA, WFSLLC, and WFA are each wholly-owned subsidiaries of Wells Fargo & Company.

MUNICIPAL ADVISOR

Sycamore Advisors, LLC ("Sycamore") is a municipal advisor based in Indianapolis, Indiana which is registered with the Securities and Exchange Commission and the Municipal Securities Rulemaking Board. Sycamore has been retained by the Bond Bank and the Qualified Entity as its independent municipal advisor. In its role as municipal advisor to the Bond Bank and the Qualified Entity, Sycamore has not undertaken to independently verify or assume accuracy for the information in the Official Statement but has provided certain information as set forth in "APPENDIX C – Advisor's Special Purpose Report." Sycamore has not conducted an independent audit or verification of any financial or supplemental data used in this Official Statement. Sycamore's fees are not contingent upon the issuance of the 2022 Bonds.

AVAILABILITY OF DOCUMENTS AND FINANCIAL INFORMATION

The City has available an Annual Comprehensive Financial Report (the "Comprehensive Financial Report") for the year ended December 31, 2020 and certain prior years. The Comprehensive Financial Report is prepared annually and contains audited financial statements of the City, including certain statistical reports relating to the operation and financial performance of the Qualified Entity. The Comprehensive Financial Report for the year ended December 31, 2020 is available upon request from the City of Indianapolis Controller's Office and may be viewed electronically at http://www.indy.gov/activity/annual-financial-reports and https://emma.msrb.org/MarketActivity/ContinuingDisclosureDetails/ES987250. No financial reports related to the Qualified Entity are prepared on an interim basis and there can be no assurance that there have not been material changes in the financial position of the Qualified Entity since the date of the most recent available Comprehensive Financial Report.

Bond offerings, ratings, Official Statements, audit reports and other information related to the Bond Bank and its Qualified Entities may be viewed through Bondlink at http://www.indianapolisbondbank.com. The documents, information and statements contained on the website are provided for informational purposes only. The availability of any document on the website, including any Official Statement, does not imply that there has been no change in the affairs of the Bond Bank or the City or any of the Bond Bank's programs since the date of such document or Official Statement.

MISCELLANEOUS

The references, excerpts, and summaries of all documents referred to herein do not purport to be complete statements of the provisions of such documents, and reference is made to all such documents for full and complete statements of all matters of fact relating to the 2022 Bonds, the security for the payment of the 2022 Bonds and the

rights of the owners thereof. During the period of the offering, copies of drafts of such documents may be examined at the offices of the Underwriters; following delivery of the 2022 Bonds, copies of such documents may be examined at the offices of the Bond Bank.

The information contained in this Official Statement has been compiled from official and other sources deemed to be reliable, and while not guaranteed as to completeness or accuracy, is believed to be correct as of this date.

Any statements made in this Official Statement involving matters of opinions or estimates, whether or not expressly so stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the information presented herein since the date hereof. This Official Statement is submitted in connection with the issuance and sale of the 2022 Bonds and may not be reproduced or used, in whole or in part, for any other purpose. This Official Statement is not to be construed as a contract or agreement between the Bond Bank, the City, the Qualified Entity, the Trustee, the Registrar and Paying Agent or the Underwriters and the purchasers or owners of any 2022 Bonds. The delivery of this Official Statement has been duly authorized by the Board of Directors of the Bond Bank.

APPENDIX A

FORM OF BOND COUNSEL OPINION

Upon the delivery of the 2022 Bonds, Dentons Bingham Greenebaum LLP, Indianapolis, Indiana, as bond counsel, proposes to deliver an opinion in substantially the following form:

February 24, 2022

The Indianapolis Local Public Improvement Bond Bank
Indianapolis, Indiana

The Bank of New York Mellon Trust Company, N.A.
Indianapolis, Indiana

Re: $50,000,000 The Indianapolis Local Public Improvement Bond Bank
Bonds, Series 2022C (Stormwater Project) (Green Bonds) (the "Bonds")

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by The Indianapolis Local Public Improvement Bond Bank ("Issuer") of the Bonds, dated February 24, 2022, in the aggregate principal amount of $50,000,000, pursuant to a Trust Indenture, dated as of February 1, 2022 (the "Indenture"), between the Issuer and The Bank of New York Mellon Trust Company, N.A. (the "Trustee"), as Trustee, Registrar and Paying Agent. We have examined the law and a certified transcript of proceedings of the Issuer had relative to the authorization, issuance and sale of the Bonds and such other papers as we deem necessary to render this opinion. We have relied upon the certified transcript of proceedings and other certificates of public officials furnished to us, including the tax covenants and representations of the Issuer and the Marion County Stormwater Management District (the "Qualified Entity") (collectively, the "Tax Representations") and have not undertaken to verify any facts by independent investigation.

Based upon our examination, we are of the opinion, as of the date hereof, as follows:

1. The Bonds are the valid and binding limited obligations of the Issuer enforceable in accordance with their respective terms and are payable from and secured only by payments received on the City of Indianapolis, Indiana Stormwater District Revenue Bonds of 2022 (Green Bonds) (the "Qualified Obligations").

2. Under statutes, decisions, regulations and rulings existing on this date, interest on the Bonds is exempt from income taxation in the State of Indiana ("State"). This opinion relates only to the tax exemption of interest on the Bonds from State income taxation.

3. Under federal statutes, decisions, regulations and rulings existing on this date, interest on the Bonds is excludable from gross income for purposes of federal income taxation pursuant to Section 103 of the Internal Revenue Code of 1986, as in effect on the date hereof ("Code"), and is not an item of tax preference for purposes of the federal alternative minimum tax. This opinion is conditioned on continuing compliance by the Issuer and the Qualified Entity with the Tax Representations. Failure to comply with the Tax Representations could cause interest on the Bonds to lose the exclusion from gross income for federal income tax purposes retroactive to their date of issue.

We have not been engaged nor have we undertaken to review the accuracy, completeness or sufficiency of any offering material relating to the Bonds, and we express no opinion relating thereto. We are not expressing an opinion on the investment quality of the Bonds, and we have not investigated or examined the facts, figures or financial

statements or other representations made to the purchaser of the Bonds respecting the Issuer by its representatives. Furthermore, we are not expressing an opinion as to whether the facts, figures, financial statements or other representations made to the purchaser of the Bonds respecting the Issuer by its representatives contained any untrue statements of material fact or omitted to state any material fact necessary to make the statements made not misleading.

It is to be understood that the rights of the owners of the Bonds and the enforceability thereof and of the Indenture may be subject to the valid exercise of the constitutional powers of the Qualified Entity, the City of Indianapolis, Marion County, the State and the United States of America. It is to be further understood that the rights of the owners of the Bonds and the enforceability thereof and of the Indenture may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted and that their enforcement may be subject to the exercise of judicial discretion in accordance with general principles of equity.

This opinion may be relied upon by the addresses hereto, any holder of the Bonds and their respective successors and assigns. This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.

By delivering this opinion to the addressees, we are not creating any new attorney-client relationships.

[*Balance of Page Intentionally Left Blank*]

APPENDIX B

SUMMARY OF PRINCIPAL FINANCING DOCUMENTS, INDENTURE AND DEFINITIONS

The following is a summary of certain provisions of the Trust Indenture between The Indianapolis Local Public Improvement Bond Bank ("Bond Bank") and The Bank of New York Mellon Trust Company, N.A., as trustee ("Trustee"), dated as of February 1, 2022 (the "Indenture"). This summary does not purport to be complete and is subject in all respects to the provisions of, and is qualified in its entirety by reference to, the Indenture. Certain capitalized terms used in this summary are defined at the end of this APPENDIX B.

The Bond Bank will issue its Bonds, Series 2022C (Stormwater Project) (Green Bonds) (the "Series 2022C Bonds"), pursuant to the Indenture.

Security for Bonds

To secure the payment of the principal of, premium, if any, and interest on the outstanding Series 2022C Bonds and any Additional Bonds (the Series 2022C Bonds and any Additional Bonds are hereinafter collectively referred to as the "Bonds"), and the performance of the covenants contained in the Bonds and the Indenture; the Bond Bank, grants to the Trustee a security interest in the following property ("Trust Estate"):

1. All cash and securities held for the credit of the Funds and Accounts and the accounts or subaccounts established under the Indenture, the Investment Earnings thereon and the proceeds thereof (except the Rebate Fund and the Series 2022C Subaccount of the Refunding Account under the Indenture); and

2. All Qualified Obligations acquired and held pursuant to the Indenture and the earnings thereon and all proceeds thereof (including all Qualified Obligation Payments); and

3. All Revenues and any moneys hereinafter pledged as security by the Bond Bank.

The Trust Estate is to be held by the Trustee for the equal and proportionate benefit and security of the owners from time to time of all the outstanding Bonds without any priority of any such Bond over any other such Bond, except as otherwise expressly provided in the Indenture.

Accounts

Creation of Funds and Accounts. Under the Indenture, the Bond Bank creates and establishes the following Funds: (1) the General Fund, and (2) the Rebate Fund. The following Accounts are hereby created and established in the General Fund: a "General Account," a "Bond Issuance Expense Account," a "Refunding Account" a "Construction Account" and a "Redemption Account".

All such Funds and Accounts will be held and maintained by the Trustee. All moneys or securities held by the Trustee pursuant to the Indenture will be held in trust and applied only in accordance with the provisions of the Indenture. The Trustee upon written request by the Bond Bank may establish such additional Funds, Accounts or sub-accounts as the Bond Bank may specify from time to time to the extent that in the judgment of the Trustee the establishment of such Fund or Account is not to the material prejudice of the Trustee or the Bondholders.

General Account. There will be deposited in the General Account from the proceeds of the Series 2022C Bonds the amount necessary to pay funded Program Expenses.

Refunding Account. There will be deposited in the Refunding Account a portion of the proceeds of the Series 2022C Bonds, which will be sufficient to currently refund, in whole, the 2019 Notes on February 24, 2022.

Bond Issuance Expense Account. There will be deposited in the Bond Issuance Expense Account; (i) a portion of the proceeds of the Series 2022C Bonds in an amount equal to the estimated costs of issuing the Series 2022C Bonds, and (ii) any other amounts required to be deposited therein pursuant to the Indenture. Funds in the Bond Issuance Expense Account will be disbursed to pay the costs of issuing the Series 2022C Bonds. Any funds remaining in the Bond Issuance Expense Account ninety (90) days after the issuance of Series 2022C Bonds will be transferred to the Construction Account and the Bond Issuance Expense Account may, at the direction of the Bond Bank, be closed.

Construction Account. There will be deposited in the Construction Account a portion of the proceeds of the Series 2022C Bonds, which will be used to finance all or a portion of the 2022 Projects. Moneys shall be withdrawn from the Construction Account for the 2022 Projects only upon claims approved by the Qualified Entity and approved by an authorized officer of the Bond Bank.

Redemption Account. There will be deposited in the Redemption Account (i) al1 moneys received upon the sale or redemption prior to maturity of Qualified Obligations and (ii) such other amounts as may be designated by the Indenture. Funds in the Redemption Account will be disbursed as follows by the Trustee: (1) on such dates as are specified in the Indenture, an amount equal to the principal which would have been payable during the following month for Qualified Obligations sold or redeemed prior to maturity; (2) on such dates as are specified in the Indenture, to the extent moneys in the General Account are not sufficient, for the purpose of paying the principal of and interest on the Bonds at the same become due; (3) after providing for the payments required under (1) and (2) above, moneys may be used (A) on any redemption date, to redeem Bonds; (B) to purchase Qualified Obligations as permitted under the Indenture; (C) to transfer any excess moneys to the General Account; (D) to purchase Bonds at the most advantageous price obtainable with reasonable diligence; or (E) to invest such moneys until the maturity or maturities of Bonds in accordance with Article IX of the Indenture; and (4) if the Trustee is unable to purchase Bonds under (3) above, then, subject to the Indenture, the Trustee shall redeem Bonds to exhaust as nearly as possible the amounts remaining in the Redemption Account under the Indenture after payment of the amounts described in clauses (A), (B), (C) and (D) above. Upon presentation of a Cash Flow Certificate from the Bond Bank, the Trustee may transfer moneys to the General Account (pursuant to the Indenture.)

Rebate Fund. There shall be made all deposits and disbursements as required by law from the Rebate Fund solely in accordance with the Bond Bank's written direction. Money at any time deposited in the Rebate Fund will be held by the Trustee in trust. The Trustee will remit part or all of the balances in the Rebate Fund to the United States, as directed by the Bond Bank. Any funds remaining in the Rebate Fund after the Indenture and such rebate obligations are discharged will be distributed to the Bond Bank.

Investment of Money

Subject to the right of the Bond Bank to direct the investment or deposit of funds under the Indenture, moneys in any Fund or Account (except the Refunding Account) shall be continuously invested and reinvested or deposited or redeposited by the Trustee in the Investment Securities.

