OFFICIAL STATEMENT DATED AUGUST 6, 2015

NEW ISSUES - Book-Entry Only

RATINGS: Moody's: "Aa2"
Standard & Poor's: "AA-"
(See "RATINGS" herein)

In the opinion of Peck, Shaffer & Williams, a division of Dinsmore & Shohl LLP and Gonzalez, Saggio & Harlan LLP, Co-Bond Counsel with respect to the Series 2015 Bonds, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming continuing compliance with certain covenants made by the City of Cincinnati, Ohio (i) interest on the Series 2015A Bonds will be excludible from gross income of the holders thereof for purposes of federal income taxation and interest on the Series 2015A Bonds will not be a specific item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, (ii) interest on the Series 2015B Bonds and the Series 2015C Refunding Bonds will not be excludible from gross income for federal income tax purposes, and (iii) interest on and any profit made on the sale, exchange, or other disposition of, the Series 2015 Bonds, are exempt from the Ohio personal income tax, the net income base of the Ohio corporate franchise tax, the Ohio commercial activity tax, and municipal, school district, and joint economic development district income taxes in Ohio, all subject to the qualifications described herein under the heading "LEGAL MATTERS – Tax Status."

CITY OF CINCINNATI, OHIO

$122,530,000 **Unlimited Tax** **Various Purpose** **General Obligation Improvement and Refunding Bonds** **Series 2015A**	**$3,450,000** **Unlimited Tax** **Energy Conservation** **General Obligation Bonds** **Series 2015B** **(Federally Taxable -Qualified Energy Conservation Bond – Direct Payment to the Issuer)**	**$14,690,000** **Unlimited Tax** **Various Purpose** **General Obligation Refunding Bonds** **Series 2015C** **(Federally Taxable)**

Dated: Date of Issuance **Due: On December 1, as shown below**

The $122,530,000 City of Cincinnati, Ohio Unlimited Tax Various Purpose General Obligation Improvement and Refunding Bonds, Series 2015A (the "Series 2015A Bonds"), $3,450,000 Unlimited Tax Energy Conservation General Obligation Bonds, Series 2015B (Federally Taxable - Qualified Energy Conservation Bond – Direct Payment to the Issuer) (the "Series 2015B Bonds"), and $14,690,000 Unlimited Tax Various Purpose General Obligation Refunding Bonds, Series 2015C (Federally Taxable) (the "Series 2015C Refunding Bonds" and collectively with the Series 2015A Bonds and the Series 2015B Bonds, the "Series 2015 Bonds") of the City of Cincinnati, Ohio (the "City") are issuable as fully registered Series 2015 Bonds and, when issued, will be initially registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). Purchases of beneficial interests in the Series 2015 Bonds will be made in book-entry-only form. Purchasers of beneficial interests ("Beneficial Owners") will not receive certificates representing their interests in the Series 2015 Bonds. So long as the Series 2015 Bonds are registered in the name of Cede & Co., as nominee of DTC, references herein to the owners shall mean Cede & Co. and shall not mean the Beneficial Owners of the Series 2015 Bonds.

Payment of the principal of and premium, if any, and interest on, the Series 2015 Bonds will be made directly to DTC or its nominee, Cede & Co., so long as DTC or Cede & Co. is the sole registered owner. Disbursement of such payments to DTC's Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of DTC's Participants and the Indirect Participants, as more fully described under "BOOK-ENTRY ONLY SYSTEM" and *Appendix D* hereto.

Interest on the Series 2015 Bonds will be payable semi-annually on June 1 and December 1 of each year, beginning December 1, 2015. The Series 2015 Bonds will be issued in authorized denominations of $5,000 and integral multiples thereof.

The full faith and credit of the City are irrevocably pledged for the prompt payment of the principal of and interest on the Series 2015 Bonds. See "SECURITY AND SOURCE OF PAYMENT" herein.

The Series 2015 Bonds are subject to redemption prior to their stated maturity as described under "SECURITIES BEING OFFERED – Redemption Prior to Maturity" herein.

This cover page includes certain information for quick reference only. It is not a summary of the bond issue. Investors should read the entire Official Statement to obtain information as a basis for making informed investment judgments.

The Series 2015 Bonds are offered when, as and if issued and accepted by the Underwriters identified herein, subject to prior sale and the approval of certain legal matters by Peck, Shaffer & Williams, a division of Dinsmore & Shohl LLP, Cincinnati, Ohio, and Gonzalez, Saggio & Harlan LLP, Cleveland, Ohio, Co-Bond Counsel, and certain other conditions. Certain legal matters will be passed upon for the Underwriters by their counsel, Thompson Hine LLP, Cincinnati, Ohio and Forbes, Fields & Associates Co., L.P.A., Cleveland, Ohio. Davenport & Company LLC has acted as Financial Advisor to the City in connection with the issuance of the Series 2015 Bonds. It is expected that delivery of the Series 2015 Bonds will be made in book entry form to DTC in New York, New York on or about August 20, 2015.

The CUSIP number for a specific maturity is subject to being changed after the issuance of the Series 2015 Bonds as a result of various subsequent actions, including, but not limited to, a refunding in whole or in part of such maturity or as a result of the procurement of secondary market portfolio insurance or other similar enhancement by investors that is applicable to all or a portion of certain maturities of the Series 2015 Bonds.

REGARDING USE OF THIS OFFICIAL STATEMENT

The information set forth herein has been obtained from the City and other sources that are believed to be reliable for purposes of this Official Statement. This Official Statement contains, in part, estimates and matters of opinion that are not intended as statements of fact, and no representation is made as to the correctness of such estimates and opinions or that they will be realized. The information and expressions of opinion contained herein are subject to change without notice, and neither the delivery of this Official Statement, nor any sale made hereunder, shall under any circumstances create any implication that there has been no change in the affairs of the City or in the information or opinions set forth herein, since the date of this Official Statement.

This Official Statement, which includes the cover pages and the Appendices hereto, does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Series 2015 Bonds by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. No dealer, broker, salesperson, or other person has been authorized to give any information or to make any representations other than those contained in this Official Statement in connection with the offering of the Series 2015 Bonds, and, if given or made, such other information or representation must not be relied upon as having been authorized by the City.

This Official Statement contains statements which, to the extent they are not recitations of historical fact, constitute "forward-looking statements." In this respect the words "estimate," "project," "anticipate," "expect," "intend," "believe" and similar expressions are intended to identify forward-looking statements. A number of important factors affecting the City's financial results could cause actual results to differ materially from those stated in the forward-looking statements.

The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, give rise to an implication that there has been no change in the affairs of the City since the date hereof.

The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their responsibility to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITERS MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICES OR YIELDS OF THE SERIES 2015 BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME. THE UNDERWRITERS MAY OFFER AND SELL THE SERIES 2015 BONDS TO CERTAIN DEALERS AND BANKS ACTING AS AGENTS AT PRICES LOWER THAN THE PUBLIC OFFERING PRICES STATED ON THE COVER PAGE HEREOF AND SAID PUBLIC OFFERING PRICES MAY BE CHANGED FROM TIME TO TIME BY THE UNDERWRITERS.

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION NOR HAS THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFICIAL STATEMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

BOND ISSUE SUMMARY FOR SERIES 2015A BONDS

The information contained in this Bond Issue Summary is qualified in its entirety by the entire Official Statement, which should be reviewed in its entirety by potential investors.

Issuer: City of Cincinnati, Ohio

Issue: $122,530,000 Unlimited Tax Various Purpose General Obligation Improvement and Refunding Bonds, Series 2015A (the "Series 2015A Bonds)

Dated Date: Date of Delivery

Interest Payment Dates: Each June 1 and December 1, beginning December 1, 2015

Principal Payment Dates: December 1, 2015 through December 1, 2040, inclusive

Redemption: The Series 2015A Bonds maturing on or after December 1, 2025, are subject to redemption, by and at the sole option of the City at any time on or after June 1, 2025, in whole or in part, in such order of maturity as may be determined by the City, at a redemption price equal to 100% of the principal amount redeemed, plus accrued interest to the date fixed for redemption.

Purpose: The Series 2015A Bonds are comprised of a new money portion (the "Series 2015A Improvement Bonds") and a refunding portion (the "Series 2015A Refunding Bonds").

(i) Proceeds derived from the sale of the Series 2015A Improvement Bonds described herein will be used to make various improvements throughout the City including, but not limited to:

(a) widening, opening, extending, realigning, grading, repaving, resurfacing, constructing sewers and drains or otherwise rehabilitating and improving streets, roads, thoroughfares, avenues, expressways. sidewalks, plazas and other public ways; purchasing and/or installing street lights and equipment and boulevard lights, (collectively, the "Street Improvement Project");

(b) public building improvements including acquiring real estate or interests in same, constructing, rehabilitating and equipping public buildings and other structures (collectively, the "Buildings Improvement Project");

(c) purchasing motor vehicles, acquiring and improving City-wide communication system components and related improvements, computer related system upgrades and components and other necessary equipment;

(d) park improvements including acquiring real estate or interests in same, for parks, parkways, playgrounds and recreation centers, improving and equipping such real estate and also rehabilitating existing parks, parkways, playgrounds and recreation centers;

(e) various improvements associated with public building improvements including acquiring real estate or interests in same, constructing, rehabilitating and equipping public buildings and other structures (collectively, the "Linn Street Facility Project");

(f) paying a portion of the City's share of the costs associated with the construction of a new parking garage in the Corryville Neighborhood Business District of Cincinnati, such bonds designated as Economic Development Revenue Bonds (VP3 Parking Garage) (the "Corryville Neighborhood Business District Project");

(g) acquiring, installing and servicing energy cost-savings equipment and energy management building improvements for the purpose of achieving energy cost reductions and cost savings within various public buildings (collectively, the "Energy Management Building Improvement Project");

(h) acquiring, installing and servicing energy cost-savings equipment and energy management building improvements for the purpose of achieving energy cost reductions and cost savings at the Duke Energy Convention Center (collectively, the "Duke Energy Convention Center Project");

(i) refunding bond anticipation notes previously issued for the purpose of providing interim financing for all or a portion of the improvements described in items (a) through (h) above; and

(j) reimbursing the City for monies previously spent for improvements including, certain urban redevelopment activities associated with the Streetcar Project including but not limited to, planning and design work, streetcar vehicles, other rolling stock, tracks, electrification system, catenaries, equipment, maintenance and storage facilities, infrastructure improvements and refunding bond anticipation notes previously issued for the purpose of financing such improvements related to the Streetcar Project (collectively, the "Streetcar Project");

(ii) Proceeds derived from the sale of the Series 2015A Refunding Bonds described herein will be used to refund various outstanding general obligation bonds of the City (the "Refunded Tax-Exempt Bonds"), as described in further detail herein under "SECURITIES BEING OFFERED – Authority for Issuance – Series 2015A Bonds" and "USE OF BOND PROCEEDS – Use of Proceeds of the Series 2015A Bonds - *Series 2015A Refunding Bonds*."

Security and Sources of Payment:

General. The Series 2015A Bonds will be unvoted general obligations of the City and will contain a pledge of the full faith and credit of the City for the payment of the principal of and interest on the Series 2015A Bonds when due. The City maintains the ability to levy an ad valorem tax on all real and personal property in the City subject to ad valorem taxation by the City, without limitation as to rate and amount, unless paid from other sources as they are appropriated and available.

Corryville Neighborhood Business District Project. With respect to a portion of the Series 2015A Improvement Bonds, the proceeds of which have been allocated to the financing of the Corryville Neighborhood Business District Project in the amount of $6,000,000 (pursuant to Ordinance Number 0309-2013), the City may also covenant to annually appropriate other taxes and revenues, other than ad valorem property taxes, as specified by the City, in amounts necessary for the prompt payment of the principal of and interest on such portion of the Series 2015A Improvement Bonds.

Energy Management Building Improvement Project. With respect to a portion of the Series 2015A Improvement Bonds, the proceeds of which have been allocated to the financing of the Energy Management Building Improvement Project in the amount of $3,175,000 (pursuant to Ordinance Number 0009-2014, as amended by Ordinance Number 0160-2015), the City may also covenant to annually appropriate other taxes and revenues, other than ad valorem property taxes, including monies related to energy cost savings, as provided in such Ordinance, as specified by the City, for the prompt payment of principal of and interest on such portion of the Series 2015A Improvement Bonds.

Duke Energy Convention Center Project. With respect to a portion of the Series 2015A Improvement Bonds, the proceeds of which have been allocated to the financing of the Duke Energy Convention Center Project in the amount of $1,160,000 (pursuant to Ordinance Number 0290-2014), the City may also covenant to annually appropriate other taxes and revenues, other than ad valorem property taxes, including monies related to energy cost savings, as provided in such Ordinance, as specified by the City, for the prompt payment of principal of and interest on such portion of the Series 2015A Improvement Bonds.

Municipal Income Tax Pledge. With respect to a portion of the Series 2015A Improvement Bonds, the proceeds of which have been allocated to the financing of (i) a portion of the Street Improvement Project in the amount of $4,000,000 (pursuant to Ordinance Number 0125-2014), (ii) a portion of the Buildings Improvement Project in the amount of $3,000,000 (pursuant to Ordinance Number 0127-2014) and (iii) the Linn Street Facility Project in the amount of $7,500,000 (pursuant to Ordinance Number 0015-2015), the City covenants to annually appropriate municipal income taxes in amounts necessary for the prompt payment of the principal of and interest on such portion of the Series 2015A Improvement Bonds.

With respect to a portion of the Series 2015A Refunding Bonds, the proceeds of which have been allocated to the refunding of a portion of (i) the Series 2006B Bonds (as defined herein) (pursuant to Ordinance Numbers 0081-2005, 0217-2005, 0047-2006 and 0048-2005), (ii) the Series 2007B Bonds (as defined herein) (pursuant to Ordinance Numbers 0203-2007, 0204-2007 and 0076-2007), (iii) the Series 2008B Bonds (as defined herein) (pursuant to Ordinance Numbers 0048-2008 and 0046-2008), and (iv) the Series 2009B Bonds (as defined herein) (pursuant to Ordinance Numbers 0047-2009, 0044-2009 and 0070-2009), the City covenants to annually appropriate municipal income taxes in amounts necessary for the prompt payment of the principal of and interest on such portion of the Series 2015A Refunding Bonds.

Pledge of Other City Revenues. With respect to a portion of the Series 2015A Refunding Bonds, the proceeds of which have been allocated to the refunding of a portion of the Series 2005C Bonds (as defined herein) in the amount of $26,670,000 (pursuant to Ordinance Numbers 0021-2000 and 0191-2005), the City may also covenant to annually appropriate other sources of revenue in amounts necessary for the prompt payment of the principal of and interest on such portion of the Series 2015A Refunding Bonds.

Credit Ratings: Moody's Investors Service ("Moody's") and Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. ("Standard & Poor's"), have rated the Series 2015A Bonds "Aa2" (stable outlook) and "AA-" (stable outlook), respectively.

Tax Status: In the opinion of Co-Bond Counsel, under existing law and assuming compliance with certain covenants, interest on the Series 2015A Bonds is excludible from gross income for federal income tax purposes, is not treated as a specific item of tax preference for purposes of the alternative minimum income tax imposed on individuals and corporations under the Internal Revenue Code of 1986, as amended. The City has not designated the Series 2015A Bonds as "qualified tax exempt obligations" within the meaning of Section 265(b)(3) of the Code. Interest on the Series 2015A Bonds may be subject to certain federal income taxes imposed on certain corporations, and certain taxpayers may have certain other adverse federal income tax

consequences as a result of owning the Series 2015A Bonds. The Series 2015A Bonds, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, exchange or other disposition of the Series 2015A Bonds are exempt from the Ohio personal income tax, the net income base of the Ohio corporate franchise tax, the Ohio commercial activity tax, and municipal, school district, and joint economic development district income taxes in Ohio, all subject to the qualifications described herein. See "LEGAL MATTERS – Tax Status-*Tax-Exempt Series 2015 Bonds*" herein.

Legal Opinion: Peck, Shaffer & Williams, a division of Dinsmore & Shohl LLP, Cincinnati, Ohio and Gonzalez, Saggio & Harlan LLP, Cleveland, Ohio

Underwriters: RBC Capital Markets, LLC, KeyBanc Capital Markets Inc., PNC Capital Markets LLC, Rice Financial Products Company

Underwriters' Counsel: Thompson Hine LLP, Cincinnati, Ohio and Forbes, Fields & Associates Co., L.P.A., Cleveland, Ohio

Financial Advisor Davenport & Company LLC

Bond Registrar / Paying Agent: U.S. Bank National Association, Cincinnati, Ohio

Book-Entry System: The Series 2015A Bonds are being issued as fully registered Series 2015A Bonds in book entry form only and book-entry interests therein will be available for purchase in amounts of $5,000 and integral multiples thereof. Owners of book entry interests will not receive physical delivery of bond certificates. The Depository Trust Company ("DTC") or its nominee will receive all payments with respect to the Series 2015A Bonds from the Paying Agent and Registrar. DTC is required by its rules and procedures to remit such payments to its participants for subsequent disbursement to owners of the book entry interests.

Delivery and Payment: It is expected that delivery of the Series 2015A Bonds in definitive form will be made on or about August 20, 2015. The Series 2015A Bonds will be released to the Underwriters against payment in federal funds.

Further Information: Questions concerning the Official Statement should be directed to Reginald E. Zeno, Director of Finance, City Hall, Room 250, 801 Plum Street, Cincinnati, Ohio 45202, telephone: (513) 352-3731, fax: (513) 352-2370 or Roland M. Kooch, Jr., Senior Vice President, Davenport & Company LLC, One James Center, 901 E Cary Street, Suite 2955, Richmond VA, 23219, telephone: (804) 697-2906, fax: (804) 549-4906.

BOND ISSUE SUMMARY FOR SERIES 2015B BONDS

The information contained in this Bond Issue Summary is qualified in its entirety by the entire Official Statement, which should be reviewed in its entirety by potential investors.

Issuer:	City of Cincinnati, Ohio
Issue:	$3,450,000 Unlimited Tax Energy Conservation General Obligation Bonds, Series 2015B (Federally Taxable - Qualified Energy Conservation Bond – Direct Payment to the Issuer) (the "Series 2015B Bonds")
Dated Date:	Date of Delivery
Interest Payment Dates:	Each June 1 and December 1, beginning December 1, 2015
Principal Payment Date:	December 1, 2035
Redemption:	***Ordinary Optional Redemption.*** The Series 2015B Bonds maturing on or after December 1, 2025 are subject to redemption, by and at the sole option of the City, in whole or in part (in increments of $5,000, in such order of maturity as may be determined by the City) on any Business Day (as defined herein), at the Make-Whole Redemption Price (as defined herein), all as further provided herein under "SECURITIES BEING OFFERED – Redemption Prior to Maturity - *Provisions with respect to the Series 2015B Bonds as Qualified Energy Conservation Bonds*").
	Extraordinary Optional Redemption. The Series 2015B Bonds are subject to extraordinary optional redemption prior to maturity, by and at the sole option of the City, in whole or in part (as selected by the City) upon the occurrence of an event resulting in the reduction or cessation of the Qualified Energy Conservation Payments (as defined herein) related to the Series 2015B Bonds on any Business Day at the Make-Whole Redemption Price, with any reduction being measured against the Qualified Energy Conservation Payments in effect at the time of issuance of the Series 2015B Bonds, other than a reduction or cessation that is the result of an act or omission by the City relative to the requirements of the Internal Revenue Code of 1986, as amended (the "Code") and regulations thereunder (as further provided herein under "SECURITIES BEING OFFERED – Redemption Prior to Maturity - *Provisions with respect to the Series 2015B Bonds as Qualified Energy Conservation Bonds*").

Extraordinary Mandatory Redemption. The Series 2015B Bonds are subject to extraordinary mandatory redemption, in whole or in part at a redemption price of 100% of the principal amount to be redeemed, plus accrued interest to the redemption date, if the City fails to expend all of the available project proceeds (as defined in Section 54A of the Code) of the Series 2015B Bonds within the three-year period beginning on the issue date of the Series 2015B Bonds (or, if an extension of the expenditure period has been received by the City from the Secretary of the U.S. Treasury, at the close of the extended period) within ninety 90 days of the end of such period to the extent necessary, in the opinion of nationally recognized bond counsel rendered at the request of the City or pursuant to a final determination by the Internal Revenue Service or court of competent jurisdiction in the United States, to preserve the federal tax status of the Series 2015B Bonds as Qualified Energy Conservation Bonds.

Purpose: Proceeds derived from the sale of the Series 2015B Bonds described herein will be used to refund bond anticipation notes previously issued for the purpose of providing interim financing for the purpose of acquiring, installing and servicing energy cost-savings equipment and energy management building improvements for the purpose of achieving energy cost reductions and cost savings within various public buildings (collectively, the "Qualified Energy Conservation Project").

Security and Sources of Payment: ***General.*** The Series 2015B Bonds will be unvoted general obligations of the City and will contain a pledge of the full faith and credit of the City for the payment of the principal of and interest on the Series 2015B Bonds when due. The City maintains the ability to levy an ad valorem tax on all real and personal property in the City subject to ad valorem taxation by the City, without limitation as to rate and amount, unless paid from other sources as they are appropriated and available.

The Qualified Energy Conservation Payments that the City expects to receive with respect to the Series 2015B Bonds are <u>not</u> pledged for the payment of principal of, interest on or any premium on any of the Series 2015B Bonds.

Pledge of Other City Revenues. The City may also covenant to annually appropriate other taxes and revenues, other than ad valorem property taxes, including monies related to energy cost savings, as provided in Ordinance Numbers 0009-2014, as amended by Ordinance Number 0160-2015, as specified by the City, for the prompt payment of principal of and interest on the Series 2015B Bonds. (See "SECURITIES BEING OFFERED - Series 2015B Bonds as Qualified Energy Conservation Bonds" herein.)

Credit Ratings: Moody's and Standard & Poor's have rated the Series 2015B Bonds "Aa2" (stable outlook) and "AA-" (stable outlook), respectively.

Tax Status:	In the opinion of Co-Bond Counsel, under existing law and assuming compliance with certain covenants, interest on the Series 2015B Bonds is not excludible from gross income for federal income tax purposes. The Series 2015B Bonds, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, exchange or other disposition of the Series 2015B Bonds are exempt from the Ohio personal income tax, the net income base of the Ohio corporate franchise tax, the Ohio commercial activity tax, and municipal, school district, and joint economic development district income taxes in Ohio, all subject to the qualifications described herein. See "LEGAL MATTERS – Tax Status– *Tax-Exempt Series 2015 Bonds*" herein.
Legal Opinion:	Peck, Shaffer & Williams, a division of Dinsmore & Shohl LLP, Cincinnati, Ohio and Gonzalez, Saggio & Harlan LLP, Cleveland, Ohio
Underwriters:	RBC Capital Markets, LLC, KeyBanc Capital Markets Inc., PNC Capital Markets LLC, Rice Financial Products Company
Underwriters' Counsel:	Thompson Hine LLP, Cincinnati, Ohio and Forbes, Fields & Associates Co., L.P.A., Cleveland, Ohio
Financial Advisor	Davenport & Company LLC
Bond Registrar / Paying Agent:	U.S. Bank National Association, Cincinnati, Ohio
Book-Entry System:	The Series 2015B Bonds are being issued as fully registered Series 2015B Bonds in book entry form only and book-entry interests therein will be available for purchase in amounts of $5,000 and integral multiples thereof. Owners of book entry interests will not receive physical delivery of bond certificates. DTC or its nominee will receive all payments with respect to the Series 2015B Bonds from the Paying Agent and Registrar. DTC is required by its rules and procedures to remit such payments to its participants for subsequent disbursement to owners of the book entry interests.
Delivery and Payment:	It is expected that delivery of the Series 2015B Bonds in definitive form will be made on or about August 20, 2015. The Series 2015B Bonds will be released to the Underwriters against payment in federal funds.
Further Information:	Questions concerning the Official Statement should be directed to Reginald E. Zeno, Director of Finance, City Hall, Room 250, 801 Plum Street, Cincinnati, Ohio 45202, telephone: (513) 352-3731, fax: (513) 352-2370 or Roland M. Kooch, Jr., Senior Vice President, Davenport & Company LLC, One James Center, 901 E Cary Street, Suite 2955, Richmond VA, 23219, telephone: (804) 697-2906, fax: (804) 549-4906.

BOND ISSUE SUMMARY FOR SERIES 2015C REFUNDING BONDS

The information contained in this Bond Issue Summary is qualified in its entirety by the entire Official Statement, which should be reviewed in its entirety by potential investors.

Issuer:	City of Cincinnati, Ohio
Issue:	$14,690,000 Unlimited Tax Various Purpose General Obligation Refunding Bonds, Series 2015C (Federally Taxable) (the "Series 2015C Refunding Bonds")

GENERAL COMMENTS

THESE COMMENTS ARE NOT A SUMMARY OF THIS OFFICIAL STATEMENT. THEY ARE A BRIEF DESCRIPTION OF AND GUIDE TO, AND ARE QUALIFIED BY, MORE COMPLETE AND DETAILED INFORMATION CONTAINED IN THE ENTIRE OFFICIAL STATEMENT, INCLUDING THE COVER PAGE AND APPENDICES HERETO. A FULL REVIEW SHOULD BE MADE OF THE ENTIRE OFFICIAL STATEMENT. THE OFFERING OF THE SERIES 2015 BONDS TO POTENTIAL INVESTORS IS MADE ONLY BY MEANS OF THE ENTIRE OFFICIAL STATEMENT.

The purpose of this Official Statement, which includes the cover pages and the appendices hereto, is to provide certain information with respect to the issuance of three series of General Obligation Bonds of the City of Cincinnati, Ohio (the "City"):

(a) $122,530,000 Unlimited Tax Various Purpose General Obligation Improvement and Refunding Bonds, Series 2015A (the "Series 2015A Bonds");

(b) $3,450,000 Unlimited Tax Energy Conservation General Obligation Bonds, Series 2015B (Federally Taxable - Qualified Energy Conservation Bond – Direct Payment to the Issuer) (Additional Municipal Income Tax Pledge) (the "Series 2015B Bonds"); and

(c) $14,690,000 Unlimited Tax Various Purpose General Obligation Refunding Bonds, Series 2015C (Federally Taxable) (the "Series 2015C Refunding Bonds").

The Series 2015A Bonds, the Series 2015B Bonds, and the Series 2015C Refunding Bonds are referred to herein collectively as the "Series 2015 Bonds" in sections with information common to all Series. The Series 2015A Bonds are referred to herein as the "Tax-Exempt Series 2015 Bonds" in sections regarding tax matters. The Series 2015B Bonds and the Series 2015C Refunding Bonds are referred to herein together as the "Taxable Series 2015 Bonds" in sections regarding tax matters.

Disclosure Information

This Official Statement speaks only as of its date, and the information contained herein is subject to change. This Official Statement and continuing disclosure information of the City are intended to be made available through one or more repositories. Copies of the basic documentation relating to the Series 2015 Bonds, including the authorizing ordinances, are available from the City. The City has deemed this Official Statement, dated August 6, 2015, to be final for the purposes of Securities and Exchange Commission Rule 15c2-12(b)(3).

The Issuer

The Series 2015 Bonds are being issued by the City of Cincinnati, a political subdivision of the State of Ohio. The City, which has a population of 296,943 (based on U.S. Census Bureau data for 2010), is the county seat of Hamilton County in southwestern Ohio (see ***Appendix A*** hereto).

Offering and Delivery of the Series 2015 Bonds

The Series 2015 Bonds are offered when, as and if issued and accepted by the Underwriters subject to prior sale and the approval of certain legal matters by Peck, Shaffer & Williams, a division of Dinsmore & Shohl LLP and Gonzalez, Saggio & Harlan LLP. The Series 2015 Bonds will be delivered against payment in federal funds on or about August 20, 2015.

Security and Sources of Payment

General. The Series 2015 Bonds are unvoted general obligation debt of the City. The security for the Series 2015 Bonds is the City's ability to levy an ad valorem tax on all real and personal property in the City subject to ad valorem taxation by the City, without limitation as to rate and amount, unless paid from other sources as they are appropriated and available. (See "SECURITY AND SOURCE OF PAYMENT" herein.)

Additional Sources of Payment. The City covenants to annually appropriate municipal income taxes in amounts necessary for the prompt payment of the principal of and interest on a portion of the Series 2015A Bonds. The City may also covenant to annually appropriate other sources of revenue in amounts necessary for the prompt payment of the principal of and interest on certain other portions of the Series 2015A Bonds, the Series 2015B Bonds and the Series 2015C Refunding Bonds. See "SECURITY AND SOURCE OF PAYMENT – Additional Sources of Payment" herein.

Tax Status

Federal Tax Status.

Tax Exempt Series 2015 Bonds. Under the laws, regulations, rulings, and judicial decisions in effect as of the date hereof, interest on the Tax-Exempt Series 2015 Bonds is excludible from gross income for federal income tax purposes, pursuant to the Internal Revenue Code of 1986, as amended (the "Code"). Furthermore, interest on the Series 2015 Bonds will not be treated as a specific item of tax preference, under Section 57(a)(5) of the Code, in computing the alternative minimum tax for individuals and corporations. In rendering the opinions in this paragraph, Co-Bond Counsel has assumed continuing compliance with certain covenants designed to meet the requirements of Section 103 of the Code. Co-Bond Counsel expresses no other opinion as to the federal tax consequences of purchasing, holding, or disposing of the Tax-Exempt Series 2015 Bonds. The City has <u>not</u> designated the Series 2015 Bonds as "qualified tax-exempt obligations" with respect to certain financial institutions under Section 265 of the Code. See "LEGAL MATTERS – Tax Status– *Tax-Exempt Series 2015 Bonds*" herein.

Taxable Series 2015 Bonds. Under the laws, regulations, rulings, and judicial decisions in effect as of the date hereof, interest on the Taxable Series 2015 Bonds is not excludible from gross income for federal income tax purposes, pursuant to the Code. See "LEGAL MATTERS – Tax Status– *Taxable Series 2015 Bonds*" herein.

Ohio Tax Exemption. Under the laws, regulations, rulings, and judicial decisions in effect as of the date hereof, interest on and any profit made on the sale, exchange, or other disposition of, the Series 2015 Bonds, are exempt from the Ohio personal income tax, the net income base of the Ohio corporate franchise tax, the Ohio commercial activity tax, and municipal, school district, and joint economic development district income taxes in Ohio, all subject to the qualifications described herein.

Forms of Opinions. See ***Appendix C-1*** hereto for the form of the opinion that Co-Bond Counsel proposes to deliver in connection with the Tax-Exempt Series 2015 Bonds and ***Appendix C-2*** hereto for the form of the opinion that Co-Bond Counsel proposes to deliver in connection with the Taxable Series 2015 Bonds.

Additional Information

Additional information concerning this Official Statement, as well as copies of the documentation relating to the Series 2015 Bonds, is available from Reginald E. Zeno, Director of Finance, City Hall, Room 250, 801 Plum Street, Cincinnati, Ohio 45202, (513) 352-3731 or Roland M. Kooch, Jr., Senior Vice President, Davenport & Company LLC, One James Center, 901 E Cary Street, Suite 2955, Richmond VA, 23219, telephone: (804) 697-2906, fax: (804) 549-4906.

SECURITIES BEING OFFERED

Authority for Issuance

Authority for the City to issue bonds emanates from Articles VIII and XVIII of the Constitution of the State of Ohio. Statutory provisions are contained in the Ohio Revised Code, Section 133, Uniform Securities Act. The Series 2015 Bonds, described herein, are lawfully issued in accordance with Article VIII, Section 4 of the City Charter of the City which provides for the levy of ad valorem taxes on all property in the City subject to ad valorem taxes for satisfying principal and interest requirements unless paid from other sources.

Series 2015A Improvement Bonds. On October 9, 2013, January 15, 2014, June 4, 2014, October 15, 2014, January 22, 2015, June 10, 2015 and June 24, 2015 the City Council authorized the issuance of the Series 2015A Improvement Bonds described below. Pursuant to such authorization, the City is proceeding with the sale of the Series 2015A Improvement Bonds, as described in the following table.

Series 2015A Improvement Bonds
(Part 1 of 2)

Series 2015A Refunding Bonds. On June 10, 2015, the City Council adopted Ordinance Number 0159-2015, authorizing the issuance of bonds in an amount not to exceed $95,000,000 and Ordinance Number 0161-2015, authorizing the issuance of bonds in an amount not to exceed $40,000,000, in order to refund all or a portion of the remaining outstanding principal amounts of the following bonds:

(i) A portion in the amount of $26,670,000 of the remaining outstanding principal amount of the City's Police and Fire Pension Refunding Unlimited Tax General Obligation Bonds, Series 2005C, dated July 13, 2005, originally issued in the principal amount of $40,470,000 (the "Refunded Series 2005C Bonds");

(ii) A portion in the amount of $3,020,000 of the remaining outstanding principal amount of the City's Unlimited Tax Various Purpose General Obligation Bonds, Series 2006A, dated June 8, 2006, originally issued in the principal amount of $32,995,000 (the "Refunded Series 2006A Bonds");

(iii) A portion in the amount of $1,155,000 of the remaining outstanding principal amount of the City's Unlimited Tax Various Purpose General Obligation Bonds, Series 2006B (Additional Municipal Income Tax Pledge), dated June 8, 2006, originally issued in the principal amount of $14,195,000 (the "Refunded Series 2006B Bonds");

(iv) A portion in the amount of $5,870,000 of the remaining outstanding principal amount of the City's Unlimited Tax Various Purpose General Obligation Bonds, Series 2007A, dated June 28, 2007, originally issued in the principal amount of $29,500,000 (the "Refunded Series 2007A Bonds");

(v) A portion in the amount of $5,455,000 of the remaining outstanding principal amount of the City's Unlimited Tax Various Purpose General Obligation Bonds, Series 2007B, dated June 28, 2007, originally issued in the principal amount of $21,000,000 (the "Refunded Series 2007B Bonds");

(vi) A portion in the amount of $7,425,000 of the remaining outstanding principal amount of the City's Unlimited Tax Various Purpose General Obligation Bonds, Series 2008A, dated March 27, 2008, originally issued in the principal amount of $34,100,000 (the "Refunded Series 2008A Bonds");

(vii) A portion in the amount of $3,750,000 of the remaining outstanding principal amount of the City's Unlimited Tax Various Purpose General Obligation Bonds, Series 2008B (Additional Municipal Income Tax Pledge), dated March 27, 2008, originally issued in the principal amount of $10,000,000 (the "Refunded Series 2008B Bonds");

(viii) A portion in the amount of $2,920,000 of the remaining outstanding principal amount of the City's Unlimited Tax Various Purpose General Obligation Bonds, Series 2009A, dated July 22, 2009, originally issued in the principal amount of $39,250,000 (the "Refunded Series 2009A Bonds"); and

(ix) A portion in the amount of $2,360,000 of the remaining outstanding principal amount of the City's Unlimited Tax Various Purpose General Obligation Bonds, Series 2009B, (Additional Municipal Income Tax Pledge), dated July 22, 2009, originally issued in the principal amount of $25,000,000 (the "Refunded Series 2009B Bonds" and collectively with the bonds listed in (i) through (viii) above, the "Refunded Tax-Exempt Bonds").

(See "USE OF BOND PROCEEDS – Use of Proceeds of the Series 2015A Bonds – *Series 2015A Refunding Bonds*.)

Pursuant to such authorization, the City is proceeding with the sale of the Series 2015A Refunding Bonds.

Series 2015B Bonds. On January 15, 2014 and June 10, 2015 the City Council authorized the issuance of the Series 2015B Bonds described below. Pursuant to such authorization, the City is proceeding with the sale of the Series 2015B Bonds, as described in the following table.

Series 2015B Bonds

Ordinance #	0009-2014 1/15/2014 Amended by 0160-2015 06/10/2015
Series Name	Public Building Improvement Bonds (Energy Management) *Issued as Qualified Energy Conservation Bonds*
Maturity	20 Years
Amount	$3,450,000
Amortization (Dec. 1)	
2035	$3,450,000
TOTALS	$3,450,000

See "SECURITIES BEING OFFERED – Redemption Prior to Maturity – *Provisions with respect to the Series 2015B Bonds as Qualified Energy Conservation Bonds - Sinking Fund for the Series 2015B Bonds*" for additional information regarding sinking fund payments related to the Series 2015B Bonds.

[Remainder of page intentionally left blank]

Series 2015C Refunding Bonds. On June 10, 2015, the City Council adopted Ordinance Number 0159-2015, authorizing the issuance of bonds in an amount not to exceed $95,000,000 and Ordinance Number 0161-2015, authorizing the issuance of bonds in an amount not to exceed $40,000,000, in order to refund all or a portion of the remaining outstanding principal amounts of the following bonds:

(i) The entire outstanding amount of $4,615,000 of the remaining outstanding principal amount of the City's Unlimited Tax Economic Development Bonds, Series 2004B, (Seventh and Broadway Project) (Taxable) dated May 6, 2004, originally issued in the principal amount of $9,260,000 (the "Refunded Series 2004B Bonds");

(ii) A portion in the amount of $1,930,000 of the remaining outstanding principal amount of the City's Unlimited Tax Economic Development General Obligation Bonds, Series 2006C (Towne/Adams Village A Urban Renewal Project) (Taxable), dated June 8, 2006, originally issued in the principal amount of $2,750,000 (the "Refunded Series 2006C Bonds"); and

(iii) A portion in the amount of $7,240,000 of the remaining outstanding principal amount of the City's Unlimited Tax Various Purpose General Obligation Refunding Bonds, Series 2007C, dated August 23, 2007, originally issued in the principal amount of $52,005,000 (the "Refunded Series 2007C Bonds" and collectively with the Refunded Series 2004B Bonds and the Refunded Series 2006C Bonds, the "Refunded Taxable Bonds").

(See "USE OF BOND PROCEEDS – Use of Proceeds of the Series 2015C Refunding Bonds.")

Consolidation into Single Issue of Bonds. Pursuant to the previous ordinances adopted by the City Council, the Series 2015A Improvement Bonds, the Series 2015A Refunding Bonds, the Series 2015B Bonds, and the Series 2015C Refunding Bonds may be consolidated into a single issue of bonds enabling the City to consolidate all of the individual series listed above.

Description of the Series 2015 Bonds

The Series 2015 Bonds are general obligations of the City. The Series 2015 Bonds will pay interest semi-annually on the first day of June and December beginning December 1, 2015. Interest shall be computed on the basis of a 360-day year consisting of twelve 30-day months. Principal will be payable on the Series 2015 Bonds (either upon scheduled maturity or mandatory redemption) on the first day of December in the years and amounts as provided on the respective cover page hereto for each series, until final maturity. The Series 2015 Bonds shall be issued as fully registered bonds.

The bond registrar and paying agent (the "Paying Agent and Registrar") for the Series 2015 Bonds is U.S. Bank National Association, Cincinnati, Ohio. Legal matters incident to the issuance of the Series 2015 Bonds and with regard to the federal tax status of the interest thereon are subject to the approving legal opinion of Peck, Shaffer & Williams, a division of Dinsmore & Shohl LLP, Cincinnati, Ohio, and Gonzalez, Saggio & Harlan LLP, Cleveland, Ohio, Co-Bond Counsel. The Underwriters for the Series 2015 Bonds are RBC Capital Markets, LLC, KeyBanc Capital Markets Inc., PNC Capital Markets LLC, Rice Financial Products Company, (collectively, the "Underwriters").

Series 2015B Bonds as Qualified Energy Conservation Bonds

The American Recovery and Reinvestment Act of 2009 (the "Recovery Act") and the Hiring Incentives to Restore Employment Act enacted March 18, 2010 (the "HIRE Act") permit state and local governments, such as the City, to obtain certain tax advantages when issuing certain taxable bonds, referred to as "Qualified Energy Conservation Bonds." Qualified Energy Conservation Bonds mean obligations permitted by the Recovery Act and the HIRE Act, (a) 100% of the "available project proceeds" of which shall be used for one or more qualified conservation purposes, (b) which are issued by a state or local government, (c) which are irrevocably designated as Qualified Energy Conservation Bonds by the state or local government pursuant to Section 54D(a)(3) of the Code, (d) which meet all other requirements set forth in Sections 54A and 54D of the Code and, if an election is made, Section 6431(f) of the Code (and federal regulations applicable thereto) and IRS Notices 2010-35 and 2012-44, and (e) the issue price of the obligation does not have more than a de minimis amount of premium over the stated principal amount, as determined under rules similar to the rules of Section 1273(a)(3) of the Code governing original issue discount. Adjustments to the arbitrage rules of Section 148 of the Code and to the federal guarantee provisions of Section 149 of the Code generally applicable to tax-exempt bonds are made for Qualified Energy Conservation Bonds. "Available project proceeds" is defined under Section 54A of the Code as the sum of the (1) excess of the proceeds from the sale of an issue minus the issuance costs financed by the issue, with such issuance costs not allowed to exceed two percent (2%) of the sale proceeds of the issue and (2) investment earnings on the excess computed in (1).

Under the HIRE Act, an issuer of Qualified Energy Conservation Bonds may elect to receive "Qualified Energy Conservation Payments." "Qualified Energy Conservation Payments" mean credit payments permitted pursuant to Section 54A of the Code in conjunction with the irrevocable election of the issuer to receive credit payments directly from the U.S. Treasury, as provided in Section 6431 of the Code in lieu of the federal income tax credit that would otherwise be available to the holders of the related Qualified Energy Conservation Bonds. The amount of a Qualified Energy Conservation Payment related to a Qualified Energy Conservation Bond is the lesser of (a) the amount of interest payable on the bond or (b) 70% of the amount of interest that would have been payable under the bond on its interest payment date if the interest was determined at the applicable credit rate determined under Section 54A(b)(3) of the Code with respect to the bond (see statement below regarding recent reductions due to federal spending cuts). The current applicable credit rate under Section 54A(b)(3) of the Code as of the date of this Official Statement is 4.65%. To receive Qualified Energy Conservation Payments, under the current procedures, an issuer such as the City will be required to file a tax form between 45 and 90 days before the applicable interest payment date for the related Qualified Energy Conservation Bond. An issuer such as the City should expect to receive the Qualified Energy Conservation Payment contemporaneously with the applicable interest payment date. Depending on the timing of the filing, the Qualified Energy Conservation Payment may be received before or after the corresponding interest payment date.

Pursuant to the Budget Control Act of 2011 and the Sequestration Transparency Act of 2012, cuts in certain categories of federal spending were made for the fiscal year ending September 30, 2015, and may be made with respect to future fiscal years. In connection therewith, the Internal Revenue Service has confirmed that refund payments related to refundable credits under Section 6431 of the Code, which includes Qualified Energy Conservation Payments, will be reduced by the fiscal year 2015 sequestration rate of 7.3 percent

for payments processed on or after October 1, 2014 and on or before September 30, 2015. The sequestration reduction rate will be applied unless and until a law is enacted that cancels or otherwise impacts the sequester, at which time the sequestration reduction rate is subject to change.

Pursuant to Ordinance Number 0009-2014, as amended by Ordinance Number 0160-2015, the City has irrevocably designated the Series 2015B Bonds as Qualified Energy Conservation Bonds and has irrevocably elected to receive Qualified Energy Conservation Payments under Section 6431(f) of the Code, in lieu of providing the holders of Series 2015B Bonds with a tax credit with respect to the Series 2015B Bonds. Any Qualified Energy Conservation Payments related to the Series 2015B Bonds will be payable to the City. **THE HOLDERS OF THE SERIES 2015B BONDS WILL NOT BE ENTITLED TO A TAX CREDIT.** The Qualified Energy Conservation Payments will be paid to the City only to the extent that the Series 2015B Bonds remain Qualified Energy Conservation Bonds, which requires the City to comply with certain covenants and to establish certain facts and expectations with respect to the Series 2015B Bonds, the use and investment of proceeds thereof and the use of property financed thereby. Also, Qualified Energy Conservation Payments may be subject to offset against certain amounts that may, for unrelated reasons, be owed by the City to an agency of the United States of America. See also "TAX TREATMENT" herein. The Qualified Energy Conservation Payments that the City expects to receive with respect to the Series 2015B Bonds are not pledged for the payment of principal of, interest on or any premium on any of the Series 2015B Bonds.

Principal

The Series 2015 Bonds will be issued in denominations of $5,000 each or any integral multiple thereof. Principal of the Series 2015 Bonds is payable, without deduction for exchange, collection, or service charges on each principal payment date to the person whose name appears on the bond registration records on the 15th day of the calendar month preceding the principal payment date as the registered holder thereof (initially, Cede & Co., as nominee for The Depository Trust Company ("DTC")). Interest thereon shall be paid, without deduction for any exchange, collection, or service charges, on each interest payment date to the person whose name appears on the bond registration records on the 15th day of the calendar month preceding the interest payment date as the registered holder thereof (initially, Cede & Co., as nominee for DTC).

[Remainder of page intentionally left blank]

Redemption Prior to Maturity

Series 2015A Bonds

Optional Redemption. The Series 2015A Bonds maturing on or after December 1, 2025 are subject to redemption, by and at the sole option of the City, in whole or in part (in increments of $5,000, in such order of maturity as may be determined by the City) at any time on or after June 1, 2025, at a redemption price equal to 100% of the principal amount redeemed, plus accrued interest to the date fixed for redemption,.

Mandatory Sinking Fund Redemption. The Series 2015A Bond which is a Term Bond maturing on December 1, 2040 in the principal amount of $6,500,000, is subject to mandatory sinking fund redemption prior to maturity by lot at a redemption price equal to 100 percent of the principal amount thereof plus accrued interest to the redemption date, from mandatory sinking fund installments which are required to be made in amounts sufficient to redeem such Series 2015A Term Bond on the dates and in the principal amounts shown below:

$6,500,000 Series 2015A Term Bond due December 1, 2040

Redemption Date (December 1)	Principal Amount Subject to Mandatory Redemption
2036	$1,300,000
2037	1,300,000
2038	1,300,000
2039	1,300,000
2040†	1,300,000
TOTAL	$6,500,000

†Maturity

[Remainder of page intentionally left blank]

Provisions with respect to the Series 2015B Bonds as Qualified Energy Conservation Bonds.

Ordinary Optional Redemption with respect to the Series 2015B Bonds. The Series 2015B Bonds maturing on or after December 1, 2025 are subject to redemption, by and at the sole option of the City, in whole or in part (in increments of $5,000, in such order of maturity as may be determined by the City) on any Business Day, at the Make-Whole Redemption Price (as defined below).

Extraordinary Optional Redemption with respect to the Series 2015B Bonds. The Series 2015B Bonds are subject to extraordinary optional redemption prior to maturity, upon the occurrence of an event resulting in the reduction or cessation of the Qualified Energy Conservation Payments (as defined herein) related to the Series 2015B Bonds, by and at the sole option of the City, in whole or in part (in increments of $5,000, in such order of maturity as may be determined by the City) on any Business Day, at the Make-Whole Redemption Price, with any reduction being measured against the Qualified Energy Conservation Payments in effect at the time of issuance of the Series 2015B Bonds, other than a reduction or cessation that is the result of an act or omission by the City relative to the requirements of the Code and regulations thereunder.

For purposes of this section, the terms listed below shall have the following meanings:

"Business Day" means any day other than (i) a Saturday or a Sunday, (ii) a day on which the Paying Agent and Registrar is authorized to close or is not prohibited from closing, by law (including, without limitation, executive orders), and is closed, (iii) any day on which the Federal Reserve Bank of Cleveland is closed, or (iv) a day on which the securities depository is closed.

"Make-Whole Adjustment" means (i) with respect to ordinary optional redemption, 30 basis points or (ii) with respect to extraordinary optional redemption, 100 basis points.