Any moneys in the Refunding Account shall be held as cash or invested only in Governmental Obligations as directed by the Bond Bank. Any moneys in the Rebate Fund shall be invested as directed by the Bond Bank from time to time. All such investments shall at all times be a part of the Fund or Account in which the moneys used to acquire such investments had been deposited and all Investment Earnings on such investments shall be deposited as received in the General Account, except for income and profits on investment of funds in the Rebate Fund which shall remain in the Rebate Fund.

Additional Bonds

Additional Bonds may be issued from time to time only for the purpose of Additional Qualified Obligations, including, but not limited to, Refunding Qualified Obligations, issued by the Qualified Entity or to refund all or a portion of the outstanding Bonds. Any Additional Bonds shall be authorized and will be secured by a supplemental indenture and will be equally and ratably payable from the Trust Estate.

Covenants of Bond Bank

The Bond Bank covenants, among other things, that:

(a) it will faithfully perform all provisions contained in each Bond and the Indenture and will promptly pay or cause to be paid (solely from the Trust Estate) the principal of, and interest on every Bond, on the dates and at the places and in the manner stated in the Bonds;

(b) it is duly authorized under the constitution and laws of the State of Indiana, including particularly the Act, to issue the Bonds and to pledge the Revenues and all other property as pledged in the Indenture;

(c) it will do all acts and things necessary to receive and collect Revenues (including enforcement of the prompt collection of all arrears on Qualified Obligation Payments) and to protect its rights with respect to the Qualified Obligations;

(d) it will promptly make, execute, and deliver all indentures supplemental to the Indenture and to take all action deemed advisable and necessary by the Trustee for the better securing of the Bonds;

(e) all books and documents in its possession relating to the Qualified Obligations shall at all reasonable times be open to inspection by the Trustee and owners pursuant to the Indenture;

(f) it will maintain proper books and records and: (i) within one hundred fifty (150) days of each Fiscal Year, file with the Trustee a copy of an annual report and audited financial statements; and (ii) copies of all reports filed with the Bond Bank pursuant to the Purchase Agreement;

(g) it will not (i) permit any material change in any Qualified Obligation; or (ii) sell or dispose of any Qualified Obligations unless it provides a Cash Flow Certificate to the Trustee and the Trustee determines that such sale or disposition will not adversely affect the interest of the Bondholders in any material way. The Bond Bank will enforce remedies available to owners of Qualified Obligations;

(h) at least sixty (60) days prior to the beginning of the Fiscal Year prepare and file with the Trustee a preliminary budget for the succeeding Fiscal Year;

(i) it will regularly review investments held by the Trustee in the Funds and Accounts.

Tax Covenants

In order to preserve the exclusion of interest on the Bonds from gross income for federal income tax purposes and as an inducement to purchasers of the Bonds, the Bond Bank covenants and agrees that the Bond Bank will take no action nor fail to take any action with respect to the Bonds that would result in the loss of the exclusion from gross income for federal tax purposes of interest on the Bonds under Section 103 of the Code, nor will it act in any other manner which would adversely affect such exclusion. These tax covenants are based solely on current law in effect and in existence on the date of delivery of the Bonds. It shall not be an event of default under the Indenture if interest on any Bond is not excludable from gross income pursuant to any provision of the Code which is not in existence and in effect on the issue date of the Bonds.

Default and Remedies

Events of default under the Indenture include: failure to pay the principal of or interest on any of the Bonds; occurrence of certain events of bankruptcy or insolvency of the Bond Bank; default in the performance or observance of any other of the covenants, agreements of conditions by the Bond Bank under the Indenture and the continuance of such default for ninety (90) days after receipt of written notice; failure to remit to the Trustee any moneys required to be remitted under the Indenture; incapability of the Bond Bank of fulfilling its obligations under the Indenture; and

any warranty, representation or other statement is found to be false or misleading, when made, in any material respect and failure to remedy the same.

Upon the occurrence of one or more events of default, the Trustee may, and shall upon written request of the holders of at least 25% in aggregate principal amount of the Bonds then outstanding, pursue any available remedy by suit at law or in equity, whether for specific performance of any covenant or agreement contained in the Indenture or in aid of any power granted therein, and to the extent permitted by law, the appointment of a receiver.

No holder of any of the Bonds shall have the right to institute any proceeding in law or in equity, or for the appointment of a receiver, or for any other remedy under the Indenture without complying with the provisions of the Indenture.

Remedies. In case of an event of default under the Indenture, the Trustee will proceed to protect and enforce its rights and the rights of the owners of the Bonds under the Indenture by a suit, action or proceeding in equity or at law or otherwise. The Trustee will be entitled to the appointment of a receiver of the Trust Estate and the Revenues.

Acceleration. If the Trustee certifies that there are sufficient moneys on deposit in the Funds and Accounts under the Indenture to pay the principal and accrued interest on all outstanding Bonds, the Trustee may by notice in writing to the Bond Bank and Corporation Counsel of the City, declare the principal of and accrued interest on all the outstanding Bonds to be due and payable immediately.

Application of Collection Proceeds. The proceeds of any collection efforts will be deposited in the General Account, and all such moneys in the General Account will be applied by the Trustee as follows:

1. To the payment of costs and expenses of proceedings resulting in the collection of such moneys and of the expenses, liabilities and advances incurred or made under the Indenture by the Trustee and any other moneys owed to the Trustee; then

2. Unless the principal of all Bonds shall have become due and payable, in the following order to the payment of: (i) interest then due on the Bonds, including interest on overdue principal of the Bonds; (ii) principal then due of the Bonds; and (iii) principal of and interest on Bonds thereafter due either at maturity or upon call for redemption; then

3. To the payment of the surplus, if any, to the Bond Bank, its successors and or to whomsoever may be lawfully entitled to receive the same.

If the principal of all of the Bonds shall have become due and payable, all of such moneys shall be applied to the payment of unpaid principal and interest on the Bonds.

Supplemental Indentures

Supplemental Indentures Not Requiring Bondholder Consent. The Bond Bank and the Trustee may, without consent or notice to any holders of the Bonds, enter into supplemental indentures (i) to cure any ambiguity or formal defect or omission in the Indenture; (ii) to grant to the Trustee for the benefit of such holders any additional benefits, rights, remedies, powers or authorities that may be lawfully granted; (iii) to subject to the pledge of the Indenture additional security, revenues, properties, or collateral; (iv) to amend the Indenture or any supplemental indenture to permit qualification under the Trust Indenture Act of 1939, as amended; (v) to evidence the appointment of a separate or co-trustee or the succession of a new trustee, registrar, or paying agent; (vi) to provide for the issuance of each series of additional series of Bonds permitted by the Indenture; (vii) to refund all or a portion of the Bonds; (viii) to permit compliance with any future federal tax law; (ix) for any other purpose which the Trustee determines will not have a material adverse effect on the interests of the owners of the Bonds; or (x) to obtain or maintain any rating on the Bonds.

Supplemental Indentures Requiring Bondholder Consent. With the consent of the owners of not less than a majority of the aggregate principal amount of Bonds outstanding which are affected, the Bond Bank and the Trustee may from time to time enter into a supplemental indenture for the purpose of adding any provisions to or changing in

any manner or eliminating any of the provisions of the Indenture or of any supplemental indenture; provided, however, that no such supplemental indenture shall without the consent of the owners of all of the outstanding Bonds: (i) extend the maturity of the principal of or the interest or the redemption date on any Bond; (ii) reduce the principal amount of any Bond or change the rate of interest on the redemption premium; (iii) permit a privilege or priority of any Bond or Bonds over any other Bond or Bonds; (iv) permit a reduction in the aggregate principal amount of the Bonds required for consent to such supplemental indenture; (v) permit the creation of any lien securing any Bonds other than a lien ratably securing all of the Bonds outstanding under the Indenture; or (vi) permit any modification of the trusts, powers, rights, obligations, duties, remedies, immunities and privileges of the Trustee without the written consent of the Trustee.

Defeasance

The covenants, liens and pledges entered into, created and pursuant to the Indenture may be fully discharged and satisfied with respect to the Bonds in any one or more of the following ways:

1. By paying all of the principal, premium, if any, and interest on the Bonds, when the same become due and payable;

2. By depositing with the Trustee in the manner provided by the Indenture and for such purpose, at or before the date or dates of maturity or redemption, moneys in the necessary amount to pay or redeem all of the Bonds and the premium, if any, and interest thereon accrued to the date of payment;

3. By depositing with the Trustee and for such purpose, at or before the dates of maturity or redemption, non-callable or non-prepayable Governmental Obligations in an amount sufficient, including any income or increment to accrue thereon, but without the necessity of any reinvestment, to pay or redeem all the Bonds and the interest thereon accrued to the date of payment in accordance with their terms; or

4. By depositing with the Trustee for such purpose a combination of such moneys and Governmental Obligations, and all necessary fees and expenses of the Trustee;

Upon such complete discharge and satisfaction, the Indenture will cease, terminate and be void.

Upon the deposit with the Trustee money or Governmental Obligations in the amount as described above, provided that if the Bonds are to be redeemed prior to the maturity thereof, notice of such redemption has been given as provided in the Indenture, or such provisions satisfactory to the Trustee have been made for the giving of such notice, the Indenture may be discharged in accordance with the provisions of the Indenture, but the limited liability of the Bond Bank with respect to the Bonds to be redeemed shall continue, provided that the owners thereof shall thereafter be entitled only to payment out of the moneys or Governmental Obligations deposited with the Trustee for their payment.

SUMMARY OF BOND RESOLUTION
OF THE CITY OF INDIANAPOLIS
STORMWATER DISTRICT

The City of Indianapolis, Indiana, Stormwater District ("Qualified Entity") issued its Stormwater District Revenue Bonds of 2022 (Green Bonds) ("2022 Qualified Entity Bonds") pursuant to the Qualified Entity's Master Bond Resolution and Supplemental Bond Resolution (collectively, the "Bond Resolution"). Certain capitalized terms used in this summary are defined at the end of this APPENDIX B.

Source of Payment

The 2022 Qualified Entity Bonds are revenue obligations of the Qualified Entity payable from the Net Revenues of the Stormwater System of the Qualified Entity.

Establishment of Funds and Accounts

In the Bond Resolution, the Qualified Entity established and created the following Funds and Accounts and the flow of funds is as follows:

(a) Required Flow. All Gross Revenues shall be deposited as received into the Stormwater Maintenance and General Expense Fund. Moneys from time to time credited to the Stormwater Maintenance and General Expense Fund shall be applied as follows in the following order of priority:

(i) First, semi-annually in June and December, to retain such amounts within the Stormwater Maintenance and General Expense Fund to reimburse Operation and Maintenance Expenses for the preceding six months of the budget year.

(ii) Second, on the last business day of each June and December, to transfer 6/12 of the principal due on the next principal payment date and the full interest due on the next interest payment date to the Revenue Bond Interest and Principal Fund to pay the principal of and interest on the 2022 Qualified Entity Bonds and any other Revenue Bonds outstanding, all fees charged or incurred in connection with the services of a registrar and paying agent and fees for credit enforcement.

(iii) Third, on the last business day of each June and December, to transfer all amounts to the Revenue Bond Reserve Fund required by any Supplemental Resolution.

(iv) Fourth, on the last business day in June and December, to transfer all amounts to the Subordinate Securities Interest and Principal Fund required by any Supplemental Resolution authorizing the issuance of Subordinate Securities.

(iv) Fifth, on the last business day of each June and December, to transfer all amounts to the Subordinate Securities Reserve Fund required by any Supplemental Resolution authorizing the issuance of Subordinate Securities. There are presently none.

(b) Moneys remaining in the Stormwater Maintenance and General Expense Fund, after making the deposits provided above, may be used by the Stormwater District for any lawful purposes.

Investment of Funds and Accounts

All Funds and Accounts established under the Resolution shall be held, administered and invested in a manner which is permitted by, and consistent with, Indiana law.

Rate Covenant

In the Bond Resolution, the Qualified Entity covenants with respect to its rates that:

(a) it will fix, charge, impose and collect rentals, rates, fees and other charges for the use of the Stormwater System, and, to the extent it legally may do so, revise the same as may be necessary or appropriate, in order that in each Fiscal Year the Net Revenues will be at least sufficient to equal the larger of either

(1) all amounts required to be deposited in such Fiscal Year to the credit of the Revenue Bond Interest and Principal Fund; or

(2) an amount not less than 125 % of the Debt Service Requirement for all Revenue Bonds.