"Make-Whole Redemption Price" means the greater of (i) 100% of the principal amount of a Series 2015B Bond to be redeemed or (ii) the sum of the present value of the remaining scheduled payments of principal and interest to the maturity date of the Series 2015B Bonds to be redeemed (the "Scheduled Redemption Date"), not including any portion of those payments of interest accrued and unpaid as of the date on which such Series 2015B Bond is to be redeemed, discounted to the Scheduled Redemption Date on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the adjusted Treasury Rate plus the Make-Whole Adjustment, plus, in each case, accrued and unpaid interest on such Series 2015B Bond to the Scheduled Redemption Date.

The City will retain an independent accounting firm or an independent financial advisor to determine the Make-Whole Redemption Price and will perform all actions and make all calculations required to determine the Make-Whole Redemption Price. The City may conclusively rely on the calculations of such accounting firm or financial advisor in connection with, and in its determination of, the Make-Whole Redemption Price, and the City will not have

any liability for its reliance. The determination of the Make-Whole Redemption Price by such accounting firm or financial advisor shall be conclusive and binding on the Paying Agent and Registrar, the City and the owners of the Series 2015B Bonds.

"Treasury Rate" means the yield to maturity, as of the redemption date of a Series 2015B Bond (or portion thereof), of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two Business Days prior to delivery of the notice of redemption of such Series 2015B Bond (or portion thereof) (excluding inflation indexed securities) (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from such redemption date to the maturity date of such Series 2015B Bond; provided, however, that if the period from such redemption date to such maturity date is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

Extraordinary Mandatory Redemption for the Series 2015B Bonds. The Series 2015B Bonds are subject to extraordinary mandatory redemption, in whole or in part at a redemption price of 100% of the principal amount to be redeemed, plus accrued interest to the redemption date, if the City fails to expend all of the available project proceeds (as defined in Section 54A of the Code) of the Series 2015B Bonds within the three-year period beginning on the issue date of the Series 2015B Bonds (or, if an extension of the expenditure period has been received by the City from the Secretary of the U.S. Treasury, at the close of the extended period) within ninety 90 days of the end of such period to the extent necessary, in the opinion of nationally recognized bond counsel rendered at the request of the City or pursuant to a final determination by the Internal Revenue Service or court of competent jurisdiction in the United States, to preserve the federal tax status of the Series 2015B Bonds as Qualified Energy Conservation Bonds.

Sinking Fund for the Series 2015B Bonds. The City will establish a sinking fund in connection with the Series 2015B Bonds (the "Series 2015B QECB Sinking Fund"), to be held by the Paying Agent and Registrar. Pursuant to Section 54A(d)(4)(C) of the Code, a sinking fund may be established, provided that the following requirements are satisfied: (a) such fund is funded at a rate not more rapid than equal annual installments; (b) such fund is funded in a manner reasonably expected to result in an amount not greater than an amount necessary to repay the Series 2015B Bonds; and (c) the yield on such fund is not greater than the discount rate determined by the Secretary of the U.S. Treasury under Section 54A(d)(5)(B) of the Code on the sale date of the Series 2015B Bonds, which was 3.08% (the "Permitted Sinking Fund Yield").

The City has covenanted to set aside certain funds each December 1, commencing December 1, 2016 and annually thereafter until the maturity of the Series 2015B Bonds, which when combined with amounts earned pursuant to a Sinking Fund Forward Delivery Agreement, dated on or about the date of delivery of the Series 2015B Bonds, will be applied to the payment of the principal amount of the Series 2015B Bonds at maturity. Pursuant to such Forward Delivery Agreement, the amounts in the Series 2015B QECB Sinking Fund shall be invested with a rate of return which will be less than the Permitted Sinking Fund Yield.

The balance in the Series 2015B QECB Sinking Fund shall equal, but not exceed, the respective mandatory sinking fund balance on the dates listed below:

Date	Mandatory Sinking Fund Balance
December 1, 2016	$ 172,500.00
December 1, 2017	345,000.00
December 1, 2018	517,500.00
December 1, 2019	690,000.00
December 1, 2020	862,500.00
December 1, 2021	1,035,000.00
December 1, 2022	1,207,500.00
December 1, 2023	1,380,000.00
December 1, 2024	1,552,500.00
December 1, 2025	1,725,000.00
December 1, 2026	1,897,500.00
December 1, 2027	2,070,000.00
December 1, 2028	2,242,500.00
December 1, 2029	2,415,000.00
December 1, 2030	2,587,500.00
December 1, 2031	2,760,000.00
December 1, 2032	2,932,500.00
December 1, 2033	3,105,000.00
December 1, 2034	3,277,500.00
December 1, 2035†	3,450,000.00

† Maturity

Series 2015C Refunding Bonds. The Series 2015C Refunding Bonds are not subject to redemption prior to their stated maturity.

Redemption Procedures

Selection of Bonds for Redemption. When partial redemption of any Series 2015A Bonds and/or Series 2015B Bonds is authorized, the Bond Registrar will select such Series 2015A Bonds and/or Series 2015B Bonds or portions thereof by lot within a maturity in such manner as the Bond Registrar may determine, or as directed by the City, provided, however, that the portion of any Series 2015A Bonds and/or Series 2015B Bonds so selected will be in the amount of $5,000 or an integral multiple thereof.

Notice of Redemption. The notice of the call for redemption of any Series 2015A Bonds and/or Series 2015B Bonds shall identify (i) by designation, letters, numbers, or other distinguishing marks the Series 2015A Bonds and/or the Series 2015B Bonds, or portions thereof, to be redeemed, (ii) the redemption price to be paid, (iii) the date fixed for redemption, and (iv) the place or places where the amounts due upon redemption are payable. From and after the specified redemption date and provided that funds are on hand and available for the payment of interest due as of the redemption date, interest on the respective Series 2015A Bonds and/or the Series 2015B Bonds (or portions thereof) called for redemption shall cease to accrue. Such notice shall be sent by registered or certified mail at the address shown in the Series 2015A Bonds and the Series 2015B Bonds registration records not less than 30 days nor more than 60 days prior to the date

of redemption. Failure to receive such notice or any defect therein shall not affect the validity of the proceedings for the redemption of any Series 2015A Bonds and/or the Series 2015B Bonds.

Book-Entry Only System

The Series 2015 Bonds will be issued as Book Entry Only Bonds. The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Series 2015 Bonds. The Series 2015 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered Series 2015 Bond certificate will be issued for each maturity of the same interest rate of the Series 2015 Bonds in the aggregate principal amount of such maturity and will be deposited with DTC. See ***Appendix D*** hereto for further description of DTC.

SECURITY AND SOURCE OF PAYMENT

Unlimited Property Tax

The Series 2015 Bonds are unvoted general obligation debt of the City. The security for the Series 2015 Bonds is the City's ability to levy an ad valorem tax on all real and personal property in the City subject to ad valorem taxation by the City without limitation as to rate and amount unless paid from other sources. (See ***Appendix A*** - "DEBT STRUCTURE - Ad Valorem Tax Base.")

A 1977 decision of the Ohio First District Court of Appeals, which the Supreme Court of Ohio declined to review, upheld the right of the City, in accordance with the City's Charter, to levy property taxes without limitation in excess of the ten-mill limitation contained in Section 5705.02 of the Ohio Revised Code to support its lawfully issued bonds and notes and established that the City's ability to incur debt will be limited only by the arithmetical (percentage) limitations contained in Section 133.05 of the Ohio Revised Code. (See *Appendix A* - "DEBT STRUCTURE - Applicable Debt Limitations" in *Appendix A* hereto.)

Full Faith and Credit

The ordinances authorizing the issuance of the Series 2015 Bonds provide further security by making a general pledge of the full faith and credit of the City for the payment of principal and interest on the Series 2015 Bonds as the same become due. Included in such general pledge are all funds of the City except those specifically limited to another use or prohibited from use for such debt service by the Ohio Constitution or Ohio or Federal laws such as tax levies voted for specific purposes and taxes levied for debt service on specific voted general obligation bond issues.

Additional Sources of Payment

Series 2015A Bonds

Corryville Neighborhood Business District Project. With respect to a portion of the Series 2015A Improvement Bonds, the proceeds of which have been allocated to the financing of the Corryville Neighborhood Business District Project in the amount of $6,000,000 (pursuant to Ordinance Number 0309-2013), the City may also covenant to annually appropriate other taxes and revenues, other than ad valorem property taxes, as specified by the City,-in amounts necessary for the prompt payment of the principal of and interest on such portion of the Series 2015A Improvement Bonds.

Energy Management Building Improvement Project. With respect to a portion of the Series 2015A Improvement Bonds, the proceeds of which have been allocated to the financing of the Energy Management Building Improvement Project in the amount of $3,175,000 (pursuant to Ordinance Number 0009-2014 as amended by Ordinance Number 0160-2015), the City may also covenant to annually appropriate other taxes and revenues, other than ad valorem property taxes, including monies related to energy cost savings, as specified by the City, for the prompt payment of principal of and interest on such portion of the Series 2015A Improvement Bonds.

Duke Energy Convention Center Project. With respect to a portion of the Series 2015A Improvement Bonds, the proceeds of which have been allocated to the financing of the Duke Energy Convention Center Project in the amount of $1,160,000 (pursuant to Ordinance Number 0290-2014), the City may also covenant to annually appropriate other taxes and revenues, other than ad valorem property taxes, including monies related to energy cost savings, as provided in such Ordinance, as specified by the City, for the prompt payment of principal of and interest on such portion of the Series 2015A Improvement Bonds.

Municipal Income Tax Pledge. With respect to a portion of the Series 2015A Improvement Bonds, the proceeds of which have been allocated to the financing of (i) a portion of the Street Improvement Project in the amount of $4,000,000 (pursuant to Ordinance Number 0125-2014), (ii) a portion of the Buildings Improvement Project in the amount of $3,000,000 (pursuant to Ordinance Number 0127-2014) and (iii) the Linn Street Facility Project in the amount of $7,500,000 (pursuant to Ordinance Number 0015-2015), the City covenants to annually appropriate municipal income taxes in amounts necessary for the prompt payment of the principal of and interest on such portion of the Series 2015A Bonds.

With respect to a portion of the Series 2015A Refunding Bonds, the proceeds of which have been allocated to the refunding of a portion of (i) the Series 2006B Bonds (as defined herein) in the amount of $1,155,000 (pursuant to Ordinance Numbers 0081-2005, 0217-2005, 0047-2006 and 0048-2005), (ii) the Series 2007B Bonds (as defined herein) in the amount of $5,455,000 (pursuant to Ordinance Numbers 0203-2007, 0204-2007 and 0076-2007), (iii) the Series 2008B Bonds (as defined herein) in the amount of $3,750,000 (pursuant to Ordinance Numbers 0048-2008 and 0046-2008), and (iv) the Series 2009B Bonds in the amount of $2,360,000 (as defined herein) (pursuant to Ordinance Numbers 0047-2009, 0044-2009 and 0070-2009), the City covenants to annually appropriate

municipal income taxes in amounts necessary for the prompt payment of the principal of and interest on such portion of the Series 2015A Refunding Bonds.

Pledge of Other City Revenues. With respect to a portion of the Series 2015A Refunding Bonds, the proceeds of which have been allocated to the refunding of a portion of the Series 2005C Bonds (as defined herein) in the amount of $26,670,000 (pursuant to Ordinance Numbers 0021-2000 and 0191-2005), the City may also covenant to annually appropriate other sources of revenue in amounts necessary for the prompt payment of the principal of and interest on such portion of the Series 2015A Refunding Bonds.

Series 2015B Bonds. The City may also covenant to appropriate other taxes and revenues, other than ad valorem property taxes, including monies related to energy cost savings, as provided in Ordinance Number 0009-2014, as amended by Ordinance Number 0160-2015, as specified by the City, for the prompt payment of principal of and interest on the Series 2015B Bonds.

The Qualified Energy Conservation Payments that the City expects to receive with respect to the Series 2015B Bonds are not pledged for the payment of principal of, interest on or any premium on any of the Series 2015B Bonds.

Series 2015C Refunding Bonds. With respect to a portion of the Series 2015C Refunding Bonds, the proceeds of which have been allocated to the refunding of a portion of (i) the Series 2004B Bonds (as defined herein) in the amount of $4,615,000 (pursuant to Ordinance Number 0108-2004), and (ii) the Series 2006C Refunding Bonds (as defined herein) in the amount of $1,930,000 (pursuant to Ordinance Number 0286-2005), the City may covenant to annually appropriate other Revenues (as defined in each respective authorizing ordinance), other than ad valorem property taxes, as specified by the City, in amounts necessary for the prompt payment of the principal of and interest on such portion of the Series 2015C Refunding Bonds.

Payments

Principal and semi-annual interest on the Series 2015 Bonds will be paid to the Registrar. So long as DTC or its nominee, Cede & Co., is the bondholder, such payments will be made to Cede & Co., which in turn will remit such payments to the DTC Direct Participants (as defined in ***Appendix D*** hereto) and DTC Indirect Participants (as defined in ***Appendix D*** hereto) for subsequent disbursement to the Beneficial Owners (as defined in ***Appendix D*** hereto) of the Series 2015 Bonds. Interest will be payable on December 1, 2015 and semiannually thereafter on each June 1 and December 1 until final maturity. Principal will be payable annually on the Series 2015 Bonds (either upon scheduled maturity or mandatory redemption) on the first day of December in the years and amounts as provided on the inside cover page hereof for each series, until final maturity. Upon receipt of principal or interest payments, DTC's current practice is to credit immediately the accounts of Participants (as defined in ***Appendix D*** hereto) in accordance with their respective positions as shown on DTC's records.

USE OF BOND PROCEEDS

Use of Proceeds of the Series 2015A Bonds

Series 2015A Improvement Bonds. The proceeds of the Series 2015A Improvement Bonds are being issued for the purpose of providing funds in the following amounts and for the following projects:

(a) **$8,355,000 Street Improvement Bonds, Series A, Maturing December 1, 2035:** Proceeds to be used for street improvements including widening, opening, extending, realigning, grading, repaving, resurfacing, constructing sewers and drains or otherwise rehabilitating and improving streets, roads, thoroughfares, avenues, expressways, sidewalks, plazas and other public ways; purchasing and/or installing street lights and equipment and boulevard lights; refunding related bond anticipation notes in the principal amount of $8,030,000; and paying legal advertising, printing and all expenses incidental to said improvements. Such Street Improvement Bonds, Series A will be issued as Series 2015A Bonds.

(b) **$1,920,000 Public Buildings Improvement Bonds, Series A, Maturing December 1, 2030:** Proceeds to be used for acquiring real estate or interests in same, constructing, rehabilitating and equipping public buildings and other structures; refunding related bond anticipation notes in the principal amount of $247,650; and paying legal, advertising, printing and all expenses incidental to said improvements. Such Public Buildings Improvement Bonds, Series A will be issued as Series 2015A Bonds.

(c) **$4,725,000 Equipment Improvement Bonds, Maturing December 1, 2020:** Proceeds to be used for purchasing motor vehicles, acquiring and improving City-wide communication system components and related improvements, computer related system upgrades and components and other necessary equipment; refunding related bond anticipation notes in the principal amount of $4,406,430; and paying legal, advertising, printing and all expenses incidental to said improvements. Such Equipment Improvement Bonds will be issued as Series 2015A Bonds.

(d) **$4,000,000 Parks and Recreation Improvement Bonds, Maturing December 1, 2030:** Proceeds to be used for the refunding of bond anticipation notes in the principal amount of $4,000,000, the proceeds of which were used for park improvements including acquiring real estate or interests in same, for parks, parkways, playgrounds and recreation centers, improving and equipping such real estate and also rehabilitating existing parks, parkways, playgrounds and recreation centers, and paying legal, advertising, printing and all expenses incidental to said improvements. Such Parks and Recreation Improvement Bonds will be issued as Series 2015A Bonds.

(e) **$4,000,000 Street Improvement Bonds, Maturing December 1, 2035:** Proceeds to be used for the refunding of bond anticipation notes in the principal amount of $4,000,000, the proceeds of which were used for widening, opening, extending, realigning, grading, repaving, resurfacing, constructing sewers and drains or otherwise rehabilitating and improving streets, roads, thoroughfares, avenues, expressways. sidewalks, plazas and other public ways; purchasing and/or installing street lights and equipment and boulevard lights, and paying legal, advertising, printing, and all expenses

incidental to said improvements. Such Street Improvement Bonds will be issued as Series 2015A Bonds.

(f) **$3,000,000 Public Building Improvement Bonds, Maturing December 1, 2030:** Proceeds to be used for acquiring real estate or interests in same, constructing, rehabilitating and equipping public buildings and other structures and paying legal, advertising, printing and all expenses incidental to said improvements. Such Public Buildings Improvement Bonds will be issued as Series 2015A Bonds.

(g) **$7,500,000 Public Building Improvement Bonds (Linn Street Facility), Maturing December 1, 2040:** Proceeds to be used for the refunding of bond anticipation notes in the principal amount of $7,500,000, the proceeds of which were used for various improvements associated with public building improvements including acquiring real estate or interests in same, constructing, rehabilitating and equipping public buildings and other structures (collectively, the "Linn Street Facility Project") and paying legal, advertising, printing, and all expenses incidental to said improvements. Such Public Buildings Improvement Bonds (Linn Street Facility) will be issued as Series 2015A Bonds.

(h) **$6,000,000 Economic Development Revenue Bonds (VP3 Parking Garage), Maturing December 1, 2035:** Proceeds to be used for the refunding of bond anticipation notes in the principal amount of $6,000,000, the proceeds of which were used for paying a portion of the City's share of the costs associated with the construction of a new parking garage in the Corryville Neighborhood Business District of Cincinnati and paying legal, advertising, printing, and all expenses incidental to said improvements. Such Economic Development Revenue Bonds (VP3 Parking Garage) will be issued as Series 2015A Bonds.

(i) **$3,175,000 Public Building Improvement Bonds (Energy Management Building Project), Maturing December 1, 2035:** Proceeds to be used for the refunding of a portion in the principal amount of $3,175,000 of bond anticipation notes (issued in the total principal amount of $3,550,000), the proceeds of which were used for acquiring, installing and servicing energy cost-savings equipment and energy management building improvements for the purpose of achieving energy cost reductions and cost savings within various public buildings and paying legal advertising, printing and all expenses incidental to said improvements. Such Public Building Improvement Bonds (Energy Management Building Project) will be issued as Series 2015A Bonds.

(j) **$1,160,000 Public Building Improvement Bonds, Maturing December 1, 2035:** Proceeds to be used for the refunding of bond anticipation notes in the principal amount of $1,160,000, the proceeds of which were used for purchasing, installing and servicing energy cost savings equipment and related equipment within the Duke Energy Convention Center and to provide other services for the purpose of achieving energy cost reductions within the Duke Energy Convention Center and paying legal advertising, printing and all expenses incidental to said improvements. Such Public Building Improvement Bonds will be issued as Series 2015A Bonds.

(k) **$25,000,000 Urban Redevelopment Bonds (Streetcar System), Maturing December 1, 2040**: Proceeds to be used for reimbursing the City for monies previously spent for improvements including, certain urban redevelopment activities

associated with the Streetcar Project including but not limited to, planning and design work, streetcar vehicles, other rolling stock, tracks, electrification system, catenaries, equipment, maintenance and storage facilities, infrastructure improvements and refunding bond anticipation notes previously issued for the purpose of financing such improvements related to the Streetcar Project (collectively, the "Streetcar Project"), and paying legal advertising, printing and all expenses incidental to said improvements. Such Streetcar System Project Bonds will be issued as Series 2015A Bonds.

Series 2015A Refunding Bonds. The proceeds of the Series 2015A Refunding Bonds will be used for the purpose of (i) refunding the Refunded Tax-Exempt Bonds (detailed below) and (ii) paying legal, advertising, printing, and all expenses incidental to the issuance of the Series 2015A Refunding Bonds.

The net proceeds of the Series 2015A Refunding Bonds will be applied to the refunding of the Refunded Tax-Exempt Bonds, with the result that the Refunded Tax-Exempt Bonds will be deemed to be paid and no longer outstanding.

Refunded Series 2005C Bonds[1]

Bond Series	Maturity Date (Dec. 1)	Interest Rate	Principal Amount to be Refunded	Redemption Date	Redemption Price

[(A)] The Series 2004B Term Bond maturing on December 1, 2020 will be refunded in full. The principal amount to be redeemed represents mandatory sinking fund redemption payments due as follows: (a) the amount of $465,000 due on December 1, 2016, (b) the amount of $465,000 due on December 1, 2017, (c) the amount of $460,000 due on December 1, 2018, (d) the amount of $460,000 due on December 1, 2019, and (e) the amount of $460,000 due on December 1, 2020 (maturity).

[(B)] The Series 2004B Term Bond maturing on December 1, 2024 will be refunded in full. The principal amount to be redeemed represents mandatory sinking fund redemption payments due as follows: (a) the amount of $460,000 due on December 1, 2021, (b) the amount of $460,000 due on December 1, 2022, (c) the amount of $460,000 due on December 1, 2023, and (d) the amount of $460,000 due on December 1, 2024 (maturity).

[Remainder of page intentionally left blank]

[10] Refers to the refunded portion of the City's Unlimited Tax Economic Development Bonds (Seventh and Broadway Project), Series 2004B (Taxable) dated May 6, 2004 and issued in the original principal amount of $9,260,000.

Refunded Series 2006C Bonds[11]

Bond Series	Maturity Date (Dec. 1)	Interest Rate	Principal Amount to be Refunded	Redemption Date	Redemption Price
Serial Bonds					
2006C	2016	5.740%	$ 130,000	12/01/2015	100%
Term Bonds					
2026	2026[(A)]	6.000%	1,800,000	12/01/2015	100%
TOTAL			$1,930,000		

[(A)] The Series 2006C Term Bond maturing on December 1, 2026 will be refunded in full. The principal amount to be redeemed represents mandatory sinking fund redemption payments due as follows: (a) the amount of $135,000 due on December 1, 2017, (b) the amount of $145,000 due on December 1, 2018, (c) the amount of $155,000 due on December 1, 2019, (d) the amount of $165,000 due on December 1, 2020, (e) the amount of $170,000 due on December 1, 2021, (e) the amount of $185,000 due on December 1, 2022, (f) the amount of $195,000 due on December 1, 2023, (g) the amount of $205,000 due on December 1, 2024, (h) the amount of $215,000 due on December 1, 2025, and (h) the amount of $230,000 due on December 1, 2026 (maturity).

Refunded Series 2007C Bonds[12]

Bond Series	Maturity Date (Dec. 1)	Interest Rate	Principal Amount to be Refunded	Redemption Date	Redemption Price
Serial Bonds					
2007C	2019	5.000%	$3,240,000	06/01/2017	100%
2007C	2020	5.000%	3,440,000	06/01/2017	100%
2007C	2021	5.000%	560,000	06/01/2017	100%
TOTAL			$7,240,000		

The net proceeds of the Series 2015C Refunding Bonds will be deposited in an irrevocable escrow account (the "Refunded Taxable Bonds Escrow Account") to be held by an escrow trustee pursuant to an escrow agreement between the City and such escrow trustee (the "Refunded Taxable Bonds Escrow Agreement"). Such proceeds will be used immediately to purchase direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America or other obligations the principal of and interest on which are fully secured by the foregoing in such amounts and maturities, and bearing interest at rates, so as to provide sufficient moneys to pay when due certain maturities of the principal and interest due on the Refunded Taxable Bonds.

[11] Refers to the refunded portion of the City's Unlimited Tax Economic Development General Obligation Bonds, Series 2006C (Towne/Adams Village A Urban Renewal Project) (Taxable) dated June 8, 2006 and issued in the original principal amount of $2,750,000.

[12] Refers to the refunded portion of the City's Unlimited Tax Various Purpose General Obligation Refunding Bonds, Series 2007C, dated August 23, 2007 and issued in the original principal amount of $52,005,000.

SOURCES AND USES OF FUNDS

The following table sets forth the sources and uses of funds by the City in connection with the issuance of the Series 2015 Bonds.

SOURCES	Series 2015A Improvement and Refunding Bonds	Series 2015B Improvement Bonds	Series 2015C Refunding Bonds	TOTAL
Principal Amount	$122,530,000.00	$3,450,000.00	$14,690,000.00	$140,670,000.00
Plus Original Issue Premium	18,085,334.70			18,085,334.70
Less Original Issue Discount	(89,729.40)			(89,729.40)
TOTAL SOURCES:	$140,525,605.30	$3,450,000.00	$14,690,000.00	$158,665,605.30
USES				
Deposit with the City to pay respective Project Costs	$68,835,000.00	$3,411,565.52	N/A	$72,246,565.52
Deposit to the City's Bond Retirement Fund	8,503,485.69			8,503,485.69
Refunding Escrow Deposits	0			
Cash Deposit	953.04	N/A	$ 4,694,386.97	4,695,340.01
Escrow Securities	61,925,174.06	N/A	9,859,756.82	71,784,930.88
Bond Issuance Expenses [1]	1,260,992.51	38,434.48	135,856.21	1,435,283.20
TOTAL USES:	$140,525,605.30	$3,450,000.00	$14,690,000.00	$158,665,605.30

[1] Includes underwriters' discount, printing costs, rating agency fees, legal fees and other issuance costs.

RATINGS

As noted on the cover page of this Official Statement, Moody's Investors Service ("Moody's") and Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. ("Standard & Poor's"), have assigned ratings to the Series 2015 Bonds of "Aa2" (stable outlook) and " AA-" (stable outlook), respectively. Such ratings reflect only the respective views of such organizations and an explanation of the significance of such ratings may be obtained from the rating agency furnishing the same.

The City has supplied and expects to provide the rating agencies with additional information that may not be included herein. The City can provide no assurance that the ratings accorded the Series 2015 Bonds will continue for any given period of time or that the ratings will not be revised upward, downward, or withdrawn entirely by either or both rating agencies, if, in the judgment of either or both organizations, circumstances so warrant. Any downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Series 2015 Bonds.

[Remainder of page intentionally left blank]

UNDERWRITING

The Underwriters have agreed, subject to certain conditions, to purchase the Series 2015 Bonds from the City as follows:

(a) The Series 2015A Bonds at a purchase price of $139,964,625.88, which is equal to the par amount of the Series 2015A Bonds of $122,530,000.00, plus net premium of $17,995,605.30, less underwriters' discount of $560,979.42. The net amount received by the City will be $139,264,612.79, which is equal to the purchase price of $139,964,625.88, less $700,013.09, representing the costs of issuance to be retained by the Underwriters to be paid on behalf of the City. Excess premium in the amount of $8,503,485.69 shall be deposited into the City's bond retirement fund;

(b) The Series 2015B Bonds from the City at a purchase price of $3,431,236.78, which is equal to the par amount of the Series 2015B Bonds of $3,450,000.00, less underwriters' discount of $18,763.22. The net amount received by the City will be $3,411,565.52, which is equal to the purchase price of $3,431,236.78, less $19,671.26, representing the costs of issuance to be retained by the Underwriters to be paid on behalf of the City; and

(c) The Series 2015C Refunding Bonds from the City at a purchase price of $14,639,854.22, which is equal to the par amount of the Series 2015C Refunding Bonds of $14,690,000.00, less underwriters' discount of $50,145.78. The net amount received by the City will be $14,554,143.79, which is equal to the purchase price of $14,639,854.22, less $85,710.43, representing the costs of issuance to be retained by the Underwriters to be paid on behalf of the City.

The Underwriters are obligated to purchase all of the Series 2015 Bonds, pursuant to the Bond Purchase Agreement, dated August 6, 2015. The Series 2015 Bonds may be offered and sold by the Underwriters to certain dealers at prices lower than the public offering price, and the public offering price may be changed from time to time.

The Underwriters and their respective affiliates are full-service financial institutions engaged in various activities that may include securities trading, commercial and investment banking, municipal advisory, brokerage, and asset management. In the ordinary course of business, the Underwriters and their respective affiliates may actively trade debt and, if applicable, equity securities (or related derivative securities) and provide financial instruments (which may include bank loans, credit support or interest rate swaps). The Underwriters and their respective affiliates may engage in transactions for their own accounts involving the securities and instruments made the subject of this securities offering or other offering of the Issuer. The Underwriters and their respective affiliates may make a market in credit default swaps with respect to municipal securities in the future. The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and publish independent research views in respect of this securities offering or other offerings of the Issuer.

LITIGATION

To the knowledge of the City no litigation, administrative action or proceeding is pending or threatened, restraining or enjoining, or seeking to restrain or enjoin, the validity, issuance and delivery of the Series 2015 Bonds.

The City is a party to numerous legal proceedings. Although none of these legal proceedings relate directly to the Series 2015 Bonds or the security therefor, some involve claims against the City for substantial amounts. While the ultimate disposition of these pending legal proceedings cannot be determined at this time, it is the opinion of the City Solicitor that the pending legal proceedings will not have a material adverse effect on the Series 2015 Bonds or the security for the Series 2015 Bonds.

On June 22, 2011, the American Federation of State, County and Municipal Employees, AFL-CIO ("AFSCME"), filed suit in the Court of Common Pleas, Hamilton County, Ohio, Civil Division, against the City of Cincinnati, the Cincinnati Retirement System ("CRS"), and others. The lawsuit requests that the Court (i) take the necessary steps to determine the contribution amount owed to CRS by the City, (ii) establish a mechanism for collection of amounts owed to CRS, and (iii) contribute the amounts owed by the City to CRS. In addition, the City is a party to consolidated federal litigation regarding the funding and benefits of the CRS. In 2014, the federal district court judge suspended adversarial litigation and implemented a structured settlement process. In 2015, the process resulted in a proposed class action settlement referred to as the "Cincinnati Pension Collaborative." The settlement has been granted preliminary approval by the federal district court judge. The agreement eliminates the City's obligation to pay a compound cost of living adjustment to its retirees and provides a significant funding infusion to the CRS. The expected actuarial result is a significant decrease in the unfunded liability of the pension fund and a stabilization of the City's annual pension funding requirement. Both the pending state and federal litigations await a class action fairness hearing, followed by final court and appellate approval. The City continues active negotiation and preparation for the final approval hearing and any subsequent appeal. The resolution of the CRS litigations will significantly improve both the health of the City's long term finances and its short term annual budget. The City is optimistic that the ultimate disposition of these proceedings, and the settlement of the lawsuits, and its impact, if any, on the City's finances is now salutary. In the opinion of the City Solicitor, the ultimate resolution of these proceedings will not have a material adverse effect on the Series 2015 Bonds or the security for the Series 2015 Bonds. The City and the adverse parties in these pension lawsuits expect an agreed resolution of the City's pension issues to be entered by the federal court by January 1, 2016. Any appeal of the ultimate resolution of the Cincinnati Pension Collaborative will be vigorously defended, including by the adverse parties in the litigations. The ultimate funding of the CRS remains subject to financial pressures unpredictable to the City Solicitor, but it remains the opinion of the City Solicitor that the resolution of the mediation will not have any material adverse effect on the Series 2015 Bonds or the security thereof. (See ***Appendix A*** - "DESCRIPTION OF THE CITY - Pending Settlement Agreement and Consent Decree with respect to the Cincinnati Retirement System.")

LEGAL MATTERS

Tax Status

Tax-Exempt Series 2015 Bonds

General. In the opinion of Peck, Shaffer & Williams, a division of Dinsmore & Shohl LLP, and Gonzalez, Saggio & Harlan LLP, Co-Bond Counsel ("Co-Bond Counsel") for the Tax-Exempt Series 2015 Bonds, based upon an analysis of existing laws, regulations, rulings and court decisions, interest on the Series 2015A Bonds (the "Tax-Exempt Series 2015 Bonds") will be excludible from gross income for federal income tax purposes. Co-Bond Counsel is also of the opinion that interest on the Tax-Exempt Series 2015 Bonds will not be a specific item of tax preference under Section 57 of the Internal Revenue Code of 1986 (the "Code") for purposes of the federal individual or corporate alternative minimum taxes. Furthermore, Co-Bond Counsel is of the opinion that interest on the Tax-Exempt Series 2015 Bonds and any profit made on the sale, exchange, or other disposition of, the Tax-Exempt Series 2015 Bonds, are exempt from the Ohio personal income tax, the net income base of the Ohio corporate franchise tax, the Ohio commercial activity tax, and municipal, school district, and joint economic development district income taxes in Ohio.

A copy of the opinion of Co-Bond Counsel with respect to the Tax-Exempt Series 2015 Bonds is set forth in ***Appendix C-1***, attached hereto.

The Code imposes various restrictions, conditions, and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Tax-Exempt Series 2015 Bonds. The City has covenanted to comply with certain restrictions designed to ensure that interest on Tax-Exempt Series 2015 Bonds will not be includable in gross income for federal income tax purposes. Failure to comply with these covenants could result in interest on the Tax-Exempt Series 2015 Bonds being includable in income for federal income tax purposes and such inclusion could be required retroactively to the date of issuance of the Tax-Exempt Series 2015 Bonds. The opinion of Co-Bond Counsel assumes compliance with these covenants. However, Co-Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken) or events occurring (or not occurring) after the date of issuance of the Tax-Exempt Series 2015 Bonds may adversely affect the federal tax status of the interest on the Tax-Exempt Series 2015 Bonds.

Certain requirements and procedures contained or referred to in the ordinances authorizing the Tax-Exempt Series 2015 Bonds and other relevant documents may be changed and certain actions (including, without limitation, defeasance of the Tax-Exempt Series 2015 Bonds) may be taken or omitted under the circumstances and subject to the terms and conditions set forth in such documents. Co-Bond Counsel expresses no opinion as to any Tax-Exempt Series 2015 Bonds or the interest thereon if any such change occurs or action is taken or omitted upon the advice or approval of bond counsel other than Peck, Shaffer & Williams, a division of Dinsmore & Shohl LLP and Gonzalez, Saggio & Harlan LLP, Co-Bond Counsel.

Although Co-Bond Counsel is of the opinion that interest on the Tax-Exempt Series 2015 Bonds will be excludible from gross income for federal and Ohio income tax purposes, the ownership or disposition of, or the accrual or receipt of interest on, the Tax-Exempt Series 2015 Bonds may otherwise affect a bondholder's federal, state or local tax liabilities. The nature and extent of these other tax consequences may depend upon the particular federal tax status of the

bondholder or the bondholder's other items of income or deduction. Co-Bond Counsel expresses no opinions regarding any tax consequences other than what is set forth in its opinion and each bondholder or potential bondholder is urged to consult with tax counsel with respect to the effects of purchasing, holding or disposing the Tax-Exempt Series 2015 Bonds on the tax liabilities of the individual or entity.

For example, although Co-Bond Counsel is of the opinion that interest on the Tax-Exempt Series 2015 Bonds will not be a specific item of tax preference for the federal alternative minimum tax, corporations are required to include all tax-exempt interest in determining "adjusted current earnings" under Section 56(c) of the Code, which may increase the amount of any alternative minimum tax owed. Receipt of tax-exempt interest, ownership or disposition of the Tax-Exempt Series 2015 Bonds may result in other collateral federal, state or local tax consequence for certain taxpayers. Such effects include, without limitation, increasing the federal tax liability of certain foreign corporations subject to the branch profits tax imposed by Section 884 of the Code, increasing the federal tax liability of certain insurance companies, under Section 832 of the Code, increasing the federal tax liability and affecting the status of certain S Corporations subject to Sections 1362 and 1375 of the Code, increasing the federal tax liability of certain individual recipients of Social Security or Railroad Retirement benefits, under Section 86 of the Code and limiting the amount of the Earned Income Credit under Section 32 of the Code that might otherwise be available. Ownership of any Tax-Exempt Series 2015 Bonds may also result in the limitation of interest and certain other deductions for financial institutions and other taxpayers, pursuant to Section 265 of the Code. Finally, residence of the holder of Tax-Exempt Series 2015 Bonds in a state other than Ohio or being subject to tax in a state other than Ohio, may result in income or other tax liabilities being imposed by such states or their political subdivisions based on the interest or other income from the Tax-Exempt Series 2015 Bonds.

The City has not designated the Tax-Exempt Series 2015 Bonds as "qualified tax-exempt obligations" under Section 265 of the Code.

Prospective purchasers of the Tax-Exempt Series 2015 Bonds are advised to consult their own tax advisors prior to any purchase of the Tax-Exempt Series 2015 Bonds as to the impact of the Internal Revenue Code, as amended and state tax statutes, upon their acquisition, holding or disposition of the Tax-Exempt Series 2015 Bonds.

Original Issue Premium. "Acquisition Premium" is the excess of the cost of a bond over the stated redemption price of such bond. Any Tax-Exempt Series 2015 Bonds that are being sold at original yield below their interest rate, as shown on the inside cover (collectively, the "Premium Bonds"), are being initially offered and sold to the public with Acquisition Premium. For federal income tax purposes, the amount of Acquisition Premium on the Premium Bonds must be amortized and will reduce the bondholder's adjusted basis in that bond. However, no amount of amortized Acquisition Premium on the Premium Bonds may be deducted in determining bondholder's taxable income for federal income tax purposes. The amount of any Acquisition Premium paid on the Premium Bonds that must be amortized during any period will be based on the "constant yield" method, using the original bondholder's basis in such Premium Bonds and compounding semiannually. This amount is amortized ratably over that semiannual period on a daily basis.

Holders of any Premium Bonds, both original purchasers and any subsequent purchasers, should consult their own tax advisors as to the actual effect of any Acquisition Premium with respect to their own federal income tax situation and as to the treatment of the Acquisition Premium for state tax purposes.

Original Issue Discount. Any Tax-Exempt Series 2015 Bonds that have an original yield above their interest rate, as shown on the inside cover (the "Discount Bonds"), are being initially offered and sold to the public at an original issue discount ("OID") from the amounts payable at maturity thereon. OID is the excess of the stated redemption price of a note at maturity (the face amount) over the "issue price" of such note. The issue price is the initial offering price to the public (other than to bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount of Bonds of the same maturity are sold pursuant to that initial offering. For federal income tax purposes, OID on each Bond will accrue over the respective term of the Bond, and for the Discount Bonds, the amount of accretion will be based on a single rate of interest, compounded semiannually or over a shorter permitted compounding interval selected by the holder (the "yield to maturity"). The amount of OID that accrues during each semi-annual period will do so ratably over that period on a daily basis. With respect to an initial purchaser of a Discount Bond at its issue price, the portion of OID that accrues during the period that such purchaser owns the Discount Bond is added to such purchaser's tax basis for purposes of determining gain or loss at the maturity, redemption, sale or other disposition of that Discount Bond and thus, in practical effect, is treated as stated interest, which is excludable from gross income for federal income tax purposes. A purchaser of a Discount Bond in the initial public offering at the price for that Discount Bond, stated on the inside cover pages of this Official Statement, who holds that Discount Bond to maturity will realize no gain or loss upon the retirement of that Discount Bond.

In addition, OID that accrues in each year to a holder of a Discount Bond is included in the calculation of the distribution requirements of certain regulated investment companies and may result in some of the collateral federal income tax consequences discussed above. Consequently, holders of any Discount Bond should be aware that the accrual of OID in each year may result in an alternative minimum tax liability, additional distribution requirements or other collateral federal income tax consequences although the holder of such Discount Bond has not received cash attributable to such OID in such year.

Legislative Proposals Affecting Tax-Exempt Obligations. Legislation affecting tax-exempt obligations is regularly considered by the United States Congress and may also be considered by the State of Ohio legislature. Court proceedings may also be filed, the outcome of which could modify the tax treatment of obligations such as the Tax-Exempt Series 2015 Bonds. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the Tax-Exempt Series 2015 Bonds will not have an adverse effect on the federal tax status of interest or other income on the Tax-Exempt Series 2015 Bonds or the market value or marketability of the Tax-Exempt Series 2015 Bonds. These adverse effects could result, for example, from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or repeal (or reduction in the benefit) of the exclusion of interest on the Tax-Exempt Series 2015 Bonds from gross income for federal or state income tax purposes for all or certain taxpayers.

Taxable Series 2015 Bonds. In the opinion of Co-Bond Counsel, to be delivered at the time of original issuance of the Series 2015B Bonds and the Series 2015C Refunding Bonds (for purposes of this section, the "Taxable Series 2015 Bonds"), based on analysis of existing laws, regulations, rulings and court decisions, interest on the Taxable Series 2015 Bonds is not excludible from gross income for federal income tax purposes. A copy of the opinion of Co-Bond Counsel with respect to the Taxable Series 2015 Bonds is set forth in ***Appendix C-2***, attached hereto.

Ohio Tax Exemption. Co-Bond Counsel is of the opinion that interest on the Series 2015 Bonds and any profit made on the sale, exchange, or other disposition of, the Series 2015 Bonds, are exempt from the Ohio personal income tax, the net income base of the Ohio corporate franchise tax, the Ohio commercial activity tax, and municipal, school district, and joint economic development district income taxes in Ohio.

Bankruptcy Legislation

Chapter 9 of the Federal Bankruptcy Code contains provisions relating to the adjustment of debts of a state's political subdivisions, public agencies and instrumentalities (each an "eligible entity"), such as the City. Under the Bankruptcy Code and in certain circumstances described therein, an eligible entity may be authorized to initiate Chapter 9 proceedings without prior notice to or consent of its creditors, which proceedings may result in a material and adverse modification or alteration of the rights of its secured and unsecured creditors, including holders of its bonds and notes.

Section 133.36 of the Ohio Revised Code permits a political subdivision, such as the City, for the purpose of enabling such subdivision to take advantage of the provisions of the Bankruptcy Code, and for that purpose only, and upon approval of the State of Ohio Tax Commissioner, to file a petition stating that the subdivision is insolvent or unable to meet its debts as they mature, and that it desires to effect a plan for the composition or readjustment of its debts, and to take such further proceedings as are set forth in the Bankruptcy Code as they relate to such subdivision. The taxing authority of such subdivision may, upon like approval of the State of Ohio Tax Commissioner, refund its outstanding securities, whether matured or unmatured, and exchange refunding bonds for the securities being refunded. In its order approving such refunding, the State of Ohio Tax Commissioner shall fix the maturities of the bonds to be issued, which shall not exceed thirty years. No taxing subdivision is permitted, in availing itself of the provisions of the Bankruptcy Code, to scale down, cut down or reduce the principal sum of its securities except that interest thereon may be reduced in whole or in part.

The Federal Bankruptcy Code and Section 133.36 of the Ohio Revised Code also permit the Hamilton County, Ohio (the "County") to initiate Chapter 9 proceedings, which, because the County collects certain revenues on behalf of the City, particularly ad valorem taxes, may adversely affect the financial condition of the City.

FINANCIAL ADVISOR

Davenport & Company LLC is serving as the financial advisor to the City in connection with the issuance and sale of the Bonds. The financial advisor is not obligated to undertake, and has not undertaken to make, an independent verification or to assume responsibility for the accuracy, completeness, or fairness of the information contained in the Official Statement.

VERIFICATION OF MATHEMATICAL COMPUTATIONS

Causey Demgen Moore P.C., independent certified public accountants and consultants (the "Verification Agent"), will deliver a report dated the date of issuance of the Series 2015 Bonds verifying the accuracy of (i) the mathematical computations of the adequacy of the maturing principal amounts of the applicable permitted investments deposited pursuant to the Escrow Agreement, including the interest income to be realized thereon, to pay interest on the Refunded Bonds as the same becomes due and payable on the interest payment dates prior to their redemption dates, and to pay the redemption price and accrued interest on the redemption date for the Refunded Bonds, and (ii) the mathematical computations supporting the conclusion of Bond Counsel that the Series 2015A Bonds are not "arbitrage bonds" under Sections 103(b)(2) and 148 of the Internal Revenue Code, as amended. Such verifications will be based upon certain information supplied to the Verification Agent by the Underwriters.

INVESTMENT CONSIDERATIONS

The financial condition of the City as well as the market for the Series 2015 Bonds could be affected by a variety of factors, some of which are beyond the City's control. There can be no assurance that adverse events in the State of Ohio and in other jurisdictions of the country, including, for example, the seeking by a municipality or a large ad valorem taxpayer of remedies pursuant to the Federal Bankruptcy Code or otherwise, will not occur which might affect the market price of, and the market for, the Series 2015 Bonds. If a significant default or other financial crisis should occur in the affairs of the State of Ohio or any of its agencies or political subdivisions or in other jurisdictions of the country thereby further impacting the acceptability of obligations issued by borrowers with the State of Ohio, both the ability of the City to arrange for additional borrowings, and the market value of outstanding debt obligations, including the Series 2015 Bonds, could be adversely affected.

The Series 2015 Bonds, like most obligations of state and local governments, are subject to changes in value due to changes in the condition of the municipal bond market or changes in the financial condition of the City.

It is possible under certain market conditions, or if the financial condition of the City should change, that the market price of the Series 2015 Bonds could be adversely affected.

With regard to the risk involved in a lowering of the City's bond rating, see "RATINGS" herein. With regard to creditors' rights, see "LEGAL MATTERS - Bankruptcy Legislation" herein.

With regard to future additional debt issuances by the City, see ***Appendix A*** - "DEBT STRUCTURE - Bonds and Notes Authorized, Outstanding and Unissued."

CLOSING CERTIFICATES

At closing, the City will deliver to the purchaser a complete, certified transcript of proceedings with respect to the Series 2015 Bonds, including or accompanied by the usual closing papers, including the following:

(1) A Signature and No-Litigation Certificate, signed by the officials who sign the Series 2015 Bonds, stating in effect that no litigation is pending or to the knowledge of such officials threatened affecting the Series 2015 Bonds or the security for the Series 2015 Bonds;

(2) A Certificate Respecting Official Statement, stating in effect that the Official Statement, as of both the date of sale and the date of delivery of the Series 2015 Bonds, did not and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements herein, in light of the circumstances under which they were made, not misleading; that there has been no material adverse change in the financial condition or affairs of the City, from that set forth in or contemplated by the Official Statement; that the Preliminary Official Statement with respect to the Series 2015 Bonds was deemed to be "final" by the City as of its date pursuant to Securities and Exchange Commission Rule 15c2-12(b)(1), except for certain information on the cover page thereof, which was omitted in accordance with such Rule and was to be supplied with the final Official Statement, and that the final Official Statement was deemed to be final by the City as of its date pursuant to SEC Rule 15c2-12(b)(3);

(3) A receipt for payment for the Series 2015 Bonds, signed by the City Treasurer; and

(4) A certificate of energy services provider pursuant to the issuance of the Series 2015B Bonds.

CONTINUING DISCLOSURE

Continuing Disclosure Certificate

In accordance with the Securities and Exchange Commission Rule 15c2-12 (the "Rule") and so long as the Series 2015 Bonds are outstanding the City (the "Obligated Person") will covenant pursuant to a Continuing Disclosure Certificate to be dated the date of delivery of the Series 2015 Bonds, to provide certain financial information and operating data (the "Annual Financial Information and Operating Data") and other information necessary to comply with the requirements of Rule 15c-12 of the Securities and Exchange Commission (the "Rule"), and to transmit the same to the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access System ("EMMA"). Each covenant is for the benefit of and is enforceable by the holders of the Series 2015 Bonds. The specific nature of the Annual Financial Information and Operating Data and a listing of events for which notices shall be provided are set forth in ***Appendix E*** – "FORM OF CONTINUING DISCLOSURE CERTIFICATE."

Corrective Action Related to Certain Disclosure Requirements

The City has complied in all material respects with its existing continuing disclosure undertakings under the Rule with respect to its outstanding general obligation bonds during the past five years, but the City notes instances of noncompliance with respect to certain annual financial information and notices filed by the City, which, though submitted on a timely basis, were not properly matched with all required CUSIP numbers. Such filings have been amended to be matched with the required CUSIP numbers, as applicable. The foregoing description of instances of noncompliance by the City with respect to its existing continuing disclosure undertakings should not be construed as an acknowledgment that any such instance was material. The City has reviewed the current requirements of the Rule and adopted procedures to ensure full compliance with the Rule.

Notice of Change in Continuing Disclosure Filing Date

Pursuant to a Voluntary Disclosure Notice filed through EMMA on September 29, 2014, as a result of the recent change in the City's Fiscal Year (see ***Appendix A*** – "DEBT STRUCTURE - Management's Discussion of Operations – *Fiscal Year Change*), the annual audited financial information and operating data required to be filed by the City by September 30 of each year (the "Prior Filing Date") under the continuing disclosure undertakings entered into by the City with respect to its general obligation bonds prior to July 1, 2013, will not be available to the City to file by such Prior Filing Date. From July 1, 2013 and thereafter, the City has filed and will file its audited annual financial information and operating data not later than 270 days after the end of each Fiscal Year ending on the preceding June 30.

APPENDIX A

DESCRIPTION OF THE CITY

Government and History

Cincinnati was founded in 1788, chartered as a village in 1802, and incorporated as a City in 1819. Major revisions to the City Charter were approved by voters in 1926 to provide for home rule and the council-manager form of government.

Population	Census 2010	Census 2000	Census 1990
Cincinnati - City	296,943	331,285	364,040
Hamilton County	802,374	845,303	866,228
Cincinnati PMSA*	2,130,151	1,646,395	1,526,092

Source: Bureau of the Census, U.S. Commerce Department.
*The definition of PMSA from 2000 to 2010 changed to include the counties in italics - Dearborn County, IN, *Franklin County, IN,* Ohio County, IN, Boone County, KY, *Bracken County, KY*, Campbell County, KY, Gallatin County, KY, Grant County, KY, Kenton County, KY, Pendleton County, KY, Brown County, OH, *Butler County, OH*, Clermont County, OH, Hamilton County, OH, and Warren County OH.

Area

Cincinnati	77 square miles
Hamilton County	413 square miles
Metropolitan Area	3,343 square miles

City Council

Effective December 2001, the City of Cincinnati's (the "City") form of government was modified based on a charter amendment approved by the voters in 1999. For the first time in November 2001, the Mayor was chosen through a direct election and the nine-members of City Council were chosen in a separate at-large election. The Mayor is elected to a four-year term and limited to two consecutive four-year terms. In November 2012, citizens voted to have City Council members elected to four-year terms and each member is limited to two consecutive four-year terms. The Mayor presides over the City Council meetings, but is not a member of the City Council. The Mayor has no vote on council legislation but may exercise veto authority, which can be overridden by a vote of six Council members (two-thirds majority). Although the Mayor does not vote on City Council legislation, the Mayor can introduce legislation to the City Council and may call special meetings of the City Council.

The Mayor appoints the City Manager subject to prior approval of the City Council. The Mayor may commence proceedings for the removal of the City Manager but such removal requires City Council approval. The Mayor is responsible for submitting the annual budget estimate prepared by the City Manager to City Council. The Mayor may not amend the budget estimate but may provide the City Council with written comments related to any aspect of the proposed budget. The Mayor retains the authority to declare a time of public emergency and may, with consent of City Council, take command of the police, maintain order, and enforce the law during the period of public emergency.

The following table lists the Mayor and the members of the City Council that were voted into office as of November 5, 2013.[+] All took office as of December 1, 2013. The table below reflects the term each will be serving.

Name	Term
Hon. John Cranley, Mayor	First
Hon. Kevin Flynn	First
Hon. David Mann	First
Hon. Amy Murray	First
Hon. Chris Seelbach	First
Hon. Yvette Simpson[*]	First
Hon. P.G. Sittenfeld[*]	First
Hon. Christopher Smitherman[*]	First
Hon. Charlie Winburn[**]	Second
Hon. Wendell Young[*]	First

[+] Under the new Charter provisions, council member are elected to four-year terms. No person shall hold the office of member of council for a period longer than two successive four-year terms of the council, except that a member of council who was elected to council in November 2011 may be elected to no more than two consecutive four-year terms commencing on December 1, 2013 unless such election would permit the member of council to serve on council for a period longer than ten consecutive years.
[*] First elected in November 2011.
[**] First elected in November 2009.

Administrative Officers

Name	Position
Harry Black	City Manager
John Juech	Assistant City Manager
Sheila Hill-Christian	Assistant City Manager
Reginald E. Zeno	Finance Director
Paula Boggs Muething	City Solicitor

City Manager. Harry Black joined the City's leadership team as City Manager in September 2014. He previously served as Finance Director for the City of Baltimore, and authored *Achieving Economic Development Success: Tools That Work.* Mr. Black also co-founded Global Commerce Solutions, Inc., a government services firm which provided program management and turn-key staff augmentation solutions to various public sector organizations. He also held the position of Deputy Chief Administrative Officer for the City of Richmond, Virginia. Mr. Black holds a Bachelor of Science degree in Public Administration from the Virginia State University and a Masters Degree in Public Administration from the University of Virginia**.** His extensive public service career also includes stints with the New York City Transit Authority, the Port Authority of New York and New Jersey, New York City's Mayor's Office of Contracts and the District of Columbia's City Council. Mr. Black has also served on multiple boards of directors and is a member and chair of the Virginia State University Board of Visitors and a member of the Municipal Bonds for America Executive Committee.

Assistant City Manager. Sheila Hill-Christian joined the City's leadership team as Assistant City Manager on May 18, 2015. She previously served as acting City Manager and Chief Executive Officer for the City of Portland where she was named Deputy City Manager in February 2013. Prior to her two-plus years in Maine, Hill-Christian spent most of her career as a public servant in Richmond, Virginia. In Richmond, Hill-Christian worked for various state and city departments that ranged from Youth and Family Services, Richmond Redevelopment and Housing Authority, Recreation and Parks, as well as the local transit system. She also served as the Executive Director of The Virginia Lottery. Mrs. Hill-Christian holds a Bachelor of Arts from Virginia Commonwealth University and a Masters of Business Administration from Averett University.

Assistant City Manager. John S. Juech has more than ten years' experience in public administration and management. In July 2015, Mr. Juech was appointed an Assistant City Manager and is responsible for implementing City policy, providing administrative direction and support to City agencies, and coordinating the City administration's work with the Mayor and City Council on their legislative agenda. Mr. Juech began his career with the United Nations in 2004. He previously served as Senior Legislative Assistant to Congressman William Delahunt (MA-10) and has also been the Vice President of Policy for Garten Rothkopf, an international advisory firm serving government agencies and business executives. Prior work with the City includes Chief of Staff for Vice Mayor David Mann and Senior Policy Advisor to City Manager Harry Black. Mr. Juech has a Master's Degree of International Relations from Johns Hopkins University, School for Advanced International Studies and a Bachelor of Arts degree in Political Science from Colorado College.

Finance Director. Reginald E. Zeno joined the City's leadership team as Finance Director in late June 2010. He previously served as Finance Director for the City of New Orleans from 2002 to 2010, and held the Chief of Staff and Budget Director positions for the Transit Management of Southeast Louisiana from 2000 to 2002. He also worked for the New Orleans Public Schools from 1980 to 2000 serving in several positions including Interim Chief Financial Officer for several years. He is a member of the Government Finance Officers Association, where he also served as a reviewer for the Distinguished Budget Award Program from 1989 to 1998. Mr. Zeno holds a Bachelor of Science in Business Administration from the University of Louisiana at Lafayette and a Masters of Business Administration from Tulane University**.**

City Solicitor. Paula Boggs Muething was appointed City Solicitor on December 29, 2014. Prior to joining the City she was General Counsel and Vice-President of Community Revitalization of the Port of Greater Cincinnati Development Authority, a county-wide economic development agency. While at the Port Authority she worked on a number of redevelopment initiatives, including operating the Hamilton County Land Reutilization Corporation ("Landbank") on behalf of the Landbank Board. Paula was previously a litigator for the City's Law Department; an associate at Keating, Muething and Klekamp, PLL; and a law clerk for the Honorable James E. Keller of the Kentucky Supreme Court. Paula earned a Juris Doctorate from the University of Cincinnati, College of Law in 2003, where she was a Human Rights Fellow and a member of the Editorial Board of the Law Review. She later studied Community Land Reform Initiatives at the Harvard Kennedy School, Executive Education. She is on the boards of the Greater Ohio Policy Center and the Cincinnati Development Fund.

Major Municipal Services Provided

The City provides the full range of municipal services. The most significant are described in this section.

Fire. The Fire Department has an authorized complement of 841 uniformed employees, with 846 positions filled. The department does not anticipate exceeding the 841 uniformed employees past July 2015. The uniformed employees respond to emergencies including fire suppression, emergency medical services, hazardous materials, weapons of mass destruction, explosive ordnance disposal, technical rescues, and special emergencies to property throughout the City. The department's current emergency response components are located in 26 fire stations that house 26 engine companies, 12 ladder companies, 12 paramedic units, two heavy rescue companies, and an aircraft rescue fire-fighting unit. The department's non–emergency response capabilities include fire prevention, fire code enforcement, public fire education and outreach, fire investigation, environmental crimes investigation, firefighter training, and other essential staff support functions. These administrative functions are housed at four locations.

Police. With an authorized complement of 1,115 uniformed police officers, with 1,030 positions filled, the Police Department provides services to reduce crime, improve public safety, and improve quality of life in the City. The Police Department has successfully implemented Community Problem Oriented Policing (CPOP), an extension of Community Oriented Policing (COP), and uses this program to help solve quality of life and crime problems in neighborhoods and schools.

Public Services. The Department of Public Service maintains streets, bridges, viaducts, and walls in a safe condition, provides for the placement of traffic control devices, curb control, pavement markings, roadway lighting, solid waste collection, street cleaning, green space management, neighborhood improvement programs, community clean-up services, the City's centralized customer services center, fleet services and the management of City facilities. Fleet Services provides all City agencies the automotive equipment necessary to perform their functions. Fleet Services is also responsible for maintaining equipment, providing fuel, and for the timely removal of obsolete and underutilized equipment. This includes 24 hour 7 days per week support services for a 3,200-unit fleet.

Recreation. The City's Department of Recreation provides senior and therapeutic recreation programs, after school programs, summer day camps, and Citywide athletic programs that include individual and team competition for volleyball, baseball, softball, basketball, tennis and touch football at the City's many outdoor recreation facilities.

Parks. The Department of Parks holdings constitute more than 5,000 acres. These holdings consist of 5 regional parks, 70 neighborhood parks, 34 preserves and natural areas, 5 parkways, 65 miles of hiking and bridle trails, 80,000 street trees on 1,000 miles of City streets, 5 nature centers, 18 scenic overlooks, 52 playgrounds, 500 landscaped gardens and over 100 picnic areas.

Health. The Cincinnati Health Department's (CHD) mission is to assist in achieving and sustaining the residents' highest level of health and to assure the provision of public health services that promote health, social well-being and prevention of injury and disease in people and communities throughout the City.

CHD is responsible for the promotion, protection, and maintenance of the public's health. This responsibility is achieved by development and enforcement of health laws, prevention of disease, the development of policies that advance health promotion wellness, disease prevention, education, health equity, social justice and fiscal services. Core programs under the supervision of CHD and the Health Commissioner include:

Technical Resources: Provides professional, technical, and administrative support in the areas of human resources, electronic data processing, fiscal services, and facility management.

Community and Environmental Health Services: Responsible for environmental services, which include food service, solid waste, vector control, animal bites, household sewage, swimming pool inspection, environmental hygiene, nuisance abatement, smoking ban enforcement, and litter patrol. This Division is also responsible for health promotion, including health education and health promotion grants, the Public Employee Assistance Program, and the Lead Risk Assessment Program. Community and Environmental Health Services is also responsible for communicable and infectious disease surveillance; performs health impact assessments and provides all vital records (birth certificates and death certificates) as required by State law.

Population Health and Clinical Services: Provides comprehensive primary health care and dental services for underserved and high-risk populations. This division operates six health centers and a sexually transmitted disease center. This division also provides laboratory, pharmacy, immunization, and nutritional services. Other responsibilities include public health nursing programs that include home health and school health.

School and Adolescent Health: Serves as the chief medical consultant for Cincinnati Public Schools (CPS). Nurses and staff are based in all CPS schools and operate school based health centers that provide a comprehensive range of health promotion, preventative and clinical services that specifically meet the targeted health and wellness challenges of young people in the community.

Maternal and Infant Health Services: Services are provided to predominately women, children and infants of the City and Hamilton County, Ohio ("Hamilton County"). Programs include: Women, Infant and Children (WIC) which is a nutrition education and breastfeeding support program; Maternal/Child Health (MCH) serves prenatal and postpartum women, as well as newborn and pediatric clients; Fetal and Infant Mortality Review (FIMR) is a community process addressing the challenges faced in providing prenatal care; Reproductive Health and Wellness Program (RHWP) provides essential education, counseling and health services (including contraception) to men and women regardless of ability to pay; First Steps works in collaboration with the University of Cincinnati Medical Center and in partnership with other hospitals, community health centers, and home visitation agencies to reduce infant mortality and improve reproductive health and infant vitality.

Enterprise Technology Solutions (ETS). ETS provides information and communications technology to over 20 local governments, law enforcement agencies, and other customers in the southwest Ohio region, including the City and Hamilton County governments. The department provides support to over 5,300 e-mail clients and 6,423 voice lines.

Planning & Buildings. Through enforcement of state and local building and zoning requirements, the City Planning and Buildings Department preserves and promotes public health, safety, quality of life, and economic well-being as related to the built environment. The City Planning and Buildings Department includes the divisions of City Planning and Buildings.

The Buildings Division is responsible for the issuance of licenses and permits, the inspections of all new construction, alterations, additions, as well as related plumbing and mechanical work. The duties of the Buildings Division include the examination of plans to ensure that they comply with the requirements of the Zoning and Building Code and the handling of appeals on building and zoning code

enforcement. The Buildings Division is also responsible for the daily operations of the Business Development and Permits Center.

Department of Trade and Development. In 2015, City Council voted to reorganize the Department of Trade and Development (DTD), which as of July 2015 will be called the Department of Community and Economic Development. The primary functions of the new Department will consist of Housing, Business and Neighborhood Economic Development, Downtown Development, Parking, and Monitoring/Compliance. The reorganized Department will function similarly to the existing DTD, with the exception of the Division of Property Maintenance and Code Enforcement (PMCE) which will be moved to the newly reorganized Building and Inspections Department. The DTD will continue to facilitate the creation of private sector jobs and investment throughout the City by serving as a liaison between the City administration and companies and developers, acquiring and repositioning underutilized property, investing in public improvements that catalyze private investment, and providing tax and financial assistance to select projects and companies.

Enterprise Services. Enterprise Services consists of two divisions: the Duke Energy Convention Center and Parking Facilities. The Duke Energy Convention Center is managed through the City Manager's office and Parking Facilities is managed by the Department of Community and Economic Development.

Duke Energy Convention Center: Duke Energy Convention Center contributes to the economic growth and stability of Cincinnati by providing a facility to host international, national, and regional convention and trade shows, as well as public expositions and other meetings. A total of 639,011 people attended events held at the Convention Center over the course of the 2014 calendar year.

The City has resolved its dispute with the Ohio Tax Commissioner and the Cincinnati Board of Education ("BOE") regarding the taxability of the City's convention center property. The tax commissioner and the BOE claimed that the City must pay real estate taxes for the convention center because the City engages a private management company to conduct its operations and, thus, it is not used for a tax exempt public purpose. In response, the City obtained a specific tax exemption from the Ohio General Assembly in 2012, but the BOE contested the application of the new tax exemption. The City vigorously defended itself against the claims of the tax commissioner and the BOE, and the parties to this dispute eventually recognized that resolution of their claims and all related litigation was in their mutual interest. Under the parties' agreement, the City has agreed to make disputed tax payments for the 2011 tax year, the first year of the dispute. The BOE and tax commissioner, in return, have agreed to terminate all litigation and recognize the convention center's exempt status for so long as the City retains ownership of the convention center. Resolution of the tax exempt status of the convention center relieves the City of any further liability related to this litigation.

Parking Facilities: Provides professional facility management of the City's fourteen parking garages/lots. Parking Facilities, which operates on a financially self-sufficient basis, manages 5,050 on-street and 5,468 off-street parking spaces.

In February 2014, Council passed a motion that the City Administration take steps to terminate a long term lease and modernization agreement which was entered into with the Port of Greater Cincinnati Development Authority in 2013. The City will continue to own and operate the parking system. The City hired five new Parking Enforcement Officers effective May 2014 which resulted in additional on-street parking revenue. Parking revenue will continue to be a source of non-tax revenue to the City. In January of 2015 the City increased operating hours of

the on-street meters an additional four hours Mon-Sat and seven hours on Sundays (in the Central Business District and Over-the Rhine) which will result in additional on-street revenue. In addition, the City is hiring an additional six part-time Parking Enforcement Officers to patrol the extended hours of enforcement in these defined areas.

Water Works. The Greater Cincinnati Water Works (GCWW) provides water and water related services to the entire City, most of Hamilton County and additional service areas in the adjacent Ohio counties of Butler, Warren, and Clermont, and in Boone County, Kentucky (collectively, the "Service Area") . The rapid growth of communities surrounding the existing Service Area, a lack of readily available source water in these areas and the costs associated with building new treatment plants, has presented GCWW with opportunities to provide water service to these regional communities.

GCWW is responsible for the complete administration, operation, maintenance, and capital planning of the water system. The system supplies approximately 50 billion gallons of water a year through 3,144 miles of water mains to more than 241,000 residential and commercial accounts representing nearly 1.1 million consumers. While 90% of total revenue comes from the sale of water, GCWW has also expanded other core services to local communities. These non-water services include stormwater, wastewater, solid waste and yard waste billing, call center operations, lab analysis, professional engineering, monitoring and maintenance services.

On October 26, 2011, the City Council approved joint utility management of the Greater Cincinnati Water Works, Metropolitan Sewer District of Greater Cincinnati and Stormwater Management Utility. On March 28, 2012, the City Manager approved the Joint Utility Management 100 Day Plan. Within the 100 Day Plan, the Transition Core Team comprised of superintendents from the utilities identified sixty-two (62) action items under ten functional areas which will result in rates increasing at lower levels than they would otherwise, improvement in levels of service to customers, cost savings and efficiencies, and increased the City's opportunity to continue to grow as a national leader in water resource management. Task teams worked on the 62 action items and have presented their findings to the executive steering committee of the City. Numerous efficiencies have been identified and are in various stages of implementation.

For business reasons, in June 2015, the City has determined to decouple the Greater Cincinnati Water Works, Metropolitan Sewer District of Greater Cincinnati and Stormwater Management Utility and create a Greater Cincinnati Water Works Shared Services Area Bureau.

Metropolitan Sewer District. The Department of Sewers protects and enhances water quality and the environment by providing safe and efficient wastewater collection and treatment. As set forth in the 1968 Agreement between the City and Hamilton County, the City is responsible for the management and operation of the Metropolitan Sewer District of Greater Cincinnati on behalf of Hamilton County, while Hamilton County is owner of the Sewer District under Chapter 6117 of the Ohio Revised Code. The District's service area encompasses 400 square miles and serves approximately 850,000 residents through a network of 3,000 miles of main line sewers and over 200,000 sewer connections. The District operates a number of treatment plants that collectively treat 200 million gallons of sewage daily.

The Department also manages the City's Stormwater Management Utility. It is responsible for the operation, maintenance, and repair of 350 miles of storm sewers; 30,000 stormwater inlets; 450 intakes; five pump stations, including the 9-billion gallon per-day Barrier Dam Pump Station; and the City's 1.5 mile long floodwall.

Transportation and Engineering. The Department of Transportation provides transportation planning, urban and architectural design, civil engineering, geotechnical expertise, surveying, graphics design, transportation asset management, traffic and airport operation management and control and construction and project management.

Employee Relations

The City employs approximately 6,072 employees, of whom 4,962 are full-time and 1,110 are part-time. The City's 2015 Budget includes funding for 5,910.77 full-time equivalent (FTE) positions. (A FTE position equals 2,080 hours per year.)

There are six (6) unions representing its employees: The American Federation of State, County, and Municipal Employees, the Cincinnati Organized and Dedicated Employees (CODE); the Fraternal Order of Police; the International Association of Fire Fighters; the Building Trades, and the Teamsters.

A summary of the six (6) bargaining units' representation of City employees and the status of the City contracts with each are summarized in the table below.

Summary of City Labor Contracts

Bargaining Unit	Approximate No. of Employees Represented	Contract Effective Date	Contract Termination Date	Contract Wage Increase
AFSCME	1,807	8/18/2013	8/13/2016	3%[1]
CODE	863	3/31/13	3/26/2016	3%[2]
FOP (Non-Supervisors)	786	5/25/2014	5/21/2016	1.5%[3]
FOP(Supervisors)	232	5/25/2014	5/21/2016	1.5%[4]
IAFF	771	5/25/2014	5/21/2016	1.5%[5]
IAFF Asst. Chiefs	4	5/25/2014	5/21/2016	1.5%[6]
Building Trades	36	5/25/2014	07/04/2015[10]	0%[7]
Teamsters	18	10/27/2013	10/22/2016	1%[8]
AFSCME – MW's	112	3/4/12	3/14/2015	TBD[9]
TOTAL	4,629			

[1] Increase was directed in the 2015 Budget and approved by Council while the City and AFSCME remained active in the grievance process. Wage increases were part of an MOU related to monies expected from the parking lease transaction that was expected but that work was not completed. Members received payment in September 2014, retroactive to August 2013. A settlement agreement was reached as well, resulting in an additional 1.5% pay increase to resolve outstanding COLA grievances.
[2] Id
[3] No increase in year 2 of contract.
[4] See footnote 1 above
[5] See footnote 1 above
[6] See footnote 1 above
[7] Per contract extension agreement.
[8] Current contract language provides a 1.5% increase in 2014, a 1% for 2015 and a .5% increase in April 2016.
[9] Wage re-opener in progress. Negotiations began February 2015 and are continuing.
[10] The contract covering the Building Trades Council has been extended while a new contract is being negotiated.

City of Cincinnati Retirement System

General

The Cincinnati Retirement System (the "System") was established in 1931, the first Ohio pension plan for general City employees. The System is governed by an eleven member board of trustees with six members appointed by the Mayor, four members elected by active members and one member elected by retirees. The System is comprised of employees of the City. As of December 31, 2014, there were 2,804 covered full-time employees and 4,319 covered retirees in the System. This represents a 5% decrease in active membership and a 2% decrease in the number of retired members receiving a pension benefit. The current ratio of actives to retirees is 1:1.5, the same as the prior year. The System is financed through contributions from the employees and the employer as well as income earned on investments of the System. The employer contribution rate for 2014 was a blended rate of 18% of covered employee payroll. The employer contribution rate was 22% for the first six months and 14% for the second six months.

On June 4, 2015, the System's actuary presented the December 31, 2014 Annual Valuation of the Retirement System Pension Report and Retiree Health Benefits Report to the System's Board of Trustees. Each report takes into account audited investment results, actual experience of the System, and actuarial assumptions consistent with accepted actuarial principles.

The respective reports note that the market value of assets for the System for the year ended December 31, 2014, net of other receivables and liabilities, remained steady from the previous year at $2.26 billion. The actuarial value of assets was $2.16 billion as of December 31, 2014 compared to $2.10 billion as of December 31, 2013, an increase of 3%. The Annual Valuation reports suggest that employer contributions to the System be set at a rate of 44.31% of payroll for pension and (2.12%) of payroll for retiree health benefits for the calendar year ending December 31, 2014.

The System is 64.3% funded for pension as of December 31, 2014 compared to 63.2% funded as of December 31, 2013, an increase of 1.7%. The System is 119.6% funded for healthcare as of December 31, 2014 compared to 109.1% funded as of December 31, 2013, an increase of 9.6%.

The following table contains information concerning the contributions and other financial data:

	2014	2013	2012	2011
Number of Covered Employees[1]	2,804	2,957	3,017	2,948
Employee Contribution Rate	9.0%	9.0%	8.5%	8.0%
Employee Contributions[2]	$15,691,000	$14,671,000	$14,819,000	$14,171,000
Employer Contribution Rate	18%	20%	18%	17%
Employer Contributions[2]	$33,977,000	$37,192,000	$33,608,000	$31,160,000
Benefits Paid[2]	$195,719,000	$189,548,000	$187,571,000	$197,401,000
Unfunded Actuarial Liability[3]	$689,843,000	$772,987,000	$869,825,000	$713,440,000
Net Assets held in Trust for Benefits[2]	$2,260,573,000	$2,263,609,000	$2,061,896,000	$1,970,286,000

[1]Source: Actuary's report for the applicable year. Count of covered employees does not include part-time and seasonal employees. This group has a de minimis impact on the valuation reports.
[2]Source: Retirement System's audited annual report for the applicable year.
[3] Note: Unfunded actuarial liability as of 12/31/14 represents $805,900,000 for the pension liability and ($116,057,000) for the retiree health care liability.

Pending Settlement Agreement and Consent Decree

In 2011, City Council approved changes to pension benefits for active employees. In recent years the active employees filed multiple suits against the City in response to the pension changes. The retirees joined the litigation in anticipation of adjustments to future cost-of-living-adjustments (COLA's). The City and the adverse parties in the pension litigation agreed to a collaborative mediation in Federal District Court to attempt to reach an agreed resolution of the City's pension issues. Pursuant to Ordinance No. 38-2014, adopted by the City Council on March 19, 2014 (the "Mediation Ordinance"), the City Manager was authorized to negotiate and enter into a global consent decree with respect to the pension litigation. Pursuant to the Mediation Ordinance, the City Manager was directed to negotiate the following, (i) a stabilized employer contribution rate, (ii) the elimination of the current compound COLA to be replaced with a simple COLA not to exceed 3%, and (iii) a prospective suspension of COLAs for a period of time not to exceed 5 years. The City Manager was also authorized to take all necessary steps to make available a portion of the CRS Health Care Trust to stabilize the CRS Pension Trust.

A proposed settlement agreement with a term of 30 years was approved by the parties in April 2015. The agreement successfully includes all of the City's priorities listed above. Specifically these changes include an employer contribution rate of 16.25%, a change in the COLA from a 3% compound to a fixed 3% simple COLA, a three year suspension of COLA payments for current retirees and future retirees upon their retirement date, and approval to transfer at least $200 million from the Retiree Health Care Trust to the Pension Trust. The remaining legal proceedings include notification to covered class members and a court will hold a Fairness Hearing in late September of 2015. Final approval by the court

is expected to happen following the Fairness Hearing and would result in a termination of the pending pension lawsuits. (See "LITIGATION" in the Official Statement).

INDUSTRY AND BUSINESS

Metropolitan Area

The City is located on the Ohio River in Southwestern Ohio near the junction of Ohio, Indiana and Kentucky. According to 2010 United States Census reports, 43% percent of the nation's population, 41% of the nation's purchasing power, 44% of the nation's manufacturing establishments, and 54% of the nation's value added by manufacturing is located within 600 miles of the City. The City's diverse economic base has been and continues to be a source of financial stability for the City. Among its prominent manufacturing groups are transportation equipment, which includes aircraft engines and auto parts; food and kindred products; metal working and general industrial machinery; chemicals; fabricated metal products; printing and publishing.

Several Fortune 500 corporations are headquartered in the City's region, including The Procter & Gamble Company, The Kroger Company, Macy's Inc., Ashland, Inc., Fifth Third Bancorp, Omnicare, Inc., American Financial Group and Western & Southern Financial Group. Over 400 Fortune 500 firms have operations in the Metropolitan Area.

Unemployment Statistics

The following table lists the average annual seasonally adjusted unemployment rates for the State of Ohio and the United States. The average annual unemployment rates for the Cincinnati-Middletown MSA are not seasonally adjusted. The figures are expressed in percentages and represent the ratio of the total unemployed to the total labor force.

	2010	2011	2012	2013	2014	June 2015
Cincinnati-Middletown MSA	9.70%	8.60%	8.60%	7.10%	5.40%	4.60%
State of Ohio	10.10%	8.60%	7.20%	7.30%	5.70%	5.20%
United States	9.60%	8.90%	8.10%	7.40%	6.20%	5.30%

As of June 2015, Hamilton County's unemployment rate of 4.6% was the second lowest unemployment rate among the six major urban counties in Ohio (Cuyahoga, Franklin, Hamilton, Lucas, Montgomery, and Summit).

Exports and Foreign Investment

More than 1,000 Greater Cincinnati companies generated export sales of $21 billion. The City is the 16th largest center of export sales in the United States. Major export products include jet engines, plastics, machinery, computer software, paper, and consumer goods. Foreign firms own more than 400 Greater Cincinnati businesses from Japan, Germany, the United Kingdom, France, and Canada. Most of these subsidiaries have been established in the past decade.

Foreign trade zone status is available in Greater Cincinnati to help firms engaged in international trade by lowering import duty and tax expenses. The two foreign trade zones cover Hamilton, Clermont, and Brown counties in Ohio and Boone County in Kentucky.

Economic Development

Active Central Business District Developments

Cincinnati's Central Business District (CBD). The CBD is a regional office center and home to six Fortune 500 companies and ten Fortune 1000 companies. The CBD office market has been adjusting to the addition of the Great American Tower at Queen City Square, an 800,000 square foot office building that opened in 2011. Office vacancy rates have hovered in the mid-twenties since then, but those rates are expected to decline as a result of several significant announcements over the summer.

Streetcar Project. The City is constructing a 3.6 mile streetcar system connecting the riverfront to Over-the-Rhine (OTR), a neighborhood that is enjoying a renaissance. The Phase 1A route will be serviced by five vehicles operating on embedded rail in shared right-of-way, with 18 station stops and a maintenance facility at the northern end of the route. The City broke ground on the initial utility relocation work in February 2012. In September 2012, CAF USA was selected to build the five streetcar vehicles. In July 2013, the City executed a construction contract with Messer/Prus/Delta Railroad JV (MPD) and construction work began. Construction of the entire Phase 1A system is expected to be complete in March 2016, with fare-based service scheduled to begin in September 2016.

General Electric U.S. Global Operations Center. In the summer of 2014 General Electric announced that it would build its U.S. Global Operations Center at The Banks. It will be one of five such centers in the world. GE will perform functions at the center such as finance and information technology for its myriad business units. 1,800 people will be employed at the operations center.

GE anticipates that the building will be approximately 338,500 square feet and 10 stories. The total private investment is expected to be $90 million. Construction began in fall of 2014 and will be completed in the fall of 2016. It is estimated that 371 people will work on the construction of the building. The company will lease the building for 15 years.

The Economics Center at the University of Cincinnati forecasts that the project will result in $900 million in new economic activity in Cincinnati each year.

Cincinnati Bell Consolidation. Cincinnati Bell will consolidate its operations in 220,000 square feet of existing office space downtown. The consolidation will retain 600 jobs in the City and bring an additional 600 net, new jobs downtown. The company has signed a 15-year lease. The total annual payroll at its headquarters is $100 million.

Huntington Bank Consolidation. Huntington National Bank announced in summer of 2014 that it will consolidate its operations downtown. 108 jobs were retained as a result of this announcement and 45 net, new jobs will move into the City. The total payroll associated with these positions is $15.6 million. The term of the lease is ten years.

580 Building. The 580 building, located at 580 Walnut Street, received a tax exemption for the renovation of the building into a mixed-use development primarily composed of 176 apartments 58,482 sq. ft. of retail and approximately 181,376 sq. ft. of commercial space at an estimated construction cost of $26 million. The project is nearing completion and has converted approximately 300,000 sq. ft. of vacant office space from the downtown market to residential use.

Renaissance Hotel - Bartlett Building. Construction was recently completed and the Renaissance Hotel opened in September 2014. The project achieved LEED Silver Certification and has created 125 permanent full time jobs. The former Bartlett Building, located at 36 East Fourth Street, received a tax exemption for the redevelopment of the building into a 323-room luxury hotel at an estimated construction cost of $33 million.

Built as the Union Trust Building, the 18-story tower stood as Ohio's tallest building for three years and Cincinnati's tallest for 12 years. It was added to the National Register of Historic Places in 2008 and was vacant since 2010.

84.51°. 84.51° (formerly known as dunnhumbyUSA until recently acquired by the Kroger Company) is an international leader in the field of market analysis and brand value for consumer goods and retail companies. The company moved its national headquarters and 103 employees to the City in 2009. In February 2012, the company announced its intention to build a new 200,000 square foot headquarters in downtown Cincinnati at the corner of Fifth and Race. The new office building includes a $52 million, 1,000 space parking garage that opened in November 2014. There will also be an additional 27,000 square feet of commercial and retail space. The company anticipates that it will invest $36 million in the project and it will grow from 450 employees to 1,000 employees over the next five years. The project broke ground in winter 2012 and held its grand opening in May 2015.

7 @ Broadway. 7 @ Broadway is a 111-unit apartment tower located above the City's existing seven story parking garage. The building held its grand opening in April 2015 and is nearly completely leased.

Mabley Place. The former Tower Place Mall has been repurposed into a 775 parking garage known as Mabley Place. The nine million dollar conversion of the garage was completed in the summer of 2014. The complex also includes a 2,400 square foot Domino's Pizza store, with dine-in eating. This is the first Dominos Pizza to locate in Downtown.

Former Enquirer Building. The 246,000 square foot former Cincinnati Enquirer Building has been renovated by SREE Hotels into a Hampton Inn and Homewood Suites. The hotels opened in April 2015 and combined, have a total of 243 rooms. Total private investment in the project will be about $27 million. The historic building has now been constructed to be Leadership in Energy & Environmental Design (LEED) certified, and employs 35 FTEs.

Holiday Inn at 7th and Broadway. Ground breaking took place in November 2014 for a new 115 suite Holiday Inn. The $11.5 million, six story facility will be Cincinnati's first downtown hotel newly constructed in 30 years. The hotel will include an indoor pool, fitness room, room service, as well as conference and banquet space. The hotel will create 35-40 new FTEs. The hotel is expected to open in summer 2016.

Active Citywide Major Developments

Oakley Station. A 74-acre redevelopment of abandoned industrial space in one of the City's most rapidly appreciating neighborhoods, Oakley Station is anticipated to be an 855,000 square foot mixed-use development containing retail, entertainment, office and residential components. The total cost of the project is estimated to be $120 million. The developer anticipates that at full build-out, over 1,700 people will work on the site and the City estimates that those employees will generate nearly $800,000 in earnings tax each year. The City is assisted the project in three ways: 1) provided up to $9.9 million in tax increment financing for roadway improvements; 2) secured a $3.3 million in Clean Ohio grants for environmental remediation; 3) completed a major roadway improvement, the Kennedy Connector. In 2011, the developer completed above-grade environmental remediation and demolition. Work public roadway and utility improvements were completed in 2013. The City and Developer have worked on the acceptance of the roadway by the City and receipt of a Covenant Not to Sue (CNS) in 2014.

The Gantry. Milhaus Development has purchased vacant City-owned property at Hamilton Avenue and Blue Rock Road as well as other underutilized property nearby in Northside. The company has begun construction of a mixed-use development with approximately 130 apartments and 8,000 sq. ft. of commercial space. The developer is also rehabbing a historic former railroad depot building which will become the home of local business Wire & Twine. In total, the development represents about $13 million in private investment. The City has also committed about $400,000 to improving public infrastructure adjacent to the property for the neighborhood's enjoyment. Gantry will be completed in late 2015.

Innotech Products, Ltd. Innotech Products, Ltd. has committed to invest in new building improvements located in the Pleasant Ridge neighborhood. Innotech is a manufacturing and distribution company located in the City of Forest Park. The company specializes in the research, development, manufacturing, packaging and marketing of: (1) portable, electrochemical heaters; (2) self-heating, shelf-stable, packaged food and beverage products; and, (3) chemical-biological detection and defense products. Innotech will consolidate their operations and move the entire company into the City. The new jobs to the City will include administration, sales, marketing, warehouse, and packaging.

Eurostampa North America. Eurostampa North America is headquartered in Roselawn. The parent company, founded in Italy in 1966, is a family-owned company that prints high-tech, high-quality labels for consumer products. In particular, the company specializes in producing labels for food and beverage containers, including many well-known brands sold throughout the world. The 2011 launch of its state-of-the-art North American headquarters has proven very successful.

Eurostampa's success and rapid growth required them to recently construct an addition to the existing facility at an estimated cost of $4 million. The project nearly doubled the building square footage, allowing the company to grow its employment beyond its commitment to the City of 149 local jobs. The current number of positions is now 184.

Cincinnati Children's Hospital Medical Center. Construction on a new 1.4 million square foot research facility commenced in 2012. The project will give Children's Hospital the largest pediatric research facility in the country. The new tower will cost $180 million, with no financial assistance from the City. The 15-story tower will add 425,000 square feet to the Burnet Avenue campus, creating enough space for Children's to hire up to 100 new research faculty over the next five years. The hospital plans to raise about $54 million from private donations and pay for the rest of the tower with operating earnings, reserves and investment income. The research tower is scheduled for completion by summer 2015.

Expansion of Meyer Tool, Inc. Meyer Tool, Inc. will invest $2 million in a new 30,000 square foot facility and expand its existing facility at 3055 Colerain Avenue in Camp Washington. The company will create 50 full time employee positions and retain 586 employee positions. The expansion will allow Meyer Tool, Inc. to handle increased work volume over the next few years. Completion of the expansion is scheduled for 2015.

American Bottling Company – Dr. Pepper/Snapple. Construction has begun on a new 64,000 distribution and warehouse facility for Dr. Pepper/Snapple. The new four million dollar facility will be the regional distribution facility for Southwest Ohio. The company has agreed to maintain a minimum of 100 jobs and a $4.3 million payroll at the new building in Bond Hill for a minimum of 10 years. The City offered a tax abatement on the new building of 85% for 10 years and a $300,000 public infrastructure grant to accommodate road access for the new facility.

Expansion of Integra LifeSciences. Integra LifeSciences, a medical device manufacturing company, selected its Cincinnati location for expansion after the City funded the $120,000 demolition of an adjacent building to create additional parking for the company. The company had approximately 160 employees in Cincinnati before the expansion and expects to top 300 once the expansion is completed.

University Station – Formerly known as Xavier Square, this development consists of two phases – the first largely in Norwood, and the second largely in Cincinnati. The $54 million first phase, which consists of apartments, retail, and office space, has been substantially completed as of fall 2014. Most of the space has been leased and some is already occupied. A speculative restaurant pad has been completed on the Cincinnati side of the corporation line, and a second phase of approximately 120,000 square feet of office space is anticipated to begin on the Cincinnati side along Dana Avenue once tenant(s) are committed. The next phase is anticipated to start in 2016.

Mercy Health (formerly Catholic Health Partners) – Mercy Health, the largest health care organization in Ohio and formerly known as Catholic Health Partners, has committed to consolidating its headquarters and administrative functions at the former Showcase Cinemas property in Bond Hill. The company is receiving an incentive package from the City worth potentially as much as $24.5 million, in exchange for making $70 million in private investments in 350,000 square feet of office space, creating

650 new jobs, and retaining 400 existing jobs in Cincinnati. Construction began in 2015 and will be completed in 2016.

Keystone Parke/Select Medical – The next phase of Neyer Properties' Keystone Parke office campus in Evanston, Keystone II, began construction in late 2014. This phase consists of an acute care hospital facility which is a joint venture of Select Medical Corporation and TriHealth, which represents $20 million in private investment and 200 jobs – a mix of new and retained jobs. The City is taking out an Ohio State Infrastructure Bank (SIB) financing package in the amount of five million dollars for public parking and public roadway improvements in conjunction with the new construction of the 70,000 square foot medical building.

DeSales Corner Redevelopment Activity – The City allocated $900,000 in District TIF funds in 2014 for the purpose of acquisition and redevelopment of key commercial properties in the DeSales Corner business district of East Walnut Hills. The project is being implemented by the Walnut Hills Redevelopment Foundation. To date, 1527 and 1535 Madison Rd. have been acquired, which represent two high-profile historic buildings that have been vacant or underutilized for many years. 1535 Madison Road is being marketed for restaurant users, while 1527 Madison has been sold to Bloomfield/Schon+Partners for a $1.5 million office and retail conversion of the 10,000 square foot building that has just begun renovation. In addition, multiple food/beverage/retail tenants opened in fall 2014, representing excellent momentum in an area whose development had been mostly stalled since the recent recession.

Completed Central Business District Developments

Peter Cremer NA. Peter Cremer NA has completed a new 60,000 sq. ft. LEED Certified office and warehouse facility on an 8-acre parcel located in Sedamsville. The new facility has been constructed on the former Conrail site just north of Peter Cremer's existing facility. The company invested approximately $4.5 million on the construction of the facility.

Peter Cremer was able to secure the purchase of the eight acre property from the City along with a property tax abatement for improvements at the new LEED facility. The City was awarded three separate infrastructure grants in conjunction with the project; a $200,000 grant from the State of Ohio, Development Services Agency (ODSA), another for $500,000 from the Ohio Department of Transportation (ODOT) Office of Jobs and Commerce, and a third grant of $400,000 from the Hamilton County Transportation Improvement District. Grants from the State of Ohio and Hamilton County assisted in providing funding for the construction of an access drive that will become a new public street. The project included installation of new pavement, curbs, sidewalks, sanitary sewer and waterlines.

The company has now begun construction on a second 90,000 square foot manufacturing and warehouse building on an adjacent 6.05 acre site. This facility will be LEED Silver at a cost of approximately $6.5 million. The project will be completed by the end of 2015 and create an additional 120 full time and 30 part time employee positions.

Vega Americas. Vega Americas, has recently made Cincinnati its headquarters for both North and South America. The company is located in the Oakley neighborhood and completed site improvements of at least $600,000 to its 3 building campus as part of the project. The company signed a Job Creation Tax Credit Agreement with the City and has committed to retaining 192 employees and creating 40 new jobs for a ten year period.

E.W. Scripps. E.W. Scripps retained 184 employees and will create 125 new jobs within the next three years while increasing its payroll to $30 million. The new jobs will require skills in sales, design, marketing, and journalism. E.W. Scripps runs television stations and newspaper companies throughout the country. It also holds the Scripps National Spelling Bee annually. The expansion at 312 Walnut Street focuses on the enhancement of the digital group division, which is responsible for new technology and product offerings. The City has invested $453,600 to date.

KAO USA. The beauty care manufacturer relocated its corporate headquarters to Downtown Cincinnati and occupies 55,000 square feet of space. Kao USA, part of Tokyo-based Kao Corp., is now based at 2535 Spring Grove Ave. Its premium beauty care products include brands like Jergens, Curél, Bioré, Ban, John Frieda and Guhl.

The Banks Phase I. In November 2007, the City and Hamilton County approved a series of agreements to develop the City's central riverfront comprising a total development site of approximately 120 acres. The riverfront development includes a variety of residential options, entertainment venues riverfront offices, hospitality spaces, and an expansive 45-acre riverfront park. In addition to creating a destination where people can live, work, and play, The Banks is a catalyst for regional economic growth. Upon completion, it is expected to drive more than $600 million in private investment to the City's riverfront, provide a place to live for more than 3,000 residents and create hundreds of jobs during construction alone.

The public portion of Phase I work was completed in October 2011 and included utility infrastructure improvements and an intermodal parking garage. Phase 1 of the private development portion of the project has been largely completed and includes 300 apartments, (which are 100% leased with a waiting list) and 70,000 square feet of retail space (which was 91% leased as of June 2014). This private development sits on a podium of public parking, which along with new roads and utilities was completed by the City and Hamilton County.

Phase I recently received a major boost with the announcement of a partnership between Eagle Realty and Winegardner & Hammons to construction a 165-room AC Hotel by Marriott. The development cost is approximately $35 million, and construction is scheduled to start date in the fall of 2015.

The Banks Phase II. The public part of Phase II included the completion of utility work for the entire development area, relocation four blocks of Mehring Way to provide a contiguous site for the Riverfront Park, and constructing an additional one block extension to the intermodal parking structure. Those two stories of parking support the final block of Freedom Way, connecting Great American Ballpark and Paul Brown Stadium, and are designed to support the private development.

The Phase II private development consists of a mid-rise luxury apartment building (Phase IIA) which is being constructed immediately west of the Freedom Center, and General Electric's new Global Operations Center (Phase IIB), which will shortly begin construction. Phase IIA will include 20,000 square feet of retail and parking at street level, and 291 apartments in the residential building, which started construction in summer 2014 and will be completed in approximately fall 2015. The total project cost is estimated to be $67 million. The project will create 600 construction jobs and 200 permanent jobs. The City has approved a 15-year CRA property tax abatement on the residential component of the project in order to make the project more feasible financially. Phase IIB, or the GE office building, will consist of 338,500 square feet of office space which will be developed at a cost of approximately $90 million. The building will house between 1,400 and 2,000 employees of GE. The company is receiving a Job Creation Tax Credit from the City worth approximately $38.8 million (in nominal dollars) over the 15

year agreement term, and bringing total net, new tax revenue to the City of approximately $8 million. The GE facility is expected to open in 2016.

The Banks Phase III. Phases IIIA and IIIB of The Banks will include a mix of residential and commercial construction, currently projected to include 1,150,000 square feet of building area, $350 million in private investment, and approximately 1,400 public parking spaces. Like Phases I and II of The Banks, Phase III must also be built upon a public parking garage podium. The City and Hamilton County are in the process of bidding the construction contracts for the public infrastructure work in Phase IIIA. The timing of Phase IIIB has yet to be determined.

The John G. and Phyllis W. Smale Riverfront Park. The first phase of the park was opened in the Spring of 2012. This phase includes public art, numerous water features, a bike center, performance lawn, tree grove, and the Moerlein Lager House microbrewery and gastro-pub, which seats 500 people indoors and up to 600 in an outdoor beer garden. The restaurant employs 200 people and will brew 5,000 barrels of Christian Moerlein beer at the Lager House annually and offer brewery tours. The City approved a 40-year lease with a Moerlein subsidiary and the $10 million restaurant opened for business early 2012. At the completion of the second phase of the park in May, 2013, there were new gardens, an additional twelve acres of lawn, a trellis shading large porch-size swings, additional walking paths, and the bike trail extension connecting to the City's other parks east of downtown. In addition, the City approved a Community Reinvestment Area Tax Exemption Agreement authorizing a real property tax exemption for a period of twelve years. Additional phases of the park are targeted to be constructed west of the Roebling Suspension Bridge.

Commercial and Residential Development Beyond the Central Business District

U-Square @ The Loop. This is an $80 million mixed-use redevelopment on 4.2 acres of vacant land located between McMillan and Calhoun Streets near the University of Cincinnati campus in the Clifton Heights neighborhood of the City. The U-Square development includes 161 market-rate apartments, 40,000 square foot of professional office space for the University of Cincinnati, and approximately 77,751 sq. ft. of retail space. The developer has reserved approximately 0.40 acres of the site for the future development of a hotel, which it is actively pursuing. The development included two City owned parking garages as well as a public park-like plaza. The City's contribution to the development was approximately $18.4 million in public improvements, which was financed with the issuance of bonds. The public parking garages were opened in spring of 2013. The U-Square @ The Loop official ribbon cutting was held on August 22, 2013. A variety of tenants offering new dining and retail opportunities signed leases with the developer in early 2013 and most have been operating successfully for almost two years.

Core Resources. Core Resources is a general contractor and construction management company previously located in Anderson Township. The company has committed to capital improvements and to create approximately 24 new jobs within three years in a space at 1404 Vine Street in Over-the-Rhine. Core Resources will maintain at least 24 jobs in the City for 10 years.