(b) if the Net Revenues in any Fiscal Year are less than the amounts specified above, the Qualified Entity promptly must, upon receipt of any notification and recommendations by the City Controller, pursue required procedures to revise the Qualified Entity's rates, fees and other charges, and/or revise its Operation and Maintenance Expenses or the method of operation of the Stormwater System in order to satisfy as quickly as practicable the foregoing requirements. Copies of such request and the recommendations of the City Controller, if any, shall be filed with the Qualified Entity. So long as the Qualified Entity substantially complies in a timely fashion with the recommendations of the City Controller, the Qualified Entity will not be deemed to have defaulted in the performance of its duties under the Bond Resolution even if the resulting Net Revenues are not sufficient to be in compliance with the covenant set forth above, so long as there is no other default thereunder.

Additional Bonds

The Qualified Entity reserves the right to issue one or more issues of Revenue Bonds payable from and secured by a lien on the Net Revenues deposited into the Revenue Bond Interest and Principal Fund on a parity with the Outstanding Revenue Bonds (referred to in this Official Statement as "Senior Bonds") upon meeting the following requirements set forth in the Bond Resolution:

(a) No Default. The Mayor of the City and the City Controller certify that, upon the issuance of such series of Revenue Bonds, the Qualified Entity will not be in default under any term or provision of any Revenue Bonds then Outstanding or any resolution pursuant to which any of such Revenue Bonds were issued.

(b) Coverage on Outstanding Revenue Bonds. (i) The City Controller shall certify that, for either the Qualified Entity's most recent complete Fiscal Year or for the most recent 12 months, the Net Revenues of the Stormwater System were equal to at least 125% of the Debt Service Requirements for all Revenue Bonds for such period after taking into consideration the additional Debt Service Requirements for the series of Revenue Bonds to be issued, or (ii) a Certifier shall provide a written report setting forth projections which indicate that beginning in the first Fiscal Year in which the Qualified Entity will have scheduled payments of interest on or principal of the series of Revenue Bonds to be issued for the payment of which provision has not been made as indicated in the report of the Certifier from the proceeds of such series of Revenue Bonds, investment income thereon or from appropriated sources (other than Net Revenues), (A) the estimated Net Revenues of the Stormwater System in the first Fiscal Year are equal to at least 125% of the actual Debt Service Requirements for all Revenue Bonds, including the series of Revenue Bonds to be issued for such first Fiscal Year, (B) the estimated Net Revenues of the Stormwater System in the second Fiscal Year are equal to at least 125% of the actual Debt Service Requirements for all Revenue Bonds, including the series of Revenue Bonds to be issued for such second Fiscal Year, and (C) the estimated Net Revenues of the Stormwater System in the third Fiscal Year are equal to at least 125% of the actual Debt Service Requirements for all Revenue Bonds, including the series of Revenue Bonds to be issued.

(c) Revenue Bond Resolution Requirements. Provision is made in the Supplemental Bond Resolution for additional payments into the Revenue Bond Interest and Principal Fund sufficient to provide for any principal and interest requirements resulting from the issuance of the Revenue Bonds including, in the event that interest on the series of Revenue Bonds is capitalized and/or to be paid from investment earnings, a requirement for the transfer from the capitalized interest fund or account and/or from the Construction Fund to the Revenue Bond Interest and Principal Fund of amounts fully sufficient to pay interest on such series of Revenue Bonds during the period specified in the Supplemental Bond Resolution.

(d) Refunding Revenue Bonds. If Revenue Bonds are being issued for the purpose of refunding all or a portion of the previously issued Revenue Bonds which arc then Outstanding, none of the certifications described in (b) above are required so long as (for each Fiscal Year during which Revenue Bonds had been Outstanding) the Debt Service Requirements in such Fiscal Year (after giving effect to the issuance of such Refunding Revenue Bonds) will not exceed the scheduled Debt Service Requirements for Revenue Bonds in such Fiscal Year (prior to giving effect to the issuance of such Revenue Bonds).

Defeasance

If, when the 2022 Qualified Entity Bonds or any portion thereof shall have become due and payable in accordance with their terms or shall have been duly called for redemption, or irrevocable instructions to call the 2022 Qualified Entity Bonds or a portion thereof for redemption, shall have been given, and the whole amount of the principal and the interest so due and payable upon such 2022 Qualified Entity Bonds or any portion thereof then outstanding shall be paid, or (i) cash, or (ii) direct noncallable obligations of (including obligations issued or held in book-entry form on the books of) the Department of the Treasury of the United States of America, and securities fully and unconditionally guaranteed as to the timely payment of principal and interest by the United States of America, the principal of and the interest on which when due without reinvestment, will provide sufficient moneys, or (iii) any combination of the foregoing, shall be held irrevocably in trust for such purpose, and provision shall also be made for paying all fees and expenses for the payment, then and in that case the 2022 Qualified Entity Bonds or such designated portion thereof shall no longer be deemed outstanding or secured by the Resolution.

Tax Covenants

In order to preserve the exclusion of interest on the 2022 Qualified Entity Bonds from gross income for federal income tax purposes, the Qualified Entity represents, covenants, and agrees that, among other things, the Qualified Entity will take no action nor fail to take any action with respect to the 2022 Qualified Entity Bonds that would result in the loss of the exclusion from gross income for federal tax purposes of interest on the 2022 Qualified Entity Bonds under Section 103 of the Code, nor will it act in any other manner which would adversely affect such exclusion. The tax covenants are based solely on current law in effect and in existence on the date of issuance of the 2022 Qualified Entity Bonds.

General Covenants

The Qualified Entity covenants, among other things, that:

(a) it will punctually pay or cause to be paid the interest on and principal of all Revenue Bonds according to the terms thereof and will faithfully do and perform, and at all times fully observe, any and all covenants, undertakings, stipulations and provisions contained in the Bond Resolution and in any Supplemental Bond Resolution authorizing the issuance of Revenue Bonds.

(b) so long as any Revenue Bonds remain outstanding, it will at all times maintain and operate the Stormwater System, or within the limits of its authority cause the same to be maintained and operated, in good and serviceable condition.

(c) except as permitted in the Bond Resolution, neither all nor a substantial part of the Stormwater System, or any property necessary to the operation and use of the Stormwater System, shall be sold, leased, mortgaged, pledged, encumbered, alienated, or otherwise disposed of.

(d) it may enter into a future management contract or lease of all or substantially all of the Stormwater System or any lesser part thereof on the condition that an opinion is received from nationally recognized bond counsel that such contract or lease will not cause the interest of any Tax-Exempt Bonds to be includable within the gross income of the Owners thereof for federal income tax purposes.

(c) it may also execute any leases, licenses, easements, or other agreements of any part of the Stormwater System in connection with the operation of the Stormwater System by the Qualified Entity.

(f) it may sell, exchange, lease or otherwise dispose of or exclude from the Stormwater System, any property constituting a pan of the Stormwater System which the City Controller certifies (i) to be no longer useful in the construction or operation of the Stormwater System, or (ii) to be no longer necessary for the efficient operation of the Stormwater System, or (iii) to have been replaced by other property of at least equal value. The net proceeds of the sale or disposition of any Stormwater System property (or the fair market value of any property so excluded) pursuant to this paragraph shall be used for the purpose of replacing properties at the Stormwater System, or shall be paid into the Stormwater Maintenance and General Expense Fund for the purposes thereof.

(g) it will keep the Stormwater System insured with insurers of good standing against risks, accidents or casualties against which and to the extent customarily insured against by, and with deductible and self- insurance provisions customarily utilized by operators operating similar properties, to the extent that such insurance is reasonably available. All net proceeds of such insurance shall be applied to repair or replace the insured property that is damaged or destroyed or to make other capital improvements to the Stormwater System or to redeem Revenue Bonds, except for proceeds of business interruption insurance, which shall be credited to the Stormwater Maintenance and General Expense Fund.

(h) so long as any Revenue Bonds remain outstanding, it will maintain a proper and complete system of records and accounts pertaining to the Gross Revenues and the operation of the Stormwater System in which full, true and proper entries will be made of all dealings, transactions, business and affairs which in any way affect or pertain to the Gross Revenues and the Stormwater System. The Qualified Entity shall, within 210 days after the close of each of its Fiscal Years or as soon thereafter as practicable, cause a report of such records and accounts to be prepared by either the City Controller or an independent certified public accountant or independent firm of certified public accounts, which shall calculate the Gross Revenues, Net Revenues and Debt Service Requirements for such Fiscal Year and shall set forth a calculation to demonstrate whether the Qualified Entity has satisfied the rate covenant contained in the Bond Resolution. Each year promptly after such report is prepared, the Qualified Entity shall furnish copies thereof to any Owners of Revenue Bonds who shall request same. All expenses of obtaining such report shall constitute Operation and Maintenance Expenses of the Stormwater System.

(i) The Qualified Entity covenants and represents that it has the lawful power to create a lien on and to pledge the Net Revenues to be deposited into the Revenue Bond Interest and Principal Fund to secure the payment of the Revenue Bonds and has lawfully exercised such power under the constitution and laws of the State of Indiana. The Qualified Entity further covenants and represents that, other than to the payment of Operation and Maintenance Expenses and the Revenue Bonds and payments under Qualified Derivative Agreements, the Gross Revenues are not and will not be made subject to any other lien, pledge or encumbrance to secure the payment of any debt or obligation of the Qualified Entity, unless such lien, pledge or encumbrance is junior and subordinate to the lien and pledge securing payment of the Revenue Bonds and Qualified Derivative Agreements.

Amendments

Supplemental Resolutions Requiring Consent of Owners. The owners of not less than a majority in aggregate principal amount of the 2022 Qualified Entity Bonds then outstanding and affected by the amendment shall have the right, from time to time except when contrary to the Bond Resolution, to approve the adoption by the Qualified Entity of a supplemental resolution amending, modifying, adding to or eliminating any of the provisions of the Bond Resolution; provided, however, no supplemental resolution shall, without the consent of all affected owners as to the matters in (a) and (b) below and without the consent of all owners as to the matters in (c), (d) and (e) below, permit:

(a) An extension of the maturity of the principal of or interest on any Revenue Bond;

(b) A reduction in the principal amount of any Revenue Bond or the rate of interest thereon;

(c) A privilege or priority of any Revenue Bond or Revenue Bonds over any other Revenue Bond or Revenue Bonds;

(d) The creation of the lien upon, or pledge of, the Net Revenues ranking prior to or on a parity with the Revenue Bonds; or

(c) A reduction in the aggregate principal amount of the Revenue Bonds required for consent to supplemental resolution.

Supplemental Resolutions Not Requiring Consent of Owners. The Qualified Entity from time to time and at any time, may adopt a supplemental resolution for any one or all of the following purposes, without the consent of the owners of any outstanding 2022 Qualified Entity Bonds;

(i) to cure any ambiguity, defect, omission or inconsistent provision in the Bond Resolution or to comply with any applicable provision of law or regulation of Federal or State agencies; provided, however, that such action shall not materially adversely affect the interests of the Owners of the Revenue Bonds;

(ii) to change the terms or provisions of the Bond Resolution to the extent necessary to prevent the interest on tax-exempt bonds from being includable within the gross income of the owners thereof for federal income tax purposes;

(iii) to grant to or confer upon the owners of the Revenue Bonds any additional rights, remedies, powers or authority that may be, lawfully granted;

(iv) to add to the covenants and agreements of the Qualified Entity contained in the Bond Resolution other covenants and agreements of, or conditions or restrictions upon, the Qualified Entity or to surrender or eliminate any right or power reserved to or conferred upon the Qualified Entity in the Bond Resolution;

(v) to subject to the lien and pledge of the Bond Resolution additional pledged revenues which may include revenues, properties or other collateral;

(vi) to authorize Revenue Bonds or Subordinate Securities, and in connection therewith specify the terms and conditions and all other matters relating to such Revenue Bonds or Subordinate Securities, subject, however, to all of the terms, conditions and restrictions as set forth in the Bond Resolution;

(vii) to authorize any other change or amendment in the Bond Resolution which, in the judgment of the Qualified Entity, does not materially and adversely affect the rights or interests of the owners of the outstanding Revenue Bonds and does not require unanimous consent of the Owners of Revenue Bonds pursuant to the Indenture;

(viii) to authorize any change or amendment in the Bond Resolution relating to deposits into or balances in the Stormwater Maintenance and General Expense Fund or any Fund established pursuant to the Bond Resolution; or

(ix) to provide for the securitization of the Net Revenues; provided, however that such action shall not materially adversely affect the interests of the owners of the Revenue Bonds as determined by the Qualified Entity.