Pediatricians of Hyde Park. The Pediatricians of Hyde Park constructed a new medical office facility at 3666 Paxton Avenue in Hyde Park. The former building at that location suffered fire damage and was demolished. The new facility is ADA compliant and contains 4,200 square feet of office and medical space. The development of the new facility resulted in the retention of 22 positions and the creation of 6 positions with a total payroll of $2,446,750. Construction costs were estimated to total $1,200,000, and the project was completed in 2013.

Trevarren Flats Phase I. This is a $9 million mixed-use redevelopment of three vacant city-owned buildings in the Walnut Hills neighborhood of Cincinnati. After being vacant for over a decade, these buildings will be converted into 30 market rate apartments with first floor commercial spaces as a part of the revitalization of the McMillan Street Business District.

Neighborhood Business Development

The Business Development Division of the Department of Community Development is responsible for facilitating private sector job creation and promoting investment in the commercial and industrial areas of the City's 52 neighborhoods. The division accomplishes this goal by providing small business services, proactive industrial redevelopment, and capital improvements in Neighborhood Business Districts and other commercial areas of the City.

Small Business Programs. The City funds various initiatives that are designed to assist established or emerging small businesses. The City's model is primarily to contract with a network of nonprofit agencies that, in turn, administer small business programs and services on behalf of the City. The agencies provide training, coaching and networking events for small businesses. These non-profit organizations include, Smart Money Community Services, the Greater Cincinnati Microenterprise Initiative (GCMI), Business Development Institute (BDI), and the Greater Cincinnati African American Chamber of Commerce (GCAACC).

Red Rose Jems. Red Rose Jems is an Italian restaurant in the College Hill business district. The restaurant serves pizzas, salads, sandwiches, and pasta made to order. This is part of the City's continuing investment in neighborhood business districts and growing small businesses.

Current Neighborhood Business Development Activities

Seymour/Reading Roads Corridor

Former Jordan Crossing/MidPointe Crossing. The Port of Greater Cincinnati Development Authority (Port Authority) demolished a vacant restaurant, the Swifton Commons shopping center sign and the former Swifton Commons Mall to make way for a project that could bring up to $75 million of private, new development including office, retail and residential space.

Former Seymour Plaza/TechSolve II Along with the demolition of the former Swifton Commons Mall, demolition was completed on the former Seymour Plaza, with the intent to establish a Techsolve II campus on 11 acres. The Port Authority also renovated a 25,000 square foot, two-story commercial building that is now on the market.

South Mill Creek

Epipheo Inc. Epipheo, Inc. has agreed to retain 55 jobs and create at least 100 new jobs at 700 Pete Rose Way in Cincinnati. Currently headquartered in Longworth Hall, Epipheo, Inc. created a new industry in 2009 by using succinct internet video to simplify messaging for businesses and organizations. Their brief internet marketing/communication videos are meant to convey an organization's message in a simple and fun manner. The company has produced videos for hundreds of startups as well as established companies such as Facebook, Google, MTV, Microsoft, AOL and NBC. Epipheo currently has 55 employees at their Cincinnati office, and will commit to create another 100 jobs in Cincinnati over the next three years. They will commit to retain the jobs in Cincinnati for at least ten years.

Former Hudepohl Brewery. The Port Authority purchased the blighted former brewery in order to remove a serious blight in the Queensgate neighborhood and to facilitate business expansion at the 1.6 acre site. The Port Authority is preparing plans for remediation of the facility and site.

Madison Road Corridor

Kennedy Connector. Extension of Kennedy Avenue between Duck Creek and Madison Roads improves traffic flow on Ridge Road and provides better access to I-71 and the Norwood lateral.

Other Economic Development

Providence North Redevelopment. The goal of the Providence North Redevelopment Project is to remove a hazardous source of soil and groundwater contamination and return approximately three (3) acres of property to productive use by Samuel Adams Brewery Company (SABC). The improved efficiency gained by SABC's operations has helped retain over 100 jobs, while they have added over 50 new jobs in the past 4 years. Over the past 7years, SABC has invested over $1.8 million to purchase and assess the property with plans to expand its existing operation on the site. The total project cost is estimated at $4.1 million, with just over $3 million coming in the form of a Clean Ohio Revitalization Fund Grant for demolition, acquisition, and significant remediation. Planned demolition and remediation activities are complete. The City is working with our environmental consultant to obtain a Covenant Not to Sue for the site and the City expects to have this completed the end of calendar year 2015.

Center Hill Commerce Park. The Center Hill Commerce Park is a new light industrial business park envisioned for the 60 acre former Center Hill landfill in the heart of Hamilton County. The project will result in 60 acres of previously unusable land, which will be used to attract up to 500,000 square feet of new light industrial or municipal space. The City has funded approximately $1.6 million in environmental assessment, asbestos abatement, demolition, and remediation, and has leveraged $2.4 million from other public sources to complete predevelopment activities. To alleviate geotechnical concerns at the site, the City has added fill to raise and compact the site. The City is currently marketing the sites for end users.

Former Kahn's/Sara Lee Redevelopment . The former Kahn's/Sara Lee Redevelopment project will renew approximately 17 acres of brownfield property into a new business park. The proposed plan would result in the construction of approximately 180,000 square feet of new light industrial/office/flex space with excellent transportation access and rail feasibility. In order to facilitate its redevelopment, the County and the Port of Greater Cincinnati Development Authority secured a $3 million Clean Ohio Revitalization Fund grant to offset the $4 million cost of demolition, asbestos abatement, and environmental cleanup at the site. The City committed to fund $400,000 of demolition costs to the ensure success of the project. The cleanup and demolition project is complete and the owner has begun marketing the site to end users.

MetroWest Commerce Park. The MetroWest Commerce Park project has positioned approximately 18-acres of brownfield property for redevelopment into a new light industrial and service center business park just minutes away from downtown Cincinnati. The $34 million project has removed contaminated, underutilized industrial buildings in Lower Price Hill and created space for approximately 250,000 square feet of new light manufacturing, flexible warehouse and office space. The City obtained a Covenant Not to Sue on the site in June 2014 and is marketing the site for end users.

Cincinnati Public Schools. In 2002, CPS launched a $1 billion Facilities Master Plan that is dramatically changing the look of CPS by providing new or renovated school buildings for all students, many of which will be LEED certified. As of 2014 the completed plan included 35 new school buildings and 16 fully renovated existing buildings.

Economic Development Tax Incentives Provided through the Department of Trade and Development (DTD).

Property Investment Reimbursement Agreements (PIRA). The City may offer a PIRA to a company that is considering expanding in, or moving to, the City. It does not require a match from the State of Ohio. The incentive is offered in consideration for new income tax revenue to the City resulting from jobs created by the company and investment in real property. The PIRA is a cash payment from the City designed to offset a portion of a company's net profits tax obligation. The payment is a percentage of either: the earnings tax generated from the net, new employees that are hired by the company, or the annualized cost of the capital investment. In 2013, DTD completed four PIR agreements with a total City investment value of $1.46 million. The companies have committed to making a total of $1.88 million in private investments, adding 275 jobs and retaining 325 jobs.

Tax Incentive Districts (TID). Ohio cities may create Tax Incentive Districts up to 300 acres in size. This provides the City with a tool to stimulate development and investment in depressed portions of the community. Twenty areas of the City have been approved as Tax Incentive Districts by s City Council.

Community Reinvestment Area (CRA)/ LEED-CRA Tax Abatement. - The City may offer a CRA of LEED-CRA tax abatement to a company that is making property improvements and creating new jobs within the City (renovation or new construction that may or may not meet LEED certification). The value of the project improvements is determined by the Hamilton County Auditor and the abatement percentage value is determined by the City under gap analysis prior to the beginning of construction. It can be up to 100% (less 25% payable to the Cincinnati Public Schools) for meeting certain LEED certification levels. In 2013, DTD completed nineteen commercial tax abatement agreements. The value of the incentive is estimated at $60.55 million in exempted property taxes over the life of their terms, with the companies committed to making a total of $214.62 million in private investments, adding 1,071 jobs, and retaining 142 jobs. In 2014, DTD completed 21 commercial tax abatement agreements representing approximately $88 million in private investment, representing 778 new jobs and 59 retained jobs.

Housing Programs and Development

CiTiRAMA 2014. Witherby Meadows in the College Hill neighborhood was selected to host CiTiRAMA 2014. This was the 12th home show and is the longest running partnership between a National Association of Home Builders member and a municipality in the United States. The show featured six single family homes. The new urban community will consist of 24 single family homes on cul-de-sac streets. Eight of the homes have already been sold. The site is located off of Connecticut Avenue, less than a mile from the College Hill Business District.

Northwind. This new subdivision, to include 25 new energy star certified homes, is located in the community of Northside. The City provided infrastructure development. During its first year of development, nine homes have been purchased. The City's investment of $1.3 million leveraged $4.2 million of private investment. The final two (2) home sales are anticipated by mid- summer 2015.

Uptown Rental Properties Developments. After completing the 65 West residential housing development in 2011 in the Cincinnati neighborhood of Clifton Heights, Uptown Rental Properties is constructing or has just recently completed three more housing and mixed-use new construction projects in and around the Short Vine Business District of the Corryville neighborhood. Each of the developments are multi-unit apartment buildings, two of which will be placed above new retail space along Short Vine, represent over 200 new apartments, several thousand square feet of retail space, the complete redevelopment of nearly three city blocks, and approximately over $30 million in total private investment. The City's investment in these developments is largely in the form of real estate tax abatements and streetscape improvements. The largest of the development projects, Views on Vine was a $20 million project which added 102 apartment units, 18,400 square feet of retail space, and a 190-space parking garage. The project was completed in summer of 2013.

Incline Village. Incline Village is a mixed-use project that consists of fifteen condominium units and a restaurant. Each condominium unit ranges from 800-950 square-feet and is outfitted with upscale amenities and features outdoor space with panoramic views of the Cincinnati skyline. Incline Public House, the 2,500 square-foot restaurant, which opened in February 2013, features indoor and outdoor seating and a large deck that overlooks downtown. The condominium units which opened in 2012 are currently all sold or leased. Developers of Incline Village secured financing from the Center Bank of Milford and received a grant of $750,000 from the City for the residential building costs. Total project costs are approximately $3 million. In a response to the success of Incline Village, the Incline District of East Price Hill is starting to undergo a revitalization. Cincinnati Landmark Productions opened a performing arts theater across from Incline Village in spring of 2015.

Alston Park. The Alston Park project consists of the total rehabilitation of two multi-family buildings that were vacant and a blight in the Avondale neighborhood. Alston Park consists of 39 housing units (34 two bedrooms and five (5) three bedrooms). The building originally contained 66 units; however taking into account the wishes of the neighborhood and long-term project viability, the developers decided to demo some of the units and incorporate the square footage into the redesigned 39 units. The units were designed with amenities that enhance the quality of life for the tenants including: high speed internet wiring, washer and dryer hookups, garbage disposals, and programmable thermostats. The project was LEED certified and has been approved for a 12 year tax abatement. The total project cost was $7,142,778 and the City has provided a loan of $200,000 in HUD HOME funds along with the tax abatement. Other funding sources for this project included funding from the LIHTC program and Neighborhood Stabilization Program (NSP) funds from the State of Ohio. The project was completed in March 2014.

Haddon Hall. The Haddon Hall project was the rehabilitation of a 114 unit senior housing project in the Avondale neighborhood. The project is currently more than 90% occupied. This project is a moderate rehabilitation effort that included site work (repair/replace retaining wall(s), Americans with Disabilities Act (ADA) compliant features on entry stairs and ramps, replacement of perimeter fencing); exterior (replace shingle roof, repair flat roof, partial tuck pointing, replacement windows (approved by historic) upgrade existing surveillance system, and exterior painting); common area building interior (paint common areas, repair doors); living units (new doors, new flooring, new kitchen cabinets, new appliances, new bathroom vanity sinks and bath accessories, reconfigure four of the units into handicap accessible units. The total project cost was $12,127,444 and the City provided a loan of $200,000 in HOME funds. Other funding sources for this project included HUD bond financing, LIHTC funds, and a HOME loan from the State of Ohio. The project was completed in June of 2014.

Abigail Apartments. Abigail Apartments consists of the full rehabilitation of its 71 units. This was a scattered site project with approximately 18 addresses located in the West End. The rehabilitation included the following: majority of units stripped to original studs, new mechanicals, electric and plumbing systems, new hardwood floors, ceramic tile kitchens and bathroom floors, high efficiency heating, ventilation and air conditioning systems, replacement of all doors and windows, new kitchens including cabinetry and appliances. The total project cost was $14,088,325 and the City provided a loan of $550,000 in HUD HOME funds. Other funding sources for this project included NSP funding from the State of Ohio, LIHTC proceeds and debt financing. The project was completed in 2013.

Beasley Place. Beasley Place is the gut rehabilitation of two contiguous historical residential buildings that currently have 16 residential units and will be rehabbed to contain 13 larger residential units. In addition, the buildings share a large storefront that will be renovated for commercial use. The project is located in the Over the Rhine (OTR) neighborhood, in an area where a lot of renovation of older buildings is taking place. As most of the newly renovated buildings are being designed for market rate renters, this project will enhance the current efforts by stabilizing these units for low-income households. Total project cost is $2.8 million and the City has provided a loan of $670,000 in HOME funds, as well as $130,000 in Lead grant funds. Other funding sources for this project include: Federal and State Historic Tax Credits, a grant from OHFA and debt financing. Construction was recently completed and initial rent started in June 2015.

Stetson Square Phase I. Stetson Square Phase I is the next phase of a successful Stetson Square development in Corryville. This project consists of streetscape improvements along Rochelle St., Gerard St., Donahue and Eden Avenue that border the new development. The streetscape supports 18 single family attached units and serve to expand the residential offerings within the community as well as further contribute to the momentum of Uptown neighborhood's revitalization. The City invested $340,000 in Community Development Block Grants (CDBG) funds for the infrastructure. The project is nearing completion (only punch-list items remain) and will be fully closed out by the end of the 3rd quarter of 2015.

Salvation Army Catherine Booth Residence. In June 2013, construction kicked-off on the new Salvation Army Catherine Booth Residence. The development includes 96 one bedroom units in two 3 story buildings of senior housing as part of the Salvation Army's Center Hill campus senior community. On-site service coordination includes health, transportation, and recreation as well as educational, volunteer and employment opportunities. This is the second phase of its successful senior development at this location. Construction activities were completed in January 2015 and initial rent up is in progress.

Anna Louise Inn. The new Anna Louise Inn (ALI) is located at 2401 Reading Road and contains 85 studio apartments, office space for Cincinnati Union Bethel, and dormitory-style housing for the Off-the-Streets program. The Anna Louise Inn has been providing safe and affordable housing for single women since 1909. ALI was the beneficiary of Low Income Housing Tax Credits specifically awarded for permanent supportive housing units. This was a $12.9 million project in which the City provided an $8.1 million, seven year bridge loan. The grand opening of ALI occurred June 9, 2015.

Drop Inn Center Women's Shelter (Esther Marie Hatton Center for Women). The new 20,000 square foot building, also located in the 2400 block of Reading Road, is equipped with sixty beds in sixteen sleeping rooms for homeless single women, shared bathroom and laundry facilities, and lounge areas. The estimated project costs are $8.3 million with a $3 million City investment. Additional funding sources for the project include the Ohio Housing Finance Agency, 3CDC, and various other foundations, fundraisers and donors. It is estimated that approximately 600 women a year will be served with 75% achieving transitional or permanent housing upon exit. Construction is scheduled to be complete by October 2015.

Drop Inn Center Men's Shelter. The Drop Inn Center Men's Shelter will be located in the former Hostess Bakery building in Queensgate. The rehabilitation of the building consists of a total of 80,000 square feet, housing one safe shelter and two step-up shelters to accommodate 150 beds for single men including overflow. The shelters will have full bathroom facilities, shared laundry and lounge areas. There will also be a cold shelter to house up to 200 persons during the winter months. The total project cost is an estimated $17 million with $7 million of City investment in the form of take-out financing for a $7 million construction loan. Construction is scheduled to be complete by October 2015.

City Gospel Mission. The City Gospel Mission newly constructed a 118 bed shelter for men in the Queensgate area. The shelter has 118 beds which are a mixture of transitional and emergency homeless beds. Amenities include a gym, on-site health clinic, and job readiness center. The new shelter opened April 9, 2015. The second building located on York Street is currently under construction and anticipates opening during mid-summer 2015.

Focus 52 Program

The Focus 52 Program will help fund transformative neighborhood economic and community development projects in order to grow the City's tax base by creating jobs and/or increasing the population of the City. Projects will be fully underwritten with a goal of achieving 3:1 leverage of private funds to public funds. The Focus 52 Program will use both the Economic Development Bond Fund, the HUD Section 108 Loan Pool and other capital funds as sources to finance the Focus 52 Program.

This program is flexible and can be used for transformative projects in any neighborhood that is ready to meet the goals of the program which include job creation (project must have 50 jobs or more), private financial leverage, increase in property values of at least 25% over 10 years, and the total cost of the project.

Current Focus 52 Program Projects

Avondale. Avondale has received approximately $54 million in funds to support the acquisition, demolition, and redevelopment of blighted and vacant land surrounding the Martin Luther King and Reading Road corridor. This first phase of the project will support the recently completed corridor study for MLK and Reading Road. The funds will be used to fund property acquisition, tenant relocation, site preparation, building rehabilitation, removal and installation of new infrastructure, and other redevelopment activities.

Cintrifuse. The City approved $4.5million in Focus 52 funds for the construction of the new Over-the-Rhine headquarters for Cintrifuse, the startup incubator. The 39,906 square foot headquarters will be located in a series of renovated buildings from 1311 to 1315 Vine Street, across the street from Mercer Commons apartment and condo project. 3CDC will own and manage the property.

College Hill Business District. The City and the College Hill Community Urban Redevelopment Corporation (CHCURC) have been investing in property acquisition, demolition, and redevelopment activity at two large redevelopment sites on Hamilton Avenue in the College Hill Business District since 2010. $3.5 million of Focus 52 funding has been committed to date. The College Hill Mid-Block redevelopment site includes 2 acres of property that the City has secured and mostly demolished, as well as some existing commercial buildings that the CHCURC has purchased and is planning to rehabilitate. The site is anticipated to be ready for new construction opportunities in

2015. The former Kroger property at Hamilton and North Bend was purchased by the City in 2013 and was demolished, remediated, and re-graded in 2014. This 2 acre site has been combined with the adjacent 5.5 acres already owned by the City, and DTD will shortly enter into a preferred developer agreement which envisions a large scale, mixed-use project breaking ground in early 2016. The two development sites, totaling nearly ten acres are believed to be capable of attracting roughly $20-30 million or more in private investment.

Corryville. The City is investing $6 million of Focus 52 funds in the VP3 public improvement project located in the Short Vine Business District. VP3 will include the relocation and installation of a new sewer and the construction of a two level parking garage. The parking garage will add approximately 207 additional public parking spaces for the patrons of Short Vine. Construction of the VP3 garage is substantially complete and the garage opened in April 2015. Construction of the residential units are currently underway, those should be completed fall 2015 (no city funds were included in the residential construction portion).

Evanston Business District. The Evanston Business District has received $1.1 million in Focus 52 and TIF funds for revitalization of the business district along Montgomery Road through the acquisition and redevelopment of key blighted properties. Significant progress has already been made at the Five Points area of Evanston, where the St. Leger property has been demolished, and the St. Ambrose senior housing development constructed in 2014 to take its place. The Woodburn Pointe senior housing project was also recently completed. Other key commercial parcels are being acquired for additional future development. This project has also leveraged several other related investments, including $1.1 million in the King Studios project, $400,000 in TIF dollars for commercial acquisition, and $1 million of Port Authority funds that have been committed to acquire and rehabilitate homes between the business district and Walnut Hills High School.

Gateway V. Gateway V focuses on Race, Elm and Republic Streets in OTR and comprises seven independent residential projects that created 65 market rate residential homeownership units, 23 residential rental units and approximately 7,909 square feet of commercial space in 17 rehabilitated buildings. The total cost of the project was approximately $25.4 million. The City's participation in the project was $7,400,000. The City invested $2 million in Focus 52 funds for the project. The City funding was structured as a grant to the developer, Gateway II, LLC, a wholly owned subsidiary of 3CDC, and is targeted toward the residential hard construction costs. The project was completed in January 2015.

Incline District. A new Incline District parking garage will be funded this year to support the patrons visiting the Incline District and the Incline Theater in East Price Hill. The new, two level parking garage will provide approximately 130 public parking spaces. The estimated construction cost is $1.7 million.

Jordan Crossing Redevelopment/Midpointe Crossing. The City has partnered with the Port Authority to redevelop approximately 25 acres of land at the southeast corner of the intersection of Reading Road and Seymour Avenue in the Bond Hill community. The scope of the project consists of acquisition, remediation, demolition, site work, and site planning to prepare the land for vertical redevelopment. $46.2 million of

Focus 52 funds was committed for this project, which was completed in 2014. The site is being marketed by the Port Authority to attract a mix of office, retail and residential uses.

Madisonville Development Gap. The Madison & Whetsel Redevelopment is an ongoing acquisition and redevelopment effort in the Madisonville neighborhood business district. With assistance from the Madisonville Community Urban Redevelopment Corporation, the City has acquired a large development site and is working to submit a Request for Qualifications to select developers for these sites. This funding will be used to provide gap assistance necessary for the construction of new residential units and commercial/office space within the business district, as well as public parking and streetscape infrastructure. The expected private leverage for the City's investment is $22 million. The City is investing $2.2 million in Focus 52 funds for the project.

Mercer Commons-Phase I. Mercer-Phase I included the construction of a 340 space multi-story parking garage at 5 Mercer Street, approximately 4,000 sq. ft. of commercial space at 1324 Vine Street, 23 market rate residential condominium units (combination of rehabilitation and new construction), and 5 new market rate townhomes on Mercer Street. The total cost of the project was $25 million and sources of funds include a State of Ohio Department of Development Urban Redevelopment Loan, State and Federal Tax Credits, a Cincinnati Equity Fund Loan, and deferred developer fees. The City's participation in the project was targeted toward the residential improvements and the City funding of $1.5 million (6% of project) will be provided as a grant to support the construction costs of the residential units. Price points for the residential units will range from $145,000 - $380,000. In addition to the construction financing, the City also provided a 12-year tax exemption for the parking garage and commercial space. The development continues the revitalization of the historic OTR neighborhood. The garage opened in May 2013 and the rehabilitated residential units opened in October 2013. The newly constructed residential units opened in 2014.

Seymour Plaza Redevelopment/TechSolve II. The City partnered with the Port Authority to redevelop approximately 12 acres of land in the Seymour Avenue Corridor in the community of Roselawn. The scope of work for this project consisted of acquisition, remediation, demolition, site work, and site planning to prepare the land for vertical redevelopment and is anticipated to cost $4.3 million. Of these costs, the City has agreed to fund $2.3 million through Focus 52 funds and the remaining balance out of previous allocations of capital funds. The project is being branded as the next phase of the TechSolve Business Park, and much of the demolition and site preparation was completed in 2014.

Walnut Hills Development Gap. The McMillan Redevelopment is an ongoing acquisition and redevelopment effort in the McMillan Business District of Walnut Hills. With assistance from the Walnut Hills Redevelopment Foundation, the City has acquired several large development sites and is in negotiations with several developers to undertake the renovation and new construction on these sites. The funding will be used to fund gap assistance necessary to complete the renovation of historic structures and construction of new residential units within the business district. The proposal for Trevarren Flats Phase I from the Walnut Hills redevelopment Foundation includes the rehabilitation of 30 residential units, and the renovation of approximately 4 commercial spaces with leveraged private funds expected to be $6 million. The City is investing $3 million in Focus 52 funds for the project. Additionally, DTD assisted the Walnut Hills

Redevelopment Foundation (WHRF) in its successful application for the State Historic Tax Credits to redevelop these properties.

Walnut Hills East McMillan Redevelopment. DTD is moving to stabilize and redevelop a number of historic structures within the Neighborhood Business District. Stabilization work on 773 East McMillan was completed in December of 2012 while stabilization work including roof and interior repair for 771 McMillan, 961 McMillan and 975 McMillan was completed in the second half of 2013. The City is invested $2.5 million in Focus 52 funds for the project.

Building Permits

For 2014, the City issued a total of 9,089 permits for all construction, including new construction and construction on existing residential and non-residential property, with an estimated cost of $771,771,999. This represents a 38% increase from the estimated cost for building permits in 2013.

Schedule of Total Building Permits
(2010-2014)

Year	Number of Permits	Estimated Cost
2010	8,958	$594,198,935
2011	9,291	536,046,935
2012	9,082	403,221,853
2013	9,082	557,694,994
2014	9,089	771,771,999

Building Permits – New Construction Only

	RESIDENTIAL			NON-RESIDENTIAL			TOTAL	
Year	# of Permits	Estimated Cost		# of Permits	Estimated Cost		# of Permits	Estimated Cost
2010	85	$14,304,051		76	$217,069,234		161	$257,642,973
2011	87	18,809,842		46	135,911,169		133	154,721,011
2012	76	15,272,462		50	86,034,728		126	101,307,190
2013	96	20,486,158		46	141,636,081		142	162,122,239
2014	111	28,077,927		53	285,675,866		164	313,573,793

The number of permits issued for residential and non-residential construction increased from 2013. The major construction projects for 2014 were 3CDC/dunnhumby, Cincinnati Children's Hospital, and the Broadway Development 2001, Ltd.

*Please note above figures are based on a live report generated by CAGIS. Any changes made can and do affect the numbers reported for each year. Examples: Refunds, withdrawals, etc.

Transportation

Airports

The Cincinnati/Northern Kentucky International Airport –CVG, located in Northern Kentucky and owned by Kenton County, Kentucky, is the region's principal airport. CVG has been recognized as the Best Regional Airport in North America for four consecutive years by Skytrax, a London-based air transport research organization.

The airport is located 13 miles (15 minutes) south of downtown in Northern Kentucky, and offers approximately 170 daily departures to 56 cities worldwide, including nonstop service to Toronto, Paris, and Cancun with seasonal service to Montego Bay and Punta Cana. Airlines serving the area include: Air Canada, American, Allegient, Delta, Frontier, United and US Airways.

Lunken Airport. A 1,000 acre facility, located on the City's east side, has been owned and operated by the City since 1930. Lunken serves many major corporations as well as local small businesses, private pilots, and medical and military flights. Lunken Airport handled approximately 86,000 flights in fiscal year 2014 with the majority serving the business community. Approximately 200 acres of the property is operated as a City golf course.

Blue Ash Airport. On August 29, 2012 the City closed the Blue Ash Airport. The City was operating the airport at a financial loss due to the decreased demand for aviation services in the Cincinnati area. Following closure of the airport, the City initiated transfer of approximately 130-acres to the City of Blue Ash for greenspace/park use pursuant to a 2006 agreement between the City and City of Blue Ash. Based upon this agreement, the City of Blue Ash will pay the City for approximately $37.5 million payable over 30 years.

Railroads. The Greater Cincinnati area is served by four major railroad systems - Amtrak, CSX, Norfolk Southern, and Conrail, serving Southeast Indiana and Southwest Ohio. There are more than 175 miles of mainline tracks. The Queensgate computerized train yard is one of the most modern and efficient facilities serving the U.S. These railroads cover 64,000 total miles of track, about 20% of the nation's total miles of track. These railroads reach 30% of the nation's population, linking the City directly with 27 states east of the Rocky Mountains, the District of Columbia, and two provinces in Canada.

Source: Greater Cincinnati Chamber of Commerce

Port of Cincinnati. The Ohio River is one of Greater Cincinnati's most important transportation assets. The Port of Cincinnati, the fifth largest inland port, is home to two major barge companies, and has links to 140 other barge lines, shipping mainly coal and coke, petroleum, aggregates, grains, chemicals and chemical fertilizers, minerals, iron ore, iron, and steel. More than 48 million tons destined to, from or within the City pass through the Port annually. Passenger carriers on the Ohio River include B&B Riverboats, Celebrations, Satisfaction II, and Queen City Riverboat Cruises. In addition to barge lines serving the area, nine public river terminals are located along the thirty-mile shoreline of the Port of Cincinnati. The Port of Cincinnati provides warehouse facilities, open storage, land, tanks, silos, and cranes among other support facilities and services.

Source: Greater Cincinnati Chamber of Commerce

Public Transit. Following approval in 1973 of a municipal income tax increase for public transit purposes (0.3%), the City acquired ownership of the transit system, whose operations were turned over to the Southwest Ohio Regional Transit Authority (SORTA) to operate. The City-SORTA agreement sets forth the contractual relationship between the two political entities. SORTA, a political subdivision of the State of Ohio, operates two public transportation services: Metro local and express transit service and Access paratransit service for people whose disabilities prevent their use of Metro. SORTA's current base fare is $1.75 within the City limits, with higher fares outside the City limits. SORTA provides about 17 million rides a year.

The Greyhound Bus line offers daily arrivals and departures for interstate travel. The Transit Authority of Northern Kentucky carries approximately 3.0 million passengers annually.

The Megabus Bus line offers trips to ten cities including Columbus, Chicago and Indianapolis from the City for a one way starting price of $1.

Trucking. All major markets are easily reached from Greater Cincinnati via interstate highways. Twenty major metro areas within 400 miles are served by one-day truck driving time and 30 additional markets by second day service. More than 900 interstate common freight carriers service the region. There are three interstate expressways linking Cincinnati with the nation: I-75, I-71, I-74 and I-275 links the tri-state area of Southwestern Ohio, Northern Kentucky and Southeastern Indiana.

Mass Media

The City has one daily newspaper with a general weekly circulation of over 273,990, as well as over twenty-three community and special interest newspapers and magazines. Ten television stations and nineteen radio stations complement the area's communication capabilities.

Cultural Opportunities

The City offers a variety of cultural options. The century-old Music Hall, world-renowned for its outstanding acoustics, is the home of the Cincinnati Symphony Orchestra, the May Festival, and the Cincinnati Opera. It also affords a stage for the University of Cincinnati College Conservatory of Music and the Cincinnati Ballet Company. Other venues include the Corbett Center for the Performing Arts, the Playhouse in the Park, and the Aronoff Center for the Arts.

The City is home to numerous museums including: the Cincinnati Art Museum, the Contemporary Arts Center, the Taft Museum, the John Hauck House, the National Underground Railroad Freedom Center, the Reds Hall of Fame Museum and the Cincinnati Fire Museum. The Cincinnati Museum Center at Union Terminal includes the Museum of Natural History and Science, the Duke Energy Children's Museum, the Cincinnati History Museum, and the Omnimax Theater.

The City participates in a county-wide library system. The Public Library of Cincinnati and Hamilton County with 40 branches consistently ranks among the top ten cities in the nation in per capita circulation, with a collection of nearly nine million items. In 2013, total circulation of books, print, and audio-visual materials exceeded 17.8 million and 1.4 million digital downloads. Nearly 1.9 million questions were answered and more than 23,000 free programs were offered to patrons. Wi-Fi service is available at all 41 locations.

Higher Education

The table below provides a listing of the area's largest colleges and universities by enrollment as of fall term 2014.

Higher Education Institutions	Total Enrollment
University of Cincinnati	43,691
Miami University	23,613
Northern Kentucky University	15,263
Cincinnati State Technical & Community College	10,707
Xavier University	6,671
Gateway Community and Technical College	4,648
College of Mount St. Joseph	2,069
Ivy Tech Community College Southeast	1,512
Thomas More College	1,444
Beckfield College	1,361

Source: Business Courier 2014-15 Book of Lists

The region's largest college or university, the University of Cincinnati, has significant research and contract activity. During the 2011, 2012, and 2013 fiscal years, the University of Cincinnati and its affiliates received $418 million, $404 million, and $361 million respectively, in federal, state, city/county, and non-government agency grants, contracts, and awards. According to the National Science Foundation ranking for federal funding of major research the University of Cincinnati stands among the top 50 research universities in the nation.

Primary and Secondary Education

CPS provides a quality education to about 33,000 students in preschool through 12th grade and includes 12 high schools, 39 elementary schools, and four combination schools (K-12). CPS is the largest public school system in the tri-state area. It offers 19 magnet elementary schools with nine programs, some with special teaching focuses such as Montessori and Paideia, others with curriculum focuses such as foreign language and the arts. CPS high schools offer special-focus programs to lead students to graduation and into careers and higher education. CPS is nationally recognized for its Montessori schools (CPS opened the nation's first public Montessori elementary school and high school); Walnut Hills High School, a top-rated classic college-preparatory school; and the School for Creative and Performing Arts (SCPA). Under CPS 10-year Facilities Master Plan, buildings throughout the district were fully renovated or replaced with new construction, providing all students with first-class learning environments. The Facilities Master Plan was completed in 2014 with a total of fifty one projects being completed.

Covering 19 counties in southwestern Ohio, the Archdiocese of Cincinnati has the 6th largest network of Catholic schools in the U.S. with a total enrollment of approximately 43,961 students. Within the Greater Cincinnati area, there are 19 Catholic high schools and 69 Catholic elementary schools that offer education from preschool through eighth grade. These 88 Catholic schools in the Greater Cincinnati area have a total enrollment of approximately 33,633, which is 77% of the total students in the entire Cincinnati Archdiocese.

Greater Cincinnati Recreation Facilities

Major Greater Cincinnati recreational attractions include Kings Island Amusement Park, Jack Nicklaus Sports Center, Coney Island, The Beach Waterpark, Krohn Conservatory, Cincinnati Zoo, Perfect North Slopes, Newport Aquarium, OMNIMAX Theater at the Museum Center, Hollywood Casino, Belterra Casino, Rising Star Casino and Horseshoe Casino.

Sports

Professional sports teams that call the City home include the Cincinnati Reds (Major League Baseball), Cincinnati Bengals (National Football League), Cincinnati Commandos (Continental Indoor Football League), Cincinnati Kings (United Soccer Leagues Premier Development League), Cincinnati Cyclones (East-Coast Hockey League), and Cincinnati Rollergirls (Women's Flat Track Derby Association).

Sports facilities include Great American Ball Park, Paul Brown Stadium, The U.S. Bank Arena, Cincinnati Gardens, the University of Cincinnati's basketball fieldhouse (Fifth Third Arena at Shoemaker Center) and football stadium (Nippert Stadium), and Xavier University's basketball fieldhouse (Cintas Center).

Other sports events in the area include horse racing at Turfway Park, River Downs, and Lebanon Raceway; Indy car and NASCAR racing at the Kentucky Speedway; the Cincinnati Flying Pig Marathon; and Professional Volleyball at the AVP Crocs Tour Cincinnati Open. Major tennis events include the Western & Southern Masters and Women's Open Tennis Championships.

Utilities

Electric Power/Gas. The City is served by Duke Energy. Duke Energy's Midwest operations supply power to 1.6 million electric customers and 500,000 natural gas customers in Ohio, Kentucky and Indiana. Duke Energy is a diversified energy company with a portfolio of natural gas and electric businesses, both regulated and unregulated, and an affiliated real estate company. Duke Energy supplies, delivers and processes energy for customers in the Americas.

Telephone. Cincinnati Bell provides telecommunications services and advanced voice, data, Internet, wireless, and entertainment services to business and residential customers in a three-state area that comprises portions of southwestern Ohio, southeastern Indiana, and northern Kentucky covering more than 2,400 square miles.

Five-Year Capital Improvement Plan

The City needs to continue to maintain aging public infrastructure. In recent history funding for public capital infrastructure has not kept pace with the need for investment. As a result, the City commenced a comprehensive review of its funding practices for general capital infrastructure during development of the fiscal year 2016-17 budget and Capital Investment Plan. As a result of the comprehensive review, the City initiated a Capital Acceleration Program ("CAP"). The goal of the CAP is to increase the amount of funding available for public infrastructure investment in a sustainable way without the need for significant new or additional revenue.

The CAP strategy is incorporated into the City's existing Capital Investment Program. The CAP strategy was presented to City Council and approved as part of the fiscal year 2016-17 budget process. The CAP strategy increases the amount of investment in capital infrastructure from a planned investment

of roughly $333 million during the fiscal years 2016 to 2021 to approximately $443 million over the same fiscal years 2016 to 2021 time period. The increase in funding is being dedicated to transportation rehabilitation (i.e. streets); transportation preventative maintenance (i.e. streets); and, fleet modernization. The City council also approved a Master Lease Purchase Program, which may be utilized by the City to provide funds for fleet modernization

The CAP strategy is accomplished by rebalancing the mixture of debt and equity funding the City uses to fund long-term capital investment. After the CAP strategy is incorporated the planned mixture of debt funding versus cash funding for capital projects is maintained at roughly 51% debt and 49% equity.

The estimated budget and the portion estimated to be supported by various sources of revenue to support the Capital Investment Program and the Capital Acceleration Program debt is outlined in the table below:

Use of Funds for Capital Investment Program Including CAP Strategy

	Fiscal Year							2016-2021

Convention Facilities Authority Revenue Bonds

In December 2014, the Convention Facilities Authority for Hamilton County, Ohio issued $69,890,000 Convention Facilities Authority Revenue Refunding and Improvement Bonds, Series 2014, for the purpose of refunding the existing first and second lien debt and financing new projects. The dedicated Transient Occupancy Tax (City) and Lodging Excise Tax (County) is expected to cover the debt service for the 2014 Bonds. A debt service reserve equal to $2,300,000 has been established in connection with the 2014 Bonds. (See "DESCRIPTION OF THE CITY – Major Municipal Services Provided – *Enterprise Services – Duke Energy Convention Center*" for further description).

Urban Redevelopment Bonds

The City issued $30 million of qualified redevelopment general obligation bonds in July 1987, for use in assemblage of the redevelopment parcel known as Fountain Square West. The City had entered into a long-term lease agreement in December 1986, with a redeveloper, who pledged to pay early debt service requirements until payments in lieu of taxes occurred. In September 1988, the redeveloper defaulted and the performance bond of $1.1 million was retained by the City and used to meet debt service requirements in 1988. Each year the City has appropriated and paid the debt service. In 2010, 2011, 2012, 2013 and 2014 City Council appropriated $1.6, $1.6, $1.5, $1.4 million, and $1.3 million, respectively, to meet the net annual debt service requirements. The debt service due for 2015 is $1.2 million. The appropriations were made from the 0.15% portion of the municipal income tax the City receives. The City expects to continue to finance the required annual debt service on the bonds. As of December 31, 2014 the balance on these bonds was $3 million.

INSURANCE

The City is self–insured with respect to general liability. The City's Law Department processes all claims and lawsuits filed against the City and maintain sole authority for the settlement of claims and lawsuits. Each year money is set aside in the Law Department budget for the express purpose of paying claims incurred by the City. If there is a shortfall in the loss fund, additional money can be appropriated from the City's operating budget. The City has statutory authority to issue, without voter approval, general obligation bonds to pay final judgments, including court approved settlement of claims. Currently, there are no judgments or court approved settlement of claims that would require the City to issue general obligation bonds for such purposes. The City has always been able to pay claims incurred from the operating budget.

The City maintains comprehensive property insurance coverage with a private carrier for real property and building contents, in the amount of $300,000,000. In addition, the City maintains commercial policies for boiler and machinery, crime, airport, malpractice, data processing, CAGIS software and garage keepers coverage.

As a general rule, Ohio law provides that political subdivisions such as the City have an immunity from liability in damages for injury, death, or loss to persons or property allegedly caused by an act or omission of such political subdivisions or their employees in connection with governmental and proprietary functions, as defined in the Ohio statutes. This law has no effect on actions based on contract and any liability imposed by federal law or other federal cause of action. Pursuant to Ohio law, there are, however, five areas in which a political subdivision may be held liable for such loss. These include the negligent operation of a motor vehicle on public roads, highways or streets; negligent performance of proprietary functions; failure to keep public roads, highways, streets, sidewalks, bridges or public grounds open, in repair, and free from nuisance; negligence of employees within or upon the grounds of buildings, excluding jails, juvenile detention workhouses and other detention facilities; and liability specifically

imposed by law. Ohio law imposes a two-year statute of limitations, prohibits the garnishment or judicial sale of assets and funds of political subdivisions, and puts limits on the damages which may be recovered from such political subdivisions. A political subdivision is also required to indemnify and defend its officers and employees when an officer or employee is acting in good faith and within the scope of duty. No punitive or exemplary damages can be recovered, and any insurance benefits are deducted from any award against a political subdivision. Although there is no limitation with respect to compensatory damages representing a person's economic loss, there is a $250,000 per person ceiling on the compensatory damage that represents a person's non-economic loss in cases other than wrongful death, in which case there is no maximum limitation.

DEBT STRUCTURE

Please note: Amounts listed for the years prior to and including 2012 are based on calendar years. As of July 1, 2013, the City switched to a new fiscal year which begins on July 1 and ends on June 30. Amounts listed for FY 2013 reflect a shortened, six-month conversion year, beginning on January 1, 2013 and ending on June 30, 2013. Amounts listed for FY 2014 and FY 2015 reflect the first two full new Fiscal Years, beginning on July 1, 2013 and ending on June 30, 2014 and beginning on July 1, 2014 and ending on June 30, 2015, respectively. See "DEBT STRUCTURE - Management's Discussion of Operations – Fiscal Year Change."

Amounts listed for outstanding general obligation debt include the Series 2015 Bonds. All other amounts are listed as of June 30, 2015. Amounts related to revenue bonds of the City do not include the Water System Revenue and Revenue Refunding Bonds issued on August 12, 2015, in the aggregate principal amount of $213,050,000 (the "Series 2015 Water Revenue Bonds"), a portion of the proceeds of which have been applied to the refunding of certain outstanding Water System Revenue Bonds of the City in the aggregate principal amount of $165,850,000.

Unlimited Tax

The City is unique in the State of Ohio because it has the right to levy property taxes without limitation and without a vote of the electorate to support its lawfully issued general obligation bonds and notes. In September 1977, the Supreme Court of Ohio dismissed an appeal from the decision of the Court of Appeals, First Appellate District, Hamilton County, Ohio, involving the City's debt limitations. In summary, the City instituted a test case against the Director of Finance for the purpose of obtaining a definitive construction of certain sections of the City Charter bearing on the right of the City to levy taxes in excess of the ten-mill limitation of Section 5705.02 of the Ohio Revised Code. The case was decided in the City's favor. Thus, the City's ability to incur debt is limited only by the arithmetical (percentage) limitations set forth under "Applicable Debt Limitations," contained later in this section.

General obligation bonds of the City are lawfully issued in accordance with Article VIII, Section 4, of the City Charter which provides for the levy of ad valorem taxes on all property in the City subject to ad valorem taxes for principal and interest unless paid from other sources. The taxes to be levied by the City are without limitation as to rate and amount; however, all bonds issued by the City are subject to the provisions of Chapter 9 of the Federal Bankruptcy Act and other laws affecting creditors' rights. The Bonds described herein are lawfully issued in accordance with the Constitution and general laws of the State of Ohio and the City Charter.

Bonds and Notes Authorized, Outstanding and Unissued

The following table provides a summary of the City's debt as of June 30, 2015, with the addition of the Series 2015 Bonds. Outstanding bonds and notes after the delivery of the 2015 Bonds will total $1,120,570,000*, of which $549,620,000 are general obligation bonds.*

Category of Indebtedness	Original Authorization (Adjusted for Refundings)	Outstanding Bonds & Notes After Bond Sale
General Obligation		
Property Tax Supported	$ 470,109,145	$ 284,960,000
Self-Supported -		
Enterprise Funds:		
Recreational Facilities	$ 8,300,000	$ 4,960,000

Water System	840,000,000	450,965,000
Total Revenue	**$ 1,016,795,000**	**$ 570,950,000**
Total Bonds and Notes	**$ 1,824,499,145**	**$ 1,120,570,000**

* Such total does not include the Series 2015 Water Revenue Bonds. See introductory note to "DEBT STRUCTURE" section.

Net General Tax Supported Bonds

The following Statement of Net General Tax Supported Bonded Indebtedness reflects the total gross debt outstanding from both voted and unvoted issued bonds and notes. Certain bonds are self-supporting from their respective revenue sources. Revenue sources have been, and are expected to be, sufficient to pay principal and interest on all self-supported debt. Net General Tax Supported Debt represents the outstanding debt serviced exclusively by real and personal property ad valorem taxes.

Statement of Net General Tax
Supported Bonded Indebtedness
as of June 30, 2015
(Also includes the Series 2015 Bonds)*

Voted General Obligation Bonds	$ 0
Unvoted General Obligation Bonds and Notes	549,620,000
Revenue Bonds	570,950,000
Gross Outstanding Indebtedness	$1,120,570,000
LESS	
Total Self-Supporting and Revenue Debt (Not Serviced From Property Taxes)	$835,610,000
Bond Retirement Unreserved Fund Balance as of 06/30/2015	(63,225,579)
Total Deductions	$772,384,421
Net General Tax Supported Debt	$348,185,579
(Equal to Gross Outstanding Indebtedness less Total Deductions)	

Applicable Debt Limitations

Section 133.05 of the Ohio Revised Code provides that the principal amount of both voted and un-voted debt of the City may not exceed 10-1/2% of the City's assessed valuation and the principal amount of the City's unvoted debt may not exceed 5-1/2% of the City's assessed valuation. These limitations have been increased several times in the past. There are exemptions of certain debt from the 5-1/2% and 10-1/2% limitations listed in Ohio Revised Code Section 133.05.

The kinds of debt that are exempt include debt issued for water works, voted urban redevelopment bonds not exceeding two percent of total assessed property valuation, debt covenanted by appropriations annually from lawfully available municipal income taxes, recreational facilities, off-street parking and urban redevelopment, as well as debt (not heretofore incurred by the City) for certain other purposes. The following table reflects the status of the statutory limitations as of June 30, 2015 and also includes preliminary amounts with respect to the Series 2015 Bonds, which are subject to change. It includes outstanding debt of $1,120,570,000.

* This table does not include the Series 2015 Water Revenue Bonds. See introductory note to "DEBT STRUCTURE" section.

[a] Source: Hamilton County Auditor's Office, December 31, 2014 data.
[b] Source: Cincinnati City School District, December 31, 2014 data.

Note: The Cincinnati City School District previously provided an incorrect net general tax supported debt total. The net balance previously reported included tax supported and well as non-tax supported debt outstanding.

The Cincinnati City School District and the County of Hamilton are separate political subdivisions with operating and debt service funding separate from that of the City.

The Board of Education of the Cincinnati City School District cannot incur more than one-tenth of one percent of its assessed valuation as general obligation debt without majority approval by the voters. The Board of Education may request voter approval of general obligation debt not in excess of nine percent of the assessed valuation of the School District (unless it is certified as a "special needs district"). Under Ohio law, before seeking voter approval, the Board of Education is required, where applicable, to receive the consent of the Ohio Department of Taxation and the State Superintendent of Public Instruction in accordance with policies adopted by the State of Ohio Board of Education.

The Board of County Commissioners of the County of Hamilton cannot incur unvoted general obligation debt in excess of one percent of its assessed valuation, which debt must be included with voted county debt against an overall county debt limitation of three percent of the first one hundred million dollars of its assessed valuation, plus one and one-half percent of the next two hundred million dollars, plus two and one-half percent of all in excess of three hundred million dollars. However, the Board of County Commissioners may authorize general obligation revenue or special assessment supported bonds for utilities and certain other purposes, which are exempt from un-voted debt limitations to the extent net revenues or assessments service such general obligation bonds.

Bond Retirement Fund

By annual resolution, City Council authorizes the property tax rate required to be levied to service the expenses related to administration of the Bond Retirement Fund, including the payment of principal and interest on certain City bonded indebtedness.

Historically, revenues of the Bond Retirement Fund have been sufficient to service all of the City's general obligation indebtedness. Besides property taxes, these revenues have included: proportionately shared state taxes, property tax rollback reimbursement, income earned from temporary investment of fund balances, and rental income from Cincinnati Southern Railway property. In addition

to the information contained in the "Notes to Financial Statements," the following information is provided to describe the application and utilization of rentals received from Cincinnati Southern Railway.

The rental income received from Cincinnati Southern Railway property is deposited into the Bond Retirement Fund to be applied to the bonded debt of the City as provided by legislation enacted by the Ohio General Assembly on July 1, 1949. The lease agreement with the Norfolk Southern Corporation was modified in 1987 to provide for an annual rent payment of at least $11 million plus an annual escalator based on the Implicit Price Deflator of the Gross National Product index of the U.S. Department of Commerce. Annual adjustments are not to exceed four percent. The rental revenues are used for debt service on general obligation notes issued periodically for various purposes and other bonded debt. The amounts received by the Bond Retirement Fund under the lease agreement for the years 2010 through fiscal year 2014 are presented below:

Southern Railway Revenue

Year	Amount
2011	$19,709,868
2012	20,189,606
FY 2013*	10,094,803
FY 2014	20,734,726
FY 2015**	21,017,620

* The amount listed for Fiscal Year 2013 reflects a shortened, six-month conversion year, beginning on January 1, 2013 and ending on June 30, 2013.
** Estimate

The City maintains a balance in the Bond Retirement Fund in order to assure that funds are available to meet debt service payments when due. The amount available in the Bond Retirement Fund as of June 30, 2015 is $63,225,579.

Any excess premium and accrued interest received from the sale of bonds is deposited in the Bond Retirement Fund to be applied to the payment of principal and interest.

General Obligation Debt Pay-Out Ratio
(Including the Series 2015 Bonds Described Herein)

After the Series 2015 Bonds are issued, the outstanding General Obligation debt will be $549,620,000. Of the $549,620,000, 44% will be retired by December 31, 2019; 68% will be retired by December 31, 2024; 87% will be retired by December 31, 2029; and the balance will be retired by December 31, 2040.

Ad Valorem Tax Base

The assessed valuation of property within the City subject to levy of ad valorem taxes for the past five years is shown in "Table - Assessed Valuation." The assessed property includes real property, public utilities property, and tangible personal property with real property further subdivided into primarily residential, commercial, and industrial valuations. The City has used property tax abatement to a limited extent to encourage development.

Real Property. A statutory sexennial reappraisal of real property was conducted in 2014. Overall assessed valuation increased 1.6%. The laws of the State of Ohio presently require that the County Auditor reassess real property at any time such official finds that the true or taxable value thereof has changed, and in the third calendar year following the year in which a sexennial reappraisal is completed if ordered by the Ohio Commissioner of Taxation. In general, real property taxes collected in any calendar year are those levied on assessed values as of January 1 of the preceding year. Existing law requires that taxable real property be assessed at not more than 35% of its true value except that taxable real property devoted exclusively to agricultural use is to be assessed at no more than 35% of its current agricultural use value as determined by the County Auditor in accordance with rules adopted by the Ohio Commissioner of Taxation. Forestry or timber growing real property may be taxed at 50% of the local tax rate upon its true value. Real property taxes for public utilities are those levied on assessed values as of December 31 of the preceding year.

Public Utilities. Tangible personal property of public utilities is assessed at various rates (25% to 88% of true value) depending upon the type of property. Effective for collection year 2002, the assessed valuation of electric utility production equipment was reduced from 100% and natural gas utility property from 88% of true value, both to 25% of true value. Makeup payments in varying and declining amounts were to be made through 2016 to taxing subdivisions such as the City by the State of Ohio from State resources.

The State of Ohio's 2005 biennial budget bill included a reduction in the 88% assessment rate for electric utility transmission and distribution equipment to 85%, and a reduction in the 25% assessment rate for all electric company taxable property to 24% commencing in tax year 2006. That legislation also provided for a phasing out of the taxation of all personal property used by telephone companies, telegraph companies, or interchange telecommunications companies which occurred in tax year 2011, with State of Ohio reimbursement payments to be made in declining amounts through 2018.

In the State of Ohio's 2012 budget public utility personal property tax reimbursements for normal operating expenses paid to the general fund were eliminated effective July 2011. The State of Ohio reimbursements for debt service will continue through 2016 at a fixed amount.

Tangible Personal Property. House Bill 66 passed June 30, 2005, phased out the taxation of all tangible personal property used in business over four years beginning in 2006 and ending in 2009, when all such property became exempted from taxation. The phase out applied to most businesses and includes furniture and fixtures, machinery and equipment, and inventory. To compensate for foregone revenue due to the phase out of the tangible personal property tax, the State of Ohio made distributions to taxing subdivisions (such as the City) from revenue generated by a commercial activity tax. Generally, these distributions were expected to fully compensate taxing subdivisions for such tax revenue losses through 2010, with gradual reductions in the reimbursement amount from 2011 through 2017. In the State of Ohio's 2012 budget the tangible personal property tax reimbursements for normal operating expenses paid to the general fund were eliminated. The State of Ohio's reimbursements for debt service will continue through 2017 at a fixed amount.

Investment Policy Summary

The City invests public funds in a manner that emphasizes maximum security of principal while meeting daily cash flow needs. Within these two parameters the City's objective is to earn the highest investment return possible while achieving the "prudent person" standard in managing the investment portfolio. Ohio statutes and local ordinances authorize investment in obligations of the U.S. Treasury, federal agencies or instrumentalities, obligations of the State of Ohio, the Ohio subdivision's fund (STAR Ohio), repurchase agreements, no-load money market funds, municipal bonds or obligations of any Ohio political subdivision with at least a AA rating by Standard & Poors, and collateralized certificates of deposit. All security transactions must be conducted on a delivery versus payment basis. All investments must mature within five years from the date of settlement, unless the investment is matched to a specific obligation of the City.

The City utilizes a laddered approach to scheduling investment maturities. The weighted average maturity of the investment portfolio shall not exceed three years. To diminish risk exposure to market price fluctuations, all investments are made with the intent to hold the investment until maturity, but may be sold earlier if deemed necessary or appropriate.

Copies of the City's current Investment Policy are available from the Director of Finance, Room 250, City Hall, Cincinnati, Ohio 45202.

Municipal Fiscal Emergencies

The Ohio General Assembly enacted Chapter 118 of the Revised Code (hereinafter in this section the "Act") providing methods for dealing with fiscal emergencies of municipal corporations in Ohio. The Act applies only to those municipal corporations which are determined to have circumstances that constitute the existence of a fiscal emergency condition and, therefore, a fiscal emergency pursuant to Sections 118.03 and 118.04 of the Revised Code, as set forth in the Act.

The Finance Director has reviewed applicable portions of the Act and has reviewed records pertaining to the City's circumstances with respect to the Act. Based upon the Finance Director's understanding of the Act, the Director is of the opinion that, with respect to the City, no circumstances or conditions exists that will cause a fiscal emergency condition to be determined to exist under the Act.

General Fund Major Revenue Categories

Municipal Income Tax. The City presently levies a municipal income tax at the rate of 2.1%. This tax is subject to reduction or termination by the electors except to the extent of amounts necessary to comply with bond ordinance covenants to make annual appropriations of income taxes in such amounts as are necessary to meet annual debt charges on general obligation bonds. Any such diminution is subject to the provision of Ohio Revised Code Section 5705.51 that "to such extent such tax shall not be subject to diminution by initiative or referendum, or diminution by statute unless provision is made therein for an adequate substitute therefore, other than un-voted taxes on the general tax lists and duplicates (ad valorem property taxes), assigned by law to such purpose." Depending upon the manner in which any such reduction or termination were to be effected, City Council could retain the power to re-impose the tax up to one percent (1%) without elector authorization.

The following tabulation reflects the municipal income tax collections, net of refunds, for years and the percentages and amounts legally required to be allocated, by purposes (000's omitted).

Municipal Income Tax Collections

Year	Rate	1.55% Operating Revenue	0.15% Capital Improvements	0.30% Public Transit	0.10% Infra-structure	Total	Percent Increase

FY 2015(est)	2.10%	260,506	25,210	50,421	16,807	352,944	3.5%

* City policy through 2008 provided that income tax receipts in excess of the amount forecasted that year were to be transferred to the City's Income Tax Permanent Improvement Fund. In the years indicated with an asterisk (*), those amounts were $2.15 million, $3.84 million, $1.50 million and $4.99 million, respectively. Those excess amounts were carried forward for subsequent year operating needs as approved by City Council.

† FY 2013 was from January 1 through June 30, 2013. FY 2013 percentage increase was calculated based on January through June 2012.

†† FY 2014 percentage increase was calculated based on 2013 adjusted 12 month Fiscal Year. 2013 adjusted full Fiscal Year total was $329,755.

Note: Excess 2006 1.55% City Income Tax revenue was reallocated from the Income Tax Permanent Improvement Fund to the General Fund for subsequent year operating needs. Excess 2007 and 2008 1.55% City Income Tax revenue was reallocated from the Income Tax Permanent Improvement Fund to the General Fund for 2010 operating needs.

Periodically, the City pledges lawfully available municipal income taxes from the 0.15% capital and the 0.1% infrastructure portions to pay annual debt charges. The amounts paid for principal and interest from the 0.15% capital are as follows:

Year	Amount
2008	$ 6,364,306
2009	7,263,927
2010	9,097,098
2011	9,598,824
2012	10,112,912
FY 2013*	1,817,200
FY 2014	10,354,368
FY 2015 (est.)	11,881,703

* FY 2013 was from January 1 through June 30, 2013, interest only.

Intergovernmental Revenues. Intergovernmental Revenues consist primarily of state shared taxes, which include Estate Tax, Property Tax Reimbursements and the Local Government Fund. In 1988, the City and other political jurisdictions in Hamilton County, Ohio agreed to use an alternative formula in lieu of the statutory formula for the distribution of the Local Government Fund.

The State of Ohio's 2012 budget included budget reductions to the Local Government Fund and the Property Tax Reimbursement related to the tangible personal property and utility personal property reimbursement. The budget included a 25% reduction to the Local Government Fund for the State of Ohio's fiscal year 2012 and a 50% reduction for the State of Ohio's fiscal year 2013. This translates to a reduction of $200,000 in 2011, $8.4 million in 2012 and $11.9 million in 2013 to the General Fund. The State of Ohio budget also includes an accelerated phase out of the tangible personal property tax reimbursements and public utility personal property that resulted in reduction in revenue of $1.8 million for 2011, $2.2 million for 2012 and $1.8 million in 2013 to the General Fund.

The Estate Tax was discontinued in 2013 pursuant to State of Ohio legislative action. The City received $21.4 million in 2012,[*] $5 million in stub fiscal year 2013 and $6.2 million in fiscal year 2014 from this source. In fiscal year 2015 through February $878,000 has been received. These payments are being received due to lag in time settling the estates for those individuals who were deceased prior to January 1, 2013.

[*] In August of 2012 the Hamilton County Auditor distributed Ohio estate tax proceeds for a single decedent's estate which exceeded $7.8 million. The City received $6.24 million as the jurisdiction entitled to the local portion of the estate tax under Ohio law. The City confirmed the unusually large tax receipt with the Auditor on notification in 2012. In 2015, the Auditor discovered that the proceeds had been distributed to the City in error. The decedent did not reside in the City but another local jurisdiction. The Auditor communicated his error to the City in May of 2015. Since then, the Auditor's Office, the City's Finance Office, the City Solicitor's Office and the Hamilton County Prosecutor's Office have been in contact to correct this accounting error. Ohio law does not specify a process for an Ohio County Auditor to correct such an error, but does specify a semi-annual settlement of local tax transfers between the state and its political subdivisions. In July the City received its general fund advance tax payment, including its local real estate tax proceeds. The County Auditor has withheld $6.24 million in these general fund tax proceeds due to the City in the semi-annual settlement. The City has communicated its objection to a one time settlement of $6.24 million and has requested a payment offset plan against future semi-annual general fund settlements. If the City and the County Auditor are unable to amicably resolve the payment through an agreed payment plan then the City anticipates litigation over the propriety of the withholding by the Auditor.

The opening of four casinos throughout Ohio resulted in a new revenue stream of Casino Tax that began in 2012. Revenue of $8.5 million was received for fiscal year 2014. The forecast for fiscal 2015 is $8.0 million. Original projections have proved to be optimistic in the new Ohio gaming market. The market continues to develop with the addition of casinos. While the market develops, revenue estimates have been based on known market factors and early actual results from the opened casinos.

The following reflects the actual receipts from the major sources for the past five years.

Intergovernmental Revenues (000's omitted)

Year	Estate Tax	Property Tax Reimbursements	Local Government Fund	Casino Tax **	Total
2010	$13,623	$5,538	$25,728	N/A	$44,889

++Fiscal period July 1, 2013 through June 30, 2014

Management's Discussion of Operations

Fiscal Year Change. The City has switched to a new fiscal year beginning in July 2013. The new fiscal year will be July 1 – June 30th. The primary reason for the change is to be on the same fiscal year as the State of Ohio. Due to potential budget reductions and the possibility of State shared revenues being reduced, similar fiscal years will greatly assist the City with the annual budget process. The secondary reason for the change is due to the timing of City Council elections. Council members serve four-year terms and are sworn in on December 1st. The City's current budget must be adopted by December 31st leaving only 30 days after members are sworn in to review and adopt a new budget. Under this timeline most budgets are approved without new council members' input or understanding of the budget. This change in fiscal year will improve the overall timing of the budget process.

While City Council appropriation of General Fund expenditures is required by law on an annual basis, the City administration performs multi-year planning and biennial budgeting. Therefore, the City administration has already recognized budgetary challenges in future years and is working to prepare potential solutions for presentation to City Council. Reserve accounts at July 1, 2014 were 11.8% of fiscal year 2014 revenue, above the 5% floor established by City Council.

The actual General Fund revenue for 2014 of approximately $356.3 million was higher than the revised budgeted amount of approximately $350.4 million, an increase of approximately $5.9 million, or 1.7% due to increase in income tax, admission tax, license and permits, charges for services and unexpected estate tax. Actual General Fund expenditures for 2014 were approximately $364.3 million, which was lower than the budgeted amount of approximately $372.1 million by approximately $7.8 million or 2.1%. Approximately $3.0 million in savings were anticipated in the 2014 budget. The variance is approximately $4.8 million, or 1.3% of the expenditure budget. The City's departments were able to save approximately $4.8 million through their ongoing efforts to contain costs.

In addition, for FY 2015, the following table illustrates revenue and expenditure increases in the Revised Estimate when compared to the Original Budget. Increase in expenditures included increases for winter operations, negotiated labor agreements, overtime for Public Services, Police and Fire, and management contracts. There were also onetime expenditures totaling approximately $1 million for the Port Authority of Greater Cincinnati. The transfers out line item includes one-time payments of $4 million for the repayment of TIF funds and $750,000 for expenses related to the Major League Baseball All Star Game. The expenditure increases are partially offset by increased revenue estimates related to increases in Income Tax Revenue, License and Permit Revenue and Estate Tax Revenue among others.

As of 2012 employee benefits directly related to employees have been added to each department's appropriation.
General Fund NonGAAP Fund Balance includes $7.327 million in inventory, advances and cash in stores funds not included in Cash Basis Genal Fund statements.

Working Capital Reserve. The City maintains a Working Capital Reserve fund that, by ordinance, must be from 5% to 8% of estimated General Fund revenue. The Working Capital Reserve fund balance at fiscal year-end 2014 was $21.5 million, which is approximately 6.1% of 2014 General Fund revenue. The 2012 budget included a $1 million transfer to the Working Capital Reserve.

Year	Balance at Year End
2008	$25,312,304
2009	26,029,797
2010	19,640,158

February 26, 2015

The Honorable Mayor, Members of City Council,
and the Citizens of the City of Cincinnati, Ohio

We are pleased to submit the City of Cincinnati's Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2014. State law requires that the City of Cincinnati annually publish a complete set of financial statements for the results of its fiscal operations, presented in conformity with generally accepted accounting principles (GAAP). This report is prepared by the Department of Finance, which is responsible for the accuracy of the data and the completeness and fairness of its presentation, including disclosures. We believe that the information presented is accurate in all material respects and reported in a manner designed to show the financial position and operating results of the City.

GAAP require that management provides a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A) that is located on page 24. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

The Administration believes that the City's internal control structure provides reasonable assurance that assets are safeguarded, transactions are recorded and reported appropriately, and policies are followed. The concept of reasonable assurance recognizes that the cost of a control procedure should not exceed the expected benefit.

An important element of the City's control structure is the ongoing program to promote control consciousness throughout the organization. The Administration's commitment to this program is emphasized through written policies and procedures, and a well-qualified financial staff.

In 2012, the City made the decision to change from a calendar year to a fiscal year beginning July1st and ending June 30th. This resulted in 2013 being a six month conversion year. The Auditor of the State of Ohio has audited the accompanying financial statements for fiscal year 2014. Their report is included herein.

A single audit is an organization-wide financial and compliance audit that is conducted in lieu of the traditional grant-by-grant multiple audits performed in the past. Federal law requires us to have this single audit of all City activities. We have remained in compliance with this requirement since its inception in 1985. The Auditor of the State of Ohio conducted the single audit for the 2014 fiscal year.

Profile of the Government

Cincinnati was founded in 1788, chartered as a village in 1802, and incorporated as a City in 1819. It is located on the Ohio River in Southwestern Ohio near the junction of Ohio, Indiana and Kentucky. Voters approved major revisions to the City Charter in 1926 to provide for home rule and the council-manager form

of government. The City's form of government was modified in 2001 based on a charter amendment approved by the voters in 1999 to implement a stronger Mayor form of government. The Mayor is chosen through a direct election and the nine members of City Council are chosen in a separate at-large election.

The Mayor is elected to a four-year term and City Council members are elected to two-year terms. Term limits enacted in November 1993 limit members of City Council to four consecutive two-year terms and the Mayor to two consecutive four-year terms. In November 2012 voters approved a change in the City Council terms to two consecutive four-year terms beginning with the 2013 election. The Mayor appoints the City Manager subject to prior approval of the City Council.

The City is the only governmental unit in the reporting entity; it has no component units. In determining what constitutes the City reporting entity, the criteria established by the Governmental Accounting Standards Board were used. The City is not financially accountable for any potential component units. Hamilton County and the Cincinnati City School District are separate governmental jurisdictions that overlap the City's boundaries. These entities are not included in the City's financial reports.

An annual operating budget is adopted each fiscal period for the General Fund and several Special Revenue Funds which operate on an annual budget. Budgetary data is presented for these funds as well as the Capital Projects Fund, Debt Service Fund, TIF Funds and other Special Revenue Funds which are mostly grants. For each budgeted expenditure classification, the level of appropriation control, which may not be exceeded, is: personal service, non-personal service, capital outlay, and debt service. Any revisions that alter the appropriation control classification of any division within a City department must be approved by the City Council. Encumbrances do not lapse and are included as expenditures in the current period budget (Non-GAAP Budgetary Basis).

The City provides the full range of municipal services including police and fire protection, parks, recreation, public services (highways, streets, and waste collection), health and human services, culture, public improvements, planning and zoning, general administrative, water and sewer services.

Information Useful in Assessing the Government's Economic Condition

Local Economy

The City's diverse and strong economic base has been and continues to be a source of financial stability for the City. The City is a world leader in the production of machine tools, playing cards, soaps and detergents. It is a prominent producer of building materials, cans, chemicals, clothing, cosmetics, electronic equipment, jet engines and valves. Cincinnati is home to nine Fortune 500 companies and 2 Fortune 100 companies.

According to the Greater Cincinnati Chamber of Commerce in its Economic Outlook 2014, the economy recovered at a slow rate in calendar year 2013 and is expected to continue to improve in 2015. The region's businesses continue to move forward and we expect to see more momentum in 2015. Regional unemployment is still lower than the national rate and continued job growth is expected for 2015.

The unemployment rate in the Cincinnati MSA reached a high of 9.9% in 2009. While the rate has dropped consistently to 7.4% in 2013 and 7.3% in 2014, it is not expected to reach the pre-recession employment level. Modest job growth is expected to continue into 2015. The underemployment of individuals and the reduction of the number of people participating in the active labor force are concerns and are not considered in the unemployment rate. Cincinnati's keys to successful recovery are in its ability to attract and maintain businesses and to reduce the impact of loss of population and jobs to growing suburban areas.

Per the U.S. 2010 Census, the City of Cincinnati's population was 296,943. The 2013 population estimates made by the Census Bureau has the Cincinnati population increasing to 297,517.

Long Term Financial Planning

City Council established standards for a minimum working capital reserve account in 1984 to assure a strong financial position and to protect Cincinnati's general obligation bond rating during periods of fiscal stress. The policy called for achievement of a minimum reserve level, for emergency needs of a catastrophic nature, of no less than 5% or more than 8% of general operating revenues by December 31, 1986. The targeted year-end reserve level was achieved in January of each period 1985 through FY2014. The target reserve of $21.5 million (6.03% of FY2014 General Fund revenue) has already been achieved.

Actual Non-GAAP General Fund expenditures/encumbrances for fiscal year 2014 were $364.3 million which is a $7.8 million decrease compared with budgeted fiscal year 2014 expenditure/encumbrances of $372.1 million. Actual Non-GAAP revenue for fiscal year 2014 of $356.3 million was more than budgeted fiscal year 2014 revenues of $350.4 million. The actual revenue exceeded the original fiscal year 2014 revenue estimate of $350.4 million by $5.45 million.

Moody's rates the City's general obligation bonds "Aa2", the third highest rating. The City's bond rating by Standard and Poor was downgraded from "AA+" to "AA-", the fourth highest rating. The rationale for the downgrade reflects the City's high direct debt as a percent of total revenue as well as exposure to high pension liabilities.

Relevant Financial Policies

Cash temporarily idle during the year was invested in Certificates of Deposit, obligations of the U.S. Treasury, obligations of a federal government agency or instrumentality, Ohio Municipal securities, and City of Cincinnati notes/bonds. The City has an investment committee that meets regularly to review investment policies and procedures. Beginning in March 2003, separate portfolios were created for general investments and bond investments in order to track specific interest earned on bond proceeds.

The City's Investment Policy, which was approved by the Mayor and City Council, is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, deposits are either insured by federal depository insurance or collateralized. The investments held by the City at June 30, 2014 were either backed by the full faith and credit of the U.S. Government or were investments with a credit rating of A and above.

The City utilizes the services of two professional investment management firms, Bond Tech, Inc. and Nuveen Asset Management, to manage a portion of the City's investment portfolio. The portfolios managed by these firms must follow the same laws and investment policies that guide the City's internally managed portfolio. As of June 30, 2014 the par value of City assets managed by these firms was $150.25 million by Bond Tech and $197.24 million by Nuveen Asset Management.

The par value of the assets managed internally by the City's Treasury Division was $462.61 million. The assets managed internally include the assets invested from the sale of bond proceeds as well as the assets needed to satisfy the cash requirements of the City. As of June 30, 2014, the investment allocation of the aggregate portfolio was as follows:

U. S. Treasury Notes: 30.29%
U.S. Agency Securities: 32.35%
Certificates of Deposit 1.49%
Ohio Municipal Debt 9.67%
City of Cincinnati Notes 9.42%
Overnight Funds/ Cash 16.78%

The City maintains a comprehensive all-risk property insurance program through a commercial carrier, covering approximately $1.36 billion in property values. The program contains a $100 thousand deductible, provides coverage in the amount of $300 million per occurrence, and has a maximum limit of $50 million for earthquake damage and $50 million for flood damage.

The City of Cincinnati Retirement System's net plan assets were $2.3 billion as of June 30, 2014 compared to $2.1 billion as of June 30, 2013. The net investment return for the fiscal year ending June 30, 2014 was 18.5%. The Cincinnati Retirement System's actuary reported the December 31, 2013 pension funded ratio of 63.2% and the health care funded ratio of 109.1%. This compares to the December 31, 2012 pension funded ratio of 61.3% and health care funded ratio of 98.8%.

In 2011, the City approved certain benefit changes to the pension and health care programs to reduce liabilities and stabilize plan financials. Following these changes, certain active and retired members filed various lawsuits. The City and the adverse parties agreed to a collaborative mediation in Federal District Court to attempt to reach an agreed resolution. Pursuant to Ordinance No. 38-2014, adopted by the City Council on March 19, 2014 (the "Mediation Ordinance"), the City Manager has been authorized to negotiate and enter into a global consent decree with respect to the pension issues. The mediation is ongoing and may result in a termination of the pending pension lawsuits.

Natural Resources and the Environment

Metropolitan Sewer District of Greater Cincinnati (MSD) operates and maintains the stormwater/wastewater collection and treatment system, utilizing best prescribes and industry recognized asset management programs making economical and efficient investments that improve public health and the environment as required under the Clean Water Act. Through its work with stakeholders and utilizing sound practices and good science, MSD efforts have led to improvements in watershed health of the rivers and streams within our service area. MSD fosters greater understanding and value of our watersheds to the general public through school programs and sharing information at community events and facility tours. The role MSD plays through management and improvement of our assets has tremendous impact on our natural resources. Water quality within our rivers and streams has improved over the last decade and continues to show improvements. MSD has posted data on its website and we regularly partner with local environmental community to share expertise and develop action plans to improve water quality for the benefit of our ratepayers and the community we serve.

MSD's Project Groundwork is a major capital improvement program to implement sustainable infrastructure solutions to reduce the amount and speed of stormwater runoff entering our collection systems to help reduce the amount of traditional infrastructure and capital investments that are needed to maintain water quality. MSD is implementing integrated watershed solutions that couple CSO reduction projects with green infrastructure and community revitalization that will achieve better environmental outcomes than traditional grey solutions. Our sustainable solutions result in better stream habitat and aquatic life.

Protection and restoration of our watersheds also helps support the City's community development efforts. Bike trails along greenways and redevelopment along day lighted streams are ways green infrastructure leads to stronger communities. MSD is exploring ways to work in collaboration with utilities, policy leaders and environmental activists to encourage the Governmental Accounting Standards Board to consider modifying accounting standards to include the economic value of natural resources in determining the capital asset value of water, wastewater and power utilities. The value of these assets would then be included in the planning for and funding of capital projects.

Major Initiatives

In 2014, the City continued to improve customer service throughout city government and promote

revitalization of neighborhoods, downtown, and the riverfront area. Major initiatives, accomplishments and positive changes were made in the following areas and are of particular interest.

General Electric Global Operations Center. General Electric (GE) is locating its U.S. Global Operations Center to a new 10 story office tower at The Banks in the City's riverfront area. It will be one of five such centers in the world. GE will employee 1,800 at the operations center who perform functions, such as, finance and information technology for its myriad business units. The total private investment is expected to be $90 million. Construction is underway and will be completed in the fall of 2016. It is estimated that 371 people will work on the construction of the building.

dunnhumby Centre at 5th and Race. Construction is well underway on the new 9 story, $36 million, 200,000 square foot headquarters for dunnhumbyUSA at the downtown corner of Fifth and Race. The new office building also includes a $52 million 1000 space parking garage that will open in November, 2014 and an additional 27,000 square feet of new commercial and retail space. dunnhumbyUSA anticipates it will grow to 1,000 employees over the next five years and 550 of those 1,000 jobs will be new jobs. The entire $88 million project is on schedule to be completed in April 2015.

Former Enquirer Building. The 246,160 square foot former Cincinnati Enquirer Building in downtown is being renovated by SREE Hotels into two distinct hotels. Hampton Inn and Homewood Suites will both open within the same building. Combined, the hotels will total 243 rooms. Total private investment in the project will be about $27 million. Construction will be completed the end of 2014. When finished, the historic building will be Leadership in Energy & Environmental Design (LEED) certified, and will employ 35 FTEs.

Streetcar Project. The City is constructing a modern streetcar system connecting the Central Business District (CBD) and the Uptown area through the Over-the-Rhine (OTR) neighborhood. Phase 1a of the system consists of a 3.6 mile circulator route through the CBD and OTR extending from The Banks riverfront development at 2nd Street to Henry Street near Findlay Market. The Phase 1a route will be serviced by five modern streetcar vehicles operating on embedded rail in shared right-of-way, with 18 station stops and a maintenance facility at the northern end of the route. The City broke ground on the initial utility relocation work in February 2012. In September 2012, CAF USA was selected to build the five streetcar vehicles. In July 2013, the City executed a construction contract with Messer/Prus/Delta Railroad JV (MPD) and construction work began. Construction of the entire Phase 1a system is expected to be completed in March 2016, with revenue service scheduled to begin in September 2016.

Renaissance Hotel - Bartlett Building. Construction was completed this past year and the Renaissance Hotel in the former Bartlett Building downtown opened in September. The project achieved LEED Silver Certification and has created 125 permanent full time jobs. A tax exemption for the redevelopment of the building into a 323-room luxury hotel was granted on the estimated construction cost of $33 million. Built as the Union Trust Building, the 18-story tower stood as Ohio's tallest building for three years and Cincinnati's tallest for 12 years. It was added to the National Register of Historic Places in 2008 and was vacant since 2010.

7th and Broadway Tower. Broadway Development 2001, Ltd. and Al Neyer Inc. are currently constructing a new seven floor, 111-unit apartment tower above the City's existing seven story parking garage in downtown. The tower will have a mix of units ranging from studios to two bedroom units with a den. The average unit will be 850 square feet. The lease rates are expected to be consistent with the top end of the downtown market. The total project cost is estimated at $22.3 million and is on schedule for completion in 2015.

Mabley Place. The former Tower Place Mall has been reinvented into a new 775 parking spaces and retail complex called Mabley Place. The $9 million renovation of the garage was completed in 2014 by Chinedum Ndukwe of Kingsley Wells Enterprises, LLC and Jake Warm of JDL Warm Construction. Also, a

2,400 square foot new Domino's Pizza store, with dine-in eating, was completed and opened. This is the first Dominos Pizza to locate in Downtown.

Holiday Inn at 7th and Broadway. Ground breaking took place in November 2014 for a new 115 suite $11.5 million Holiday Inn. The 6 story facility will be Cincinnati's first downtown hotel construction in 30 years. It will include an indoor pool, meeting rooms, and a first floor kitchen and restaurant.

Oakley Station. A 74-acre redevelopment of abandoned industrial space in one of the City's most rapidly appreciating neighborhoods, Oakley Station is anticipated to be an 855,000 square foot mixed-use development containing retail, entertainment, office and residential components. The total cost of the project is estimated to be $120 million. The developer anticipates that at full build-out, over 1,700 people will work on the site and the City estimates that those employees will generate nearly $800,000 in earnings tax each year. The City is assisting the project in three ways: 1) providing up to $9.9 million in tax increment financing for roadway improvements; 2) secured a $3.3 million in Clean Ohio grants for environmental remediation; 3) completing a major roadway improvement, the Kennedy Connector. In 2011, the developer completed above-grade environmental remediation and demolition. Public roadway and utility improvements were completed in 2013.

Cincinnati Children's Hospital Medical Center. Construction on a new 1.4 million square foot research facility commenced in 2012. The project will give Children's Hospital the largest pediatric research facility in the country. The new tower will cost $180 million, with no financial assistance from the City. The 15-story tower will add 425,000 square feet to the Burnet Avenue campus, creating enough space for Children's to hire up to 100 new research employees over the next five years. The hospital plans to raise about $54 million from private donations and pay for the rest of the tower with operating earnings, reserves and investment income. The research tower is scheduled for completion by summer 2015.

The Gantry. Milhaus Development has purchased vacant City-owned property at Hamilton and Blue Rock in Northside and other underutilized property nearby. The company has begun construction of a mixed-use development with approximately 130 apartments and 8,000 square feet of storefronts, not to mention the renovation of standalone historic building which will become the home of a business called Wire & Twine. In total, the development represents over $13 million in private investment. The City has committed up to $400,000 to improving public infrastructure adjacent to the property.

University Station. The University Station development consists of two phases; the first largely in Norwood, and the second largely in Cincinnati. The $54 million first phase, which consists of apartments, retail, and office space, has been substantially completed. Most of the space has been leased and some is already occupied. A speculative restaurant pad has been completed on the Cincinnati side of the corporation line, and a second phase of approximately 120,000 square feet of office space is anticipated to begin on the Cincinnati side along Dana Avenue once tenants are committed. The next phase is anticipated to start in 2015.

Mercy Health Headquarters. Mercy Health, the largest health care organization in Ohio and formerly known as Catholic Health Partners, has committed to consolidating its headquarters and administrative functions at the former Showcase Cinema property in Bond Hill. The company is receiving an incentive package from the City worth potentially as much as $24.5 million, in exchange for making $70 million in private investments in 350,000 square feet of office space, creating 650 new jobs, and retaining 400 existing jobs in Cincinnati. Construction is expected to begin in 2015 and be completed in 2016.

Keystone Parke/Select Medical. The next phase of Neyer Properties' Keystone Parke office campus in Evanston, Keystone II, is set to begin construction in late 2014. This phase consists of an acute care hospital facility which is a joint venture of Select Medical Corporation and TriHealth, which represents $20 million in private investment and 200 total new and retained jobs. The City is taking out an Ohio State Infrastructure Bank (SIB) financing package in the amount of $5 million for public parking and public

roadway improvements in conjunction with the new construction of the 70,000 square foot medical building.

DeSales Corner Redevelopment Activity. The City allocated $900,000 in TIF District funds in 2014 for the purpose of acquisition and redevelopment of key commercial properties in the DeSales Corner business district of East Walnut Hills. The project is being implemented by the Walnut Hills Redevelopment Foundation. To date, 1527 and 1535 Madison Road have been acquired, which represent two high-profile historic buildings that have been vacant or underutilized for many years. The property located at 1535 Madison Road is being marketed for restaurant users, while 1527 Madison has been sold to Bloomfield/Schon+Partners for a $1.5 million office and retail conversion of the 10,000 square foot building that has just begun renovation. In addition, multiple food/beverage/retail tenants are in the process of opening in the district as of fall 2014, representing excellent momentum in an area whose development had been mostly stalled since the recent recession.

Awards and Acknowledgements

Certificate of Achievement and Budget Award

During fiscal year 2014, the Government Finance Officers Association of the United States and Canada (GFOA) awarded two Certificates of Achievement for Excellence in Financial Reporting to the City of Cincinnati for its comprehensive annual financial report for the fiscal year ended December 31, 2012 and the fiscal period ended June 30, 2013. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only.

The City has received this award for thirty-four consecutive fiscal periods. In 1979, for our 1978 annual financial report, we were the first governmental unit in Ohio to receive the Certificate. As of December 31, 2013, 124 municipal reporting entities in Ohio and only 1,913 units nationwide are holders of the Certificate. We believe our current report continues to conform to the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its' eligibility for another certificate.

We are equally proud of the GFOA's Award for Distinguished Budget Presentation earned by the City for its 2014/2015 biennial budget. This is the 27th consecutive year that the City has received this award. For the fiscal years beginning in 2013, only 25 entities in Ohio received the award.

The preparation of this Comprehensive Annual Financial Report was accomplished by the efficient and dedicated services provided by the entire staff of the Department of Finance. Each member of the Department has our sincere appreciation for the contribution made in the preparation of this report. Appreciation is also expressed to those in other City departments for their cooperation and assistance in matters pertaining to the financial affairs of the City. We hereby acknowledge and thank all who contributed their time and effort.

Respectfully,

Reginald Zeno

city of CINCINNATI

Dave Yost • Auditor of State

INDEPENDENT AUDITOR'S REPORT

City of Cincinnati
Hamilton County
801 Plum Street
Cincinnati, Ohio 45202

To the Honorable Mayor and Members of the City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cincinnati, Hamilton County, Ohio (the City), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Corporate Centre of Blue Ash, 11117 Kenwood Road, Blue Ash, Ohio 45242
Phone: 513-361-8550 or 800-368-7419 Fax: 513-361-8577
www.ohioauditor.gov

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cincinnati, Hamilton County, Ohio, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1N to the financial statements, during the year ended June 30, 2014, the City adopted the provisions of Governmental Accounting Standard No. 67*, Financial Reporting for Pension Plans*. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, and other required supplementary information as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 26, 2015, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Cincinnati
Management's Discussion and Analysis

As management of the City of Cincinnati (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 5 - 11 of this report. The government-wide financial statements are presented on a GAAP basis; that is, they reflect accrual basis of accounting. The GAAP fund financial statements will differ from those presented on a budgetary basis.

Financial Highlights

- In 2013, the City of Cincinnati changed its fiscal year end from December 31 to June 30. This report is for the first twelve month fiscal year ending June 30, 2014. The Fiscal Year was changed to provide adequate time for new council members to become familiar with the city operations and to minimize budgetary impacts at the calendar year end.
- The assets and deferred outflows of the City, including all Governmental and Business-type activities, exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by $1.9 billion (net position). Of this amount, negative $15.4 million is considered unrestricted. The unrestricted net position of the City's governmental activities has a balance of negative $90.5 million. The unrestricted net position of the City's business type activities are $75.1 million and may be used to meet the on-going obligations of the City's water utility, parking, convention center, stormwater, aviation and golf business-type activities. The unrestricted portion of net position does not include assets with externally imposed restrictions or restrictions imposed by law.
- The City's total net position was $1.9 billion in 2014. Net position of the governmental activities increased by $105.2 million which represents a 12.0% change from the 2013 balance. Net position of business-type activities increased $21.0 million or 2.4% change from 2013. Governmental activities net investment in capital assets increased $69.4 million. Governmental activities restricted net position decreased $27.2 million. Business-type activities net investment in capital assets decreased $2.4 million. Business-type activities restricted net position increased by $13.4 million.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of $430.3 million, in comparison to $408.2 million at June 30, 2013. On a combined basis approximately $5.8 million is considered nonspendable, $329.1 million is restricted for specific purposes, $25.0 million has been committed by council and $6.6 million has been assigned to specific purposes by management.
- At the end of the current fiscal year, the committed fund balance of the general fund was $7.8 million, while total fund balance reached $81.5 million, 22.8% of total 2014 general fund expenditures. $2.3 million is considered nonspendable. There was a $4.8 million decrease in general fund balance for the fiscal year ended June 30, 2014.
- The City's total general obligation and revenue debt for governmental activities increased by $44.4 million or 8.1% during the current fiscal year.
- The unrestricted net position of the City's governmental activities have a balance of negative $90.5 million due primarily to increases in noncurrent liabilities related to net pension obligation and the increase in net position being restricted because of funding from federal and state sources.

Overview of the Financial Statements

The discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The government-wide financial statements can be found on pages 39 to 41 of this report.

The statement of net position presents information on all of the City's assets and deferred outflows and liabilities and deferred inflows with the difference reported as *net position.* Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of the related cash flows*. Thus revenue and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes, and earned but unused vacation leave).

Both of the government-wide financial statements (statement of net position and statement of activities) distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges *(business-type activities)*. The governmental activities of the City include general government, community development, parks and recreation, public safety, transportation and engineering, transit system, public services, and public health. The business-type activities of the City include the Water Works, Parking Facilities, Convention Center, General Aviation, Municipal Golf, and Stormwater Management Funds.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources,* as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. The basic governmental fund financial statements can be found on pages 42 to 46 of this report.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities.*

The City maintains 27 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund, the capital projects fund, and the debt service fund, all of which are considered to be major funds. Data from the other 24 funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* found elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund to demonstrate compliance with this budget.

Proprietary funds. The City maintains two different types of proprietary funds - enterprise and internal service. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water works, parking facilities, convention center, municipal airport, municipal golf courses and stormwater management system. *Internal service funds* are an accounting device to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds for its printing services and general stores operation, fleet services, property management function, self-insurance risk management fund, self- insurance workers' compensation fund and enterprise technology services. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements. The basic proprietary fund financial statements can be found on pages 47 to 51 of this report.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water Works Fund which is considered to be a major fund of the City. The other enterprise funds are combined into a single, aggregated presentation in the proprietary fund financial statements. All internal service funds are also combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the other enterprise funds and internal service funds are provided in the form of *combining statements* found elsewhere in this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The City uses fiduciary funds to account for pension trust, investment trust and agency funds. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 52 and 53 of this report.

Notes to financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to financial statements can be found on pages 57 to 111 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the funding progress of the City's Pension and Health Care Plans, Employer Contributions to the City's Pension and Health Care Plans and the budgetary comparison of the City's General Fund. Required supplementary information can be found on pages 115 to 118 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 123 to 185 of this report.

* Six Month Fiscal Period

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by $1.9 billion at the close of the most recent fiscal period.

The largest portion of the City's net position $1.6 billion (85.1%) reflects its investment in capital assets (e.g. land, construction in progress, buildings, machinery, equipment, and infrastructure); less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to its citizens; consequently, these assets are *not* available for spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, because the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position $296.5 million (15.7%) represents resources that are subject to external restrictions on how they may be used. The remaining balance negative $15.3 million represents *unrestricted net position*. It is important to note that although the total unrestricted net position is negative $15.3 million; the unrestricted net position of the City's business-type activities, $75.2 million, may not be used to fund governmental activities which has a balance of negative $90.5 million.

The governmental unrestricted net position balance is negative $90.5 million. Overall, net position of the City increased $126.1 million in the fiscal year 2014. Net position for governmental activities increased $105.2 million, while net position of business-type activities increased $21.0 million.

There was a decrease of $27.2 million in restricted net position reported in connection with the City's governmental activities and restricted net position reported in connection with the City's business-type activities increased by $13.4 million in 2014. The key factors in these changes were the increase in funds restricted for capital projects. The reason for the increase in business type assets is an increase in capital funding.

The City's governmental activities net investment in capital assets increased $69.4 million due to the addition of major projects in 2014. The City's business-type activities net investment in capital assets, decreased $2.4 million.

Financial analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental funds. The focus of the City's *governmental funds (footnote 1)* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. Nonspendable fund balances are amounts that cannot be spent, such as inventory, advances or nonexpendable trust balances. Restricted fund balances are amounts that are restricted legally for a specific purpose, such as a grant or by debt decree. Committed fund balances are amounts committed by the governing body through council legislation, such as budgetary commitments. Assigned fund balances are internal commitments by the governments' management for a specific purpose.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of $430.3 million, an increase of $22.0 million in comparison with the prior year. Approximately 76.5% or $329.1 million of this total amount constitutes *restricted fund balance*, which is available for spending for a specific purpose. The *committed fund balance*, $25.0 million or 5.8%, has been committed by council legislation at the end of the year.

The general fund is the primary operating fund of the City. During 2009, the decision was made to include the working capital reserve fund with the general fund as a stabilization fund and is included in the unassigned fund balance. At year end, the balance in the working capital reserve fund was $21.3 million. The total unassigned fund balance of the general fund (including the working capital reserve) was $64.8 million, which is 17.9% of 2014 general fund revenues.

The fund balance of the City's general fund decreased by $4.8 million during the current fiscal year compared to the fund balance as of June 30, 2013. The revenues and expenditures are provided below as an analysis of the affect on fund balance for the fiscal year ended June 30, 2014:

	General Fund	
(Amounts in Thousands)	06/30/14	06/30/13 *

Public Health	21,863	7,570
Employee Benefits	0	45,936
Total Expenditures	$ 356,700	$ 178,033

*Six month fiscal period

The capital projects fund has a total fund balance of $135.2 million which is the same as 2013. Although there was not a significant change in fund balance, the following occurred:

- Transfers in increased by $76.5 million.
- General obligation bonds of $17.9 million were issued.
- Capital Outlay increased by $84.2 million.
- Debt Service principal and interest increased by $11.0 million.

The total fund balance of the debt service funds was $108.6 million which is restricted for the payment of debt service. The net increase in fund balance was $18.5 million. *Debt* service principal payments in fiscal year 2014 were $36.2 million and general obligation bonds of $67.1 million were issued.

Proprietary Funds. The City's proprietary funds provide the same type of information found in the government–wide financial statements, but in more detail. Unrestricted net position of the enterprise funds is $75.1 million. The total change in net position was an increase of $23.2 million for the Water Works fund and a decrease of $3.2 million for the other enterprise funds. Other factors concerning the finances of these funds have been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

Revenue estimates for fiscal year 2014 were $347.3 million and were less than the actual revenue of $355.8 million. The original appropriations were $360.4 million, while the final appropriations were $364.3 million. The general fund deficit was filled by: $4.7 million increase of actual income tax revenue from the original budget, $2.4 million from the encumbrance cancellations and $6.1 million in carryover from the 2013 budget.

Appropriation increases were made for 2014 general fund departments. Detailed information by department can be found on pages 123 to 128 in the General Fund Budgetary statement. Major increases were made in the following departments:

- Department of the City Manager $893,000.
- Department of Community Development $1,337,000.
- Department of Public Services $3,172,000.

Detailed information by department can be found on pages 145 to 172 in the Other Governmental Fund Budgetary statement. Appropriation changes for 2014 from other restricted funds are as follows:

- Increase in Municipal Motor Vehicle License Tax Fund of $490,926.
- Increase in Infrastructure Fund of $843,473.
- Increase in Transit Fund of $14,750
- Increase in Street Construction and Maintenance Fund of $879,576.

Capital Asset and Debt Administration

Capital Assets. The City's investment in capital assets for its governmental and business-type activities as of June 30, 2014 is $2.6 billion (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings, systems, improvements, machinery and equipment, park facilities, streets, and bridges. The total increase in the City's investment in capital assets for the current fiscal year was $103.1 million (6.9% $88.7 million for governmental activities and 1.1% $14.5 million for business-type activities).

* Six Month Fiscal Period

Total capital assets, net of accumulated depreciation, increased $103.1 million. Major capital asset events during the fiscal year ended June 30, 2014 included the following:

- Governmental activities capital assets increased $88.7 million in fiscal year ended June 30, 2014 net of depreciation and included:
  - Land increased $11.9 million.
  - Construction in progress increased $45.4 million.
  - Infrastructure improvement for bridges, retaining walls, traffic signal upgrades and street improvements and upgrades increased by $26.6 million (net of depreciation).
  - Machinery and equipment decreased $7.1 million (net of depreciation).
  - Buildings increased $17.5 million (net of depreciation).
  - Improvements decreased $5.6 million (net of depreciation).

- Business-type activities capital assets increased $14.5 million net of depreciation and included:
  - Improvements increased $26.8 million.
  - Construction in progress decreased $41.1 million.
  - Machinery and equipment increased $7.4 million (net of depreciation).
  - Buildings increased by $21.5 million (net of depreciation).

Additional information on the City's capital assets can be found in note 14 on pages 92 to 94 of this report.

Long-term debt. At the end of the current fiscal year, the City had $1.1 billion long-term bonds and notes outstanding. Of this amount, $505.9 million comprises debt backed by the full faith and credit of the government. The remainder of the City's debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

* Six Month Fiscal Period

During the current fiscal year, the City's total debt increased by $75.0 million (7.1%). Key events contributing to the change in long-term debt balances are as follows:

- During fiscal year 2014 general obligation bonds of $85.0 million were issued
- During fiscal year 2014 $41.9 million of general obligation bonds were refunded.

The City's general obligation bond rating by Standard and Poor's Corporation and Moody's Investor Services, Inc. is "AA-" and "Aa2", respectively.

The City is within all of its legal debt limitations. The Ohio Revised Code provides that the net debt (as defined in the Ohio Revised Code) of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total taxation value of property. The statutory limitations on debt are measured by the ratio of net debt to tax valuation and expressed in terms of a percentage. The City had a legal debt margin for total debt of $299.3 million and a legal debt margin for unvoted debt of $36.9 million.