Events of Default

An Event of Default is one or more of the following;

(a) A default shall be made in the due and punctual payment of the principal or redemption price of any Revenue Bond when and as the same shall become due and payable, whether at maturity or by call or proceedings for redemption, or otherwise;

(b) A default shall be made in the due and punctual payment of any installment of interest on any Revenue Bond when and as such interest installment shall become due and payable;

(c) A default shall be made by the Qualified Entity in the performance or observance of any other of the covenants, agreements or conditions on its part in the Bond Resolution or in the Revenue Bonds contained, and such default shall have continued for a period of ninety (90) days after written notice specifying such default and requiring that it shall have been remedied is given to the Qualified Entity by the Owners of not less than 25% in principal amount of the Revenue Bonds Outstanding; provided that, if such failure cannot be corrected within such ninety (90) day period, it shall not constitute an Event of Default if corrective action is instituted within such period and such corrective action is diligently pursued until the failure is corrected, provided that if such corrective action includes legal action such legal action shall be diligently pursued until either the failure is corrected or such failure shall be determined by a court of final and competent jurisdiction as not correctable as a matter of law;

(d) A court having jurisdiction in the premises enters a decree or order providing for relief in respect of the Qualified Entity in an involuntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of the Qualified Entity or for any substantial part of its property, or ordering the winding- up or liquidation of its affairs and such decree or order shall remain unstayed and in effect for a period of ninety (90) days; or

(e) The Qualified Entity commences a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, shall consent to the entry of an order for relief in an involuntary case under any such law, or shall consent to the appointment of or taking possession by a receiver, liquidator, assignee, trustee, custodian, sequestrator (or similar official) of the Qualified Entity or for any substantial part of its property, or shall make any general assignment for the benefit of creditors, or shall fail generally to pay its debts as they become due or shall take any action in furtherance of the foregoing; then, and in each and every such case, so long as such Event of Default shall not have been remedied, unless the principal of all the Revenue Bonds shall have already become due and payable, the Owners of not less than 25% in principal amount of the Revenue Bonds Outstanding (by notice in writing to the Qualified Entity), may declare the principal of all the Revenue Bonds then Outstanding, and the interest accrued thereon, to be due and payable immediately, and upon any such declaration the same shall become and be immediately due and payable, anything in the Bond Resolution or in any of the Revenue Bonds contained to the contrary notwithstanding. The right of the Owners of not less than 25% in principal amount of the Revenue Bonds to make any such declaration as aforesaid, however, is subject to the condition that if, at any time after such declaration, but before the Revenue Bonds shall have matured by their terms, all overdue installments of interest upon the Revenue Bonds, together with interest on such overdue installments of interest to the extent permitted by law, and all other sums then payable by the

Qualified Entity under the Bond Resolution (except the principal of, and interest accrued since the next preceding interest date on, the Revenue Bonds due and payable solely by virtue of such declaration) shall be paid by or for the account of the Qualified Entity and all defaults under the Revenue Bonds or under the Bond Resolution (other than the payment of principal and interest due and payable solely by reason of such declaration) shall be made good, then and in every such case the Owners of 50% in principal amount of the Revenue Bonds Outstanding, by written notice to the Qualified Entity, may rescind such declaration and annul such default in its entirety, but no such rescission or annulment shall extend to or affect any subsequent default or impair or exhaust any right or power consequent thereon.

[Balance of Page Intentionally Left Blank]

DEFINITIONS

Certain capitalized terms used in the Official Statement and the appendices are defined as follows:

"**Act**" means the provisions of Indiana Code 5-1.4, as from time to time amended.

"**Additional Bonds**" means bonds issued pursuant to the Indenture and any Supplemental Indenture and includes refunding bonds.

"**Board of Public Works**" means the Board of Public Works of the City and its successors and assigns.

"**Bond Bank**" means The Indianapolis Local Public Improvement Bond Bank, an entity created by the Act but separate from the City in its corporate capacity, or any successor to its function.

"**Bond Issuance Expense Account**" means the account of the same name created pursuant to the Indenture.

"**Bondholder**," "**holder**" or "**owner**" or any similar term means the registered owner of any 2022C Bond or 2022 Stormwater Bond, including the Bond Bank, and any purchaser of 2022C Bonds or 2022 Stormwater Bonds being held for resale, including the Bond Bank.

"**Bond Resolution**" means the Master Resolution, as amended and supplemented by the Supplemental Bond Resolution.

"**Bonds**" means the 2022C Bonds and any Additional Bonds.

"**CIP**" means the Department of Public Works' Capital Improvement Program for the Stormwater System.

"**Cash Flow Certificate**" means a certificate prepared by an accountant or firm of accountants in accordance with the Indenture concerning anticipated revenues and payments.

"**Certifier**" means an independent certified public accountant or independent financial or feasibility consultant.

"**City**" means the City of Indianapolis, Indiana.

"**City Controller**" means the Controller of the City.

"**Code**" means the Internal Revenue Code of 1986, as in effect on the date of issuance of the 2022C Bonds, and the applicable judicial decisions or published rulings, or any applicable regulations promulgated or proposed thereunder or under the Internal Revenue Code of 1954 as in effect immediately prior to the enactment of the Tax Reform Act of 1986.

"**Construction Account**" means the account of the same name created pursuant to Indenture.

"**Debt Service Requirement**" means the annual amount required for payment of principal and interest, but excluding interest which has been funded by Revenue Bond proceeds, on all Outstanding Revenue Bonds, whether by maturity or by mandatory sinking fund redemptions; provided, however, that the following roles will apply to the computation of Debt Service Requirements;

(a) For any series of Revenue Bonds issued as Short-Term/Demand Obligations pursuant to a commercial paper, variable rate demand note or similar program, except as provided in subparagraph (d) hereof. Debt Service Requirements shall be computed on the assumption that the principal amount shall continuously be refinanced under such program and remain outstanding until the first Fiscal Year for which interest on such Short-Term/Demand Obligations has not been capitalized or otherwise funded or provided for, at which time (which shall not be beyond the term of such program) it shall be assumed that the outstanding principal amount thereof shall be

refinanced with a series of Revenue Bonds which shall be assumed to be amortized over a period not to exceed thirty (30) years and shall be assumed to bear interest at a fixed interest rate estimated by the Qualified Entity's financial advisor or underwriter to be the interest rate such series of Revenue Bonds would bear if issued on such terms on the date of such estimate.

(b) For any series of Revenue Bonds bearing interest at a variable or adjustable rate, except as provided in subparagraph (d) hereof, it shall be assumed that such Revenue Bonds will bear interest as follows: (i) for any series of Revenue Bonds then Outstanding, at the rate of interest which is the weighted average rate of interest for such Revenue Bonds during the preceding twelve (12) month period or such shorter period from the date of issue of such Revenue Bonds, and (ii) for any series of Revenue Bonds then proposed to be issued, for the first twelve (12) months, at the rate of interest for such Revenue Bonds as determined under the variable rate formula on the date of issue, and for each subsequent twelve (12) month period, at the rate of interest which is the weighted average rate of interest for such Revenue Bonds during the preceding twelve (12) month period.

(c) Debt Service Requirements shall be calculated on the assumption that no Revenue Bonds Outstanding at the date of calculation will cease to be Outstanding except by reason of the payment of scheduled principal maturities or scheduled mandatory redemptions of such Revenue Bonds, except as provided above for Short-Term/Demand Obligations.

(d) If the Qualified Entity shall have Outstanding any Short-Term/Demand Obligations or other variable or adjustable rate Revenue Bonds with respect to which the Qualified Entity has executed any Qualified Derivative Agreement, the effect of which created or will create, in whole or in part, the economic equivalent of a fixed rate Revenue Bond, the Debt Service Requirements with respect thereto shall be calculated by reference to the effective fixed rate created by such transaction. If the effect of such Derivative Agreement is to create a fixed rate transaction for only a portion of the term or principal amount of the Short-Term/Demand Obligations or variable or adjustable rate Revenue Bonds, the Debt Service Requirements for the remaining term or principal amount of such Short-Term/Demand Obligations or variable or adjustable rate Revenue Bonds shall be determined by reference to subparagraphs (a) or (b) above, respectively.

(e) If the Qualified Entity shall enter into a Qualified Derivative Agreement in connection with a series of fixed rate Revenue Bonds the effect of which created or will create, in whole or in part, the economic equivalent of a Revenue Bond bearing interest at a variable or adjustable rate or a rate to be negotiated or revised from time to time, the Debt Service Requirements shall be calculated by reference to the greater of (i) the principal and interest due on such Revenue Bonds, without adjustment for the effect of such Derivative Agreement or (ii) by reference to the effective variable rate (taking into account such Derivative Agreement) determined in accordance with subparagraph (b) above.

(f) If the Qualified Entity shall have deposited in escrow certain Defeasance Obligations the principal and interest on which will be sufficient to pay any principal or interest due on Outstanding Revenue Bonds, Debt Service Requirements shall be calculated by excluding such principal or interest due on such Revenue Bonds.

"**Defeasance Obligations**" means with respect to any particular series of Revenue Bonds, any security specified by the Qualified Entity in the Supplemental Bond Resolution as a Defeasance Obligation in connection with the sale of such Revenue Bonds by the Qualified Entity.

"**Derivative Agreement**" means an agreement or contract executed by the Qualified Entity in connection with a transaction, agreement or understanding entered into by the Qualified Entity in connection with Revenue Bonds or Subordinate Securities in which the Qualified Entity and a counterparty agree to exchange payments in the future, including, without limitation, transactions commonly called cap and floor agreements and interest rate swap agreements.

"**Event of Default**" means an event of default as defined in the Indenture or the Bond Resolution, respectively.

"**Fiscal Year**" means the period from January 1 to the following December 31 or any other period specified as the fiscal year for accounting purposes by the Bond Bank or the Qualified Entity.

"**General Account**" means the account of the same name created pursuant to the Indenture.

"**General Expense Fund**" means the fund of the same name created pursuant to the Bond Resolution.

"**General Fund**" means the fund of the same name created pursuant to the Indenture.

"**Governmental Obligations**" means (i) direct obligations of the United States of America or obligations the payment of the principal of and interest on which are unconditionally guaranteed by the United States of America, including but not limited to securities evidencing ownership interests in such obligations or in specified portions thereof (which may consist of specific portions of the principal of or interest on such obligations) and securities evidencing ownership interests in open-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, whose investments are limited to such obligations and to repurchase agreements fully collateralized by such obligations, and (ii) obligations of any state of the United States of America or any political subdivision thereof, the full payment of principal of, premium, if any, and interest on which (a) are unconditionally guaranteed or insured by the United States of America, or (b) are provided for by an irrevocable deposit of securities described in clause (i) and are not subject to call or redemption by the issuer thereof prior to maturity or for which irrevocable instructions to redeem have been given.

"**Gross Revenues**" means, generally, all revenues and income from the Stormwater System, including but not limited to charges, and user charges, but excluding revenue from ad valorem taxes.

"**Indenture**" means the Trust Indenture dated as of February 1, 2022, between the Bond Bank and the Trustee, and any supplements thereto.

"**Investment Earnings**" means earnings and profits on the moneys in the Funds and Accounts established under the Indenture, except the Rebate Fund.

"**Investment Securities**" means any of the following: (i) Governmental Obligations; (ii) bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by any of the following federal agencies: Export- Import Bank, Farmers Home Administration, Federal Financing Bank, Federal Housing Administration, Government National Mortgage Association, Maritime Administration, Public Housing Authorities, Banks for Cooperatives, Federal Farm Credit Banks, Federal Intermediate Credit Bank, Federal Home Loan Bank and Federal Land Bank; (iii) certificates of deposit, savings accounts, deposit accounts or depository receipts of a bank, savings and loan associations and mutual savings banks, including the Trustee, each fully insured by the Federal Deposit Insurance Corporation; (iv) bankers' acceptances, certificates of deposit, savings accounts, deposit accounts or depository receipts of commercial banks or savings and loan associations, including the Trustee; provided the banks or savings and loan associations (rather than their holding companies) are rated for short term deposit ratings at the time of purchase of the investments in the highest rating category established by Moody's Investors Service or Standard & Poor's Ratings Group; (v) commercial paper rated at the time of purchase in the single highest full classification by Moody's Investors Service and Standard & Poor's Ratings Group and which matures not more than 270 days after the date of purchase; (vi) investment agreements My and properly secured at all times by collateral security described in (i), (ii) or (iii) above or issued by entities rated in the single highest full classification by Moody's Investors Service and Standard & Poor's Ratings Group when such agreement was entered into; and (vii) repurchase agreements with any bank or trust company organized under the laws of any state of the United States of America or any national banking association (including the Trustee) or government bond dealer reporting to, trading with, and recognized as a primary dealer by the Federal Reserve Bank of New York, which agreement is secured by any one or more of the securities described in clauses (i), (ii) or (iii) above; provided, underlying securities are required by the repurchase agreement to be continuously maintained at a market value not less than the amount so invested.

"**Master Resolution**" means Resolution No. 11, 2006, adopted by the Board of Public Works on February 8, 2006, as supplemented from time to time.