Additional information about the City's long-term debt can be found in note 9 on pages 82 to 88 of this report.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for the Cincinnati MSA was 7.3% at June 30, 2014 compared to 7.4% a year prior. This rate is higher that the State's average unemployment rate of 7.2% and is lower than the national average rate of 7.6%.
- The vacancy rate of the central business district A office space was 14.97% at the end of fiscal year 2014.
- The City is experiencing increasing costs for employee health care, retirement and contractually obligated labor costs.

All of these factors were considered in preparing the City's biennial budget for the fiscal year 2014:

General Fund revenues for the fiscal year 2014 were $5.94 million more than the estimate resulting in an increase in unappropriated fund balance at June 30, 2014. The General Fund balance is estimated to be $25.3 million, on a budgetary basis. At the end of the fiscal year 2014 the reserve balance was $41.9 million (composed of $21.3 working capital reserve, $2.4 million emergency reserve and the estimated $18.2 million in carryover fund balance), and was 11.8% of 2014 General Fund revenues.

The 2015 fiscal year General Fund budget estimated current revenues of $358.2 million are equal to the fiscal year 2015 estimated expenses of $358.2. The 2015 fiscal year budget is structurally balanced.

A continuing major budget priority for 2014 was economic development. The Economic Development Division was fully staffed to focus on bringing investments to the City that create jobs and increase the City's tax base. The Pogue`s Garage Project with F & C Development, Streetcar Project and the Horseshoe Casino are just a few examples of new economic development happening in Cincinnati.

Requests for Information

The financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance, City Hall, Room 250, 801 Plum Street, Cincinnati, Ohio, 45202.

CITY OF CINCINNATI, OHIO
Reconciliation of the Balance Sheet to the
Statement of Net Position
Governmental Funds
June 30, 2014
(Amounts in Thousands)

Total fund balances - governmental funds	$	430,311
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets (net of accumulated depreciation) used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds.		1,366,169
Certain receivables will be collected next year, but are not available soon enough to pay for the current period's expenditures, and therefore are deferred in the funds.		117,705
Some amounts reported for governmental-type activities in the statement of net position are different because certain internal service fund assets and liabilities are included with business-type activities.		1,682
Six internal service funds are used by the City's management. The assets and liabilities of the internal service funds are included with governmental activities. The net property of $15,116 as it relates to the internal service funds is included in the capital asset amount above.		33,288
Bond discounts, and deferred gains and losses on refundings are expended in the fund level financial statements but are accrued and amortized over the life of the bonds in the government-wide financial statements. This is the unamortized portion of those discounts, and gains/losses.		8,753
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities at year-end consist of:		
G.O. Bonds payable		(495,489)
Revenue bonds payable		(90,131)
Long Term Notes Payable		(11,952)
Unamortized bond premium		(38,560)
Compensated absences		(100,390)
Net Pension Obligation		(134,999)
Net Other Post Employment Benefit Obligation		(67,971)
Ohio Public Works Commission Loans		(2,109)
Unpaid claims payable		(24,838)
Accrued interest on bonds		(2,270)
Accrued Liabilities		(6,161)
Other liability		(495)
Capital leases payable		(121)
Advances from Other Governments		(261)
Total net position - - governmental activities (page 40)	$	982,161

Fund Balances at July 1	86,308	135,176	90,078	96,736	408,298
Fund Balances at June 30	$ 81,495	$ 135,209	$ 108,575	$ 105,032	$ 430,311

The accompanying notes to financial statements are an integral part of this statement.

City of Cincinnati, Ohio
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities
Governmental Funds
For the fiscal year ended June 30, 2014
(Amounts in Thousands)

Net change in fund balances - total governmental funds	$	22,013
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays ($186,231) exceeded depreciation ($28,458) in the current period.		157,773
Governmental funds report cash received for assets disposed of as revenue. However, in the statement of activities, that cash offsets the difference between the book value ($3,245) and accumulated depreciation of the disposed asset ($2,690).		(555)
Statement of activities reports an increase in revenues due to current activity in deferred inflows which is not reported at fund level.		47,442
The long-term liability for compensated absences is not recorded in the fund level, but is reported in the statement of activities. This is the current year change in the liability, reported as an expense in the statement of activities.		1,317
The long-term liability for unpaid claims is not recorded in the fund level, but is reported in the statement of activities. This is the current year change in the liability, reported as a reduction of an expense in the statement of activities.		729
The long-term liability for Net Pension Obligation is not recorded in the fund level, but is reported in the statement of activities. This is the current year change in the liability, reported as an expense in the statement of activities.		(23,372)
The long-term liability for Net Other Post Employment Benefit Obligation is not recorded in the fund level, but is reported in the statement of activities. This is the current year change in the liability, reported as an expense in the statement of activities.		(2,979)
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond and loan principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which proceeds exceeded repayments.		(89,840)

City of Cincinnati, Ohio
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities
Governmental Funds
For the fiscal year ended June 30, 2014
(Amounts in Thousands)

(Continued)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	$	2,219
Bond premiums are included in revenue at the fund level, but capitalized and amortized over the life of the bonds in the government-wide financial statements.		(16,296)
Net Gain on Defeasance are included in expenditures at the fund level, but are deferred and amortized over the life of the bonds in the government-wide financial statements		113
Bond discounts are included in expenditures at the fund level, but are deferred and amortized over the life of the bonds in the government-wide financial statements		(21)
Internal balances between the governmental activities and the business type activities are not reported at the fund level.		(1,030)
Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The net revenue(expense) of certain internal service funds is reported with governmental activities.		7,640
Change in net position of governmental activities (page 41)	$	105,153

CITY OF CINCINNATI, OHIO

NOTES TO FINANCIAL STATEMENTS

For the fiscal year ended June 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Cincinnati is a political subdivision of the State of Ohio. It is governed with the powers of home rule by a directly elected mayor with a four-year term and a council of nine members who are elected at large for four-year terms. In 2001, Cincinnati converted from a city manager-council form of government, through which it had operated since 1926, to a stronger mayor-council form of government.

In 2012, the decision was made to change the City's fiscal year from January 1 through December 31 to July 1 through June 30 to accommodate the new council members and implementation of budgetary adjustments. This report is for the first full year from July 1, 2013 through June 30, 2014.

A. Reporting Entity

The City as a reporting entity consists of only one governmental unit. Cincinnati has no component units - defined by GASB 61 as entities for which the government is considered to be financially accountable and where it would be misleading to exclude.

The following organizations are included in the combined financial statements of the City because, under Ohio law, they have limited corporate powers and are therefore not legally separate organizations:

Cincinnati Park Board
Cincinnati Recreation Commission
City Planning Commission
Cincinnati Board of Health
Civil Service Commission

Cincinnati owns a railway line, the Cincinnati Southern Railway that was completed in 1881 and extends from Cincinnati, Ohio to Chattanooga, Tennessee, a distance of 335 miles. Improvements have been made at various intervals; the most recent, a major line revision to eliminate tunnel clearance restrictions, grades, and curves, was completed in 1964. Improvements other than buildings in Governmental Activities include $83,224,000 attributable to the City's cost to construct and improve this railway system. The railway is leased to the Cincinnati, New Orleans and Texas Pacific Railway Company until December 31, 2026, with an option to extend the lease for an additional 25 years. The lessee is part of the Norfolk Southern Railway System and is its second largest operating unit. Total rental income from the railway lease was $20,735,000 for the fiscal year ending June 30, 2014 and $10,095,000 for the six month period ending June 30, 2013.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Inter-fund receivables and payables between governmental and business type activities have been eliminated in the government-wide statement of net position. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business type activities total column. As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's business type activities and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund financial statements consist of a series of statements focusing on information about the City's major governmental and proprietary funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the City of Cincinnati for the fiscal year ended June 30, 2014 are prepared in accordance with standards promulgated by the Governmental Accounting Standards Board (GASB). These standards include the effective pronouncements of the National Council on Governmental Accounting and the American Institute of Certified Public Accountants which are considered to be "generally accepted accounting principles" for state and local entities, until they are altered, amended, supplemented, revoked or superseded by a subsequent GASB pronouncement.

The City reports the following major governmental funds:

General Fund – This fund is the accounting entity in which all governmental activity, except that which is required to be accounted for in other funds, is accounted for. Its revenues consist primarily of taxes, intergovernmental shared revenues, charges for services, and investment income.

General Fund expenditures represent costs of general government, community development, public safety, public services, public health, parks and recreation, transportation and engineering, and other.

Capital Projects Fund – This fund is used primarily to account for resources restricted to construct or acquire governmental fund capital assets. Such resources are derived principally from proceeds of general obligation debt, federal and state grants and City income tax (see Note 11). It is the City's policy to use the proceeds derived from the sale of bonds only for the capital improvement purpose detailed in the bond-authorizing ordinance and in accordance with state statutes. Any premium and accrued interest received from the sale of bonds is deposited into the Debt Service Fund.

Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on general obligation debt and capital lease payments of the governmental funds.

The City reports the following major proprietary fund:

Water Works Fund – This fund accounts for all activities of the City's Water Works Department. The City collects, purifies, and sells water to Greater Cincinnati Area residents. Revenues consist primarily of user charges.

The City reports the following fund types:

Internal Service Funds – These funds are used to account for: reproduction, printing and stores; automotive repairs and maintenance; land sales and leasing; employee medical costs; workers' compensation; and enterprise technology services to other departments or agencies of the City, or to other governments. Internal service funds are used to account for the financing of goods or services provided by one department or agency to another department or agencies of the government, generally on a cost reimbursement basis.

Pension Trust Fund – This fund is used to account for the revenues and expenses of the City's Retirement System, which is accounted for as a single-employer defined benefit pension plan. This fund accounts for both the pension benefits and the post-employment healthcare benefits.

Investment Trust Fund – This fund is used to account for the Metropolitan Sewer District Fund portion of the City's pool of cash and investments.

Agency Funds – These funds are used to account for assets held by the City in a fiduciary capacity. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The assets held by the City include: towing and storing charges for impounded vehicles; entertainment facilities deposits; transportation and engineering specific purpose monies; Metropolitan Sewer District monies; and the Convention Facility Authority monies.

Measurement Focus

Except for budgetary purposes, the basis of accounting used by the City conforms to generally accepted accounting principles (GAAP) in the United States of America as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide and proprietary funds financial statements are reported using the economic resources measurement focus. The government-wide and proprietary funds financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenues, and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when the related liability is incurred, as under accrual accounting. However, debt service expenditures, as well as

expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Inventories of materials and supplies may be considered expenditures either when purchased or when used; and prepaid expense items may be considered expenditures either when paid for or when consumed. Proceeds of general long-term debt are reported as other financing sources.

Income taxes, delinquent property taxes, liquor permits, fines, local government fund, gasoline tax, and motor vehicle license fees for the current and prior periods are determined to be susceptible to accrual and recognized as revenue in the current accounting period. All other major revenues of governmental funds are determined not to meet the criteria of either being measurable or available.

The proprietary fund type statements are prepared utilizing the flow of economic resources measurement focus and the accrual basis of accounting for revenues, which are recognized when they are earned, and for expenses, which are recognized when they are incurred. Unbilled service receivables are recognized by proprietary funds when the services are provided.

The fiduciary fund types recognize revenue and expenses on a basis consistent with the fund's accounting measurement objective. The pension trust fund and the mixed investment pool statements are prepared utilizing the flow of economic resources measurement focus and the accrual basis of accounting. The pension trust fund accounts for both the pension benefits and the employees' post-employment benefits. Agency funds do not have a measurement focus. Their financial statements are prepared utilizing the accrual basis of accounting.

Other Accounting Policies

A. *Investments* - The investments of the City (excluding the City of Cincinnati's Retirement System, (see Note 2)) are comprised primarily of time deposits and other securities guaranteed by the United States Government or its agencies and are stated at fair value based on quoted market prices.

B. *Inventories* - Inventories are valued at cost using either the moving weighted average or the first-in, first-out method. Inventories in the governmental funds and the proprietary funds are recorded using the consumption method whereby inventories are recorded as expenditures or expenses when they are used.

C. *Insurance* - The City maintains a comprehensive all-risk property insurance program through a commercial carrier that provides insurance coverage for approximately $1,362,000,000 in property values. The program contains a $100 thousand deductible, provides coverage in the amount of $300 million per occurrence, and has a maximum limit of $50 million for earthquake damage and $50 million for flood damage. The City's available legal debt margin of $ 36,930,635 at June 30, 2014, is considered adequate for catastrophic loss coverage.

D. *Inter-Fund Transactions* – During the course of normal operations, the City has numerous transactions between funds including expenditures/expenses, advances and transfers of resources to provide services, construct assets and service debt. The governmental and proprietary fund type financial statements generally reflect such transactions as transfers or advances. The internal service funds record charges for services to City departments as operating revenue. All City funds record these payments to the internal service funds as operating expenditures/expenses. The proprietary funds record operating subsidies as other income whereas the fund paying the subsidy records it as either an expenditure/expense or transfer. Transfers are intended to reallocate money permanently from one fund to another. Advances represent the long-term portion of loans between funds. Inter-fund services provided and used are accounted for as revenues, expenditures, or expenses in the funds involved. The General Fund provides administrative services to enterprise funds. Based on an internal cost allocation plan certain costs initially borne by the General Fund are then billed as indirect charges to other funds of the City. The amounts charged for those services

are treated as revenue to the General Fund and as operating expenses in the enterprise funds and as program expenses for individual functions and activities.

E. *Capital Assets* - Capital assets which include property, plant and equipment, and infrastructure (i.e.. roads, streets, bridges and retaining walls) are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The City defines capital assets as assets with an individual cost of $5,000 or more ($100,000 for governmental infrastructure assets) and an estimated useful life in excess of one year. Such assets are capitalized at historical cost, or estimated values that approximate historical cost if purchased or constructed. Pursuant to the implementation of GASB No. 34, the historical cost of infrastructure assets (retroactive to January 1, 1980) is included as part of the governmental capital assets reported in the government-wide statement. Thus, the depreciated value of construction cost for streets, bridges and retaining walls is reported. Donated capital assets are recorded at estimated fair market value at the time of donation.

Capital assets include intangible assets as defined by GASB 51. An intangible asset is an asset that lacks physical substance and has a useful life of more than one year. Some examples are computer software, trademarks, water rights and land easements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the City are depreciated using the straight-line method over the following estimated useful lives:

Water Mains	100 years
Buildings and Improvements	25-70 years
Infrastructure	15-25 years
Machinery and Equipment	5-40 years
Automotive Equipment	3-20 years

F. *Deferred Inflows* - The City reports deferred inflows on its fund level balance sheet and entity wide statement of net position. Deferred inflows are items that were previously reported as deferred revenues and certain items that were previously recorded as assets and liabilities, such as, gains on defeasance of debt and certain transactions under service concession arrangements. Deferred inflows arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Certain intergovernmental receivables, uncollected assessments, miscellaneous receivables, property taxes and income taxes not meeting the availability criteria have been deferred and will be realized in a subsequent period in the governmental funds.

G. *Deferred Outflows* – A deferred outflow is a consumption of net position in a future period. The City reports as deferred outflows the loss on defeasance from debt refundings.

H. *Grants and Other Intergovernmental Revenues* -The proprietary fund types recognize the federal reimbursement type capital grants as intergovernmental receivables and capital contributions as the related expenses are incurred. All other federal reimbursement type grants are recorded as intergovernmental receivables and revenues when the related expenditures are incurred. On an accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City.

I. *Operating Revenues and Expenses* - The City, in its proprietary funds, distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

J. *Capitalization of Interest* - Interest is capitalized by the City in proprietary fund types when it is determined to be material. The City capitalizes interest in accordance with GASB 62 Guidance. This Guidance requires that the interest cost capitalized during construction be reduced by interest income earned on investments of the bond proceeds from the date of the borrowing until the assets constructed from the bond proceeds are ready for their intended use.

K. *Statement of Cash Flows* - For purposes of the statement of cash flows, the proprietary funds consider all highly liquid investments held by trustees, with a maturity of three months or less when purchased, to be cash equivalents. In addition, all cash and temporary investments with the City Treasurer are also considered to be cash equivalents since they are available to the proprietary funds on demand. The temporary investments primarily consist of certificates of deposit, federal agencies or instrumentalities, Ohio Municipals and U. S. Treasury securities that have maturities of up to two years.

L. *Bond Issuance Costs, Premiums and Discounts* –Premiums and discounts are capitalized and amortized over the term of the bond. Debt is reported net of unamortized premiums and discounts. Bond Issuance Costs are expensed as incurred per GASB 65 except for prepaid bond insurance which is reported as a deferred outflow of resources and amortized term of the bonds.

M. *Fund Balance* – Restricted Fund balances are used to meet current expenditures incurred for which restricted and unrestricted funds are available. Other expenditures are from committed, assigned and unassigned fund balances respectively.

N. *Pronouncements Effective for the 2014 Financial Statements* – Governmental Accounting Standards Board (GASB) Statement Number 67, *Financial Reporting for Pension Plans—an amendment of GASB Statement No. 25* was issued in June 2012. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2013. Earlier application is encouraged. This Statement replaces the requirements of Statements No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, and No. 50, *Pension Disclosures,* as they relate to pension plans that are administered through trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. The requirements of Statements 25 and 50 remain applicable to pension plans that are not administered through trusts covered by the scope of this Statement and to defined-contribution plans that provide postemployment benefits other than pensions.

Governmental Accounting Standards Board (GASB) Statement Number 70, *Accounting and Financial Reporting for Non-exchange Financial Guarantees* was issued in April 2013. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2013. Earlier application is encouraged. This Statement requires a government that extends a non-exchange financial guarantee to recognize a liability when qualitative factors and historical data, if any, indicate that it is more likely than not that the government will be required to make a payment on the guarantee. The amount of the liability to be recognized should be the discounted present value of the best estimate of the future outflows related to the guarantee expected to be incurred. When there is no best estimate but a range of the estimated future outflows can be

established, the amount of the liability to be recognized should be the discounted present value of the minimum amount within the range. This Statement requires a government that has issued an obligation guaranteed in a non-exchange transaction to recognize revenue to the extent of the reduction in its guaranteed liabilities. This Statement also requires a government that is required to repay a guarantor for making a payment on a guaranteed obligation or legally assuming the guaranteed obligation to continue to recognize a liability until legally released as an obligor. When a government is released as an obligor, the government should recognize revenue as a result of being relieved of the obligation. This Statement also provides additional guidance for intra-entity non-exchange financial guarantees involving blended component units. Except for disclosures related to cumulative amounts paid or received in relation to a financial guarantee, the provisions of this Statement are required to be applied retroactively. Disclosures related to cumulative amounts paid or received in relation to a financial guarantee may be applied prospectively.

O. *Pronouncements Issued But Not Yet Effective* – Governmental Accounting Standards Board (GASB) Statement Number 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27* was issued in June 2012. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2014. Earlier application is encouraged. This Statement replaces the requirements of Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers,* as well as the requirements of Statement No. 50, *Pension Disclosures,* as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. The requirements of Statements 27 and 50 remain applicable for pensions that are not covered by the scope of this Statement.

Governmental Accounting Standards Board (GASB) Statement Number 69, *Government Combinations and Disposals of Government Operations* was issued in January 2013. The provisions of this Statement are effective for financial statements for periods beginning after December 15, 2013. Earlier application is encouraged. This Statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. This Statement requires the use of carrying values to measure the assets and liabilities in a government merger. This Statement requires measurements of assets acquired and liabilities assumed generally to be based upon their acquisition values. This Statement also provides guidance for transfers of operations that do not constitute entire legally separate entities and in which no significant consideration is exchanged. A disposal of a government's operations results in the removal of specific activities of a government. This Statement provides accounting and financial reporting guidance for disposals of government operations that have been transferred or sold. This Statement requires disclosures to be made about government combinations and disposals of government operations to enable financial statement users to evaluate the nature and financial effects of those transactions.

Governmental Accounting Standards Board (GASB) Statement Number 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68* was issued in November 2013. The provisions of this Statement are required to be applied simultaneously with the provisions of Statement No. 68 effective for financial statements for periods beginning after December 15, 2013. Earlier application is encouraged. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or non-employer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. Statement 68 requires a state or local government employer (or non-employer contributing entity in a special funding situation) to recognize a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. If a state or local government employer or non-employer contributing entity makes a contribution to a defined benefit

pension plan between the measurement date of the reported net pension liability and the end of the government's reporting period, Statement 68 requires that the government recognize its contribution as a deferred outflow of resources. In addition, Statement 68 requires recognition of deferred outflows of resources and deferred inflows of resources for changes in the net pension liability of a state or local government employer or non-employer contributing entity that arise from other types of events. At transition to Statement 68, if it is not practical for an employer or non-employer contributing entity to determine the amounts of *all* deferred outflows of resources and deferred inflows of resources related to pensions, paragraph 137 of Statement 68 required that beginning balances for deferred outflows of resources and deferred inflows of resources not be reported. Consequently, if it is not practical to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, contributions made after the measurement date of the beginning net pension liability could not have been reported as deferred outflows of resources at transition. This could have resulted in a significant understatement of an employer or non-employer contributing entity's beginning net position and expense in the initial period of implementation. This Statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. Statement 68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts.

P. *Working Capital Reserve* - City Council established standards for a minimum working capital reserve account in 1984 to assure a strong financial position and to protect Cincinnati's general obligation bond rating during periods of fiscal stress. The policy called for achievement of a minimum reserve level, for emergency needs of a catastrophic nature, of no less than 5% or more than 8% of general operating revenues by December 31, 1986. The targeted year-end reserve level was achieved in each fiscal period 1985 through 2014. The working capital reserve for at June 30, 2014 was $21,339,000 and is included in the Unassigned Fund Balance as a Working Capital Reserve in the General Fund. The City is a chartered government and the working capital reserve, as established, is allowed by the charter.

Q. *Restricted resources* - Bond funds and other similar restricted resources are assumed to be expended before non-restricted resources in paying for capital projects of both the governmental funds and the proprietary funds.

R. *Liability for Compensated Absences* – City employees are awarded sick, vacation and compensatory time as determined by union contractual agreements and personnel policies. Compensatory time and vacation time are paid out in full upon termination and are expensed in the year earned. Sick leave is paid out at various levels upon termination. The liability for sick leave is computed with the Termination Payment Method using a historical average of total years worked and total amount paid. The current portion of the liability is an average of the annual expenditures.

2. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

The City of Cincinnati combines the cash balances in individual funds to form a pool of cash and investments. Each fund reports its respective equity in City Treasury cash as an element of its resources. In addition, several funds separately hold cash and equivalents and investments, which are appropriately identified, in the government-wide Statement of Net Position of the City. Earnings from the pooled cash and investments are allocated on a quarterly basis to eligible funds based on month-end equity balances. The data presented in the accompanying financial statements is for the City of Cincinnati as a whole.

Deposits

At fiscal year end the carrying amount of the City's deposits, including certificates of deposit with various financial institutions was $211,749,000 and the bank balance was $211,711,000. The entire bank balance is held in the name of the City and is collateralized either by federal depository insurance or securities pledged as collateral and segregated by the Federal Reserve Bank in a pledge account. The collateral is held by the City's agent in the City's name; it cannot be released by the Federal Reserve Bank without the City's approval.

Statutes specify that the City Treasurer require institutions designated as a public depository to pledge and to deposit with the Treasurer's office, as security for the payment of all public monies to be deposited in the public depository during the period of designation, eligible securities of an aggregate market value equal to the excess of the amount of public monies that are at the time so deposited over and above such portion or amount of such money as is at such time insured by the Federal Deposit Insurance Corporation, or by any other agency or instrumentality of the federal government. As an alternative, the City Treasurer may require such institution to deposit with him surety company bonds which, when executed, shall be for an amount equal to such excess amount.

Excluded from these amounts are deposits held by the City's Retirement System for which the fiscal year ended June 30, 2014 book balance was $40,712,000. The June 30, 2014 bank balance was $17,333,000 and the cash balance was $17,155,000. The cash balance was held by the City Treasurer. The cash equivalents of $23,557,000 were held in money managers' custodial accounts at the Bank of New York at year-end and are not subject to the same insurance and collateralization requirements as the City's deposits and are uncollateralized.

Investments

The fair value of investments for the City (including permanent funds) at June 30, 2014 was $1,066,502,000. These investments include $46,568,000 in Money Market Funds, $522,084,000 in U. S. Treasury Securities, $409,748,000 in U. S. Government Agencies, $324,000 in Bond Mutual Funds, $86,382,000 in Ohio Municipals, and $1,396,000 in Equity Securities. The City is legally authorized to invest in obligations of the U.S. Treasury, federal agencies or instrumentalities, obligations of the State of Ohio and its political subdivisions and repurchase agreements. All investments of the City of Cincinnati are insured or registered, or are securities held by the City or its agent in the City's name. The City Treasurer may enter into a repurchase agreement of United States Treasury obligations or other obligations for which the full faith and credit of the United States is pledged for the payment of principal and interest, or obligations or securities issued by any federal government agency. The City has not used reverse repurchase agreements or derivatives as investment instruments.

Excluded from the City's investments discussed above are assets held in trust by the City's Retirement System and the Park Board, which includes the Special Revenue Parks, Special Revenue Bettman Nature Center, and Permanent Park Board Funds. The fair value of investments for these funds at June 30, 2014 was $2,334,220,000. These investments include $95,987,000 in U.S. Government Bonds, $90,784,000 in U.S. Government Agencies, $47,179,000 in Corporate Fixed Income, $226,200,000 in Private Equity, $1,181,879,000 in Equity Securities, $2,789,000 in State and Local Obligations, $456,597,000 in Other Investments, $189,040,000 in Real Estate Investments, $878,000 in Derivatives, $23,959,000 in Private Placements, $1,265,000 in Tax Exempt Government Municipals and $17,663,000 in other bonds. In those cases where resources are maintained in trust, the authority for investment of the property rests with either the trust agreement or local ordinance. Investments of the City of Cincinnati Retirement System are, by ordinance, subject to certain terms and limitations. These limitations do not apply to investments in securities of the City and federal government or their agencies. Investments of the City of Cincinnati Retirement System and Park Board are uninsured. These securities are held by the

counterparty or by its trust department or agent but not in the City's name. The investment in Venture Capital is not considered an investment in a security for purposes of credit risk classification since it is not evidenced by securities that exist in physical or book entry form.

Investment Policy and Risk

The investment policy and risk will be discussed in four categories: 1) the City investment policy, which includes the General Fund, Debt Service Fund, Capital Project Fund, Water Works Fund (an Enterprise Fund), and the Metropolitan Sewer District (an Agency Fund); 2) the Permanent Funds except for the Park Board Fund; 3) the Park Board, which includes the Special Revenue Parks, Special Revenue Bettman Nature Center and Permanent Park Board Funds; and 4) the City of Cincinnati's Retirement System's Pension Trust Fund.

A. City Investment Policy

The City's foremost objective of the investment policy for the funds that are pooled and deposited in the General Bank Depository Account and other accounts authorized by the City Treasurer is safety of principal. The investment policy minimizes credit risk by limiting investments to the safest types of securities, pre-qualifying the financial institutions with which the City will do business, and diversifying investments to minimize potential losses.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Interest rate risk is reduced by structuring the portfolio to mature to meet cash requirements for ongoing operations in order to avoid the need to sell securities prior to maturity and by investing operating funds in shorter-term securities.

At June 30, 2014, the City had the following investments held by the City Treasurer which were exposed to interest rate risk (amounts in thousands):

	Investment Maturities			
Investment Type	Fair Value	Less Than 1	1 to 5	More than 5
U.S. Treasury Obligations	$ 522,084	$ 60,708	$ 452,456	$ 8,920
U.S. Agencies	409,748	26,359	383,389	
Tax Exempt Ohio Municipals	86,382	2,369	84,013	
Total	$ 1,018,214	$ 89,436	$ 919,858	$ 8,920

Currently, the investment policy limits the investments to: 1) obligations issued by the United States Treasury, 2) obligations issued by a federal government agency or instrumentality, 3) certificates of deposits, 4) no-load money market mutual funds which invest in 1), 2), or 3) above, 5) the Ohio subdivision's fund (STAR Ohio), 6) repurchase agreements, or 7) obligations of the State of Ohio or of a political subdivision of the state with at least a AA rating. These investments do not expose the City to foreign currency risk. Therefore, the City does not have a foreign currency risk policy.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit ratings indicate the degree of credit risk for an investment. At June 30, 2014 the City held the following investments (amounts in thousands):

Investment Type	Total Fair Value	A-/A3 and Above	BBB-/Baa3 to BBB+/Baa1	Not Rated	Full Faith & Credit
U.S. Treasury Obligations	$ 522,084	$ 492,454		$	$ 29,630
U.S. Agencies	409,748	365,478		44,270	
Tax Exempt Ohio Municipals	86,382	64,488	$ 647	21,247	
Total	$ 1,018,214	$ 922,420	$ 647	$ 65,517	$ 29,630

Custodial credit risk is the risk that in the event of a failure of a depository financial institution or counterparty to a transaction, the City would be unable to recover the value of an investment or collateral securities. The custodial credit risk policy is discussed in the Deposits section above. The City requires the certificates of deposit to be backed by collateral or surety bond with an aggregate market value of one hundred two percent of the City's deposits and investments including accrued interest. Repurchase agreements require collateral. The release of collateral requires the approval of the City Treasurer.

Concentration of credit risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer. At June 30, 2014 the City did not have more than five percent of total investments with a single issuer.

B. Permanent Funds

The Permanent Funds (excluding the Park Board Fund) do not have a written investment policy. Each fund has a separate trust agreement, which limits the activity of the fund. At June 30, 2014, total investments were $1,720,000. The Permanent Funds do not have an investment policy for interest rate risk, credit risk, custodial credit risk, concentration of credit risk, or foreign currency risk. Their investments consist of equity securities with a fair value of $1,396,000, and bond mutual funds with a fair value of $324,000. Credit ratings and maturity information was not available for the investments in bond mutual funds.

C. Park Board

The Park Board Fund investments goals are to generate capital growth for long-term usage and provide operating income to the respective projects and operations. The fund has established asset allocation ranges. For equities that range is seventy to ninety percent. The bond range is ten to thirty percent, and the cash range is zero to three percent. Each bond investment must have a minimum credit rating of B by Standard and Poor's and Moody's. Other than these limitations on investments, the Park Board Fund does not have an established policy for interest rate risk, credit risk, concentration of credit risk, custodial credit risk, or foreign currency risk.

At June 30, 2014 the Park Board had total investments with a fair value of $9,781,000 which included equity securities with a fair value of $7,530,000, real estate with a fair value of $1,000, and bond mutual funds with a fair value of $402,000. The remaining $1,848,000 in investments is identified in the chart below.

The following investments were exposed to interest rate risk (amounts in thousands):

Investment Type	Investment Maturities (in years)		
	Fair Value	Less Than 1	1 to 5
U.S. Treasury Obligations	$ 940	$ 239	$ 701
Corporate Bonds	908	51	857
Total	$ 1,848	$ 290	$ 1,558

The following chart provides information utilized in determining credit rate risk (amounts in thousands):

Investment Type	Total Fair Value	A-/A3 and Above	Not Rated
U.S. Government Treasury	$ 941	$ 941	
Corporate Bonds	907	654	$ 25
Fixed Income Mutual Funds	402		402
Total	$ 2,250	$ 1,595	$ 427

D. City Retirement

The City of Cincinnati Retirement System's Pension Trust Fund primary investment return objectives are to preserve the safety of principal, earn the highest possible total return consistent with prudent levels of risk, and create a stream of investment returns to insure the systematic and adequate funding of actuarially determined benefits through contributions and professional management of the System assets. The System has established asset allocation goals with acceptable variances specific to the investment manager category. The total fixed income target allocation is 17% with a variance of 4%. The fixed income investment managers are divided between core bond managers (target allocation of 14% with a variance of 2%) and high yield bond managers (target allocation of 3% with a variance of 2%). The remaining investment manager asset target allocations are as follows: domestic equity 29.5% with a variance of 6%, non-U.S. equity 21% with a variance of 5%, real estate equity 7.5% with a variance of 3%, infrastructure 5% with a variance of 2%, hedge fund of funds 10% with a variance of 5%, risk parity 5% with a variance of 2.5%, and private equity 5% with a variance of 5%.

Interest Rate Risk

The interest rate risk is addressed by guidelines that require the weighted duration of the investments to be within a range of the duration of a benchmark index. For bonds the average effective duration may not vary more than 25%. At June 30, 2014, the System had the following investments subject to interest rate risk (amounts in thousands):

	Investment Maturities (in years)				
Investment Type	Fair Value	Less Than 1	1 to 5	6 to 10	More than 10
Cash Equivalents	$ 23,573	$ 23,573			
Convertible Bonds	211		211		
Fixed Investments					
Corporate Bonds	45,870	7,721	$ 21,676	10,266	$ 6,207
International Bonds	17,452	2,179	10,582	1,380	3,311
Other Government Obligations	2,789		3		2,786
Private Placements	23,959	3,939	6,253	4,480	9,287
Tax Exempt US Municipals	1,265			144	1,121
US Agencies	90,784	4,892	7,993	1,578	76,321
US Governments	95,046	12,599	33,674	37,440	11,333
Preferred Stock	4,704	3,485			1,219
Derivatives					
Forwards	(144)	(144)			
Swaps	743	42	707	(6)	
Options	(36)	(32)	(4)		
Future Contracts	315	263	4	8	40
Total	$ 306,531	$ 58,517	$ 81,099	$ 55,290	$ 111,625

Concentration of Credit Risk

The concentration of credit risk is minimized by the diversification policy, which requires the assets to be allocated across major asset classes and be diversified broadly within each asset class. The investment firm is required to notify the System when, in aggregate as a firm, the organization owns more than 10% of the outstanding shares in a single stock. Also, within the fixed investment asset class each of the investment managers may not allow a single issuer to comprise more than 5% of the portfolio's market value. For the U.S. equity and the Non-U.S. equity, no single security shall comprise more than 10% of the portfolio's market value for each investment manager. To further limit the concentration of credit risk, the U.S. equity investment managers are not permitted for the aggregate position within each equity manager's portfolio to exceed 5% of the fair market value of the outstanding stock in any company. The limit for Non-U.S. equity investment managers is 1.5%.

Credit Risk

In order to reduce credit risk, the System requires that 85% of the bond managers invest in a high quality investment grade security. The remaining 15% may be invested in below investment grade securities, defined as investments with a middle rating below BBB- (S&P), Baa3 (Moody's), or BBB- (Fitch). The high yield bonds overall portfolio average quality rating should be not less than B based upon the rating of at least two of the three rating agencies (S&P, Moody's, and Fitch). The following chart provides the investments held by the System summarized by credit rating at June 30, 2014 (amounts in thousands):

Investment Type	Total Fair Value	A-/A3 and Above	BBB-/Baa3 to BBB+/Baa1	B-/B3 to BB+/Ba1	C/C to CCC/Caa	Not Rated
Cash Equivalents	$ 23,573	$ 500				$ 23,073
Convertible Bonds	211		$ 211			
Fixed Investments						
Corporate Bonds	45,870	10,273	27,187	$ 6,741	$ 1,245	424
International Bonds	17,452	827	11,823	4,802		
Other Government Obligations	2,789	2,673	113			3

US Governments	95,046	95,046				
Preferred Stock	4,704		897	1,688		2,119
Derivatives						
Forwards	(144)					(144)
Swaps	743					743
Options	(36)					(36)
Future Contracts	315					315
Total	$ 306,531	$ 194,697	$ 47,049	$ 20,615	$ 3,530	$ 40,640

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The System's target allocation for non-U.S. equities is 21% of the total investment assets with 10% in developed large cap, 5% in small cap, and 6% in emerging markets. The non-U.S. equity managers may hold up to 5% of its portfolio in a money market or cash. Currency hedging which includes forward currency contracts and cross currency hedging, are permitted for defensive purposes. The System's exposure to foreign currency risk at June 30, 2014 is as follows (amounts in thousands):

Currency	Fair Value	Equity	Fixed Income	Derivatives	Cash
Australian Dollar	$ 3,492	$ 5,529			(2,037)
Canadian Dollar	0				0
Danish Krone	2,303	2,292			11
Euro Currency	68,282	69,898	11,954	12	(13,582)

United Kingdom Pound Sterling	35,496	35,431	3,293		(3,228)
Total	$ 192,019	$ 195,131	$ 15,247	$ 70	$ (18,429)

Custodial Credit Risk

As for custodial credit risk, the fund only requires collateral for their securities lending program as discussed in the Securities Lending section of this footnote.

Securities Lending

City statutes and board of trustee policies permit the City of Cincinnati Retirement System to use investments of the plan to enter into securities lending transactions – loans of securities to broker-dealers and other entities for collateral with a simultaneous agreement to return the collateral for the same security in the future. Securities are loaned in exchange for collateral that may include cash, U.S. government securities and irrevocable letters of credit. U.S. securities are loaned in exchange for collateral valued at 102% of the market value of the securities plus any accrued interest. Non-U.S. securities are loaned in exchange for collateral valued at 105% of the market value of the securities plus any accrued interest. Collateral cannot be pledged or sold unless the borrower defaults. The borrower is required to pay to the Lender the equivalent of all interest and dividends that are paid by the issuer during the term of the loan. All security loans can be terminated on demand by either the lender or the borrower, although the average term of the System's overall loans was 40 days for the fiscal yeard ended June 30, 2014. Cash collateral is invested in a short-term investment pool, which had an average weighted maturity of 6 day as of June 30, 2014. Cash collateral may also be invested separately in "term loans", in which the maturity of the term loan is matched to either the maturity of the cash collateral invested or the interest rate reset of the cash collateral invested. These loans have rights of substitution and securities can be recalled on demand. As of June 30, 2014, there were no violations of legal or contractual provisions, no borrower or lending agent default and no losses known to the securities lending agent. There are no dividends or coupon payments owed on the securities lent.

The following represents the balances relating to the securities lending transactions at the financial statement date (amounts in thousands):

Secuties Lent	Fair Value of Underlying Securities	Cash Collateral Received/Securities Collateral Value
Lent for Cash Collateral:		
U.S. Government	$ 46,180	$ 47,088
U.S. Corporate Fixed Income	6,317	6,477
U.S. Equities	64,074	65,401
Non-U.S. Equities	6,641	7,106
Total	$ 123,212	$ 126,072

The following maturity chart for securities lending collateral provides information pertinent to interest rate risk (amounts in thousands):

	Investment Maturities (in years)			
Asset class	Less Than 1	1 to 5	More than 15	Total
Asset Backed Security	$ 0		$ 2,570	$ 2,570
Certificate of Deposit	8,201			8,201
Commercial Paper	15,595			15,595
Fixed Rate Notes	2,700			2,700
Floating Rate Notes	57,064	$ 26,186		83,250
Repurchase Agreements	2,278			2,278
Total	$ 85,838	$ 26,186	$ 2,570	$ 114,594

In order to determine credit rate risk for the securities lending collateral, the following chart is useful (amounts in thousands):

Investment Type	Fair Value	A-/A3 and Above	C/C to CCC/Caa	D Default	Not Rated
Asset Backed Security	$ 2,570		$ 326	$ 2,244	
Certificate of Deposit Float	8,201	$ 8,201			
Commercial Paper	15,595	15,595			
Fixed Rate Notes	2,700	2,700			
Floating Rate Notes	83,250	83,250			
Repurchase Agreements	2,278				$ 2,278
Total	$ 114,594	$ 109,746	$ 326	$ 2,244	$ 2,278

Derivatives

Derivatives are generally defined as a financial instrument whose characteristics and value depend on, or derive from, the value and characteristics of an underlying asset which is typically a commodity, bond, equity or currency. A derivative for financial statement purposes contains three traits: settlement factor, leverage, and net settlement. The retirement system enters into certain derivative financial instruments, primarily to enhance the performance and/or reduce the volatility of the portfolio.

The retirement system's investment-grade bond managers, Non-U.S. equity managers, and cash equitization manager are authorized to invest in derivatives. The derivatives permitted and utilized are: forwards, options, swaps, and futures. The derivatives held at the end of the fiscal period were for investment purposes only. The Non-U.S. equity manager is authorized to utilize currency hedging for defensive purposes, although the manager did not partake in hedging at year end.

As of June 30, 2014, CRS held investment derivatives consisting of forward contracts, swaps, futures, and options. Gains and losses are included in the net appreciation/(depreciation) in the fair value of investments total in the Statement of Changes in Fiduciary Net Position. The following table presents the classification of the investment derivatives at June 30, 2014 (amounts in thousands):

Investment	Changes in Fair Value		Fair Value at 6/30/14	
Derivatives	Classification	Gain/(Loss)	Classification	Amount
Forward Contracts	Net appreciation(depreciation)	$ -	Other Assets	$ (144)
Interest Rate Swaps	Net appreciation(depreciation)	106	Other Assets	525
Credit Default Swaps	Net appreciation(depreciation)	25	Other Assets	218
Options	Net appreciation(depreciation)	64	Other Assets	(36)
Future Contracts	Net appreciation(depreciation)	315	Other Assets	315
	Total	$ 510	Total	$ 878

A forward contract (forward) is an obligation to buy (sell) an asset at a fixed price on a predetermined date. Forwards are over the counter instruments, which means they are not traded on an organized exchange. The price specified for the foreign currency, government securities, or other asset may be higher or lower than the actual market price at the time of delivery. At June 30, 2014 CRS held the following forward contracts (amounts in thousands):

Broker	Notional Value	Fair Value at 6/30/14	Base Exposure
Bank of America NA	$ 3,199	$ (7)	6.10%
The Bank of New York Mellon Corp	2,598	(44)	4.95%
Barclays Bank PLC	6,933	(39)	13.22%
BNP Paribas Securities Corp	741	(26)	1.41%
Citibank NA	9,224	(5)	17.59%
Credit Suisse AG	843	-	1.61%
Deutsche Bank AG/London	1,798	(8)	3.43%
Goldman Sachs Bank	10,565	(2)	20.15%
HSBC Securities Inc	285	3	0.54%
JPMorgan Chase Bank NA	772	(7)	1.47%
Morgan Stanley Capital Services LLC	3,571	-	6.81%
National Australia Bank Ltd	2,265	1	4.32%
The Royal Bank of Scotland PLC	399	(1)	0.76%
UBS AG/Stamford CT	9,248	(9)	17.64%
	$ 52,441	$ (144)	100.00%

A swap is a transaction which exchanges one currency, obligation or financial instrument for another. Swaps are over-the-counter instruments. Usually a set of future cash flows are exchanged between two counterparties. Interest rate swaps involve the exchange of one stream of future interest payments for another based on a specified principal amount. Usually fixed and floating interest rates are exchanged. A credit default swap allows the transfer of third party credit risk from one party to the other. One party in a credit default swap is a lender whom faces credit risk from a third party. The counterparty to the swap agrees to insure this risk in exchange for regular periodic payments.

The swaps held at June 30, 2014 are presented in the next chart (amounts in thousands):

Counterparty	Swap Description	CRS Pays	CRS Receives	Maturity Date	Notional Amount	Cumulative Gain(Loss)	Fair Value at 6/30/13

Options convey the right, but not the obligation, to engage in a future investment transaction. A call is an option contract that gives the buyer the right, but not the obligation, to exercise the option and buy an asset at the strike price on or at any time up to the expiration date. A put is an option contract that gives the buyer the right, but not the obligation, to sell an asset at the strike price on or at any time up to the expiration date. The following chart describes the options held at June 30, 2014 (amounts in thousands):

Futures are exchange-traded contracts that require an asset to be bought (sold) at a specified price on a specified future date. Unlike options, futures convey an obligation to buy (sell) an investment. The contracts contain standardize terms, trade on a formal exchange, are regulated by overseeing agencies, and are guaranteed by clearinghouses.

As of June 30, 2014, CRS had the following exposure via futures contracts (Notional and Fair Value in thousands):

Futures Contract	Expiration	Long/ Short	Quantity	Notional Value*	Fair Value

** Notional value is the nominal or face amount that is used to calculate payments made on derivative instruments (futures, forwards, swaps, etc.). The notional amount represents the economic equivalent to an investment in the physical securities represented by the derivative contract.*

3. MIXED INVESTMENT POOL

On April 10, 1968, the Board of County Commissioners of Hamilton County and the City of Cincinnati consolidated all County and City sanitary sewer facilities, under the direction and control of the Board of County Commissioners and the management and operation of the City. The cash balance in the fund established for this purpose, the Metropolitan Sewer District fund (MSD), is combined with the City's pool of cash and investments. For the purposes of financial reporting, the MSD portion of the City's pool of cash and investments is reported as an Investment Trust Fund. Assets in the pool are reported at fair value based on quoted market prices. The pool is not subject to regulatory oversight. Fair value amounts are determined at the end of the fiscal period. The City has not provided or obtained any legally binding guarantees to support the value of the Mixed Investment Pool. MSD is required by Chapter 301 of the Cincinnati Municipal Code to participate in the Mixed Investment Pool. The method used to determine participants' shares sold and redeemed is a proration based upon the equity held in City Treasury cash. These amounts increase and decrease based upon the change in the equity balance. This same method is used to report the investments. Disclosures required by GASB Statement 3 are discussed in Note 2.

Summary by major investment classification: (Amounts in Thousands)

Description	Cost	Fair Value	Interest Rates	Maturity Dates
Money Market Fund	$ 71,936	$ 71,936

4. COMMITMENTS

Convention Facilities Authority (CFA) - The CFA is an up to 11-member body corporate and politic, organized and existing under Chapter 351 of the Ohio Revised Code, as amended. The CFA issued bonds netting proceeds of $111,176,644 dated March 2, 2004 for the purpose of expanding and renovating the Convention Center in Cincinnati.

Pursuant to a Memorandum of Understanding between the City of Cincinnati (City) and Hamilton County (County), a cooperative agreement was reached between the City and the County and a Project Service Agreement between the City and the CFA. The City will: (i) own the Convention Center, (ii) be responsible for the operation and maintenance of the Convention Center and (iii) manage the design and construction of the expansion and renovation project. Construction began in May 2004 and was completed in June 2006.

In the financial plan for the Convention Center expansion and renovation the dedicated Transient Occupancy Tax (City) and Lodging Excise Tax (County) is expected to cover the outstanding debt service for senior ($56.7 million) and subordinate ($17.8 million) debt. Pursuant to the Memorandum of Understanding between the City, County and the CFA, the City has agreed to guarantee, subject to annual appropriation, the principal and interest on subordinate debt. The maximum annual debt service is $6,359,600 and has been reserved to guarantee the subordinate debt service.

Subject to annual appropriation, the City shall pay $1,000,000 (City Annual Contribution) to the Trustee of the CFA subject to the terms of the Cooperative Agreement. This contribution is pledged as an additional revenue source for the payment of the bonds. The City appropriated an amount sufficient to pay the City Annual Contribution for 2014.

Port of Greater Cincinnati Development Authority (Port Authority) – On July 11, 2011 the City entered into an Economic Development Services Agreement with the Port Authority to undertake economic development activities on behalf and in coordination with the City. The City has agreed to fund the Port Authority General Operations in the amount of $525,000 for fiscal year 2011 and up to $1,000,000 for fiscal year 2012 – 2017. An appropriation and payment of $592,700 was made for 2014 operations. The City has also committed capital investment, subject to discretion, to be used in the implementation of the work plan. The City has, in addition committed annual funding for Additional Services, subject to discretionary annual appropriation of at least $6 million for fiscal years 2013 -2017. The City's contribution to operation costs or capital investment may be offset by any net profits received by the Port Authority directly in connection with revenue derived from the additional services.

The Board of Education of the City School District of the City of Cincinnati (the Board) – on July 21, 1999 the "Board" and the City of Cincinnati entered into agreement whereby the City would compensate the Board for taxes that would have been received if not for certain property exemptions enacted by the City. The City has agreed to an annual payment of $5 million, to be paid semi- annually, beginning fiscal year 2000 and continuing for 19 years thereafter.

Encumbrances - Encumbrances are commitments to unfilled purchase orders or unfilled contracts. Funds have been committed to a specific order, but the goods or services have not been billed or received.

The City's outstanding encumbrances at June 30, 2014 are as follows:

Summary of Encumbrances Outstanding (Amounts in Thousands)

	General Fund	Capital Projects	Debt Service	Non Major Governmental	Total
General Government	$ 4,955		$ 32	$ 2,438	$ 7,425
Community Development	489			15,988	16,477
Parks & Recreation	1,225	$ 80		1,832	3,137
Public Safety	1,899			1,448	3,347
Transportation & Engineering	47			159	206
Public Services	2,094			3,106	5,200
Public Health	127			3,539	3,666
Employee Benefits	328				328
Capital Outlay		191,369			191,369
Long Term Interest					-
Total	$ 11,164	$191,449	$ 32	$ 28,510	$231,155

5. INTER-FUND ASSETS/LIABILITIES

The composition of inter-fund balances as of June 30, 2014, is as follows:

DUE FROM/TO OTHER FUNDS (Amounts in Thousands)

	Due From								
	General Fund	Capital Projects Fund	Debt Service Fund	Non Major Governmental Funds	Internal Service Funds	Water Works Enterprise Fund	Nonmajor Enterprise Funds	Fiduciary Funds	Total
Due To									
General Fund	$ -	$ 17	$ 420	$ 62	$ 1,261	$ 5	$ 30	$ 539	**$ 2,334**
Capital Projects Fund	8,450	-	10,458	8,613	6,415	10,968	2,654	-	**47,558**
Debt Service Fund	-		-	-	-	-	-	2	**2**
Non Major Governmental	592	1	-	20	338	-	-	252	**1,203**
Internal Service Fund	1	-	-	-	5	-	2	51	**59**
Water Works Fund	5	86	-	-	137	-	28	222	**478**
Nonmajor Enterprise Funds	4	-	-	132	89	17	-	26	**268**
Fiduciary Funds	-	-	-	-	1	-	-	-	**1**
Total	**$ 9,052**	**$ 104**	**$ 10,878**	**$ 8,827**	**$ 8,246**	**$ 10,990**	**$ 2,714**	**$ 1,092**	**$ 51,903**

At year end, the City held $71.8 million in notes outstanding with accrued interest of $0.5 million. The notes provide capital project financing. A portion of these notes are held by MSD ($12.5 million), other Agency funds ($0.3 million), and Capital Projects Fund ($12.1 million), and are not included above. The amounts included in inter-fund receivables and payables are as follows (amounts in thousands):

Fund or Fund Type	Due From	Due To
General Fund	8,443	
Capital Projects		47,343
Debt Service	10,458	
Nonmajor Governmental funds	8,431	
Internal Service funds	6,404	
Water Works fund	10,959	
Nonmajor Enterprise Funds	2,648	
	$ 47,343	$ 47,343

The outstanding balances between funds result mainly from the time lag between the dates: (1) inter-fund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

ADVANCES TO/FROM OTHER FUNDS (Amounts in Thousands)

	Advance From Other Funds			
Advance To Other Funds	General Fund	Capital Projects Fund	Internal Service Funds	Total
General Fund			$ 1,704	$ 1,704
Nonmajor Governmental Funds	$ 4,521			4,521
Water Works Fund			50	50
Nonmajor Enterprise Funds		$ 9,809		9,809
Internal Service Fund		1,612		1,612
Total	$ 4,521	$ 11,421	$ 1,754	$ 17,696

The major portion of the advances is to provide financing for the construction in progress on capital projects. The remaining portion of the amounts payable relates to working capital loans made to funds upon their creation, none of this balance is scheduled to be collected in the subsequent year.

6. INTER-FUND TRANSFERS

Inter-fund transfers for the fiscal year ended June 30, 2014, consisted of the following:

TRANSFERS IN/OUT (Amounts in Thousands)

	Transfers Out							
	General Fund	Capital Projects Fund	Debt Service	Water Works Fund	Nonmajor Governmental Funds	Internal Service Funds	Nonmajor Enterprise Funds	Total
Transfers In								
General Fund		$ 68	$ -			$ 147	$ 1,500	$ 1,715
Capital Projects Fund			89,874	$ 500	$ 1,982	366		92,722
Debt Service Fund	$ 6,487				1	29		6,517
Water Works Fund								-
Nonmajor Governmental	15	1			152	302		470
Internal Service Fund		2,788						2,788
Nonmajor Enterprise Funds		280				580		860
Total	**$ 6,502**	**$3,137**	**$89,874**	**$ 500**	**$ 2,135**	**$1,424**	**$ 1,500**	**$ 105,072**

Transfers are used to: (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

7. NET POSITION / FUND BALANCE

Fund Balance Classifications

Fund balance is classified in five categories: (1) Non-spendable, (2) Restricted, (3) Committed, (4) Assigned, and (5) Unassigned. Non-spendable fund balances include amounts that are not in spendable form or are legally required to remain intact. Restricted fund balances include amounts that have external restrictions by either: grantors, debt covenants, laws or other governments. The City Council is the highest level of decision making authority and can commit or rescind a portion of the fund balance to a specific purpose by passing an ordinance. The authority to assign fund balance is inferred by state and municipal law to the fiscal office or his designated official. Unassigned fund balance includes amounts that have not been assigned to any purpose. Restricted funds are spent first as expenditures are incurred to the extent of the restricted fund revenue. Then committed, assigned and unassigned funds are used. The following chart displays the fund balance classifications for the governmental funds at June 30, 2014 (Amounts in thousands):

Fund Balances	General Fund	Capital Projects	Debt Service	Non Major Governmental	Total Governmental
Nonspendable					
Inventory	$ 2,304	$ 797		$ 642	$ 3,743
In accordance with Trusts				2,071	2,071
Restricted

Total Fund Balance	$ 81,495	$ 135,209	$ 108,575	$ 105,032	$ 430,311

Working Capital Reserve Fund

City Council established standards for a minimum working capital reserve account in 1984 to assure a strong financial position and to protect Cincinnati's general obligation bond rating during periods of fiscal stress. The policy called for achievement of a minimum reserve level, for emergency needs of a catastrophic nature, of no less than 5% or more than 8% of general operating revenues by December 31, 1986. The targeted year end reserve level was achieved at the beginning of each fiscal period 1985 through 2014. For 2014, the target reserve of $21.3 million (6.07% of 2014 estimated revenues) has already been achieved. Since conditions have not been specifically defined for its use, the $21.3 million is included in the unassigned fund balance for the general fund.

Minimum Fund Balance Policy

The City has three components as part of the minimum fund balance reserve: the General Fund carryover balance, the emergency reserve, and the Working Capital Reserve Fund balance. The June 30, 2014 actual ending balance is $41.7 million which consists of $18.0 million fund balance carry over, $2.4 million from the one time expenditure reserve, and $21.3 million working capital reserve. The City's minimum fund balance policy is to maintain an un-appropriated surplus of between 8 and 10% of 2014 General Fund revenues. General Fund actual revenues for 2014 were $355.8 million.

Included in the financial statements are an internal service fund and a non-major governmental fund with a net position deficit as of June 30, 2014. The net position deficit in the internal service fund of Fleet Services ($118,000) and non-major governmental fund Community Development ($196,000) are to be covered by future user charges and grant reimbursements.

8. LEASES

CITY AS LESSEE

Operating Leases

The City has entered into various leases for property, equipment and office space. These leases are considered for accounting purposes to be operating leases. The total cost for such leases were $1,384,000 for the fiscal year ended June 30, 2014. Future minimum lease payments are as follows:

(Amounts in Thousands) Fiscal Year	Amounts
2015	$ 247
2016	156
2017	123
2018	78
2019	79
Remaining Years	30
Total Future Minimum Rents	$ 713

Capital Leases

The City has capitalized leases for the following property and equipment. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date.

The assets acquired through capital leases are as follows:

(Amounts in Thousands)	Governmental Activities	Business-Type Activities
Leased Property/Equipment	$ 561	$ 2,653
Less: Accumulated Depreciation	341	1,238
Total	$ 220	$ 1,415

The following is a schedule of future minimum capital leases and the present value of the net minimum lease payments at June 30, 2014:

(Amounts in Thousands) Fiscal Year	Governmental Activities	Business-Type Activities
2014	$ 104	$ 284
2015	77	295
2016	22	295
2017	13	295
2018	8	444
2019	-	-
Total Minimum lease payments	224	1,613
Less: Amounts representing interest	14	112
Present value of net minimum lease payments	$ 210	$ 1,501

CITY AS LESSOR

The City has entered into various contractual agreements for the rental of properties to various commercial enterprises, which are reported as operating leases for accounting purposes.

Amounts related to the operating lease as of June 30, 2014 are included in the financial statements of the following:

(Amounts in Thousands) Fiscal Year	Governmental Activities	Business-Type Activities
2014	$ 23,224	$ 1,042
2015	23,118	701
2016	22,766	498
2017	22,718	125
2018	22,594	11
Remaining years	245,321	23
Total Future Minimum Rental Payments	$ 359,741	$ 2,400
Total Rentals for Fiscal Year 2014:	$ 22,951	$ 1,616

(Amounts in Thousands)	Governmental Activities	Business Type Activities
Land	$ 3,823	$ 339
Buildings	15,313	1,759
Accumulated Depreciation	2,071	1,624
Improvements	87,202	
Accumulated Depreciation	87,157	
Depreciation Expense	754	52

Future minimum rentals of the railway line, recorded in Debt Service Fund, are assumed to equal the payments calculated for the current period. These minimum rentals are included in the Governmental Activities column.

Enterprise Funds

The General Aviation rentals (included in business-type activities) do not include contingent rentals, which may be received on the basis of hours or usage in excess of stipulated minimums. Terms of the leases are normally on a five-year basis with renewal options not to exceed fourteen years.

Parking Facilities has leased the Fountain Square North Parking Garage for a one-time payment of $7.5 million for a period of 40 years beginning in 2005. This has been presented as a service concession arrangement in Footnote 18.

Governmental Capital Assets

The City-owned railway line, the Cincinnati Southern Railway, is leased to the Cincinnati, New Orleans, and Texas Pacific Railway Company until December 31, 2026, with a renewal option of twenty-five years. Pursuant to the Ohio Revised Code, the use of the rental income from the railway line is restricted to debt service.

On March 12, 2008 Ordinance 78-2008 was passed authorizing the issuance of bonds for the

construction of a new administrative building for the Metropolitan Sewer District (MSD). The bonds were issued on July 22, 2009 for a term of 20 years. MSD will lease the building and the rentals will be equivalent to the annual debt service payment. The total rent payments in fiscal year ending June 30, 2014 were $1,108,000. The outstanding principal is $12,735,000.

9. LONG-TERM DEBT

General Obligation Bonds

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities.

General obligation bonds are direct obligations and pledge the full faith and credit of the City. General obligation bonds currently outstanding are as follows:

(Amounts in Thousands)

Purpose	Interest Rates	Amount
Governmental Activities	0.371%-6.046%	$ 495,608
Business-Type Activities	1.5% to 5.5%	10,268
		$ 505,876

Annual debt service requirements to maturity for the general obligation bonds are as follows:

(Amounts in Thousands)

Year Ending	Governmental Activities		Business-Type Activities		All Activities	
June 30	Principal	Interest	Principal	Interest	Principal	Interest
2015	$ 43,718	$ 21,134	$ 3,097	$ 387	46,815	21,521
2016	46,086	18,903	1,289	310	47,375	19,213
2017	41,856	17,188	614	281	42,470	17,469
2018	38,336	15,599	609	256	38,945	15,855
2019	34,085	14,103	610	229	34,695	14,332
2020-2024	130,851	51,153	1,789	857	132,640	52,010
2025-2029	97,666	25,194	2,260	316	99,926	25,510
2030-2034	50,680	7,850			50,680	7,850
2035-2038	12,330	659			12,330	659
	$ 495,608	$ 171,783	$ 10,268	$ 2,636	$ 505,876	$ 174,419

Revenue Bonds and Notes

The City also issues bonds and notes where the City pledges income derived from the acquired or constructed assets to pay debt service. The net revenues of the Water Works are pledged to pay Water Works revenue bonds debt service. The original amount of revenue bonds and notes authorized in prior years was $998,905,000 of which $767,445,000 was issued.

Revenue bonds and notes outstanding at end of the fiscal period are as follows:

(Amounts in Thousands)

Purpose	Interest Rates	Amount
Economic Development	0.11% to 8.48%	$ 99,432
Water Works	1.0% to 6.458%	471,585
		$ 571,017

The annual debt service requirements to maturity for the revenue bonds and notes are as follows:

(Amounts in Thousands)

Year Ending	Governmental Activities		Business-Type Activities		All Activities	
June 30	Principal	Interest	Principal	Interest	Principal	Interest
2015	$ 4,335	$ 3,697	$ 20,620	$ 22,507	24,955	26,204
2016	4,765	3,506	24,685	21,498	29,450	25,004
2017	3,815	3,341	25,645	20,412	29,460	23,753
2018	3,930	3,229	26,865	19,229	30,795	22,458
2019	4,290	3,100	28,015	17,936	32,305	21,036
2020-2024	32,837	13,012	144,070	69,813	176,907	82,825
2025-2029	16,735	8,771	84,325	42,240	101,060	51,011
2030-2034	19,080	4,657	82,925	20,721	102,005	25,378
2035-2038	9,645	1,434	34,435	2,656	44,080	4,090
	$ 99,432	$ 44,747	$ 471,585	$ 237,012	571,017	281,759

Build America Bond Subsidy

In 2009, the Cincinnati Water Works issued Series 2009B taxable bonds as Build America Bonds under the provisions of the American Recovery and Reinvestment Act of 2009. Under this agreement, the Water Works is to receive 35% of the Bond interest as the Build America Bond Subsidy. The amount received in fiscal year 2014 was $1,579,000.

In 2010, the City issued taxable GO Build America Bonds in the amount of $15,930,000 under the provisions of the American Recovery and Reinvestment Act. The City received a subsidy of $198,000 for the bond interest in fiscal year 2014. The payments were reduced with the passage of the sequestration cuts made in 2013.

Long-Term State Loans

The Ohio Public Works Commission extends loans to the City. Loans in the amount of $2,109,000 accounted for as Governmental type and $2,871,000 as Business-type represent the amounts due on ten loans from the Ohio Public Works Commission (OPWC) for infrastructure improvements. As of June 30, 2014 two additional loans had been approved for up to a total of $3,080,000. Only that portion of the loan commitment actually disbursed is recognized as a liability by the City. These notes are non-interest bearing.

Annual debt service requirements to maturity for the Ohio Public Works Commission notes are as follows:

(Amounts in Thousands)

Year Ending June 30	Governmental Activities Principal	Business-Type Activities Principal
2015	$ 211	$ 219
2016	211	219
2017	203	219
2018	176	219
2019	157	219
2020-2024	749	1,044
2025-2029	402	607
2030-2031		125
Total	$ 2,109	$ 2,871

The Ohio Water Development Authority extends loans to the City. Notes in the amount of $37,049,000 accounted for as Business type represent the amounts due on several loans from the Ohio Water Development Authority (OWDA) for water works improvements. These notes bear interest at from 1.75% to 3.25% per year. Only that portion of the loan commitment actually paid to the City is recognized as a liability by the City.

Annual debt service requirement to maturity for the Ohio Water Development Authority notes are as follows:

(Amounts in Thousands)

Year Ending June 30	Business-type Activities Principal	Business-type Activities Interest
2015	$ 1,729	$ 758
2016	1,765	721
2017	1,803	683
2018	1,842	644
2019	1,881	605
2020-2024	10,030	2,401
2025-2029	10,280	1,322
2030-3034	7,719	340
Total	$ 37,049	$ 7,474

On December 17, 2008, City Council authorized the City Manager to enter into a $6.2 million 15 year installment sales agreement to build a garage with Uptown Consortium. The City will maintain the title to the garage for the duration of the agreement and pay the installment payments with net service payments collected from the real property, net service payments collected from the real properties of the project and net revenue from the operation of the project.

On March 31, 2010, the City entered into an installment sales agreement with Vernon Manor Offices Leverage Lender, LLC for the construction of a 440-space parking garage for $7.1 million. The City will maintain the title to the garage for the duration of the agreement and pay the installment payments with net service payments collected from the real property, net service payments collected from the real properties of the project and net revenue from the operation of the project. The project was completed in 2011. The combined repayment schedule for the notes payable is below (includes Vernon Manor and Uptown).

(Amounts in Thousands)

	Principal Payment	Interest Payment	Total P&I
2015	$ 599	$ 561	$ 1,160
2016	625	536	1,161
2017	652	509	1,161
2018	680	481	1,161
2019	709	452	1,161
2020-2024	4,030	1,774	5,804
2025-2029	1,398	1,102	2,500
2030-2034	3,171	570	3,741
2035	378	9	387
Total	$ 12,242	$ 5,994	$ 18,236

The following are the total outstanding bonds and notes at June 30, 2014 and the debt service requirement for fiscal year 2015.

Claims and Judgments	252	217	(208)	261	261
Capital Leases	1,685	93	(277)	1,501	249
Net Pension Obligation	32,215	12,840	(5,936)	39,119	
Net Other Post Employment Benefit Obligation	18,415	797		19,212	
State Loans	30,445	11,135	(1,660)	39,920	1,948
Business-Type Activities Long-term Liabilities	$ 623,663	$ 28,907	$ (37,335)	$ 615,235	$ 31,095

For the governmental activities, claims and judgments are generally liquidated by the general fund. Net Pension Obligation, Net Other Post Employment Benefit Obligation, and compensated absences annual payments are made from the same funds which pay the employees' salaries.

Internal Service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At fiscal year end, $1,525,000 of compensated absences, $17,388,000 of unpaid claims, $10,138,000 of net pension obligation, $4,413,000 of net other post employment benefit obligation and $154,000 in capital leases for the internal service funds are included in the above amounts.

Defeased Bonds

Below is a description of the City's defeased bonds and the outstanding balances at June 30, 2014 (Amounts in thousands). These bonds are no longer included in the financial statements.

Description of Bonds	Date Originally Issued	Original Par Amount	Redemption Call Date	Date Defeased	Maturities Defeased	Interest Rate	Amount Defeased	Outstanding Amount 06/30/14

10. DEBT LIMITATION

The City's "indirect" (ten mill) debt limit was removed by decision of the Ohio courts. In September 1977, the Supreme Court of Ohio dismissed an appeal from the decision of the Court of Appeals, First Appellate District, Hamilton County, Ohio, involving the City's debt limitations. In summary, the City instituted a test case against the Director of Finance for the purpose of obtaining a definitive construction of certain sections of the City Charter bearing on the right of the City to levy taxes in excess of the ten mill limitation of Section 5705.02 of the Ohio Revised Code. As a result of the Court decision, the City has the right to levy property taxes without limitation to support its lawfully issued bonds and notes, and the City's ability to incur debt will be limited only by the arithmetical (percentage) limitations set forth under Section 133.05 of the Ohio Revised Code.

Section 133.05 provides that the principal amount of both voted and un-voted debt of the City may not exceed 10-1/2% of the City's assessed valuation, and the principal amount of the City's un-voted debt may not exceed 5-1/2% of the City's assessed valuation. The Code also provides several exemptions of debt from the 5-1/2% and 10-1/2% limitations.

11. TAXES

City Income Tax

This locally levied tax applies to gross salaries, wages and other personal service compensation earned by residents both in and out of the City and to earnings of nonresidents (except certain transients) earned in the City. It also applies to net income of business organizations for business conducted in the City. The tax is the largest single source of General Fund revenue.

The City's income tax of 2.1% is subdivided into four components. The first component is 0.1%, which is to be spent only for the maintenance of the City's infrastructure. The second component is the 0.3%, which can be used only for public transit purposes, including both capital and current operating expense. The third component is 0.15%, which can be used only for permanent improvement purposes. The remaining 1.55% is used to meet operating expenses in the General Fund.

The following table identifies the 1.55% income tax collections to the General Fund for the years 2010 through 2014:

(Amounts in Thousands)

Year	General Fund Collections of 1.55%
2010	$ 222,497
2011	233,752
2012	238,210
2013*	128,873
2014**	251,682

* This is for the six month period ending June 30, 2013
**This is for the fiscal year ending June 30, 2014

Property Taxes

The assessed valuation of property within the City subject to the levy of ad valorem taxes includes real property, public utilities property and tangible personal property. The assessed value upon which the 2013 and 2014 levies were based was $4,960,616,820 and 313,437,020 for 2013 and $4,946,475,290 and $385,238,120 for 2014. These were for real property and public utility property respectively (per Hamilton County Auditor). The City's property taxes are collected by the Hamilton County Auditor and are remitted to the City on a periodic basis. Real property taxes collected in any calendar year are generally levied on assessed values as of January 1 of the preceding year according to the following calendar:

Property Tax Calendar - 2014

Lien date	January 1, 2013
Levy date	October 31, 2013
First installment payment due	January 31, 2014
Second installment payment due	June 20, 2014

Assessed values are established by the County Auditor, or at no more than 35% of appraised market value. The laws of the State of Ohio presently require that all property be revalued no less than every six years, at any time the County Auditor finds that true or taxable value thereof has changed, and in the third

calendar year following the year in which a sexennial reappraisal is completed if ordered by the State Commissioner of Tax Equalization. Real property experienced a statutory sexennial reappraisal in 2011 resulting in a 7.5% decrease in assessed values. Property tax due in second six months of calendar 2013 and the first six months of calendar 2014 has been included in revenues for the fiscal period 2014. The second installment of 2014 is not recorded as revenue for fiscal year 2014. The Ohio Revised Code requires the second installment of property tax be recorded as a deferred inflow.

Tangible personal property of public utilities is assessed at various rates (25% to 88% of true value) depending upon the type of property. Effective for collection year 2002, the assessed valuation of electric utility production equipment was reduced from 100% and natural gas utility property from 88% of true value, both to 25% of true value. The State's 2005 biennial budget bill included a reduction in the 88% assessment rate for electric utility transmission and distribution equipment to 85%, and a reduction in the 25% assessment rate for all electric company taxable property to 24% commencing in tax year 2006. That legislation also provides for a phasing out of the taxation of all personal property used by telephone companies, telegraph companies, or interchange telecommunications companies by tax year 2011, with State reimbursement payments to be made in declining amounts through 2018. In the State's 2012 budget, public utility property tax reimbursements for normal operating expenses paid to the general fund were eliminated effective July 2011. The State reimbursements for debt service will continue through 2016 at a fixed amount.

House Bill 66 passed June 30, 2005, phased out the taxation of all tangible personal property used in business over four years beginning in 2006 and ending in 2009, when all such property becomes exempted from taxation. The phase out applies to most businesses and includes furniture and fixtures, machinery and equipment, and inventory. To compensate for foregone revenue as the tangible personal property tax is phased out, the State will make distributions to taxing subdivisions (such as the City) from revenue generated by a newly enacted commercial activity tax. Generally, these distributions are expected to fully compensate taxing subdivisions for such tax revenue losses through 2010, with gradual reductions in the reimbursement amount from 2011 through 2017. In the State's 2012 budget the tangible personal property tax reimbursements for normal operating expenses paid to the general fund were eliminated. The State's reimbursements for debt service will continue through 2017 at a fixed amount.

Tax Increment Financing Districts (TIF Districts)

The City, pursuant to the Ohio Revised Code and City ordinances, has established 20 TIF Districts. A TIF District represents a geographic area not greater than 300 acres, wherein 100% of the property value increases created after the commencement date of the TIF Districts are exempt, in whole or in part, from property taxes. Owners of such property, however, must pay amounts equal to the property taxes, known as "statutory service payments", as though the TIF District had not been established. These "statutory service payments" are then dedicated to the payments for various public improvements within or adjacent to the TIF District. Property values existing before the commencement of the TIF District continue to be subjected to property taxes.

In 2014, the City received "statutory service payments" totaling $12.2 million from the TIF districts. This amount is net of the county auditor fees and the payments to the Cincinnati School Board. In accordance with the agreement with the Cincinnati School district as amended December 18, 2002, twenty-seven percent of the statutory service payments received from the TIF districts is paid to the Cincinnati School Board. This payment in lieu of taxes revenue is accounted for in the TIF Funds along with the debt service payments. Corresponding capital assets are accounted for in the City's infrastructure accounts and property accounts

TIF Districts have longevity of 30 years. The property tax exemption then ceases; statutory service payments cease, and property taxes then apply to the increased property values.

Casino Revenue

In 2009, voters approved an amendment to the Ohio Constitution which became HB 519 authorizing one casino in Cincinnati, Cleveland, Columbus and Toledo. A gross revenue tax of 33% was imposed on licensed casino operators. A portion (5%) would be given to the host city. The casino in the City of Cincinnati opened in 2012. Revenues from the casino were $1,974,000 in 2012 and $3,564,000 in six month period ending June 30, 2013 and $8,345,000 in fiscal year 2014.

12. SHORT-TERM DEBT – BOND ANTICIPATION NOTES

The City issues bond anticipation notes in advance of issuance of bonds, depositing the proceeds in its capital projects fund. These notes are necessary to provide adequate funds at the time needed to support contracts for the improvements prior to issuance of the related bonds.

The General Obligation and Revenue Bond Anticipation Notes issued during the period and outstanding at the end of period include $71,800,000 in City issued notes that were purchased by the City. For an explanation of the presentation of these notes in the financial statements, refer to Footnote 5 on Inter-fund Assets and Liabilities.

(Amounts in Thousands)	Beginning Balance	Issued	Redeemed	Ending Balance
Governmental Activities				
Revenue Bond Anticipation Notes	$ 7,500	$20,750	$ 7,500	$20,750
General Obligation Bond Anticipation Notes	69,275	26,250	44,475	51,050
	$ 76,775	$47,000	$ 51,975	$71,800

13. RESTRICTED ASSETS

The balance of the restricted asset accounts in the enterprise funds are as follows:
(Amounts in Thousands)

Revenue bond Construction Account - Water Works	$ 8,008
Revenue bond Reserve Account - Water Works	60,080
Customer Deposits - Water Works	3,106
Construction Account - Other - Water Works	33,713
Total restricted assets	$ 104,907

14. CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2014 was as follows:

(Amounts in Thousands)	Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities:				
Capital assets, not being depreciated:				
Land	$ 176,097	$ 12,405	$ (555)	$ 187,947

Business-type Activities capital assets, net	$ 1,264,820	$ 130,337	$ (115,883)	$ 1,279,274

Depreciation expense was charged to functions/programs of the City as follows:
(Amounts in Thousands)

Governmental activities:	
General Government	$ 3,002
Community Development	3,184
Parks and Recreation	10,494
Public Safety	5,055
Transportation and Engineering	33,006
Public Services	17,072
Public Health	616
Capital assets held by the City's internal service funds are charged to the various functions based on their usage of the assets	5,212
Total depreciation expense - governmental activities:	$ 77,641
Business-type activities:	
Water Works	$ 22,173
Parking Facilities	1,641
Convention Center	4,259
General Aviation	716
Municipal Golf	988
Stormwater Management	3,078
Total depreciation expense - business-type activities:	$ 32,855

Total additions to accumulated depreciation may not match depreciation expense because of asset transfers between governmental and business type activities where assets have been depreciated.

Governmental Activities Construction in Progress at June 30, 2014 is comprised of the following:

(Amounts in Thousands) Administering Department	Project Authorizations	Expended to June 30, 2014	Committed	Required Future Financing
Transportation and Engineering	$ 263,972	$ 95,034	$168,938	$78,467
Community Development	61,672	24,663	36,920	11,939
Economic Development	52,443	27,578	24,865	1,860
Recreation	14,872	11,276	3,596	-
Safety	9,886	9,144	742	4
Parks	19,384	13,120	6,264	5
Public Services	45,906	26,750	19,155	78
Other	19,718	38,456	4,538	(6,134)
Total	$ 487,853	$ 246,021	$265,018	$86,219

Required future financing represents Federal, State and City commitments in support of City projects.

Business Activities Construction in Progress at June 30, 2014 is comprised of the following:

(Amounts in Thousands) Enterprise Fund	Project Authorizations	Expended to June 30, 2014	Committed	Required Future Financing
Water Works	$ 143,865	$ 97,162	$ 15,464	$ -
Parking Facilities	16,411	11,737	4,674	174
Convention Center	2,816	1,817	999	$ 8
General Aviation	2,414	1,228	1,186	(329)
Municipal Golf	500	500	-	-
Stormwater Management	8,361	5,671	2,690	(146)
Total	$ 174,367	$ 118,115	$ 25,013	$ (293)

15. RECEIVABLES

Accounts Receivable are presented in the financial statements net of the allowance for uncollectible accounts. The uncollectible accounts related to the General Fund at June 30, 2014, are as follows: Taxes Receivable ($1,067,000) and other accounts receivable ($9,251,000). The uncollectible accounts related to the Debt Service Fund at June 30, 2014 are Taxes Receivable ($1,216,000). The balance for the allowance for uncollectible accounts in the Capital Projects Fund at June 30, 2014 is ($86,000). The balance of the allowance accounts for Special Revenue Funds is ($1,860,000) as of June 30, 2014. The balances of the allowance accounts of the proprietary funds as of June 30, 2014 are as follows: Water Works ($8,733,000), Enterprise Technology Services ($46,000), Municipal Golf ($6,000), General Aviation ($9,000), Convention Center ($31,000), Parking Facilities ($1,000) and Stormwater Management ($2,384,000).

Loans receivable of the special revenue funds are made from revolving type loan accounts financed by allocations from the City's Community Development Block Grant. These loans are secured by liens on the property. Federal regulations provide that the grantor maintains the ownership of the City's Community Development Block Grant funded revolving loan portfolio; accordingly, revolving loan fund transactions do not affect the operating statement. A small number of the special revenue loans, with a

value of $6,304,000, were made from Housing and Urban Development Section 108 funds and do not involve a revolving type loan account. The loans are repaid to the federal government. If the borrower fails to repay the loan, the City's Community Development Block Grant funds may be used to repay the federal government. The total amount receivable for the special revenue loans is offset by an allowance for uncollectible loans receivable. Special revenue loans receivable at June 30, 2014 total $57,414,000.

Loans receivable of the capital project funds receive similar treatment to the special revenue funds' loans receivable, in that the total amount receivable is offset by an allowance for uncollectible loans receivable. The allowance for uncollectible loans at June 30, 2014 is $15,475,000. This amount is related to Goodall Properties Ltd., forgivable housing loans and downtown development loans.

Sale of Blue Ash Airport

The City of Cincinnati sold 130 acres of the Blue Ash Airport property to the City of Blue Ash for $37,250,000. The original sales agreement was amended in 2012 per Ordinance 302-2012. There was an initial payment of $6,000,000 and in fiscal year 2014 a payment of $750,000 was received. The payments for the remaining 23 fiscal years will be as follow from August 31, 2014 to August 1, 2036: fiscal years 2015-2016 -$1,000,000 annually, fiscal years 2018-2027 - $1,250,000 annually and fiscal years 2028-2037 - $1,500,000 annually. The City of Cincinnati has agreed to be responsible for costs associated with completing remedial action work at the Blue Ash Airport up to $1,500,000.

In accordance with GASB 62, the loan receivable has been discounted using a 5% imputed interest rate and will be accounted for as collected using the following present value schedule:

(Amounts in Thousands)

Fiscal Year	Principal	Interest
2015	$ 907	$ 93
2016	864	136
2017	823	177
2018	979	271
2019	933	317
2020-2024	4,038	2,212
2025-2029	3,399	3,351
2030-2034	2,975	4,525
2035-2037	1,466	3,034
	$ 16,384	$ 14,116

In 2009, the City of Cincinnati entered into a loan agreement with Graeter's for $10 million. The loan is to be repaid over a 20 year period at 2% interest in year 1 and 2 and 4% interest in the remaining years. Below is the repayment schedule. The principal and interest payments for fiscal year 2014 were $412,000 and $372,000 respectively. Also included in the following schedule is a loan to Mahogany's for $300,000 to be paid by monthly installments over the next 9 years. The principal and interest payments for fiscal year 2014 were $8,000 and $6,000 respectively.

(Amounts In Thousands)

Fiscal Year	Principal	Interest	Total
2015	$ 455	$ 183	$ 638
2016	473	349	822
2017	493	329	822
2018	513	328	841
2019	533	289	822
2020-2024	2,975	1,102	4,077
2025-2029	3,455	468	3,923
2030	385	8	393
Total	$ 9,282	$ 3,056	$ 12,338

16. CONTINGENT LIABILITIES

Federal and State Grants

The City has received Federal and State grants of approximately $81 million for specific purposes that are subject to review and audit by the grantor agencies or their designee. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Such disallowances have been immaterial in prior years.

Litigation

Various claims and lawsuits are pending against the City as of June 30, 2014. A liability of $40.2 million was recorded for those claims and judgments as of June 30, 2014 and includes an estimate for property taxes due from the Convention Center. Over the past decade, the City has averaged annual payments of $2.5 million for claim and lawsuit settlements. Adequate funds have been provided to meet the claims paid from the General Fund, restricted funds and the sale of debt. The City Administration believes there is no foreseen problem in having adequate resources to settle presently known cases.

Pollution Remediation Liability

The City has entered into an agreement to clean up and remediate the former Queen City Barrel site. The estimated total cost of the site remediation is $13,829,000 which will be offset by a Clean Ohio Council Grant of $3,000,000 and other funding sources of $4,089,532. The total project expenditures were $3,801,000 as of June 30, 2014. The remaining balance of $2,938,000 is an accrued liability in 2014. The City received State and Federal funding for site clean-up of Provident North, Red Bank, Oakley, and Metro West sites. The balance of the clean-up is $2,073,000.

The City has several underground storage tanks for which it is responsible for the ongoing remediation and clean up costs. The remaining estimated liability at June 30, 2014 is approximately $497,000.

17. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee health claims; unemployment compensation claims; property tax appeals and environmental damage. The City purchases commercial insurance to cover losses due to: theft of, damage to, or destruction of assets and purchases general liability insurance for specific operations and professional liability insurance for certain operations. All other risks of loss are self-insured by the City. There has been no reduction in insurance coverage in fiscal year 2014.

Insurance settlements for claims resulting from the risks covered by commercial insurance have not exceeded the insurance coverage in any of the past three years.

The City of Cincinnati provides a health insurance plan for its employees. The plan is self-insured and accounted for as an internal service fund. This internal service fund, titled "Self Insurance – Risk Management" has been in existence since 1980. Operating funds are charged a monthly rate per employee, by type of coverage.

In 1990, the City began to account for and finance its risk of loss due to workers' compensation claims and established an internal service fund titled "Self Insurance - Workers' Compensation". The city pays worker's comp claims on a per claim basis except a small portion that is paid through the State of Ohio Bureau of Workers' Compensation. All funds of the City participate in the program and make payments to the internal service fund based on the experience premium that would normally be charged by the Bureau of Workers' Compensation. Policy years 1989 through 2000 were financed through the retrospective rating program. Policy years 2001 and 2002 were financed through the fully insured program with the State Fund workers' compensation program. Beginning with policy year 2003, the City elected to be fully self-insured for workers' compensation. All of the City's workers' compensation liabilities are funded within the "Workers' Compensation – Self-Insurance" fund. Changes in the balances of claims liabilities and claims adjustment expenses during fiscal year 2014 and fiscal period 2013 are as follows:

(Amounts in Thousands)

	General Fund		Water Works Fund		Parking Facilities Fund		Debt Service Fund		Capital Projects Funds		Tax Increment Financing	
	2014	2013	2014	2013	2014	2013	2014	2013	2014	2013	2014	2013
Beginning Balance	$ 487	$ 374	$ 252	$ 221				$ 4.00	$ 15,000	$ 15,000		$ 379

Ending Balance	$ 304	$ 487	$ 261	$ 252	$ -	$ -	$ -	$ -	$ 15,000	$ 15,000	$ -	$ -

	Special Revenue Funds		Self Insurance Risk Management Fund		Workers' Compensation Fund		Governmental Activities Obligations		Totals	
	2014	2013	2014	2013	2014	2013	2014	2013	2014	2013
Beginning Balance	$ 112	$ 75	$ 8,338	$ 9,354	$11,869	$11,409	$ 43,869	$ 28,620	$ 79,927	$ 65,436
Current-Year Claims Claims and Changes in Estimates	92	56	61,193	27,501	2,976	2,804	2,983	19,445	69,202	50,483
Claim Payments	(19)	(19)	(61,168)	(28,517)	(3,205)	(2,344)	(4,137)	(4,196)	(70,661)	(35,992)
Ending Balance	$ 185	$ 112	$ 8,363	$ 8,338	$11,640	$11,869	$ 42,715	$ 43,869	$ 78,468	$ 79,927

The claims liabilities at June 30, 2014 for the Internal Service Funds above (Self-Insurance Medical and Workers Compensation) are included in the following liabilities in the balance sheet:

(Amounts in Thousands)

	Self-Insurance Risk Management	Self-Insurance Workers' Compensation
Accounts Payable	$ 2,163	$ 299
Accrued Liabilities		153
Estimated Liability For Unpaid Claim	6,200	11,188
Total	$ 8,363	$ 11,640

18. SERVICE CONCESSION ARRANGEMENTS

The City has one service concession arrangement with Fountain Square LLC. The Fountain Square North Parking Garage was leased in "as is" condition for an upfront payment of $7.5 million and annual rent payments of $100 for a period of 40 years beginning in 2005. The upfront payment is reported as deferred inflow. The current period revenue recognition is $187,500 and the balance in unearned revenue at June 30, 2014 is $5.7 million.

In addition, Fountain Square LLC made $7.9 million in improvements to the parking garages. These improvements are included in the capital assets of the Parking Facilities Fund. The Net book value at June 30, 2014 was $6.5 million. The current period revenue recognition is $197,545.

19. SUBSEQUENT EVENTS

On August 6, 2014, City Council passed ordinance 213-2014 authorizing the issuance and sale of $5,440,000 of economic development revenue bonds or notes to be used for improvements at the Keystone Park Project.

On October 15, 2014, City Council passed Ordinance 290-2014 authorizing the issuance and sale of $1,160,000 of General Obligation bonds or notes for the purpose of making public building improvements.

20. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description

The City administers a death benefit for its employees, both active and retired, that are police officers or fire fighters. If the police officer or fire fighter is retired, the benefit provides for $5,000 to be paid to the designated beneficiary of the deceased police officer or fire fighter upon receipt of proof of death. If the police officer or fire fighter is active, the benefit provides for $35,000 to be paid to the designated beneficiary of the deceased police officer or fire fighter upon receipt of proof of death. Death benefit provisions are negotiated individually between the Fire union and the City, and the Police union and the City.

Funding Policy

The benefit is funded on a pay-as-you-go basis. Each year the City budgets for a pre-determined amount based on prior years payments. The members of the Ohio Police and Fire Pension Fund do not make a contribution for this benefit. In 2014, the City budgeted $300,000 and paid out $280,000. The benefits unfunded liability for Fiscal year ending 6/30/2014 based on the future value of the liability as calculated by the City is $6,352,064. Included in the Net Other Postemployment Benefits in the Governmental Activities financials is $1,933,000 for the Police and Fire death benefit.

21. PENSION AND RETIREMENT

City employees are covered by one of three pension systems. They are the Ohio Police and Fire Pension Fund (OP&F), the Ohio Public Employees Retirement System (OPERS), and the City of Cincinnati's Retirement System. OP&F and OPERS are cost-sharing multiple-employer defined benefit pension plans. In addition to the defined benefit plan, OPERS has two other pension plans: the Member Directed Plan-a defined contribution plan and the Combined Plan-a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and contribution plan. The City of Cincinnati's Retirement System is accounted for as a single-employer defined benefit pension plan.

Ohio Police and Fire Pension Fund

Plan Description

Police and Fire Fighters of the City of Cincinnati are members of the Ohio Police and Fire Pension Fund. The City of Cincinnati contributes to the (OP&F), a cost-sharing multiple-employer defined benefit pension plan. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy

Plan members are required to contribute 10.75% of their annual covered salary. The members will be required to increase their contribution on July 2, 2014 to 11.5%. The rate will increase to 12.25% on July 1, 2015. The City of Cincinnati is required to contribute 19.5% and 24.0% respectively for police officers and fire fighters. The City of Cincinnati's contributions to OP&F for the twelve months ending June 30, 2014 was $28,540,000. For the short year ended June 30, 2013 the contribution was $13,993,000. For the calendar years ended in 2012 and 2011, the contributions were $28,634,000 and $28,692,000 respectively.

The OP&F informed the City that the City's only unfunded prior service cost of the fund is the deficiency existing at the time the fund was established in 1967 as determined by actuarial evaluation. On March 1, 2000 the City sold bonds for the refunding of the City's obligation for the employer's accrued liability. Pursuant to Section 742.30 of the Ohio Revised Code, the City and the OP&F (the Fund) have entered into an agreement, which permitted the City to make a one-time payment to the Fund for the purpose of extinguishing the City's obligation to the Fund for employer's accrued liability. The payment amount was $41,454,864, which represents 68% of the first $500,000 of the employer's accrued liability and 70% of the balance, plus accrued interest on the full amount of such accrued liability from March 1, 2000 to the date of payment.

Other Post Employment Benefit Information

Plan Description: The City of Cincinnati contributes to the OP&F sponsored healthcare program, a cost-sharing multiple-employer defined post employment healthcare plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents. OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The healthcare coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB 45.

The Ohio Revised code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide healthcare coverage to eligible participants and to establish and amend benefits, are codified in Chapter 742 of the Ohio Revised code.

Funding Policy: OP&F maintains funds for health care in two separate accounts: One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administered as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees. The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 and the Section 401(h) account as employer contributions for retiree health care benefits. For the fiscal year end June 30, 2014, the employer contribution allocated to the health care plan was 2.85% for police and fire fighters on covered payroll for the six months ended December 31, 2013. The portion of the employer required contribution was lowered to .5% for both police and fire fighters covered payroll beginning on January 1, 2014. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401 (h).

The OP&F board of trustees also is authorized to establish requirements for contributions to the healthcare plan by retirees and their eligible dependents or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The Ohio Revised Code provides that healthcare cost paid from the funds of OP&F be included in the employer's contribution rate. The portion of the City's contributions for police that were used to pay postemployment benefits for the fiscal year ended was $1,237,000. For the short year ended June 30, 2013 the contribution to the post employment benefits was $2,436,000. For calendar years ended 2012 and 2011 the contributions were $5,143,000 and $5,267,000 respectively. For firefighters, the portion of the City's contributions that were used to pay postemployment benefits for the fiscal year ending was $992,000. For the short year ended June 30, 2013 the contribution to the post employment benefits was $1,956,000. For calendar years ended 2012 and 2011, the contributions were $3,869,000 and $3,785,000 respectively.

State PERS

Plan Description

Rehired retirees of the Ohio Police and Fire Pension Fund, elected officials and certain part time employees are enrolled in Ohio Public Employees Retirement System (OPERS). Prior to February, 2012, newly hired city employees who were members of the OPERS or another Ohio State Retirement System were permitted to remain enrolled in OPERS.

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans as described below:

The Traditional Pension Plan- cost-sharing multiple-employer defined benefit pension plan.

The Member–Directed Plan - a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over 5 years at 20% a year). Under the Member Directed Plan, members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings.

The Combined Plan - a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan, OPERS invests employer contributions to provide a formula retirement benefit similar

in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the member, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or calling (614) 222-5601 or (800) 222-7377.

Funding Policy

The Ohio Revised Code provides statutory authority for member and employer contributions. For fiscal year 2014, member and employer contribution rates were consistent across all three plans. Employees contribute 10.0% of their annual compensation. For fiscal year 2014, the City's contribution rate was 14.00% of covered payroll. The portion of the employer contribution allocated to health care was 1.0% for the six months ended December 31, 2013; and 2% for the six months ended June 30, 2014. City of Cincinnati's contributions to OPERS for the fiscal year ending was $1,740,000. For the short year ended June 30, 2013 the contribution to OPERS was $931,000. The contributions for calendar years ending in 2012 and 2011 were $2,105,000 and $2,144,000 respectively, equal to 100% of the required contributions for each time period. The Ohio Revised Code currently limits the City's contribution to a rate not to exceed 14% of covered payroll. Active members do not make contributions to the OPEB Plan.

Other Postemployment Benefit Information

Plan Description: OPERS provides postemployment health care coverage to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including postemployment healthcare coverage.

OPERS maintains a cost-sharing multiple employer defined benefit post-employment healthcare plan, which includes a medical plan, prescription drug program and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including postemployment healthcare coverage.

In order to qualify for postemployment healthcare coverage, age and service retirees under the Traditional Pension and Combined Plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Postemployment Benefit (OPEB) as described in GASB statement 45. A portion of each employer's contribution to OPERS is set aside for the funding of postemployment health care.

Funding Policy: The Ohio Revised Code provides statutory authority requiring public employers to fund post employment healthcare through their contributions to OPERS. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code. The City's contribution rate for 2014 was 14% of covered payroll. The portion of the employer contribution allocated to health care was 1.0% for both the Traditional Plan and Combined Plan beginning on January 1, 2013. The portion of employer contributions was then raised to 2% on January 1, 2014. The portion of the City's employer contributions that were used to fund postemployment benefits for the fiscal year ended June 30, 2014 was $185,000. In the short year ended June 30, 2013, the city contributed $335,000 toward the health care program. For calendar years 2012 and 2011 the city contributed $583,000 and

601,000 respectively, which was equal to 100% of the required contribution for those time periods.

OPERS' Post Employment Health Care plan was established under, and is administrated in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post employment healthcare benefits. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the healthcare benefits provided, by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

On September 19, 2012 the OPERS board of trustees adopted a set of changes to the OPERS health care plan that will allow the plan to continue offering retirees access to health care coverage. These changes will be implemented in 2014.

City of Cincinnati Retirement System

Plan Description

The City of Cincinnati Retirement System is accounted for as a single employer defined benefit pension plan. However, employer contributions are received from University Hospital and the University of Cincinnati based upon an agreement when control of these institutions moved from the City to the State of Ohio. Also, although the Metropolitan Sewer District is an agency fund of the City, the employees are members of the City's retirement system. The System provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. The System is considered part of the City of Cincinnati's financial reporting entity and is included in the City's financial report as a pension trust fund. No separate financial report is issued. Article XV of the Administrative Code of the City of Cincinnati provides the statutory authority vesting the general administration and responsibility for the proper operation of the System in the Board of Trustees of the City of Cincinnati Retirement System. Membership of the Retirement System of the City consisted of the following at December 31, 2013, the date of the latest actuarial valuation:

	Pension	Health
Retirees and beneficiaries receiving benefits	4,409	4,071
Terminated plan members entitled to future benefits	158	52
Spouses currently receving benefits		1,558
Inactive participants *	6,362	
Active Plan Members		
Full time	2,957	2,957
Part time	1,117	1,117
Total	15,003	9,755

* Participants who are former employees who have an employee account balance in the plan but are not otherwise vested in an employee provided benefit.

A major plan revision was approved by the City Council on March 16, 2011 and adopted by the Board. The plan allows for a two and half year transition period from July 1, 2011 to January 1, 2014. Active members who are eligible or become eligible to retire and elect to retire during this transition period can retire with 30 years of creditable service or at age 60 with at least five years of creditable service and will receive benefits according to the current plan as described below.