"**Net Revenues**" means Gross Revenues less Operation and Maintenance Expenses.

"**Operation and Maintenance Expenses**" means, generally, all reasonable and necessary current expenses of the Qualified Entity paid or accrued in operating, maintaining, and repairing the Stormwater System, but does not include any allowance for depreciation, any debt service, any payments in lieu of taxes, or any operation and maintenance expenses paid from property taxes.

"**Outstanding**" means, as of a particular date and with respect to the Revenue Bonds, all such Revenue Bonds theretofore and thereupon delivered except: (a) any such Revenue Bond canceled by or on behalf of the Qualified Entity at or before said date; (b) any such Revenue Bond defeased pursuant to the defeasance provisions of the resolution authorizing its issuance, or otherwise defeased as permitted by applicable law; and (c) any such Revenue Bond in lieu of or in substitution for which another Revenue Bond shall have been delivered pursuant to the resolution authorizing the issuance of such Revenue Bond.

"**Paying Agent**" means, initially, The Bank of New York Mellon Trust Company, N.A.

"**Program**" means the program for the refunding of the 2019 Notes by the Bond Bank pursuant to the Act and the Indenture.

"**Program Expenses**" means all of the Bond Bank's expenses in carrying out and administering the Program pursuant to this Indenture and shall include, without limiting the generality of the foregoing, salaries, supplies, utilities, mailing, labor, materials, office rent, maintenance, furnishings, equipment, machinery and apparatus, telephone, insurance premiums, credit enhancement fees, liquidity facility fees, legal, accounting, management, consulting and banking services and expenses, fees and expenses of the Trustee and the Registrar and Paying Agent, costs of verifications required under the Indenture, Costs of Issuance not paid from the proceeds of the 2022C Bonds, travel, payments for pension, retirement, health and hospitalization, life and disability insurance benefits, any other costs permitted under the Act, and rebates, if any, which in the Opinion of Bond Counsel are required to be made under the Code in order to preserve or protect the exclusion from gross income for federal tax purposes of interest on the 2022C Bonds, all to the extent properly allocable to the Program.

"**Qualified Derivative Agreement**" means a Derivative Agreement (A) in which the counterparty to such Derivative Agreement is rated at least as high as the then current underlying rating category on the Revenue Bonds (without regard to credit enhancement) or (B) with respect to which a letter is obtained from any nationally recognized rating agency stating that entering into such Derivative Agreement will not adversely affect the rating (i) on any Outstanding Revenue Bonds or (ii) any bonds of The Indianapolis Local Public Improvement Bond Bank that have as their trust estate all or a portion of the Revenue Bonds.

"**Qualified Entity**" means the Stormwater District, a qualified entity pursuant to the Act.

"**Qualified Obligation Agreement**" means the Qualified Entity Purchase Agreement, dated February 24, 2022 between the Bond Bank and the Qualified Entity.

"**Qualified Obligation Payment**" means the amounts paid or required to be paid, from time to time, for principal and interest by the Qualified Entity to the Bond Bank on the 2022 Qualified Entity Bonds and any Fees and Charges paid as required by the Bond Bank under the provisions of any agreement for the purchase and sale of Securities.

"**Rebate Fund**" means the fund by the same name created pursuant to the Indenture.

"**Redemption Account**" means the account of the same name created pursuant to Indenture.

"**Refunding Account**" means the account of the same name created pursuant to Indenture.

"**Refunding Revenue Bonds**" means any Revenue Bonds issued to refund any of the 2022 Qualified Entity Bonds or any other Revenue Bonds.

"**Registrar**" means, initially, The Bank of New York Mellon Trust Company, N.A.

"**Revenue Bond Interest and Principal Fund**" means the fund of the same name created pursuant to the Bond Resolution.

"**Revenue Bonds**" means any Senior Bonds and Subordinate Securities issued pursuant to the Bond Resolution. In the Bond Resolution, the term "Revenue Bonds" means only Senior Bonds except for purposes of the rate covenant and parity test.

"**Revenues**" means the income, revenues and profits of the funds and accounts under the Indenture, including, without limitation, all Qualified Obligation Payments and Investment Earnings, but excluding amounts required to be deposited and maintained in the Rebate Fund.

"**Senior Bonds**" means each series of bonds, notes or other obligations permitted to be issued by the Qualified Entity pursuant to the Bond Resolution and secured in whole or in part by liens on the Net Revenues that are issued on a parity with the 2022 Qualified Entity Bonds.

"**Short-Term/Demand Obligations**" means each series of Revenue Bonds issued pursuant to the Bond Resolution, (a) the payment of principal of which is either (i) payable on demand by or at the option of the holder at a time sooner than a date on which such principal is deemed to be payable for purposes of computing Debt Service Requirements, or (ii) scheduled to be payable within one year from the date of issuance and is contemplated to be refinanced for a specified period or term through the issuance of additional Short-Term/Demand Obligations pursuant to a commercial paper or other similar financing program, and (b) the purchase price, payment or refinancing of which is additionally secured by a letter of credit, line of credit, standby purchase agreement, insurance, surety or other credit or liquidity facility.

"**State**" means the State of Indiana.

"**Stormwater Capital Improvement Fund**" means the fund of the same name created pursuant to the Bond Resolution.

"**Stormwater Maintenance and General Expense Fund**" means the Stormwater Maintenance and General Expense Fund created pursuant to the Bond Resolution.

"**Stormwater Act**" means Indiana Code 8-1.5-5, as from time to time amended.

"**Stormwater District**" means the Marion County Stormwater Management District, a special taxing district and department of the City created pursuant to the Stormwater Act.

"**Stormwater System**" means the stormwater system and all real estate and equipment used in connection therewith and appurtenances thereto, and all extensions, additions and improvements thereto, and replacements thereof now or at any time hereafter constructed or acquired; and all services provided or to be provided by the Qualified Entity therewith.

"**Subordinate Securities**" means each series of bonds, notes or other obligations permitted to be issued by the Qualified Entity pursuant to the Bond Resolution and secured in whole or in part by liens on the Net Revenues that are junior and subordinate to the lien on Net Revenues securing payment of Revenue Bonds.

"**Subordinate Securities Interest and Principal Fund**" means a fund of the same name, which the Qualified Entity is authorized to create pursuant to a supplemental bond resolution authorizing the issuance of Subordinate Securities.

"**Supplemental Bond Resolution**" means Resolution No. 18, 2021 adopted by the Board of Public Works on September 22, 2021.

"**Supplemental Indenture**" means an indenture supplemental to or amendatory of the Indenture, executed by the Bond Bank and the Trustee.

"**Supplemental Resolution**" means each resolution enacted by the Stormwater District for the issuance of Revenue Bonds or Subordinate Securities or to amend or supplement the Bond Resolution.

"**Tax-Exempt Bonds**" means any Revenue Bonds the interest on which, when issued, the Qualified Entity expected to be excludable from gross income of the owners thereof for federal income tax purposes.

"**Trust Estate**" means the property, rights, moneys and amounts pledged and assigned to the Trustee under the granting clauses of the Indenture.

"**Trustee**" means, initially, The Bank of New York Mellon Trust Company, N.A.

"**Undertaking**" means the Continuing Disclosure Undertaking Agreement between the Bond Bank and the Trustee, dated the date of delivery of the 2022C Bonds.

"**2019 Notes**" means The Indianapolis Local Public Improvement Bond Bank Notes, Series 2019 (Stormwater Project).

"**2022 Qualified Entity Bonds**" means the City of Indianapolis, Indiana, Stormwater District Revenue Bonds of 2022 (Green Bonds) issued by the City for and on behalf of the Qualified Entity as amended pursuant to the terms of the Qualified Obligation Agreement.

"**2022C Bonds**" means The Indianapolis Local Public Improvement Bond Bank Bonds, Series 2022C (Stormwater Project) (Green Bonds).

SPECIAL PURPOSE REPORT

The Indianapolis Local Public Improvement Bond Bank ("Bond Bank") is issuing its Series 2022C Bonds (Stormwater Project) (Green Bonds) in the amount of $50,000,000 (the "2022C Bonds") to purchase the City of Indianapolis, Indiana Stormwater District Revenue Bonds of 2022 (Green Bonds) ("Qualified Obligations") issued by the Marion County Stormwater Management District ("the Stormwater District"), in like amount and form.

In connection with this transaction, Sycamore has reviewed the rate covenant requirements as set forth in state statute (Indiana Code 8-1.5-5) and in Section 4.02 of the Master Bond Resolution No. 11, 2006 adopted by the Board of Public Works (the "Board") of the City of Indianapolis, Indiana on February 8, 2006, acting in its capacity as the governing body of the Stormwater District (the "Master Bond Resolution"), as well as the additional bond requirements established in Sections 5.01 and 5.02 of the Master Bond Resolution, as supplemented and amended from time to time and as further supplemented and amended by Supplemental Resolution No. 18, 2021 adopted by the Board on September 22, 2021, authorizing the issuance of the Qualified Obligations (the "Supplemental Resolution").

The Board approved the list of stormwater projects to be funded by the 2022C Bonds in its consideration of, and adoption of, the Declaratory Resolution No. 7, 2021 on July 14, 2021, held the prerequisite public hearings, and adopted the Confirmatory Resolution No. 16, 2021 on September 22, 2021.

The City County Council of the City of Indianapolis and Marion County, Indiana ("the Council") approved General Resolution No. 23, 2018 on November 19, 2018 (the "Council Resolution"), approving the issuance of up to $50 million in par amount of revenue bonds, bond anticipation notes and/or other short-term notes to fund stormwater projects. The Board of Directors of the Bond Bank approved the issuance of the 2022C Bonds with the adoption of Resolution No. 1, 2022

on January 24, 2022. The 2022C Bonds are issued pursuant to the provisions of a Trust Indenture dated as of February 1, 2022 (the "Indenture"), between the Bond Bank and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee").

The last audited year (2020) for annual debt service was $9.202 million for the $138.095 million in combined debt outstanding at December 31, 2020. Debt service coverage for senior and subordinated debt was 221% in 2020, based upon audited results in the City of Indianapolis's 2020 Annual Comprehensive Financial Report ("ACFR").

The Stormwater District has $179.7 million in parity and subordinated debt outstanding as of March 1, 2022, consisting of five obligations which include: (1) $17.385 million, ILPIBB Refunding Bonds, Series 2013D, which matures January 1, 2026 (the "2013D Bonds"); (2) $12.330 million, ILPIBB Refunding Bonds, Series 2015H, which matures January 1, 2041 (the "2015H Bonds"); (3) $50 million ILPIBB Refunding Bonds, Series 2019F, which mature on January 1, 2041 (the "2019F Bonds" and, together with the 2013D Bonds and 2015 Bonds, collectively, the "Prior Revenue Bonds"); (4) $50 million ILPIBB Refunding Bonds, Series 2022C (the "2022C Bonds") which mature on January 1, 2052; and (5) $50 million ILPIBB Notes, Series 2021, which mature on November 1, 2024 (the "2021 Notes"). The 2021 Notes are Subordinated Securities (as defined in the Master Bond Resolution).

Pursuant to the Council Resolution and the Supplemental Resolution, the Qualified Obligations are being issued on parity to the District's Prior Revenue Bonds. The debt service coverage calculations utilized for the Additional Bonds Test in this Special Purpose Report incorporates the issuance of both the 2022C Bonds, which paid off the 2019 Notes at the March 1, 2022 maturity, and the future issuance of long-term Revenue Bonds (as defined in the Master Bond Resolution) to pay off the 2021 Notes, when those mature on November 1, 2024. The 2021 Notes were issued on a subordinate basis to the Stormwater District's Prior Revenue Bonds and were issued with a second charge on Net Revenues of the Stormwater System in anticipation of a subsequent issuance of long-term Revenue Bonds, which will be on parity with the Prior Revenue Bonds. The Master Bond Resolution requires Subordinated Securities to be considered Revenue Bonds for purpose of meeting the requirements for the issuance of additional Revenue Bonds under Section 5.01 and because they will be parity bonds when issued, this Special Purpose Report has calculated Maximum Annual Debt Service (MADS) assuming the obligations associated with the 2021 Notes will be issued as long-term, fixed rate parity obligations to the Prior Revenue Bonds.

Following the issuance of the 2022C Bonds and the Future Long Term Revenue Bonds (Proposed Series 2024 Bonds) to pay off the 2021 Notes at maturity in November 2024, Maximum Annual Debt Service (MADS) is projected to be approximately $13.224 million in Fiscal Year 2025 and decline thereafter. With these two long-term bond issuances, MADS coverage is projected to be 202% in 2025.