Prior Benefits

Pensioners that retired prior to July 1, 2014, the annual retirement allowance was equal to 2.5% or 2.22%

of the average of the three highest years' compensation multiplied by the number of years of membership service. Employees hired before July 12, 1998 elected either the 2.5% or a 2.22% formula, which factors in overtime pay and lump sum payments for vacation, sick leave and compensatory balances. All new employees hired July 12, 1998 and thereafter are subject to the 2.5% formula.

Pensions are increased by 3% compounded annually, commencing one year after retirement. The System also provides death and disability benefits. These benefit provisions and all other requirements, are established by the Cincinnati Municipal Code.

Current Plan Benefits

Active members who were not eligible to retire before January 1, 2014 will be subject to the new plan benefits. To be eligible to retire, an active employee must have completed 30 years of creditable service and have reached age 60 or older or an employee must have 5 years of creditable service and have reached age 65 or older.

The annual retirement allowance through June 30, 2011 will be the same as current plan. For years of service beginning July 1, 2011 all active employees will receive 2.2% per year of creditable service through 30 years and the 2% for every year after 30 years of creditable service. Benefits will be calculated using the average of highest 60 consecutive months compensation.

Pensions are increased based on the CPI-U with a maximum of 2% annually and will be based on simple interest, commencing one year after retirement. The System will not provide death benefits but will continue to provide disability benefits. The Medical benefits changed on January 1, 2011. Medicare reimbursements are eliminated for all retirees and all retirees will be on the City's 80/20 health plan. Premiums are charged for all retirees retiring after January 1, 2007 except for Carve out plan where we have approximately 300 remaining participants.

The service retirement allowance vesting after five years of creditable service. Medical care benefits are provided after fifteen years of creditable service, or if hired before January 9, 1997 after reaching age sixty with at least five years of creditable service. The 15 year requirement is universal for all members who retired on or after July 1, 2011.

In 2007, an Early Retirement Window (ERW) was offered to City employees who would have 28 or more years of service by December 31, 2007. Employees who elected the window were granted two additional years of service. The additional actuarial accrued liability associated with the ERW of approximately $42,300,000 is funded by separate contributions made by the city over a 15 year period. The fiscal year 2015 contribution of $6,177,557 will be paid in September 2014. The contribution will increase each year until 2015 when it will be $6,177,557 annually through fiscal year 2024.

Contributions

Each member contributes at a rate of 9.0% of his salary for 2013. This percent contributed by the employees is fixed by the fund's Board of Trustees on the basis of authority provided by Chapter 203 Section 73 of the Cincinnati Municipal Code. In 2009, the municipal code was amended to increase the employee contribution amount.

The City makes employer contributions based on a percentage of covered payroll of all CRS members. For fiscal year 2014 the contribution rate was 20% on covered payroll from July 1, 2013 to December 31, 2013. The rate was raised to 22% on covered payroll for January 1, 2014 through June 30, 2014. The total covered payroll for CRS members was $165,225,000. The ARC, including ERIP for fiscal year 2014 based on the 2013 actuarial report was 48.8% on covered payroll for the Pension Fund and 4.6% on covered payroll for the Health Benefits Fund. The City of Cincinnati's approved budget for Fiscal Year

2015 incorporated a contribution rate of 14%. The Employer's contributions (including ERIP) to the City of Cincinnati Retirement System's Pension Fund for the fiscal year ending June 30, 2014 as $37,739,000. For the short year ended June 30, 2013 the contributions were $16,651,000. The contributions for calendar years 2012 and 2011 were $33,608,000 and $31,160,000 respectively. For Fiscal year 2014, there were no employer contributions made to the Health Plan. The contributions for all of these periods were less than the required contributions. Administrative costs are financed from the system assets.

As of the last actuarial valuation date 0f December 31, 2013, the pension plan unfunded actuarial accrued liability was $829,188,000 to be amortized over an open period of 30 years. The funded ratio was 63.2%, and the actuarial value of assets was $1,424,933,000. The unfunded actuarial accrued liability as a percentage of covered payroll of $163,477,000 was 507.2%. The Actuarial Accrued Liability at December 31, 2013 was $2,254,121,000. The required supplementary schedule, which immediately follows the notes, contains multi-year trend information about the actuarial value of plan assets and if it is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Annual Pension Cost and Net Pension Obligation. The City's annual pension cost and net pension obligation to CRS for the current fiscal period and prior fiscal years were as follows:

Annual Pension Cost and Net Pension Obligation

(Amounts in Thousands)	Fiscal 2014	Fiscal 2013	Calendar 2012
Annual required contribution	$ 63,340	$ 33,500	$ 49,952
Interest on net pension obligation	$ 9,277	$ 5,093	$ 9,643
Adjustment to annual required contribution	$ (10,473)	$ (5,750)	$ (10,707)
Annual pension Costs	$ 62,144	$ 32,843	$ 48,888
Actual Contribution	$ (30,402)	$ (16,151)	$ (33,608)
Increase (decrease) in net pension obligation	$ 31,742	$ 16,692	$ 15,280
Net Pension Obligation beginning of year	$ 152,514	$ 135,822	$ 120,542
Net Pension Obligation end of year	$ 184,256	$ 152,514	$ 135,822
Annual pension costs	$ 62,144	$ 32,843	$ 48,888
Percentage of annual pension cost contribution	48.92%	49.18%	68.74%

Annual OPEB Costs and Net OPEB Obligation

	2014	2013	2012
Annual required contribution	$ 5,969	$ 2,849	$ 453
Interest on net obligation	$ 5,229	$ 3,169	$ 6,944
Adjustment to annual required contribution	$ (5,491)	$ (3,577)	$ (7,710)
Annual OPEB Costs	$ 5,707	$ 2,441	$ (313)
Actual Contribution	$ (2,048)	$ (924)	$ (2,000)
Increase (decrease) in net OPEB obligation	$ 3,659	$ 1,517	$ (2,313)
Net OPEB Obligation beginning of year	$ 86,004	$ 84,487	$ 86,800
Net OPEB Obligation end of year	$ 89,663	$ 86,004	$ 84,487
Annual OPEB costs	$ 5,707	$ 2,441	$ (313)
Percentage of annual OPEB cost contribution	35.89%	37.85%	-638.98%

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting - The City of Cincinnati Retirement System financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments - The Retirement System investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates.

Securities Lending – The Retirement System securities lending program disclosures are presented in accordance with Governmental Accounting Standards Board Statement 28, Accounting and Financial Reporting for Securities Lending Transactions and Statement 40, Deposit and Investment Risk Disclosures. The disclosures are located in Footnote 2 – Deposits with Financial Institutions and Investments and on the statement of plan net assets and statement of changes in plan net position.

Derivatives – The Retirement System derivative disclosures are presented in accordance with Governmental Accounting Standards Board 53, Accounting and Financial Reporting for Derivative Instruments, and Governmental Accounting Standards Board Statement 40, Deposit and Investment Risk Disclosures, and can be found in Footnote 2 – Deposits with Financial Institutions and Investments.

Rate of Return – For the year ended June 30, 2014, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 16.65%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Investment Allocations

Asset Class	Target Allocation
Domestic Equity	29.5%
International Equity	21.0%
Long Short Equity	10.0%
Fixed Income	17.0%
Real Estate	7.5%
Risk Parity	5.0%
Private Equity	5.0%
Infrastructure	5.0%
Total	100.0%

Net Pension Liability – The components of the city's net pension liability as of June 30, 2014 are as follows:

Total pension liability	$2,747,109
Plan fiduciary net position	$1,578,749
Net Pension Liability	$1,168,360
Plan fiduciary net position as a percentage of the total pension liability	57.47%

Long term expected rate of return – The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return(expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2014 are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Broad Fixed Income	14.0%	1.1%
High Yield	3.0%	5.6%
Broad US Equity	19.5%	6.6%
US Mid-Cap Equity	5.0%	7.8%
US Small-Cap Equity	5.0%	10.6%
Developed Large-Cap	11.0%	7.8%
Un-US Small-Cap	5.0%	11.9%
Emerging Market	5.0%	11.3%
Hedge Funds	15.0%	4.7%
Real Estate - Core	7.5%	5.1%
Infrastructure	5.0%	8.3%
Private Equity	5.0%	13.2%
Total	100.0%	

Discount Rate – The discount rate used to measure the total pension liability was 5.53% as of June 30, 2013 and 5.59% as of June 30, 2014. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that city contributions will be made at actuarially determined rates. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected futures benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The municipal bond rate used was 4.27% as of June 30, 2013 and 4.35% as of 2014.

Sensitivity of the net pension liability to changes in the discount rate – The following table present the sensitivity of the net pension liability to a 1 percent decrease (4.59%) and a 1 percent increase (6.59%) from the calculated discount rate.

	1% Decrease (4.59%)	Current Discount Rate(5.59%)	1% Increase (6.59%)
System's Net Pension Liability	$ 1,491,447	$ 1,168,360	$ 896,572

Other Postemployment Benefit Information

The System provides hospital and surgical insurance to retired members who have earned fifteen years credited service at the time of termination and a group who terminated after age sixty with five years credited service. Those who are receiving optionee benefits of eligible members are entitled to have their hospital and surgical insurance as continued through the System.

The health care coverage provided by the System is considered an Other Postemployment Benefit (OPEB) as described in GASB statement 45. It is advance-funded on an actuarially determined basis as a portion of the employer contribution requirement to the System. The Cincinnati Municipal Code provides authority for employer contributions. The City of Cincinnati Retirement System's healthcare coverage was established under, and is administrated in accordance with, Internal Revenue Code 401(h).

The actuarial assumptions used for the December 31, 2013 valuation included an assumption for hospital and surgical benefits recognizing adjusted premiums based on experience for recent years. The actuarial valuations for OPEB plans are estimates of the value of reported amounts and assumptions about the probability of events far into the future. Amounts determined are subject to continual revision as results are compared to past expectations and new estimates are made about the future.

The cost of OPEB is recognized as an expense as claims are paid. No employer contribution was used to fund postemployment benefits for the fiscal year ended June 30, 2014. As of the December 31, 2013, valuation, the healthcare plan's unfunded actuarial accrued liability was ($56,201,000). The actuarial value of assets was $674,709,000. The Actuarial Accrued Liability was $618,508,000. The unfunded actuarial accrued liability as a percentage of covered payrolls of $163,477,000 was (34.4%). Calculations are based on the OPEB benefits provided under the terms of the plan in effect at the time of each valuation and on the pattern of cost sharing between the employer and the plan members at that point. The actuarial calculations of the OPEB plan reflect a long term perspective. The required supplementary schedule, which immediately follows the notes, contains multi-year trend information about the actuarial value of plan assets and if it is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

The current financial statements for the Pension and OPEB trusts funds follow.

The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated. Additional information as of the latest actuarial valuation follows.

Valuation date	12/31/2013
Actuarial cost method	Individual entry age normal
Asset valuation method	The actuarial value of assets was reset to market value of assets as of December 31, 2003. For future years, asset gains and losses will be recognized at the rate of 20% per year. The investment gain/(loss) is taken as the excess of the actual return on assets over the expected return on assets. The investment gain/(loss) is then recognized at 20% per year until fully recognized. The actuarial value of assets is the market value minus the sum of the deferred investment gains/(losses) during the preceding five plan years. In addition, the actuarial value is restricted to be no less than 80% of the market value or no more than 120% of the market value.
Actuarial assumptions:	
Investment rate of return	7.5% per year, net of expenses, compounded annually.
Inflation Assumption	3.00% per annum.
Mortality	
Non-disabled lives:	RP-Combined Morality Table set forward 2 years for males and 1 year forward for females using a Scale AA projection to 2020
Disabled Retirees:	RP-2000 Disabled Morality Table (set back 5 years for females)
Withdraw assumption	It was assumed that 100% of vested members who terminate with less than 15 years of service elect to withdraw their contributions, and that 50% of vested who terminate with 15 or more years of service elect to withdraw their contributions while 50% leave their contributions in the plan in order to be eligible for a benefit at a retirement date.
Salary increases	Salary increases are assumed to vary by service. Salary increases are assumed to be lower for a five-year period beginning with the December 31, 2011 valuation. Representative rates are as follows:

Years of Service	Select	Period
Ultimate Period		
0	7.00%	7.50%
5	4.50%	5.00%
10	3.00%	4.50%
20	3.00%	4.50%
30	3.00%	4.00%

Medical Benefits:	The City offers medical benefits (including outpatient prescription drug coverage) to retirees before and during Medicare eligibility. As of September 1, 2007, all future retirees will be covered by the 80/20 PPO plan. The employee contribution for 2013 is 5% of the premium costs. Retirees who retired prior to 2008 may participate in either Modified PPO plan or if eligible the Modified Carve-Out PPO. To be eligible for the Carve-Out PPO, a retiree must have a pension system benefit of less $30,000 or less per year. Employees who retired under a special incentive plan in 2007 and are covered by the 80/20 PPO plan. Beginning January 1, 2012, members who retired prior to September 1, 2007 and establish that their annual income was less than $30,000 are eligible for the Blue Assess Carve-Out PPO plan. All others will receive the Blue Access 80/20 plan.
Retiree Contributions	Group 1 participants covered by the Modified PPO or the Carve-out PPO plans do not contribute towards the cost of coverage. Group 1 participants covered by the 80/20 PPO contribute an amount equal to a % the active employee contribution. Group 2 future retirees will pay the higher of the active employee contribution or the portion of their cost determined by the point system.
Other Health Benefits	Medicare Part B: Beginning January 1, 2012 all Medicare eligible retirees and dependents are responsible for the payment of required Medicare Part B premiums.
Dental Benefits	Under the provisions of Ordinance 85-2011, beginning January 1, 2012, all members electing to participate in the dental plan are required to pay the full cost of dental coverage. As such, it is assumed the System has no liability under GASB 43 and 45 for dental benefits.
Vision Benefits	Under the provisions of Ordinance 85-2011, beginning January 1, 2012, all members electing to participate in the vision plan are required to pay the full cost of vision coverage. As such, it is assumed the System has no liability under GASB 43 and 45 for vision benefits.
Option Electives	70% of male participants and 30% of female participants will have a spouse who is covered under the medical, dental, and vision benefits portions of the plan. Of these participants with a covered spouse, 85% will elect a Joint & Survivor option.

NOTES: The City of Cincinnati changed fiscal years in 2013. The information for the 2013 fiscal year is for the six month period ending June 30, 2013.

Valuation date: The actuarially determined contribution rates are calculated as of the December 31, eighteen months prior to the fiscal year end in which contributions are reported.

The following actuarial methods and assumptions were used to determine actuarial contribution rates:

Actuarial cost method: Entry age

Asset Valuation method: 5 year smoothed market

Amortization method: Level dollar, open

Inflation: 3.00%

Remaining amortization period: 30 years

Investment rate of return: 7.5% net of pension plan investment expense including inflation

Salary increase: 3.0 to 7.0 %, including inflation for five year selct period beginning 12/31/11; 4.0 to 7.5 %, including inflation thereafter

Adjustments necessary to convert the results of operations at end of year on the budget basis to the modified accrual basis (GAAP) are as follows:

Excess (Deficiency) of revenues and other financing sources over (under) expenditures and other uses per the Budgetary Comparison Schedule	$ (11,492)
(Increases) decreases from revenues:	
Received in cash during year but already accrued as receivables (GAAP) at June 30, 2013	(25,333)
Accrued as receivables at June 30, 2014 but not recognized in budget	28,470
(Increases) decreases from encumbrances:	
Expenditures of amounts encumbered during prior years	(6,592)
Recognized as expenditures in the budget	11,538
(Increases) decreases from expenditures:	
Accrued as liabilities at June 30, 2013 recognized as expenditures (GAAP) but not in budget	7,198
Accrued as liabilities at June 30, 2014	(8,602)
Net Change in fund balance per the Statement of Revenues, Expenditures, and Changes in Fund Balance (Page 44)	$ (4,813)

See notes to required supplementary information.

City Of Cincinnati, Ohio
Note to the Required Supplementary Information
June 30, 2014

Note A- Budgetary Data

An annual operating budget is legally adopted each fiscal year for the General Fund, Debt Service Fund, Capital Projects Fund and the following Special Revenue Funds: Health Services, Street Construction Maintenance and Repair, Income Tax Infrastructure, Income Tax Transit, Motor Vehicle License and Special Recreation. The budgetary data reports included within this report are prepared on a cash basis of accounting, with the exception of certain accrued personal service and employee benefit costs. Encumbrances, which do not lapse at year-end, are included as expenditures in the current year budget (Non-GAAP). The budgetary process begins at least six months prior to the calendar year for which the budget is to be adopted, with the City certifying the proposed budget to the County Auditor by January 20. By July 1, City Council may adopt annual or temporary appropriation measures using, in part, the official certificate of estimated resources approved by the County Budget Commission and tax rates certified by the County Auditor. By October 1, City Council must adopt annual appropriation ordinances. Only unencumbered appropriations lapse at end of the fiscal period.

There are several other special revenue appropriated funds whose revenues are mostly grants which are appropriated monthly as revenues are receipted. These funds include: Tax Increment Financing Funds, Recreation, Parks, Safety, Health, Cincinnati Blue Ash Airport, Community Development, Department of Labor Grants and Other. The budgets for these funds in the reports included herein are equivalent to the funds expenditures at year end. Outstanding encumbrances are re-appropriated in the next periods' budget. The budgeted revenue is the amount of resources available for expenditures within the period.

Some reimbursement grants funds are encumbered before revenue is receipted resulting in negative fund balances. The Community Development Fund ($2,334,000) reflects a negative fund balance at June 30, 2014.

The levels of appropriation control for each budgeted expenditure classification that may not be exceeded are: personal services, non-personal services, capital outlay, and debt service. Any revisions that alter the budgeted expenditure classification of any division within a City department must be approved by City Council. During the period, several supplementary appropriations were necessary.

SUPPLEMENTARY INFORMATION

(This page intentionally left blank.)

MAJOR GOVERNMENTAL FUNDS

General Fund - is the general operating fund for the City. It is used to account for resources, traditionally associated with governments, which are not required to be accounted for in another fund.

Capital Projects Fund - is used primarily to account for resources restricted to construct or acquire governmental fund capital assets. Such resources are derived principally from proceeds of general obligation debt, federal and state grants and City income tax.

Debt Service Fund - accounts for the resources accumulated and payments made for principal and interest on general obligation debt and capital lease payments of the governmental funds.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Tax Increment Financing Funds - Used to account for service payments in lieu of property taxes, capital and debt service expenditure from Tax Increment Financing Districts and Projects.

Health Services Fund - Used to improve, establish, expand, and/or maintain health services to the citizens of Cincinnati.

Street Construction, Maintenance and Repair Fund - Used to account for street maintenance, repair and cleaning, and the operation and maintenance of traffic signals. Financing is provided by the City's share of State-levied Motor Vehicle License Tax, Gasoline Tax, and reimbursements of expenses.

Income Tax Infrastructure Fund - Used to account for the proceeds of a .1% levy on earned income for infrastructure purposes.

Income Tax Transit Fund - Used to account for the proceeds of a .3% levy on earned income for transit purposes.

Motor Vehicle License Fund - Used to account for resources provided by the locally levied Municipal Motor Vehicle License Tax.

Special Recreation Fund - Used to account for monies received for special activities such as enrichment exercise programs or caretaker services.

Recreation - Used to account for Federal funds, private contributions, and user fees, and for expenditures made for special recreation activities.

Parks - Used to account for State funds, private contributions, and user fees, and for expenditures made for special parks activities.

Safety - Used to account for Federal and State funds and private contributions, and for expenditures made for public safety purposes.

Health - Used to account for Federal and State funds, private contributions and user fees, and for expenditures made for public health purposes.

Cincinnati Blue Ash Airport - Used to account for the revenue and the expenditures for the operation and maintenance of a municipal airport.

Community Development - Used to account for Federal funds received for city-wide development operations.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS (Cont)

Department of Labor Grants - Used to account for Federal funds received for the relief of unemployment through jobs and training.

Other - Used to account for Federal and State funds, private contributions and user fees, and for expenditures for specific purposes not otherwise designated.

Bettman Nature Center - Used to account for the investment and expenditure of bequests made for the Bettman Nature Center.

PERMANENT FUNDS

Groesbeck Endowment - Used to account for the investment and expenditure of bequests made for the cost of music concerts in Burnet Woods.

Schmidlapp Park Music - Used to account for the investment and expenditure of bequests made for the cost of music concerts in Eden Park.

Joanna Peters Bequest - Used to account for the investment and expenditure of bequest made for the treatment of alcoholism.

W. M. Ampt Music Endowment - Used to account for the investment and expenditure of bequests made for the cost of concerts in various City parks.

Crosley Field Trust - Used to account for the investment and expenditure of bequests made for the maintenance of the Crosley Field Sports Complex.

Kroger Trust - Used to account for the investment and expenditure of a bequest made for the maintenance of the Hartwell Recreation Center.

Yeatman's Cove Park Trust - Used to account for the investment and expenditure of a bequest made for the maintenance of the Yeatman's Cove Park.

Park Board Fund - Used to account for the investment and expenditure of bequests related to the maintenance and improvement of Fleischmann Gardens, the Geier Esplanade, and various citywide parks.

CITY OF CINCINNATI, OHIO

NON-MAJOR ENTERPRISE FUNDS

Convention Center – Used to account for the expenses from the operation of the Duke Energy Convention Center, financed primarily through user fees.

Parking Facilities - Used to account for the revenue and expenses of the parking meters, garages, and lots of the City.

General Aviation - Used to account for the expenses of Lunken Airport, financed primarily through user fees.

Municipal Golf - Used to account for the revenue received from all golf activities and for the expenses of operating the golf courses of the City.

Stormwater Management - Used to account for the operation, maintenance and improvement of a stormwater management system. Financing is provided by the users of the system in proportion to their use of the system.

INTERNAL SERVICE FUNDS

Purchasing, Reproduction, and Printing - Used to account for revenue from City departments and for the expenses of operations and maintenance of the Division of Reproduction and Printing. Also, used to account for the revenue and expenses related to the distribution and sale of materials and supplies.

Fleet Services - Used to account for revenue from City departments for auto repairs and maintenance and to account for the expenses necessary to provide this service.

Property Management - Used to account for proceeds of City leases and land sales and to account for costs of administering the fixed assets of the City.

Self Insurance-Risk Management- Used to account for monies appropriated from the General or other funds or received from contract agencies, employees, members of council and others, including interest earned, and to make expenditures for insurance costs for employees' health care and for City property, liability, and other risk coverage.

Self Insurance-Workers' Compensation - Used to receive, from all City funds, workers' compensation premium charges, and to pay workers' compensation premium payments, claim costs and reserve settlements.

Enterprise Technology Services - Used to account for revenue and expenses related to the delivery of data processing services to the City, Hamilton County, and others.

CITY OF CINCINNATI, OHIO
INFRASTRUCTURE INCOME TAX

In accordance with the provisions of Chapter 311 of the Cincinnati Municipal Code, an additional earnings tax of .1% shall be levied for costs related to constructing, equipping, maintaining and repair of the City's infrastructure. Such tax shall remain in effect as long as the City appropriates at least the base amount required and subsequently expends funds at a level (ninety percent of the annual base amount within three years) specified in Chapter 311, CMC.

The following data summarizes the results of the City's compliance with the infrastructure income tax requirements for Fiscal Years 2014 and 2013 and Calendar Year 2012.

(AMOUNTS IN THOUSANDS)

	FY2014	FY2013	CY2012
Required Base Amount	$60,672	$31,680	$62,032
Actual Appropriated Amount	$75,738	$41,097	$74,259
Infrastructure Expenditures - As of June 30, 2014	$38,167	$35,048	$62,404
Percentage of Expenditures to Base Amount	62.9082%	110.6304%	100.5992%

I hereby certify that the City of Cincinnati appropriated for FY2014 an amount sufficient to meet the requirements for continuation of the Infrastructure Income Tax.

Reginald Zeno
Director of Finance

Notes: In 2004 a reserve of fund balance was created for the Estimated Liability for Compensated Absences. In prior years this amount has been included in the liability section of the financial statements. Prior years have been restated.

In 2009 GASB 54 was implemented which eliminated the reserved and unreserved classifications and replaced them with Nonspendable, Restricted and Unrestricted. Within the Unrestricted category three classifications of fund balance were created. They are Committed, Assigned and Unassigned.

The City of Cincinnati Changed Fiscal Year in 2013. The information for the 2013 Fiscal Year represents six months of information for the period ending June 30, 2013.

Revenue Capacity
Schedule 3
Assessed Valuations and Estimated True Values
Last Ten Fiscal Periods

	Assessed Valuations				
Year	Real Property	Public Utility Property	Tangible Personal Property	Total	Direct Tax Rate
2005	$ 4,836,981,760	$ 319,434,990	$ 542,827,280	$ 5,699,244,030	10.34
2006	5,507,516,440	324,806,710	412,447,200	6,244,770,350	10.19
2007	5,522,872,120	312,711,570	337,541,870	6,173,125,560	9.93
2008	5,523,140,570	259,754,620	182,812,120	5,965,707,310	9.89
2009	5,647,647,630	258,279,260	28,684,610	5,934,611,500	9.89
2010	5,653,703,070	270,947,630	15,462,590	5,940,113,290	9.82
2011	5,548,127,850	279,408,310	-	5,827,536,160	10.07
2012	5,047,722,430	295,612,690	-	5,343,335,120	10.50
2013	4,960,616,820	313,437,020	-	5,274,053,840	10.85
2014	4,946,475,290	385,238,120	-	5,331,713,410	12.20

The current assessed valuation for 2014 is computed at approximately the following percentages of estimated true value:

real property - 35%; public utilities, tangible personal property machinery and equipment, and inventory - various.

For real property, the estimated true values for the last ten years are computed as follows:

Year	Estimated True Values	Year	Estimated True Values
2005	$ 13,819,947,886	2010	$ 16,486,235,333
2006	15,735,761,257	2011	16,131,202,167
2007	15,779,634,629	2012	15,266,671,771
2008	15,780,401,629	2013	15,068,725,257
2009	16,509,153,786	2014	15,233,466,886

For public utility property and tangible personal property, the City is not able to calculate estimated true values for the last ten years because the tangible personal property components (machinery and equipment, and business inventory) have been assessed over the years at different percentages.

Deposits		16,043,904	14,758,775	18,729,078
Transfer to Water Works Capital Improvement Fund		17,608,606	16,584,846	16,936,581
End of Year Balance		17,344,441	15,518,370	17,310,867

(a) Reflects the effect of a 12.5% bill proration and billing lag on the level of revenues to be received in the first year of each revenue adjustment.
(b) Does not include interest earnings from construction fund which will be used to fund future projects and reduce additional borrowing.
(c) Inflation factors used in calculations are 2.6-6.0% increases for Non-Personnel Costs and 3% increases in Personnel Costs
(d) Estimated Future Issues assuming revenue bonds (25 years bonds) as follows:

Year	Proceeds Required	Total Issue	Interest Rate
2015	$44.87M	$49.40M	5.00%
2016	$40.77M	$44.88M	5.00%

(e) General Obligation Bond debt issued for Water System Improvements.
(f) It has been the policy of the Utility to maintain a working capital reserve equal to 15% of the prior fiscal year's O&M Expenses.

Schedule 4
Salaries of Principal Officials

Position	Salary
Mayor	$121,291
Councilmember	$60,646
City Manager	$240,000
Commissioner of Health	$119,127 - $160,821
Deputy City Manager	$119,127 - $160,821
City Solicitor	$119,127 - $184,199
Various Department Directors	$101,956 - $194,685

MAYOR and CITY COUNCIL

The mayor is elected for a four-year term by the voters of Cincinnati. The legislature of the City is a nine-member council elected at large on a partisan basis for two-year terms. The vice-mayor is chosen by the mayor from the councilmembers. A list of the council incumbents and the term each is presently serving appears on page (xiii). The mayor selects the city manager, but the mayor's nominee must be approved by a majority of the council. The city manager appoints the deputy city manager and the department directors.

Re: $122,530,000 City of Cincinnati, Ohio Unlimited Tax Various Purpose General Obligation Bonds, Series 2015A (the "Tax-Exempt Series 2015 Bonds")

Ladies and Gentlemen:

We have examined the transcript of proceedings submitted relating to the issuance of the above-referenced Tax-Exempt Series 2015 Bonds of the City of Cincinnati, Ohio (the "City"), County of Hamilton, Ohio, dated as of the date specified above and of the denominations of $5,000 and any integral multiple thereof. The Tax-Exempt Series 2015 Bonds mature, are subject to optional and mandatory redemption, and bear interest upon the terms set forth therein. These Tax-Exempt Series 2015 Bonds are issued under authority of the general laws of the State of Ohio and the Charter of the City of Cincinnati, by virtue of certain ordinances and proceedings of the Council of said City in relation thereto. We have also examined an executed and authenticated Series 2015A Bond of the first maturity.

Based on this examination, we are of the opinion, based upon laws, regulations, rulings and decisions in effect on the date hereof, that:

1. The Tax-Exempt Series 2015 Bonds constitute valid obligations of the City in accordance with their terms, which, unless paid from other sources, are payable from an ad valorem tax to be levied upon all the taxable property in the City without limitation as to rate or amount.

2. Under the laws, regulations, rulings and judicial decisions in effect as of the date hereof, interest on the Tax-Exempt Series 2015 Bonds is excludible from gross income for Federal income tax purposes, pursuant to the Internal Revenue Code of 1986, as amended (the "Code"). Furthermore, interest on the Tax-Exempt Series 2015 Bonds will not be treated as a specific item of tax preference, under Section 57(a)(5) of the Code, in computing the alternative minimum tax for individuals and corporations. In rendering the opinions in this paragraph, we have assumed continuing compliance with certain covenants designed to meet the requirements of Section 103 of the Code.

3. The interest on the Tax-Exempt Series 2015 Bonds, and any profit made on their sale, exchange or other disposition, are exempt from the Ohio personal income tax, the net income base of the Ohio corporate franchise tax, the Ohio commercial activity tax, and municipal, school district, and joint economic development district income taxes in Ohio.

The City has not designated the Tax-Exempt Series 2015 Bonds as "qualified tax-exempt obligations" with respect to investments by certain financial institutions under Section 265 of the Code.

In giving this opinion, we have relied upon covenants and certifications of facts, estimates and expectations made by officials of the City and others contained in the transcript which we have not independently verified. It is to be understood that the enforceability of the Tax-Exempt Series 2015 Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other laws in effect from time to time affecting creditors' rights, and to the exercise of judicial discretion.

Very truly yours,

APPENDIX C-2
OPINION OF CO-BOND COUNSEL
(TAXABLE SERIES 2015 BONDS)

The form of the legal approving opinion of Peck, Shaffer & Williams, a division of Dinsmore & Shohl LLP and Gonzalez, Saggio & Harlan LLP, Co-Bond Counsel, is set forth below. The actual opinion will be delivered on the date of delivery of the Taxable Series 2015 Bonds referred to therein and may vary from the form set forth to reflect circumstances both factual and legal at the time of such delivery. Recirculation of the Official Statement shall create no implication that Co-Bond Counsel has reviewed any of the matters set forth in such opinion subsequent to the date of such opinion.

Re: $3,450,000 City of Cincinnati, Ohio Unlimited Tax Energy Conservation General Obligation Bonds, Series 2015B (Federally Taxable - Qualified Energy Conservation Bond – Direct Payment to the Issuer) (the "Series 2015B Bonds")
and
$14,690,000 City of Cincinnati, Ohio Unlimited Tax Various Purpose General Obligation Refunding Bonds, Series 2015C (Federally Taxable) (the "Series 2015C Refunding Bonds" and together with the Series 2015B Bonds, the "Taxable Series 2015 Bonds")

Ladies and Gentlemen:

We have examined the transcript of proceedings submitted relating to the issuance of the above-referenced Taxable Series 2015 Bonds of the City of Cincinnati (the "City"), County of Hamilton, Ohio, dated as of the date specified above and of the denominations of $5,000 and any integral multiple thereof. The Taxable Series 2015 Bonds mature, are subject to optional and mandatory redemption, and bear interest upon the terms set forth therein. These Taxable Series 2015 Bonds are issued under authority of the general laws of the State of Ohio and the Charter of the City of Cincinnati, by virtue of certain ordinances and proceedings of the Council of said City in relation thereto. We have also examined an executed and authenticated Series 2015B Bond and the Series 2015C Bond of the first maturity, respectively.

Based on this examination, we are of the opinion, based upon laws, regulations, rulings and decisions in effect on the date hereof, that:

1. The Taxable Series 2015 Bonds constitute valid obligations of the City in accordance with their terms, which, unless paid from other sources, are payable from an ad valorem tax to be levied upon all the taxable property in the City without limitation as to rate or amount.

2. Under the laws, regulations, rulings and judicial decisions in effect as of the date hereof, interest on the Taxable Series 2015 Bonds is not excludible from gross income for Federal income tax purposes, pursuant to the Internal Revenue Code of 1986, as amended (the "Code").

3. The interest on the Taxable Series 2015 Bonds, and any profit made on their sale, exchange or other disposition, are exempt from the Ohio personal income tax, the net income base of the Ohio corporate franchise tax, the Ohio commercial activity tax, and municipal, school district, and joint economic development district income taxes in Ohio.

4. Assuming continuing compliance with certain covenants and the accuracy of certain representations by the City, contained in the Tax Compliance Certificate dated the date of delivery of the Series 2015B Bonds, the Series 2015B Bonds shall constitute "Qualified Energy Conservation Bonds" pursuant to Section 54D of the Code.

In giving this opinion, we have relied upon covenants and certifications of facts, estimates and expectations made by officials of the City and others contained in the transcript which we have not independently verified. It is to be understood that the enforceability of the Taxable Series 2015 Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other laws in effect from time to time affecting creditors' rights, and to the exercise of judicial discretion.

Very truly yours,

APPENDIX D
DEPOSITORY TRUST COMPANY

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the Series 2015 Bonds (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for each issue of the Securities, each in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Paying Agent and Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede &. Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to the City. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

FORM OF CONTINUING DISCLOSURE CERTIFICATE

[SEE ATTACHED]

[THIS PAGE INTENTIONALLY LEFT BLANK]

CONTINUING DISCLOSURE CERTIFICATE

THIS CONTINUING DISCLOSURE CERTIFICATE (the "Certificate") is executed and delivered the 20th day of August, 2015 by the City of Cincinnati, Ohio (the "Issuer") in connection with the issuance of its:

(i) $122,530,000 Unlimited Tax Various Purpose General Obligation Improvement and Refunding Bonds, Series 2015A (the "Series 2015A Bonds");

(ii) $3,450,000 Unlimited Tax Energy Conservation General Obligation Bonds, Series 2015B (Federally Taxable - Qualified Energy Conservation Bond – Direct Payment to the Issuer) (Additional Municipal Income Tax Pledge) (the "Series 2015B Bonds"); and

(iii) $14,690,000 Unlimited Tax Various Purpose General Obligation Refunding Bonds, Series 2015C (Federally Taxable) (the "Series 2015C Bonds" and collectively with the Series 2015A Bonds and the Series 2015B Bonds, the "Series 2015 Bonds").

The Series 2015 Bonds are being issued pursuant to the Ordinances listed below (the "Authorizing Legislation"), which were adopted by the City Council of the Issuer on the respective dates.

Ordinance Number	Date of Adoption
0309-2013	October 9, 2013
0009-2014 *as amended by* 0160-2015	January 15, 2014 *and* June 10, 2015
0053-2014	March 26, 2014
0125-2014	June 4, 2014
0127-2014	June 4, 2014
0130-2014	June 4, 2014
0290-2014	October 15, 2014
0015-2015	January 22, 2015
0159-2015	June 10, 2015
0161-2015	June 10, 2015
0215-2015	June 24, 2015

The Issuer certifies, covenants and agrees as follows:

Section 1. Purpose of the Certificate.

This Certificate is being executed and delivered by the Issuer to provide for the disclosure of certain information concerning the Series 2015 Bonds on an on-going basis as set forth herein for the benefit of Bondholders (as hereinafter defined) in accordance with the provisions of Securities and Exchange Commission Rule 15c2-12, as amended from time to time (the "Rule").

Section 2. Definitions; Scope of this Certificate.

All terms capitalized but not otherwise defined herein shall have the meanings assigned to those terms in the Authorizing Legislation and the Series 2015 Bonds. Notwithstanding the foregoing, the term "Disclosure Agent" shall mean the Issuer, or any disclosure agent appointed or engaged by the Issuer; any successor disclosure agent shall automatically succeed to the rights and duties of the Disclosure Agent hereunder, without any amendment hereto. The following capitalized terms shall have the following meanings:

"Annual Financial Information" shall mean a copy of the annual audited financial information prepared for the Issuer which shall include, if prepared, a balance sheet, a statement of revenue and expenditure and a statement of changes in fund balances. All such financial information shall be prepared using generally accepted accounting principles, provided, however, that the Issuer may change the accounting principles used for preparation of such financial information so long as the Issuer includes as information provided to the public a statement to the effect that different accounting principles are being used, stating the reason for such change and how to compare the financial information provided by the differing financial accounting principles. Any or all of the items listed above may be set forth in other documents, including Offering Documents of debt issues of the Issuer or related public entities, which have been transmitted to the MSRB, or may be included by specific reference to documents available to the public on the MSRB's Internet Website or filed with the SEC.

"*Beneficial Owner*" shall mean any person which has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Series 2015 Bonds (including persons holding Series 2015 Bonds through nominees, depositories or other intermediaries).

"*Bondholders*" shall mean any holder of the Series 2015 Bonds and any Beneficial Owner thereof.

"Event" shall mean any of the following events with respect to the Series 2015 Bonds:

(i) Principal and interest payment delinquencies;

(ii) Non-payment related defaults, if material;

(iii) Unscheduled draws on debt service reserves reflecting financial difficulties;

(iv) Unscheduled draws on credit enhancements reflecting financial difficulties;

(v) Substitution of credit or liquidity providers, or their failure to perform;

(vi) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue

(IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax-exempt status of the security;

(vii) Modifications to rights of security holders, if material;

(viii) Bond calls, if material, and tender offers, except for mandatory scheduled redemptions not otherwise contingent upon the occurrence of an event;

(ix) Defeasances;

(x) Release, substitution or sale of property securing repayment of the securities, if material;

(xi) Rating changes;

(xii) Bankruptcy, insolvency, receivership or similar event of the obligated person (Note: For the purposes of this event, the event is considered to occur when any of the following occur: The appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person);

(xiii) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and

(xiv) Appointment of a successor or additional trustee or the change of name of a trustee, if material.

The SEC requires the listing of (i) through (xiv) although some of such events may not be applicable to the Series 2015 Bonds.

"MSRB" shall mean the Municipal Securities Rulemaking Board.

"Offering Document" shall mean the Official Statement, dated August 6, 2015.

"Operating Data" shall mean the information contained certain annual information and operating data, as shown in APPENDIX A to the Offering Document.

"Participating Underwriter" shall mean any of the original underwriters of the Series 2015 Bonds required to comply with the Rule in connection with the offering of the Series 2015 Bonds.

"SEC" shall mean the Securities and Exchange Commission.

"State" shall mean the State of Ohio.

Section 3. Disclosure of Information.

(A) Information Provided to the Public. Except to the extent this Certificate is modified or otherwise altered in accordance with Section 4 hereof, the Issuer shall make, or shall cause the Disclosure Agent to make, public the information set forth in subsections (1), (2) and (3) below:

(1) Annual Financial Information and Operating Data. Annual Financial Information and Operating Data, as shown in Appendix A to the Offering Document, shall be provided not later than 270 days after the end of each fiscal year ending on the preceding June 30. If the Disclosure Agent is an entity or person other than the Issuer, then the Issuer shall provide the Annual Financial Information to the Disclosure Agent not later than fifteen (15) Business Days prior to the disclosure date referenced above. The Annual Financial Information may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information. Audited financial information prepared for the Issuer, shall be provided when and if available not later than 270 days after the end of each fiscal year ending on the preceding June 30, commencing with the fiscal year that ended on June 30, 2015.

(2) Material Events Notices. Notice of the occurrence of an Event, in a timely manner, not in excess of ten (10) business days after the occurrence of the Event.

(3) Failure to Provide Annual Financial Information or Operating Data. Notice of the failure of Issuer to provide the Annual Financial Information or Operating Data by the date required herein.

(B) Information Provided to Public.

Annual Financial Information and, subject to the timing requirement set forth in subsection (A)(2) of this Section 3, notice of all Event occurrences shall be made public on the same day as notice thereof is given to the Bondholders of outstanding Series 2015 Bonds, if required pursuant to the Authorizing Legislation or the Series 2015 Bonds, and shall not be made public before the date of such notice.

(C) Means of Making Information Public.

(1) Information shall be deemed to be made public by the Issuer or the Disclosure Agent under this Certificate if it is transmitted as provided in subsection (C)(2) of this Section 3 by the following means:

(a) to the Bondholders of outstanding Series 2015 Bonds, by first class mail, postage prepaid;

(b) to the MSRB, in an electronic format as prescribed by the MSRB, accompanied by identifying information as prescribed by the MSRB (a description of such format and information as presently prescribed by the MSRB is included in ***Exhibit A*** hereto); and/or

(c) to the SEC, by (i) electronic facsimile transmissions confirmed by first class mail, postage prepaid, or (ii) first class mail, postage prepaid; provided that the Issuer or the Disclosure Agent is authorized to transmit information to a SEC by whatever means are mutually acceptable to the Disclosure Agent or the Issuer, as applicable, and the SEC.

(2) Information shall be transmitted to the following:

(a) all information to be provided to the public in accordance with subsection (A) of this Section 3 shall be transmitted to the MSRB;

(b) all information described in clause (a) shall be made available to any Bondholder upon request, but need not be transmitted to the Bondholders who do not so request.

(c) to the extent the Issuer is obligated to file any Annual Financial Information or Operating Data with the MSRB pursuant to this Agreement, such Annual Financial Information or Operating Data may be set forth in the document or set of documents transmitted to the MSRB, or may be included by specific reference to documents available to the public on the MSRB's Internet Website or filed with the SEC.

With respect to requests for periodic or occurrence information from Bondholders, the Issuer or Disclosure Agent may require payment by requesting holders of a reasonable charge for duplication and transmission of the information and for the Issuer's or Disclosure Agent's administrative expenses incurred in providing the information.

Section 4. Amendment or Modification.

Notwithstanding any other provision of this Certificate, the Issuer may amend this Certificate and any provision of this Certificate may be waived, if such amendment or waiver is supported by an opinion of nationally recognized bond counsel expert in federal securities laws to the effect that such amendment or waiver would not, in and of itself,

cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof but taking into account any subsequent change in or official interpretation of the Rule as well as any change in circumstance.

Section 5. Miscellaneous.

(A) Termination. The Issuer's obligations under this Certificate shall terminate when all of the Series 2015 Bonds are or are deemed to be no longer outstanding by reason of redemption or legal defeasance or at maturity.

(B) Additional Information. Nothing in this Certificate shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Certificate or any other means of communication, or including any other information in any Annual Financial Statement or notice of occurrence of an Event, in addition to that which is required by this Certificate. If the Issuer chooses to include any information in any Annual Financial Statement or notice of occurrence of an Event in addition to that which is specifically required by this Certificate, the Issuer shall have no obligation under this Certificate to update such information or include it in any future Annual Financial Statement or notice of occurrence of an Event.

(C) Defaults: Remedies. In the event of a failure of the Issuer or the Disclosure Agent to comply with any provision of this Certificate any Bondholder may take such action as may be necessary and appropriate, including seeking an action in mandamus or specific performance to cause the Issuer or the Disclosure Agent to comply with its obligations under this Certificate. A default under this Certificate shall not constitute a default on the Series 2015 Bonds and the sole remedy available in any proceeding to enforce this Certificate shall be an action to compel specific performance.

(D) Beneficiaries. This Certificate shall inure solely to the benefit of the Issuer, the Disclosure Agent, the Participating Underwriter and Bondholders, or beneficial owners thereof, and shall create no rights in any other person or entity.

Section 6. Additional Disclosure Obligations.

The Issuer acknowledges and understands that other state and federal laws, including but not limited to the Securities Act of 1933, the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder, may apply to the Issuer, and that under some circumstances compliance with this Agreement, without additional disclosures or other action, may not fully discharge all duties and obligations of the Issuer under such laws.

Section 7. Notices.

Any notices or communications to the Issuer may be given as follows:

To the Issuer:	Director of Finance City of Cincinnati, Ohio City Hall, Room 250 801 Plum Street Cincinnati, OH 45202 Telephone: (513) 352-3731

[Remainder of page intentionally left blank]

[Signature page to Continuing Disclosure Certificate]

IN WITNESS WHEREOF, the Issuer has caused its duly authorized officer to execute this Certificate as of the day and year first above written.

EXHIBIT A

MSRB PROCEDURES FOR SUBMISSION OF CONTINUING DISCLOSURE DOCUMENTS AND RELATED INFORMATION

Securities and Exchange Commission Release No. 34-59061 (the "Release") approves an MSRB rule change establishing a continuing disclosure service of the MSRB's Electronic Municipal Market Access system ("EMMA"). The rule change establishes, as a component of EMMA, the continuing disclosure service for the receipt of, and for making available to the public, continuing disclosure documents and related information to be submitted by issuers, obligated persons and their agents pursuant to continuing disclosure undertakings entered into consistent with Rule 15c2-12 ("Rule 15c2-12") under the Securities Exchange Act of 1934. The following discussion summarizes procedures for filing continuing disclosure documents and related information with the MSRB as described in the Release.

All continuing disclosure documents and related information is to be submitted to the MSRB, free of charge, through an Internet-based electronic submitter interface or electronic computer-to-computer data connection, at the election of the submitter. The submitter is to provide, at the time of submission, information necessary to accurately identify: (i) the category of information being provided; (ii) the period covered by any annual financial information, financial statements or other financial information or operating data; (iii) the issues or specific securities to which such document is related or otherwise material (including CUSIP number, issuer name, state, issue description/securities name, dated date, maturity date, and/or coupon rate); (iv) the name of any obligated person other than the issuer; (v) the name and date of the document; and (vi) contact information for the submitter.

Submissions to the MSRB are to be made as portable document format (PDF) files configured to permit documents to be saved, viewed, printed and retransmitted by electronic means. If the submitted file is a reproduction of the original document, the submitted file must maintain the graphical and textual integrity of the original document. In addition, such PDF files must be word-searchable (that is, allowing the user to search for specific terms used within the document through a search or find function), provided that diagrams, images and other non-textual elements will not be required to be word-searchable.

All submissions to the MSRB's continuing disclosure service are to be made through password protected accounts on EMMA by (i) issuers, which may submit any documents with respect to their municipal securities; (ii) obligated persons, which may submit any documents with respect to any municipal securities for which they are obligated; and (iii) agents, designated by issuers and obligated persons to submit documents and information on their behalf. Such designated agents are required to register to obtain password-protected accounts on EMMA in order to make submissions on behalf of the designating issuers or obligating persons. Any party identified in a continuing disclosure undertaking as a dissemination agent or other party responsible for disseminating continuing disclosure documents on behalf of an issuer or obligated person will be permitted to act as a designated agent for such issuer or obligated person, without a designation being made by the issuer or obligated person as described above, if such party certifies through the EMMA on-line account management utility that it is authorized to disseminate continuing disclosure documents on behalf of the issuer or obligated person under

the continuing disclosure undertaking. The issuer or obligated person, through the EMMA on-line account management utility, is able to revoke the authority of such party to act as a designated agent.

The MSRB's Internet-based electronic submitter interface (EMMA Dataport) is at www.emma.msrb.org.