Section 5.01 of the Master Bond Resolution states that the Stormwater District reserves the right to issue one or more issues of Revenue Bonds payable from and secured by a lien on the Net Revenues deposited into the Revenue Bond Interest and Principal Fund on a parity with the Outstanding Revenue Bonds upon meeting the requirements set forth in Section 5.01 of the Master Bond Resolution:

(a) *No Default. The Mayor of the City and the City Controller certify that, upon the issuance of such series of Revenue Bonds, the Stormwater District will not be in default under any term or provision of any Revenue Bonds then Outstanding or any resolution pursuant to which any of such Revenue Bonds were issued.*

(b) Coverage on Outstanding Revenue Bonds. (i) the City Controller shall certify that, for either the Stormwater District's most recent complete Fiscal Year or for the most recent 12 months, the Net Revenues of the Stormwater System were equal to at least 125% of the Debt Service Requirements for all Revenue Bonds for such period after taking into consideration the additional Debt Service Requirements for the series of Revenue Bonds to be issued, or (ii) a Certifier shall provide a written report setting forth projections which indicate that beginning in the first Fiscal Year in which the Stormwater District will have scheduled payments of interest on or principal of the series of Revenue Bonds to be issued for the payment of which provision has not been made as indicated in the report of the Certifier from the proceeds of such series of Revenue Bonds, investment income thereon or from appropriated sources (other than Net Revenues), (A) the estimated Net Revenues of the Stormwater System in the first Fiscal Year are equal to at least 125% of the actual Debt Service Requirements for all Revenue Bonds, including the series of Revenue Bonds to be issued for such first Fiscal Year, (B) the estimated Net Revenues of the Stormwater System in the second Fiscal Year are equal to at least 125% of the actual Debt Service Requirements for all Revenue Bonds, including the series of Revenue Bonds to be issued for such second Fiscal Year, and (C) the estimated Net Revenues of the Stormwater System in the third Fiscal Year are equal to at least 125% of the actual annual Debt Service Requirements for all Revenue bonds, including the series of Revenue Bonds to be issued.

(c) Revenue Bond Resolution Requirements. Provision is made in the Supplemental Bond Resolution for additional payments into the Revenue Bond Interest and Principal Fund sufficient to provide for any principal and interest requirements resulting from the issuance of the Revenue Bonds including, in the event that interest on the series of Revenue Bonds is capitalized and/or to be paid from investment earnings, a requirement for the transfer from the capitalized interest fund or account and/or from the Construction Fund to the Revenue Bond Interest and Principal Fund of amounts fully sufficient to pay interest on such series of Revenue Bonds during the period specified in the Supplemental Bond Resolution.

(d) Refunding Revenue Bonds. If Revenue Bonds are being issued for the purpose of refunding all or a portion of the previously issued Revenue Bonds which are then Outstanding, none of the certifications described in (b) above are required so long as (for each Fiscal Year during which Revenue Bonds had been Outstanding) the Debt Service Requirements in such Fiscal Year (after giving effect to the issuance of such Refunding Revenue Bonds) will not exceed the scheduled Debt Service Requirements for Revenue Bonds in such Fiscal Year (prior to giving effect to the issuance of such Revenue Bonds).

In connection with the issuance of the 2022C Bonds, Section 5.09 of the Trust Indenture dated February 1, 2022, between The Indianapolis Local Public Improvement Bond Bank (the "ILPIBB") and The Bank of New York Mellon Trust Company, N.A., (the "Trustee") requires a Cash Flow Certificate for the issuance of Bonds in most circumstances:

> Section 5.09 Cash Flow Certificates.
>
> (a) *At any time that the provisions of this Indenture shall require that a Cash Flow Certificate be prepared, such certificate shall set forth:*
>
> (1) *the Revenues expected to be received on all Qualified Obligations financed or expected to be financed with proceeds of the Bonds or with Revenues expected to be available for the purpose of financing additional Qualified Obligations;*
>
> (2) *all other Revenues, including the interest to be earned and other income to be derived from the investment of the Funds and Accounts (other than the Rebate Fund) and the rate or yields used in estimating such amounts;*
>
> (3) *all moneys expected to be in the Funds and Accounts (other than the Rebate Fund and the Refunding Account);*
>
> (4) *the Debt Service due on all Bonds expected to be Outstanding during such Fiscal Year; and*
>
> (5) *the amount, if any, of Program Expenses expected to be paid from the Revenues.*

Sycamore makes the following preliminary findings as of February 24, 2022:

1. Based on the information and calculations in the Exhibits to this Special Purpose Report, Sycamore concludes that the requirements of the Section 5.01(b)(ii) (the "Additional Bonds Test") of the Master Bond Resolution have been met: the Net Revenues of the Stormwater System were equal to at least 125% of the Debt Service Requirements for all Revenue Bonds, after taking into consideration the additional Debt Service Requirements for the 2022C Bonds, in each of the first three fiscal years following the issuance of the 2022C Bonds, with **projected coverage of 244%, 228% and 217% in fiscal years 2022, 2023 and 2024**, respectively. See Exhibits H and I.

2. Exhibit J illustrates that the projected cashflow of revenues received from the Qualified Obligations are sufficient to support the debt service payments on the 2022C Bonds, immediately after the issuance of the Qualified Obligations and the 2022C Bonds.

In connection with this transaction, Sycamore has reviewed historic and pro forma revenues for the Stormwater District, the existing rate structure, the recent financials, and the existing debt service for all outstanding bonds payable from pledged Net Revenues. In preparing this report of

historic and pro-forma financial and operating information and outstanding and projected new debt service schedules for the Stormwater District, Sycamore has made inquiries of the Department of Public Works, the Office of Financial Management and the Bond Bank (collectively, the "City"). We have also compiled the following schedules of financial information based upon records provided by the City. Sycamore has not independently verified information provided by the City or its consultants.

* The Series 2021 Notes were issued on November 9, 2021 as a $50 million Subordinated Draw Note (variable rate) with PNC Bank and mature in November 2024.

** The proposed Series 2024 Bonds will pay off the 2021 Notes at or prior to the maturity. Debt service projections assume 30-year revenue bonds, amortization of the $50 million par amount, with proposed issuance of fixed rate debt in September 2024, and market rates as of February 3, 2022 plus a credit spread.

APPENDIX D

FORM OF CONTINUING DISCLOSURE UNDERTAKING AGREEMENT

Upon the delivery of the 2022 Bonds, the Bond Bank will deliver a continuing disclosure undertaking agreement, to be dated as of the date of delivery of the 2022 Bonds, in substantially the following form:

$50,000,000
THE INDIANAPOLIS LOCAL PUBLIC IMPROVEMENT BOND BANK
BONDS, SERIES 2022C (STORMWATER PROJECT) (GREEN BONDS)

CONTINUING DISCLOSURE UNDERTAKING AGREEMENT

This Continuing Disclosure Undertaking Agreement (this "Agreement") is made this 24th day of February, 2022, from The Indianapolis Local Public Improvement Bond Bank (the "Issuer") for the purpose of permitting Wells Fargo Bank, National Association (the "Representative"), acting on behalf of itself and Loop Capital Markets (the "Participating Underwriter," and together with the Representative, the "Underwriters") to underwrite the Bonds (as defined herein) in compliance with the United States Securities and Exchange Commission ("SEC") Rule 15c2-12 (the "Rule") as published in the Federal Register on November 17, 1994, and as amended to the date hereof.

Section 1. Definitions. The words and terms defined in this Agreement shall have the meanings herein specified unless the context or use clearly indicates another or different meaning or intent. Those words and terms not expressly defined herein and used herein with initial capitalization where rules of grammar do not otherwise require capitalization, shall have the meanings assigned to them the Rule. The following capitalized terms shall have the following meanings:

"Annual Report" means any annual report provided by the Issuer referred to in the Official Statement and any appendix thereto.

"EMMA" shall mean the Electronic Municipal Market Access system of the MSRB for use in the collection and dissemination of information, which system the SEC has stated to be consistent with the Rule. Currently, the following is the website address for EMMA: emma.msrb.org.

"Indenture" means Trust Indenture dated as of February 1, 2022, between the Issuer and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee").

"Listed Events" shall mean any of the events listed in Section 9 of this Agreement.

"MSRB" shall mean the Municipal Securities Rulemaking Board, located at:

1150 18th Street, NW, Suite 400
Washington, D.C. 20036-3816
Phone: (202) 223-9347
Fax: (202) 872-0347
Internet: www.msrb.org

"Obligated Person" means any person, including an issuer of municipal securities, who is either generally or through an enterprise, fund, or account of such person committed by contract or other arrangement to support payment of all or part of the obligations on the Bonds (other than providers of municipal bond insurance, letters of credit, or other credit or liquidity facilities). All Obligated Persons with respect to the Bonds currently are identified in Section 4 below.

"Official Statement" shall mean the Official Statement, dated February 15, 2022, prepared in connection with the sale of the Bonds.

"Underwriters" shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with the offering of the Bonds, including the Representative and the Participating Underwriter.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 2. Bonds. This Agreement applies to the issuance of $50,000,000 aggregate principal amount of The Indianapolis Local Public Improvement Bond Bank Bonds, Series 2022C (Stormwater Project) (Green Bonds) (the "Bonds").

Section 3. Term. The term of this Agreement is from the date of delivery of the Bonds by the Issuer to the earlier of (i) the date of the last payment of principal or redemption price, if any, of, and interest to accrue on, all the Bonds and (ii) the date the Bonds are defeased under the Indenture.

Section 4. Obligated Persons. The Issuer hereby warrants and represents as of the date hereof, that the City of Indianapolis, Indiana (the "City"), and the Marion County Stormwater Management District (the "Qualified Entity") are the only Obligated Persons with respect to the Bonds. If the City or Qualified Entity is no longer committed by contract or other arrangement to support payment of the obligations on the Bonds, the City or the Qualified Entity shall no longer be considered an Obligated Person within the meaning of the Rule and the continuing disclosure obligation under this Agreement to provide annual financial information and notices of events shall terminate with respect to the City or the Qualified Entity. If the City or the Qualified Entity is no longer considered an Obligated Person within the meaning of the Rule, the Issuer shall file, or cause to be filed with EMMA a written notice that it is no longer an Obligated Person.

Section 5. Purpose of the Agreement. This Agreement is being executed and delivered by the Issuer for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Underwriters in complying with the Rule.

Section 6. Provision of Annual Reports.

The Issuer shall, not later than two hundred ten (210) days after fiscal year end, commencing with the fiscal year ending December 31, 2021, provide to the MSRB, through its EMMA system, in an electronic format as prescribed by the MSRB an Annual Report for the fiscal year of the Issuer ended December 31 of the previous year, which Annual Report shall be consistent with the requirements of Section 7 of this Agreement. The Issuer shall furnish an Annual Report to any person requesting the same. Requests for Annual Reports shall be made to: Ms. Sarah Riordan, Executive Director and General Counsel, and/or Mr. Kyle Willis, Associate Director and Chief Compliance Officer, The Indianapolis Local Public Improvement Bond Bank, Suite 2342, 200 East Washington Street, Indianapolis, Indiana 46204.

Section 7. Contents of the Annual Report. The Annual Report shall contain or incorporate by reference the following:

(a) Audited financial statements of the City for the fiscal year; and

(b) Annual financial information for the City and the Qualified Entity for such fiscal year, other than the audited financial statements described in (a) above, including:

a. unaudited financial statements of the City if audited financial statements are not then available; and

b. operating data relating to the Qualified Entity (excluding any demographic information or forecasts) of the general type included under the following headings in the Official Statement:

THE STORMWATER SYSTEM - BBU History
THE STORMWATER SYSTEM - Billing History

THE STORMWATER SYSTEM - Collection History
THE STORMWATER SYSTEM - Top 25 Customers
THE STORMWATER SYSTEM - Historic Debt Service Coverage

All or any of the components of the Annual Report listed above may be included by specific reference from other documents which have previously been provided to the MSRB, through its EMMA system, or to the SEC. If the document included by reference is a final official statement, it must be available from the MSRB. If the Issuer prepares a Annual Comprehensive Financial Report ("ACFR") that includes the components listed above, the Issuer may designate the ACFR as the Annual Report.

If any of the components listed above relating to the City no longer can be provided because the operations to which they related have been materially changed or discontinued, a statement to that effect, provided by the Issuer to the MSRB, along with any other components required to be provided under this Agreement, shall satisfy the undertaking to provide the Annual Report. To the extent available, the Issuer shall cause to be filed along with Annual Report operating data similar to that which can no longer be provided.

Failure to provide any component of the Annual Report because it is not available to the Issuer on the date by which the Annual Report is required to be provided hereunder, shall not be deemed to be a breach of this Agreement; provided, however, that in the event such component is not available to the Issuer, the Issuer will provide to the MSRB in the remaining disclosure of the Annual Report, (i) a description of the components that are not available, (ii) any replacement or substitute information, (iii) whether such components are expected to be available, and (iv) if known by the Issuer, the date such information will be made available to the Issuer. The Issuer further agrees to supplement the Annual Report filing when such data is available.

Section 8. Accounting Principles. The accounting principles pursuant to which the City's financial statements will be prepared shall be generally accepted accounting principles, as in effect from time to time, those described in the auditors' report and the notes accompanying the audited financial statements relating to the City incorporated by reference in the Official Statement or those mandated by State law from time to time, or any other accounting principles which do not, in the determination of the City, materially deviate from any of such accounting principles.

Section 9. Reporting of Significant Events. The Issuer shall provide to the MSRB, through its EMMA system, in a timely manner not in excess of ten (10) business days after the occurrence of the event notice of any of the following events with respect to the Bonds:

(a) Principal and interest payment delinquencies;

(b) Non-payment related defaults, if material;

(c) Unscheduled draws on debt service reserves reflecting financial difficulties;

(d) Unscheduled draws on credit enhancements reflecting financial difficulties;

(e) Substitution of credit or liquidity providers, or their failure to perform;

(f) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;

(g) Modifications to rights of holders of the Bonds, if material;

(h) Calls for redemption of the Bonds, if material, other than calls pursuant to the mandatory sinking fund provisions of the Bonds, if any, and tender offers;

(i) Defeasances;

(j) Release, substitution or sale of property securing repayment of the Bonds, if material;

(k) Rating changes;

(l) Bankruptcy, insolvency, receivership or similar event of the Issuer;

(m) The consummation of a merger, consolidation, or acquisition involving the Issuer or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

(n) Appointment of a successor or additional trustee or the change of name of a trustee, if material;

(o) The incurrence of a financial obligations of the obligated person, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the obligor, any of which affect security holders, if material; and

(p) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the Obligated Person, any of which reflect financial difficulties.

For the purposes of subsection (l), above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Issuer in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer.

Section 10. Means of Reporting Information. The Issuer shall provide information to the MSRB's EMMA disclosure service as prescribed by the MSRB. As of the date hereof, submissions must be by electronic submission in an electronic portable document format ("PDF") that shall have a word-search function permitting a user to search the document.

The Issuer is authorized to transmit information to the MSRB by whatever means are mutually acceptable to the Issuer and the MSRB.

Section 11. Use of Agent. The Issuer may, at its sole discretion, utilize an agent (the "Dissemination Agent") in connection with the dissemination of any information required to be provided by the Issuer pursuant to the Rule and this Agreement. If a Dissemination Agent is selected for these purposes, the Issuer shall provide prior written notice thereof (as well as notice of replacement or dismissal of such agent) to the MSRB.

Further, the Issuer may, at its sole discretion, retain counsel or others with expertise in securities matters for the purpose of assisting the Issuer in making judgments with respect to the scope of its obligations hereunder and compliance therewith, all to further the purposes of this Agreement as set forth in the preamble and Section 13 hereof.

Section 12. Failure to Provide Annual Reports. If for any reason, the Issuer fails to provide the Annual Report as required by this Agreement, the Issuer shall provide notice of such failure in a timely manner to the MSRB, through its EMMA system, which shall include a statement as to the date by which the Issuer anticipates that the Annual Report will be provided to the MSRB.

Section 13. Remedy.

The purpose of this Agreement is to enable the Underwriters to purchase the Bonds by providing for an undertaking by the Issuer in satisfaction of the Rule. This Agreement is solely for the benefit of the owners of the

Bonds and creates no new contractual or other rights for the SEC, underwriters, brokers, dealers, municipal securities dealers, potential customers, other Obligated Persons or any other third party. The sole remedy against the Issuer for any failure to carry out any provision of this Agreement shall be for specific performance of the Issuer's disclosure obligations hereunder and not for money damages of any kind or in any amount or for any other remedy. The Issuer's failure to honor its covenants hereunder shall not constitute a breach or default of the Bonds, the Indenture or any other agreement to which the Issuer is a party.

Subject to this Section 13, the remedy set forth in the preceding paragraph may be exercised by any holder of Bonds in any court of competent jurisdiction in the State of Indiana. An affidavit to the effect that such person is a holder of Bonds supported by reasonable documentation of such claim shall be sufficient to evidence standing to pursue this remedy.

Prior to pursuing any remedy for any breach of any obligation under this Agreement, a holder of Bonds shall give notice to the Issuer, by registered or certified mail, of such breach and its intent to pursue such remedy. Fifteen (15) days after the mailing of such notice, and not before, such remedy may be pursued under this Agreement if and to the extent the Issuer has failed to cure such breach within such fifteen (15) days.

Section 14. Modification of Agreement. The Issuer may, from time to time, amend or modify this Agreement without the consent of or notice to the owners of the Bonds if: (a)(i) such amendment or modification is made in connection with a change in circumstances that arises from a change in legal requirements, change in law or change in the identity, nature or status of the Issuer or the Obligated Persons, or type of business conducted; (ii) this Agreement, as so amended or modified, would have complied with the requirements of the Rule on the date hereof, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and (iii) such amendment or modification does not materially impair the interests of the holders of the Bonds, as determined either by (A) any person selected by the Issuer that is unaffiliated with the Issuer (including the Trustee having relied on an opinion from nationally recognized bond counsel) or (B) an approving vote of the holders of the requisite percentage of Outstanding Bonds (as defined in the Indenture) as required under the Indenture at the time of such amendment or modification; or (b) such amendment or modification is permitted by law.

The Annual Report for the fiscal year during which any such amendment or modification occurs that contains the amended or modified annual information or audited financial statements shall explain, in narrative form, the reasons for such amendment or modification and the impact of the change in the type of annual information or audited financial statements being provided in such Annual Report.

Section 15. Interpretation Under Indiana Law. It is the intention of the parties hereto that this Agreement and the rights and obligations of the parties hereunder shall be governed by, and construed and enforced in accordance with, the law of the State of Indiana.

Section 16. Severability Clause. In case any provision in this Agreement shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 17. Successors and Assigns. All covenants and agreements in this Agreement made by the Issuer shall bind its successors, whether so expressed or not.

Section 18. Notices. All notices required to be given under this Agreement shall be made at the following addresses:

If to the Issuer:

The Indianapolis Local Public Improvement Bond Bank
City-County Building, Room 2342
200 East Washington Street
Indianapolis, Indiana 46204
Attention: Executive Director

If to the City:	City of Indianapolis, Indiana City-County Building, Room 2200 200 East Washington Street Indianapolis, Indiana 46204 Attention: Controller

IN WITNESS WHEREOF, the Issuer has caused this Agreement to be executed as of the date first above written.

KESTREL VERIFIERS SECOND PARTY OPINION

(THIS PAGE INTENTIONALLY LEFT BLANK)

KESTREL VERIFIERS™

Second Party Opinion

EXECUTIVE SUMMARY

ISSUER

Indianapolis Local Public Improvement Bond Bank

OPINION ON

Bonds, Series 2022C (Stormwater Project) (Green Bonds)

GREEN STANDARD AND CATEGORIES

The Green Bond Principles

- Climate Adaptation
- Sustainable Water & Wastewater Management

KEYWORDS

Climate adaptation, integrated water resource management, stormwater management, green infrastructure, nature-based solutions, Indiana

EVALUATION DATE

February 8, 2022

SUMMARY

Kestrel Verifiers is of the opinion that the Indianapolis Local Public Improvement Bond Bank Bonds, Series 2022C (Stormwater Project) (the "2022 Bonds") conform with the four core components of the Green Bond Principles 2021 as follows:

- **Use of Proceeds**
  The 2022 Bonds will be used to finance stormwater and flood mitigation projects, refund outstanding Series 2019 Notes used for similar purposes (collectively, the "Projects") for the Indianapolis Department of Public Works ("Department") and pay costs of issuance. The 2022 Bonds improve climate adaptation and resilience in Indianapolis and support regional integrated water resource management through reduction of flood risks and water quality improvement projects. The 2022 Bonds also support the Department's commitment to using nature-based solutions and other best practices in managing the stormwater system.
- **Process for Project Evaluation and Selection**
  The Department's long-term capital improvement planning process, design standards and permitting requirements guide the process for project evaluation and selection, as does the Department's mission to manage a safe and efficient stormwater system and achieve the sustainability goals established in the *Thrive Indianapolis* sustainability plan.
- **Management of Proceeds**
  Proceeds from the 2022 Bonds will refund the outstanding Series 2019 Notes, pay for improvements to the stormwater system, and pay costs of issuance. Proceeds will be tracked in distinct accounts and draw requests from the Department of Public Works will be used to authorize allocation of proceeds to stormwater projects.
- **Reporting**
  The Bond Bank has entered into a Continuing Disclosure Undertaking Agreement under which it will agree to file with the Municipal Securities Rulemaking Board, through its EMMA system, certain annual reports and notices of certain events, so long as the 2022 Bonds are outstanding. While not required under the Agreement, the Department intends to produce voluntary annual update reports on the impact of the 2022 Bonds until the proceeds have been expended.

- Monica Reid, CEO
  monica.reid@kestrelverifiers.com
- April Strid, Lead ESG Analyst
  april.strid@kestrelverifiers.com
- Melissa Audrey, ESG Analyst
  melissa.audrey@kestrelverifiers.com

- **Impact and Alignment with United Nations Sustainable Development Goals**
  By financing projects that improve stormwater and flood protection systems and prepare Indianapolis for the effects of climate change, the 2022 Bonds support and advance multiple UN SDGs, including Goals 6: *Clean Water and Sanitation*; 9: *Industry, Innovation, and Infrastructure;* and 13: *Climate Action.*

KESTREL VERIFIERS™

Second Party Opinion

Issuer:	**Indianapolis Local Public Improvement Bond Bank**
Issue Description:	Bonds, Series 2022C (Stormwater Project) (Green Bonds)
Project:	Stormwater Improvement Projects
Green Standard:	Green Bond Principles
Green Categories:	Climate Adaptation Sustainable Water & Wastewater Management
Keywords:	Climate adaptation, integrated water resource management, stormwater management, nature-based solutions, green infrastructure, Indiana
Par:	$50,000,000
Evaluation Date:	February 8, 2022

GREEN BONDS DESIGNATION

Kestrel Verifiers, an Approved Verifier accredited by the Climate Bonds Initiative, conducted an independent external review of the Bonds, Series 2022C (Stormwater Project) (the "2022 Bonds") issued by the Indianapolis Local Public Improvement Bond Bank (the "Bond Bank") to evaluate conformance with the Green Bond Principles (June 2021) established by the International Capital Market Association.

This Second Party Opinion reflects our review of the uses and allocation of proceeds and oversight and conformance of the 2022 Bonds with the Green Bond Principles. In our opinion, the 2022 Bonds are aligned with the four core components of the Green Bond Principles and qualify for Green Bonds designation.

ABOUT THE ISSUER

The Indianapolis Department of Public Works ("the Department"), an agency within the City of Indianapolis (the "City" or "Indianapolis"), operates and maintains stormwater drainage and flood mitigation infrastructure for approximately 891,087 people.[1] The stormwater system consists of levees; dams; pumping facilities; piped and open channels; retention and detention basins; nearly 1,500 miles of pipelines; over 100,000 structures such as ditches, channels and outfalls; and other types of infrastructure. The Department monitors water quality within the City's primary waterways—the White River and several small creeks—as related to stormwater runoff.

The Department works closely with the City to make progress toward decarbonization goals and create equitable opportunities for vulnerable groups. The Department partnered with the Office of Sustainability to develop the City's first-ever sustainability plan, *Thrive Indianapolis*[1]. The plan outlines goals to improve community resiliency and achieve carbon neutrality by 2050. The 2020 Thrive Annual Report communicates the City's progress across various sectors and projects such as electric vehicle registration, certified green buildings, bike lanes, and reduced energy consumption through conversion to LED streetlamps. Between 2017 and 2020, Indianapolis significantly increased its curbside recycling by more than 3,000 tons—nearly meeting its 2025 goal. The City's community resilience efforts include the Pathways to Employment program that helps homeless individuals transition to full-time employment by connecting them with resources.

[1] "Thrive Indianapolis," Indianapolis Office of Sustainability, February 2019, https://www.thriveindianapolis.com/s/2019CPSR001-ThriveIndianapolis-web.pdf.

Between 2019 and 2020, 53% of participants found full-time work.[2] Moreover, the Department has set intentional focus on smaller residential stormwater projects in economically disadvantaged neighborhoods, where flooding is frequent.

The Department has numerous programs to educate the public about pollution prevention, sustainable water management and stormwater systems. The Department's ToxDrop program informs residents about proper disposal methods for hazardous waste and chemicals. The Department's 2021 #DPWStormDrainChallenge social media campaign encouraged residents to clear neighborhood stormdrain inlets of debris and vegetation and share pictures on Twitter and Facebook, fostering neighborhood involvement in flood mitigation and pollution prevention. The City's Environmental Education summer camps offer educational programming and tours of local wetlands and teach children about natural filtration systems, water quality and ecosystem health.[3]

ALIGNMENT TO GREEN STANDARDS

Green Bonds are any type of bond instrument where the proceeds will be exclusively applied to finance or refinance, in part or in full, new and/or existing eligible Green Projects and which are aligned with the four core components of the Green Bond Principles (International Capital Market Association definition).

Use of Proceeds

The 2022 Bonds will be used to finance stormwater and flood mitigation projects, to refund outstanding Series 2019 Notes used for similar purposes (collectively, the "Projects"), and pay costs of issuance. The 2022 Bonds support climate adaptation and resilience planning by addressing increased flood risk in the City as a result of climate change. The Projects, which include flood risk reduction and water quality improvement projects, are critical to regional integrated water resource management. The activities are eligible projects as defined by the Green Bond Principles in the project categories of *Climate Change Adaptation* and *Sustainable Water Management*.

Green Standard

The Green Bond Principles

Eligible Project Categories:

- Climate Change Adaptation
- Sustainable Water Management

The City's *Thrive Indianapolis* plan, developed in coordination with the Indianapolis Department of Public Works, recognizes the projected increase in extreme weather events as a result of climate change. Forward-thinking stormwater management projects, such as the activities financed by the 2022 Bonds, are critical to reducing localized flooding and mitigating excessive stormwater runoff that negatively impacts water quality.

To improve Indianapolis' resilience to climate-related risks, the 2022 Bonds finance projects that incorporate innovative approaches to sustainable stormwater management—primarily, nature-based solutions, which are commonly referred to as "green infrastructure" in the context of stormwater management. Nature-based solutions harness natural processes to protect habitat and improve both water quality and flood protection. Bioswales, rain gardens, green roofs, and permeable pavement and sidewalks are common examples. Nature-based solutions financed by the 2022 Bonds include:

- Hybrid ditches, which use an engineered substrate overlayed with topsoil and vegetation to slow the flow of stormwater and naturally improve water quality;
- City parks that use green space to make room for floodwaters, which not only lessen flood damage but also support secondary community benefits; and
- Daylighting creeks, which is the practice of restoring buried waterways to reestablish more natural conditions.

These best practices, along with the Department's work to update design standards to accommodate anticipated effects of climate change, increase resilience of the stormwater and flood mitigation systems.

The 2022 Bonds also finance a variety of projects that maintain and expand upon existing infrastructure.

- Channels: Minor portions of the 2022 Bond proceeds finance channel improvements including stabilizing streambanks to reduce erosion.
- Culverts: Bond proceeds finance several culvert replacements, important projects which will follow best practices to mimic streambeds and facilitate and improve fish passage. For example, substrate will be added in the culverts to simulate the natural streambed and in some cases, oversized culverts will be installed to prevent constriction of the stream channel.
- Levees/Dams: The majority of flooding that affects Indianapolis communities originates from the White River. Proceeds finance rehabilitation of levees and improvements to dams to reduce the impact and occurrence of flooding.
- Surface Drainage: Bond-financed projects include construction of regional stormwater detention basins to mitigate chronic flooding, system maintenance; and drainage pipe replacements, all of which are critical for future stormwater and sewer separation projects.

The Department's procedures ensure adequate resources are available to maintain and monitor each new project.

2022 Bond Projects and the Consent Decree

The City entered into a Consent Decree with the US Environmental Protection Agency in 2006 in relation to the City's wastewater system and violations of the Clean Water Act. In 2011, Citizens Energy Group acquired the City's wastewater system and assumed responsibilities related to the Consent Decree. The Department and Citizens Energy Group work closely to address capital needs that affect both the wastewater and stormwater systems.

The activities financed by the 2022 Bonds are primarily distinct from the City's obligations with respect to the Consent Decree and upgrades to wastewater systems. However, certain projects such as stormwater and sewer separation projects are directly related and important to the achievement of water quality improvement targets set in the Consent Decree. Under certain conditions, combined systems that lack capacity can allow untreated sewage to spill, resulting in contamination of waterways. Projects that separate stormwater infrastructure, such as those financed by the 2022 Bonds, eliminate pollution-prone combined sewer systems.

Climate Risk and Transition Alignment

Climate change poses significant systemic risks to US financial systems and municipal issuers. These risks may broadly be divided into physical risk and transition risk. Physical risks include effects of climate change on physical assets, such as extreme weather events and sea level rise. Transition risk includes market and technology risks, reputational risks, policy risks and legal risks. Transition and physical risk factors may interact in complex ways.

Mitigation of transition risk requires planning for the necessary structural changes to address climate change and the transition to a low carbon economy, with recognition of the risks associated with inaction. The stormwater projects financed by the 2022 Bonds are addressing climate transition risks by maintaining a state of good repair in a system that is critical to flood mitigation and water quality improvement.

The 2022 Bonds also finance activities which align with a *just transition,* characterized by the equitable inclusion and accommodation of all individuals, with a special focus on disadvantaged groups who may be directly or indirectly affected by the structural changes necessary for the transition to a low carbon economy. A project that aligns with the *just transition* works to balance a sustainable society, environment and economy and will consider the intersections of racial, socioeconomic, religious, cultural, intergenerational or environmental justice. The 2022 Bonds support a just transition by addressing flood mitigation and water quality with a focus on disadvantaged groups, including low- moderate- income neighborhoods that may be disproportionately affected by the impacts of climate change.

Process for Project Evaluation and Selection

The Department's mission to manage a safe and efficient stormwater system and achieve the sustainability goals established in the *Thrive Indianapolis* sustainability plan guide the process for project evaluation and selection, as does the Department's long-term capital improvement planning process, design standards, permitting requirements.

The Department compiles stormwater system needs in a 20-year Storm Water Master Plan and uses an established selection process to score and prioritize projects for funding. Residential input and complaints are important considerations in development of the Plan. The Department and Citizens Energy Group collaborate to prioritize projects necessary to address drainage complaints. Additionally, new stakeholders, such as forestry and land stewardship groups, have been incorporated into the decision-making process. Projects are scored using a weighted point system which considers property usage, the type of streets involved (high use or low use corridors), number of affected properties, extent of erosion, water quality impacts, cost sharing, and presence of any ongoing transportation project (in order to combine paving projects with drainage projects, when possible). Effects on water quality are weighted most heavily in the scoring system, and problems located in a combined sewer overflow area or an area without sanitary sewer connections are higher priority. Projects that score high in the evaluation process are added to the Department's Needs Inventory in the Storm Water Master Plan, and subsequently the four-year Capital Improvement Plan.

The Department uses design standards with best management practices, including green infrastructure and low impact development, to ensure effective and sustainable stormwater management and incorporate nature-based solutions. Indianapolis' Stormwater Design and Construction Specifications Manual, and the Green Infrastructure supplement, set requirements and guidelines for facilities design. The Department also uses selection criteria that prioritize best practices for green infrastructure.

The Department's bond-financed activities are also governed by its National Pollution Discharge Elimination System permit, which requires the City to implement a stormwater capital program and regulate stormwater discharge into surface waters. For certain projects, monitoring and educational activities are required under this permit, which provide additional assurance and transparency in the Department's operations and capital project implementation.

The 2022 Bonds advance and complement multiple goals in the *Thrive Indianapolis* plan under the Built Environment and Natural Resources objectives, including:

- *Improve onsite stormwater retention programs by incentivizing rain barrels, rain gardens and green roofs.*
- *Increase green spaces to improve stormwater infiltration and ensure appropriate ongoing maintenance by 2022*
- *Develop and deploy a more robust stormwater and water quality education program, including addressing chemicals in landscaping, by 2022*

Management of Proceeds

Proceeds from the 2022 Bonds will be used to refund the outstanding Series 2019 Notes, pay for improvements to the stormwater system, and pay costs of issuance. Proceeds will be tracked in distinct accounts and draw requests from the Department of Public Works will be used to authorize allocation of proceeds to stormwater projects. Eligible temporary investments in the City's adopted investment policy include, but are not limited to, securities backed by the full faith and credit of the US Treasury, municipal securities, and certificates of deposit.

Reporting

The Bond Bank has entered into a Continuing Disclosure Undertaking Agreement ("CDUA"), under which it will agree to file with the Municipal Securities Rulemaking Board, through its EMMA system, certain annual reports and notices of certain events, so long as the 2022 Bonds are outstanding. While not required under the CDUA, the Department intends to produce voluntary annual update reports on the 2022 Bonds until the proceeds have been expended. It is expected that these reports will be shared on the Bond Bank's website (https://www.indianapolisbondbank.com/indianapolis-bond-bank-in/i3865) and include project lists,

confirmation of allocation of proceeds, and project completion status. In addition, as part of its National Pollution Elimination Discharge Permit, the Department prepares comprehensive annual reports on the activities and impact of the stormwater system.

IMPACT AND ALIGNMENT WITH UN SDGS

The 2022 Bond projects address UN SDGs 6, 9 and 13. By financing projects with green infrastructure that improve stormwater quality and mitigate flood risks, the 2022 Bonds advance Targets 6.3 and 9.4. Coordination and collaboration among separate departments and stakeholders on long-term planning documents advance Target 6.5. The flood risk mitigation as a result of the drainage and flood control projects and integration of physical climate risks into planning scenarios supports Target 13.1. Full text of the Targets for Goals 6, 9 and 13 is available in Appendix A, with additional information available on the United Nations website: www.un.org/sustainabledevelopment

SUSTAINABLE DEVELOPMENT GOALS

6 CLEAN WATER AND SANITATION

Clean Water and Sanitation (Target 6.3, 6.5)

Possible Indicators
- Increased stormwater storage capacity
- Documentation of integrated water resource management
- Percent reduction in runoff

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

Industry, Innovation and Infrastructure (Target 9.4)

Possible Indicators
- Proportion of funds financing sustainable stormwater infrastructure projects

13 CLIMATE ACTION

Climate Action (Target 13.1)

Possible Indicators
- Number of flood risk reduction projects

CONCLUSION

Based on our independent external review, the 2022 Bonds conform, in all material respects, with the Green Bond Principles (2021) and are in complete alignment with two eligible project categories: *Climate Adaptation* and *Sustainable Water Management.* The 2022 Bonds advance the vision in the *Thrive Indianapolis* plan to build resilient communities in and around Indianapolis. The Indianapolis Department of Public Works has integrated best practices in green infrastructure and high standards for monitoring and maintenance on every project to ensure the long-term sustainability of the stormwater system.

DISCLAIMER

This Opinion aims to explain how and why the discussed financing meets the ICMA Green Bond Principles based on the information which was available to us during the time of this engagement (January-February 2022) only. By providing this Opinion, Kestrel Verifiers is not certifying the materiality of the projects financed by the Green Bonds. It was beyond Kestrel Verifiers' scope of work to review for regulatory compliance and no surveys or site visits were conducted. Furthermore, we are not responsible for surveillance on the project or use of proceeds. Kestrel Verifiers relied on information provided by the Bond Bank, the Department, and publicly available information. The Opinion delivered by Kestrel Verifiers does not address financial performance of the Green Bonds or the effectiveness of allocation of its proceeds. This Opinion does not make any assessment of the creditworthiness of the Bond Bank or Department, or the ability to pay principal and interest when due. This is not a recommendation to buy, sell or hold the Bonds. Kestrel Verifiers is not liable for consequences when third parties use this Opinion either to make investment decisions or to undertake any other business transactions. This Opinion may not be altered without the written consent of Kestrel Verifiers. Kestrel Verifiers reserves the right to revoke or withdraw this Opinion at any time. Kestrel Verifiers certifies that there is no affiliation, involvement, financial or non-financial interest in the Bond Bank, the Department, or the projects discussed. We are 100% independent. Language in the offering disclosure supersedes any language included in this Second Party Opinion.

Use of the United Nations Sustainable Development Goal (SDG) logo and icons does not imply United Nations endorsement of the products, services or bond-financed activities. The logo and icons are not being used for promotion or financial gain. Rather, use of the logo and icons is primarily illustrative, to communicate SDG-related activities.

Appendix A.

UN SDG TARGET DEFINITIONS

Target 6.3

By 2030, improve water quality by reducing pollution, eliminating dumping and minimizing the proportion of hazardous chemicals and materials, halving the proportion of untreated wastewater and substantially increasing recycling and safe reuse globally.

Target 6.5

By 2030, implement integrated water resources management at all levels, including through transboundary cooperation as appropriate.

Target 9.4

By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries taking action in accordance with their respective capabilities.

Target 13.1

Strengthen resilience and adaptive capacity to climate-related hazards and natural disasters in all countries
